I. OVERVIEW

As indicated in the attached memorandum, Administration outlined the following workshop/presentation plan:

A. FY 20-21 Biennium Budget Workshop – Part I – WE, May 29, 2019

1. **CONTEXT AND GOAL:** To propose a balanced biennium budget (FY2020-2021) for the RM Committee's approval considering multiple factors influencing the challenges facing/before OHA (KP-CEO)
2. **REAR VIEW MIRROR PERSPECTIVE:** Looking back while facing forward (KPN-COO)
3. **FINANCIAL-INVESTMENT PROJECTIONS:** Looking forward (SPIRE-Rodney Lee and Lucas Sayin)

In presenting the above three items, two power point presentations were presented at the May 29, 2019 Resource Management Committee budget workshop (see below):

s

B. FY 20-21 Biennium Budget Workshop – Part II – WE, June 5, 2019

4. PRESENTATION ON THE BIENNIUM BUDGET (KP, KPN and Controller Gloria Li)

5. SUMMARY AND RECOMMENDATIONS

In preparing for the above workshop, this FY 20-21 biennium budget book (FY20-21 BBB) is herein distributed.

II. BALANCED CORE BUDGET DEFINITION

Administration presents for the Board's consideration and recommends approval of a "balanced" core budget. A "balanced" core budget means that expenses for FY 20 and FY 21, do not exceed the Spending Limit.

SOURCES OF FUNDING	Biennium Budget Request	
	FY 20	FY 21
5% of Investment Portfolio	\$17,692,555	\$17,886,701
Public Land Trust Revenues	15,100,000	15,100,000
State of Hawai'i General Funds	3,037,879	3,037,879
Allocation of Kaka'ako Makai Revenues	1,435,610	1,186,572
Total:	\$37,266,044	\$37,211,152

OPERATING BUDGET	Biennium Budget Request	
	FY 20	FY 21
1. Core Operating Budget		
Personnel (including 60% fringe)	\$16,905,440	\$17,136,197
Non-Personnel	20,360,683	20,075,035
Total:	\$37,266,123	\$37,211,232

III. OTHER ITEMS OF NOTE

The following items are not currently in the FY20/21 biennium budget book and schedules; and will be addressed in the final action item based on the Board's directives: (1) HB172 HD1 SD2 CD1 – OHA Budget Bill - \$500K of Trust Funds for a financial and management audit by December 2019; and (2) Hi'ilei Aloha LLC and Ho'okele Pono LLC activities and actions.

IV. FY 20-21 BIENNIUM BUDGET BOOK CONTENTS

The contents of the FY20-21 BBB is tabbed, organized and sequenced as follows:

1. **Fiscal Year 2020 and 2021 Preliminary Biennium Budget - Core¹**
2. **Attachment 1 – Prior Year Actual Expenditures Data Tables²**
3. **Fiscal Year 2020 and 2021 Preliminary Budget – Non-Core** – includes Commercial Property (i.e., Kaka’ako Makai, Na Lama Kukui), Federal Programs (i.e., Halawa-Luluku Interpretive Development, Native Hawaiian Revolving Loan Fund), Special Programs (e.g., legacy properties, Palaeua Culture Preserve, Wao Kele O Puna Management Fund, LLCs, Fiscal Reserve)³.
4. **Supporting Attachment 2 – FY 20/21 Biennium Budget Summary and Data Tables** – this attachment provides core budget summary by line item and related data tables⁴; and calculation of 5% of the Native Hawaiian Trust Fund Twenty (20) Quarter Rolling Market Value computation.
5. **Supporting Attachment 3** – This attachment contains a number of schedules including: (A) Comparative Performance of Native Hawaiian Trust Fund (NHTF), as of December 2018, noting since NHTF fund inception (3/1/2003), the investment portfolio has earned an average investment return of 6.37%; (B) Core Travel Expenditures, FY 2016 – FY 2021, historical actual expenditure compared to budgeted requested amount for FY 20/21; (C) Special Programs; (D) Fiscal Reserve Rollforward computation(s), noting that because of the moratorium on fiscal reserves, approved by the Board in February 2018, the actual FY 2018 increment of approximately \$1.5MM and the projected FY 2019 increment of \$1.0MM is suspended; (E) Ceded Land Revenues/Public Land Trust tracking since FY 2012 indicating the amount that was transferred to OHA from various departments and the amount in excess of \$15.1MM OHA transfers to Budget & Finance Department; (F) NHTF Withdrawals, FY 2005 to FY 2019⁵; and (G) Notes to Financial Statements as of June 30, 2018, Note L – Long Term Liabilities for information on long term debt of the agency.
6. **Public Comment Feedback Documents** – A copy of submitted documents from the Sovereign Councils of the Hawaiian Homelands Assembly, along with public comments submitted via the ohabudget@oha.org website is included in this section.
7. **Organization Charts** – Organization charts by position are provided for the following seven organization units: Board of Trustees, Executive Office, Community Engagement, Research, Land Assets, Financial Assets and Advocacy.

