**The Board Comes back to open session at 12:18 p.m.**

### **New Business**

**Chairperson Hulu Lindsey** I would like to call upon Casey Brown to present the Strategic Plan Implementation update.

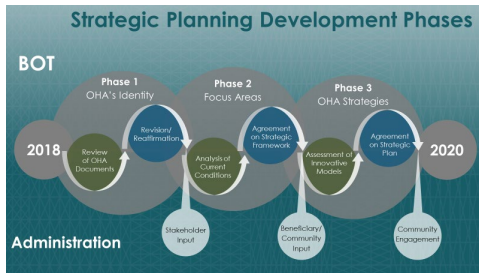

**Casey Brown, COO** Mahalo Chair, Sylvia will be setting up a brief context for everyone and we will be setting up the presentation.

**Sylvia Hussey, CEO** Joining Casey will be Carla Hostetter and Lisa Watkins-Victorino who have been apart of the Strategic Plan Hui. They have been seeing this through and are now implementing this as part of administration.

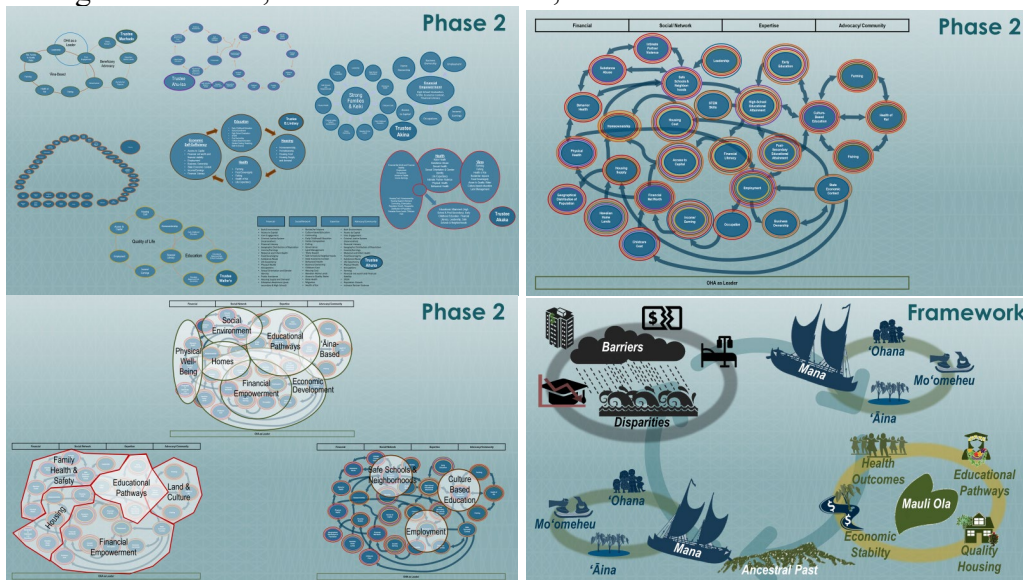

**Casey Brown, COO** Aloha, today we want to walk you through our strategic plan, there are two parts. Before we start, I would like to introduce to you our strategic plan hui. We have Sterling Wong, Carla Hostetter, Lisa Watkins – Victorino, and me. I will start with a quick overview, a refresh on an overview of the strategic plan. The second part will be on the implementation. At the end we will take question and any mana'o shared.

**Lisa Watkins-Victorino** Aloha, today my role is to provide you with a review of the strategic planning process.

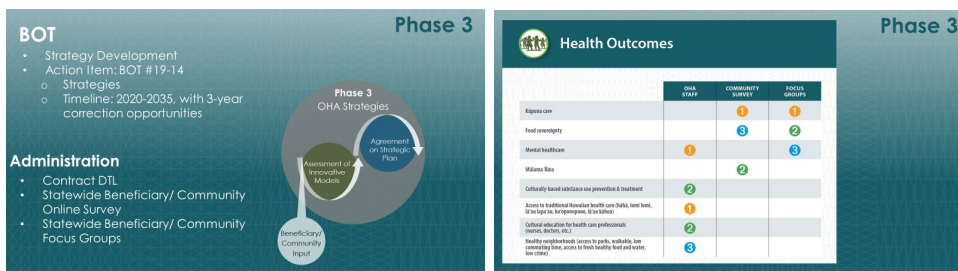

You will see the phases: Phase I – Identity, Phase II – Focus areas, and Phase III – Strategies, our agreement on a strategic plan. In phase I administration provided presentation on our statutory reference, mission, vision, and roles. At the time the board did not make substantive changes to our mission or roles, but you may recall that we replaced the word Nation with Lāhui in the mission.

The mission and vision were also translated into ‘ōlelo Hawai‘i and that was approved in action item 19-02. Phase II is where we can make sense of the data. Trustees were provided with a *makes sense of the data* document that provides approximately fifty conditions associated with Native Hawaiian well-being as well as stakeholder recommendations. We also engaged in a series of system mapping activities which resulted in our strategic framework, our three foundations, and four directions.