¹ Note: This presentation was circulated to the Trustees (in draft form) on Friday, May 17, 2019 ahead of the public posting on Monday, May 20, 2019. Comments were solicited on-line and collected via ohabudget@oha.org along with a Friday, May 24, 2019 “drop in” session at Na Lama Kukui from 1:00 p.m. to 4:00 p.m. A neighbor island call in session is scheduled for Wednesday, June 5, 2019 from 5:00 p.m. to 7:00 p.m.

² Tables were included in the Wednesday, May 29, 2019 RM Committee Budget Workshop presentation slides.

³ Via RM #18-03, the Board approved a moratorium on fiscal reserve spending that is still in place.

⁴ This attachment will be the primary attachment in Action Item RM #19-09 re: re: OHA Biennium Budget for the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21)

⁵ Note, while OHA does not have a NHTF withdrawal policy, the computation (5%) and comparison (of actual) to illustrate the draws over the course of time and the overall running withdrawal percentage (currently at 4.9%).

V. **ACTION ITEM RM #19-09 - OHA Biennium Budget for the Fiscal Biennium
Periods 2019-2020 (FY 20) and 2020-2021 (FY 21)**

Attachment 2 of this memo contains summary information of the entire budget which will be included in the Action Item for Trustees' review, consideration and action. The above action item will be drafted to recommend approval of the CORE and NON-CORE budgets for FY 2020-2021 (as summarized in this memorandum Attachment 2), subject to Administration providing information to the Trustees for Trustees' action(s), with the projected time frame in parentheses (month, year):

1. **Policies.** Economic Development, Debt Management, Spending, Investment and Financial Stability policies (July 2019);
2. **Strategies.** Strategic Plan 2020+ strategies (August 2019);
3. **HB172 HD1, SD2, CD1 OHA Budget.** Clarify regarding Section 8, including related FY 2020-2021 budget realignment implications;
4. **Sponsorships.** Recommendation(s) from the Trustees' Ad Hoc Committee on Sponsorships, noting that the Native Hawaiian Congressional Fellowship program may continue as planned (August 2019);
5. **Governance.** Board Governance Framework Permitted Interaction Groups—Board By-Laws and T-Level Policies (September 2019);
6. **Work Plan and related Budget Realignment.** Work plan (e.g., program objectives, activities) and budget realignment for FY 2020-2021 based on Board Governance Framework, including policies; Strategic Plan 2020+ strategies; governance, tactical and operational plans (e.g., technology, projects, key personnel position hires) (September 2019);
7. **Financial Statements and Reporting.** Quarterly financial statements and strategic reporting and operations (i.e., Statement of Net Position, Statement of Activities, Consolidated Variance Report, notes) (October 2019);
8. **Measurement, Monitoring and Reporting Tools.** Creation of electronic repository for measurement, monitoring, reporting and analysis for short term (e.g., dashboards) and long term (e.g., projections, strategic plan) reporting and monitoring (December 2019);
9. **Communications and Branding Plan, Including Transparency Portal.** Creation and implementation of Communications and Branding Plan, including creation, population and maintenance of Transparency Portal (January 2020); and
10. **Projections.** Mid-Year update of projections (January 2020); Mid-Biennium update of projections (August 2020).

VI. RESOURCE MANAGEMENT BUDGET REVIEW ASSISTANCE

In preparation for the Resource Management Committee meeting on Wednesday, June 5, 2019 and related action on the FY 20/21 Biennium Budget, Interim Chief Financial Officer Sylvia Hussey (sylviah@oha.org), Controller Gloria Li (glorial@oha.org) and/or Budget Analyst Grace Chen (gracec@oha.org) are available to walk through the FY20-21 BBB with you and/or your staff in groups of no more than two Trustees (or Trustees' staff) at a time.

SUBJECT: OHA Biennium Budget Workshop/Presentation

This morning Ka Pou Nui, Sylvia Hussey, and I met with SPIRE consultants Rodney Lee and Lucas Sayin to prepare for our Biennium Budget workshop for tomorrow's Resource Management (RM) Committee meeting.

As a preface, Administration and SPIRE have been actively meeting and coordinating OHA priorities for the past 5 months regarding the Fiscal Policies, realigning the 2016 FSP Implementation Plan, restructuring OHA's Chart of Accounts, and preparing more for the Biennium Budget. A month ago, we had planned to do a Biennium Budget Workshop that included the following:

1. **CONTEXT and GOAL:** To propose a balanced biennium budget (FY2020-2021) for the RM Committee's approval considering multiple factors influencing the challenges facing before OHA. (KP-CEO Kamana'o)
2. **REAR VIEW MIRROR PERSPECTIVE:** Looking back while facing forward (KPN-COO Sylvia)
3. **FINANCIAL-INVESTMENT PROJECTIONS:** Looking forward (SPIRE-Rodney Lee and Lucas Sayin)
4. **PRESENTATION ON THE BIENNIUM BUDGET** (KP, KPN, and Controller Gloria Li)
5. **SUMMARY & RECOMMENDATIONS**

During our initial discussions and planning up until last week, we anticipated a 4 hour workshop which could be adapted to 3 hours. However, upon review of the agendas for tomorrow's Joint BAE and RM Committee meeting at 10:00am and the RM Committee meeting at 11:00am given the subject matter and time constraints, I am recommending that Administration and SPIRE present on 1-3 above only and defer items 4-5 for next week Wednesday, June 5, 2019.

With items 1-3 we estimate a 1-1.5 hour presentation that would cover in detail analyses and assessments of a range of national to global, State of Hawai'i to OHA "big picture", to OHA internal "small picture" subject matter. Thus, the exclusion of 4 and 5 above, which would be an approximately a 1.5 hour presentation, would be more appropriately presented and discussed before the RM committee on June 5, 2019 given the time constraints of tomorrow's agendas.

On behalf of Administration and SPIRE I regret informing you at such short notice however, we convened this morning to evaluate the situation and circumstances to accommodate both the Joint BAE and RM Committee and the RM Committee priorities while also cognizant of your time and obligations.

We understand the "pressure" and urgency to complete the biennium budget by end of June. However, we have anticipated the various challenges and shall provide the board reasonable options as solutions to remedy the challenges.

Budget Construction Process

In October 2018, OHA programs were tasked with the development of their FY 2020 and FY2021 Strategic Work Plans. The Executive Team then identified large commitments and priority projects. The next step is the community sharing period. This step will help to inform Administration's submission of the final Biennium budget to the Board of Trustees for approval in May 2019.

The following graph explains OHA's budget process.

OHA SEEKS COMMUNITY INPUT ON ITS UPCOMING BIENNIAL BUDGET

The Office of Hawaiian Affairs (OHA) is seeking community input for its preliminary budget for fiscal years 2020 and 2021.

"OHA wants to hear from our community how they think OHA resources should be directed over the next two fiscal years to best meet the needs of our people," said Kamana'o Pono Crabbe, OHA's Chief Executive Officer and Ka Pūhaha. See More

OHA SEEKS COMMUNITY INPUT ON ITS UPCOMING BIENNIAL BUDGET

HONOLULU – The Office of Hawaiian Affairs (OHA) is seeking community input for its preliminary budget for fiscal years 2020 and 2021.

"OHA wants to hear from our community how they think OHA resources should be directed over the next two fiscal years to best meet the needs of our people," said Kamana'o Pono Crabbe, OHA's Chief Executive Officer and Ka Pūhaha.

Funding – Spending Limit for OHA

OHA's total operating budget consists of core and non-core budget items. The core operating budget is the focus of this document, as the non-core operating budget items are those that have their own designated funding sources including income from lending activities, commercial leasing and federal grants.