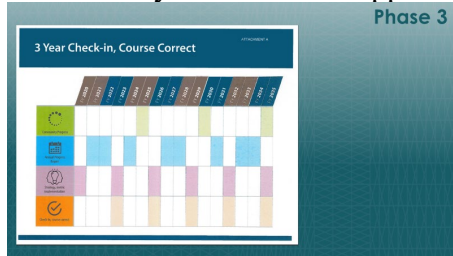

All the work, system maps and clustering that you worked on we combined and led us to the framework. The framework is built on our ancestral past – our mana, well-being, stems from our resiliency and strengths in ‘āina, mo‘omeheu, and ‘ohana. We then entered a period where we are still impacted by the time of hihia where it created barriers to our well-being. The framework calls upon our foundations, the resiliency, and strengths we still have in our ‘ohana, mo‘omeheu, and our ‘āina to affect our maui ola, our well-being across our directions of health outcomes, educational pathways, quality housing, and economic stability.

In Phase three is where we are able to review the beneficiary and community input. DTL was contracted to analyze the data and survey that was disseminated out to our communities. DTL collected the information and it

was utilized to work with the board and it culminated the adoption of our strategies and timeline. The timeline has a three-year correction opportunity that was included.

In the collection of data, participants were asked what areas should OHA focus on across the dimensions. We provided the dimensions that were approved. All data was collected, ranked, and the Trustees were presented with a summary ranking.

You will see an example in this slide. You will see duplicate numbers of one or two under OHA staff. The duplicate numbers indicate that there was a tie.

We had a 3.1 Phase that drew upon our administration, our directors, managers, and our staff that have various expertise to weigh in on developing the outcome. But, in these conversations, we began to see it was better to align with our foundations, and that we may need to do some re-wording. We worked on that and brought it to the board where it was approved in action item 20-07. Additionally, strategies related to endowments were also proposed and approved.

Next slides show our direction, the strategies associated to those directions, and the outcomes.

Our Pou Nui will be up next to speak on our Implementation plan and where we are at.

**Casey Brown, COO** Aloha, this half of the Strategic Plan presentation is the implementation. How will we put all these strategies into action? This slide is the most informative slide.

The slide details on how we get from our foundations and development of strategies to our tactics and operating and work plans. We will be developing strategic indicators and tactical measures. These are the measures we want to give ourselves to gauge our progress and be able to course correct. We are in the middle of developing these tactics. Tactics are what takes our strategies and into actionable steps.

As we develop our tactics, we vet it very carefully. We want to make sure we align to foundations, align to strategies and directions, and align to strategic outcomes. We need to check for financial feasibility and timeline feasibility. The last thing we want is OHA to be lead appropriately. If someone is doing exactly what we are doing and doing it better, we may want to partner. OHA may want to be a supportive role for this strategy. I mention this because we carefully vet what we plan to do. After we build and do the tactical plan, then what? We need to make sure we are structurally oriented to achieve the strategies that we want to achieve. This involves looking at our structure, our staffing is well supported; the right skills are in place and eventually develop operating plans also known as work plans. This is where we talk about what projects we want to get done; what operational functions need to happen; be aware of our financial planning; to be sure we have the resources to execute the plan. What you will not see today but will be informed when it happens is execution, when we start to measure, report, and bring information to you to make decisions. This is where we can course correct.

We want to be able to socialize all these plans. Today, speaking to all of you right now is a form of socialization. We have more plans, steps, and methods in place. We plan on folding in a brand re-fresh as we launch our new strategic plan.

More details will be brought to you at a future date. Two things to point out on the slide, the video work being done presently and an insert that will be coming out in the Ka Wai Ola. The insert will give a snapshot of the strategic plan. If there are any questions we will be happy to take them.

**Trustee Akaka** What are the promotional items?

**Casey Brown, COO** The promotional items we are speaking of are t-shirts, polo shirts, pens, and other tangible items we would use.

**Trustee Akaka** I'm wondering how much we are spending on these promotional items. How many are we planning to create? Who would these items be distributed to?

**Sylvia Hussey, CEO** As we are thinking of all the components of the communications plan we are also mindful of what are those messages. Here we are in a pandemic and we are trying to provide as much as we can for our beneficiaries, so I think we need to be mindful of the sensitivity. What does it look like if OHA is out there giving away t-shirts and folders when people are hungry? The planning is there, budgeting will come forward to the trustees, but it will come after thoughtful consideration. In our plans we will have these promotional items but not now. So, focusing on what the needs of our beneficiaries are and being mindful. Thank you for raising that question.

**Trustee Akaka** For the launch parties, are we looking at adding a cost factor to that as well?

**Sylvia Hussey, CEO** Right, we are not going to be the super spreader launch party. All the packaging will come forward when its budget time.

**Trustee Akaka** Mahalo.

**Chairperson Hulu Lindsey** Thank you Casey, this looks exciting.

**Trustee Alapa** Obviously I can see they put a lot of work into this and obviously it will cost a lot of money. Can we afford that? What is the cost factor and are we still looking at that now?

**Sylvia Hussey, CEO** Part of the process of the budget construction is to bring forward to the Board, starting with the Resource Committee (RM). The RM will get the first layout of the budget, we are also required to share our budget with our beneficiaries. So, we need time to share our budget with all the considerations with the trustees and the RM committee before it goes out to our beneficiaries for comment. By the time you see it, the budget was vetted. Generally, a budget book will be given to you a few weeks before a workshop. Administration will have a conversation with the RM Chair and RM Vice-Chair before it is brought to the full committee and board.

**Trustee Alapa** Thank you.

**Chairperson Hulu Lindsey** Thank you again. I will turn it over to Sylvia for the Ad Hoc Committee.

**Sylvia Hussey, CEO** The Board has two Ad Hoc Committees and would you like to update everyone on the membership?