Table 1: Spending Limit for OHA's Total Operating Budget – FY 20/21

Spending Limit	FY18	FY19	FY 20	FY 21

Funding – Core Operating Budget

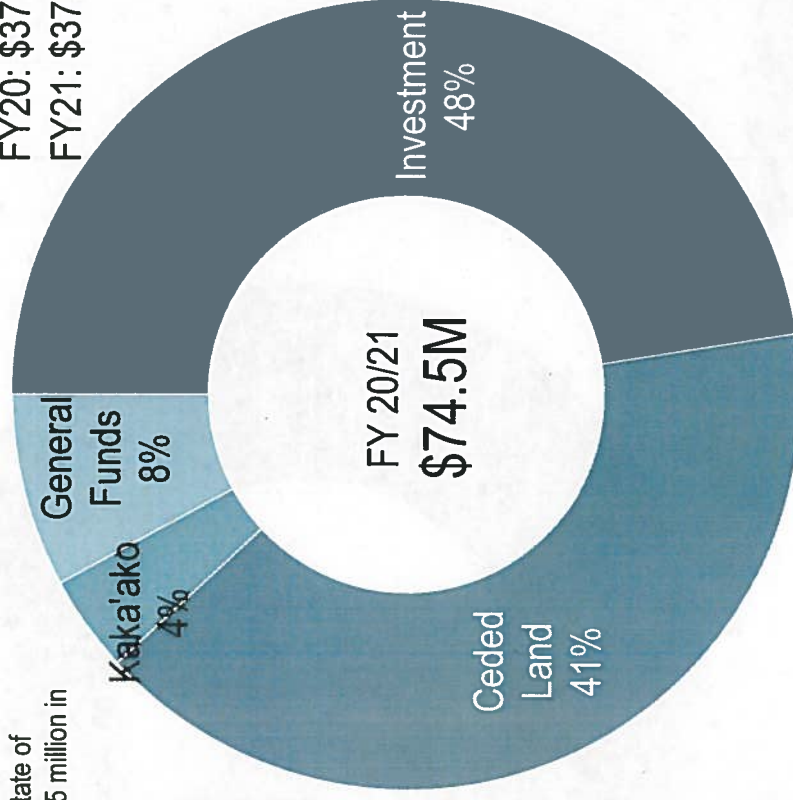

OHA's core operating budget is dependent upon four major sources of funding. The sources are: a percentage of investment portfolio; public land trust allotments; Kaka'ako Makai revenues; and State of Hawai'i general fund appropriations. These sources are projected to generate approximately \$74.5 million in FY 20/21.

FY20: \$37.3M
FY21: \$37.2M

Spending Limit:	\$36,127,702	\$36,026,708	\$37,266,044	\$37,211,152

Funding

1. Investment Portfolio

The largest source of funding is OHA's ability to spend 5% of its investment portfolio, pursuant to its Spending Policy, which allows for a maximum 5% allocation of funding based upon a 20-quarter rolling average market value.

For FY20, the 5% spending amounts to approximately \$17.7 million. For FY21, the computed 5% spending increased slightly to \$17.9 million for a total of \$35.6 million over the two year period or 48% of OHA's total core operating budget.

FY20: \$17.7M
FY21: \$17.9M

Funding

2. Public Land and Trust Revenues (PLT)

The PLT is a subset of state lands which is held in trust for the betterment of the conditions of native Hawaiians, and the general public. PLT lands are comprised of former Crown and Government lands of the Hawaiian Kingdom. Hawai'i's constitution establishes OHA in part to receive and administer native Hawaiians' pro rata share of revenues derived from the PLT. The pro rata share is generally understood to be **20% of the revenues** from PLT lands. How this 20% should be calculated is a matter of longstanding debate between OHA and the State. In 2006, the State agreed to pay OHA a fixed \$15.1 million per year as a temporary approximation of the PLT share. At 41% of OHA core operating budget, this is the second largest source of funding.

FY20: \$15.1M
FY21: \$15.1M

Budget data presented are preliminary and subject to change. 9

Funding

4. State of Hawai'i General Funds

The fourth source of funding is provided through the State of Hawai'i General Funds. OHA fulfills its fiduciary responsibilities to beneficiaries by advocating at the state legislature each year for general fund appropriations.

On average, OHA receives \$3 million in general fund appropriations annually. In continuing its advocacy efforts, OHA has consistently sought increases to its request to leverage its own Trust Funds for community benefit.

For FY20 and FY21, OHA received an annual funding of approximately \$3 million; for a total of \$6 million over the two years, constituting 8% of OHA's core operating budget.

FY20: \$3.0M
FY21: \$3.0M

Budget data presented are preliminary and subject to change. 10

Funding

3. Kaka'ako Makai Revenues

The third source of funding, albeit a small percentage of OHA's total core operating budget, reflects a commitment by OHA's Board of Trustees to ensure maximum funding for continuing grants program support.

In 2012, OHA officially took title of 30 acres of prime real estate in Kaka'ako Makai. Annually, these parcels are expected to generate more than \$4M in revenue to OHA. OHA's Board of Trustees authorized a portion of these revenues to help support OHA's cultural preservation lands and the grants program.

The estimated amount is approximately \$1.4 million in FY20 and slightly decreased to \$1.2 million in FY21, for a total of \$2.6 million or 4% of OHA's total core operating budget.

FY20: \$1.4M
FY21: \$1.2M

Total Operating Budget

OHA's total operating budget consists of core and non-core budget items. The core operating budget is the focus of this document, as the non-core operating budget items are those that have their own designated funding sources including income from commercial leasing, lending activities and federal grants.

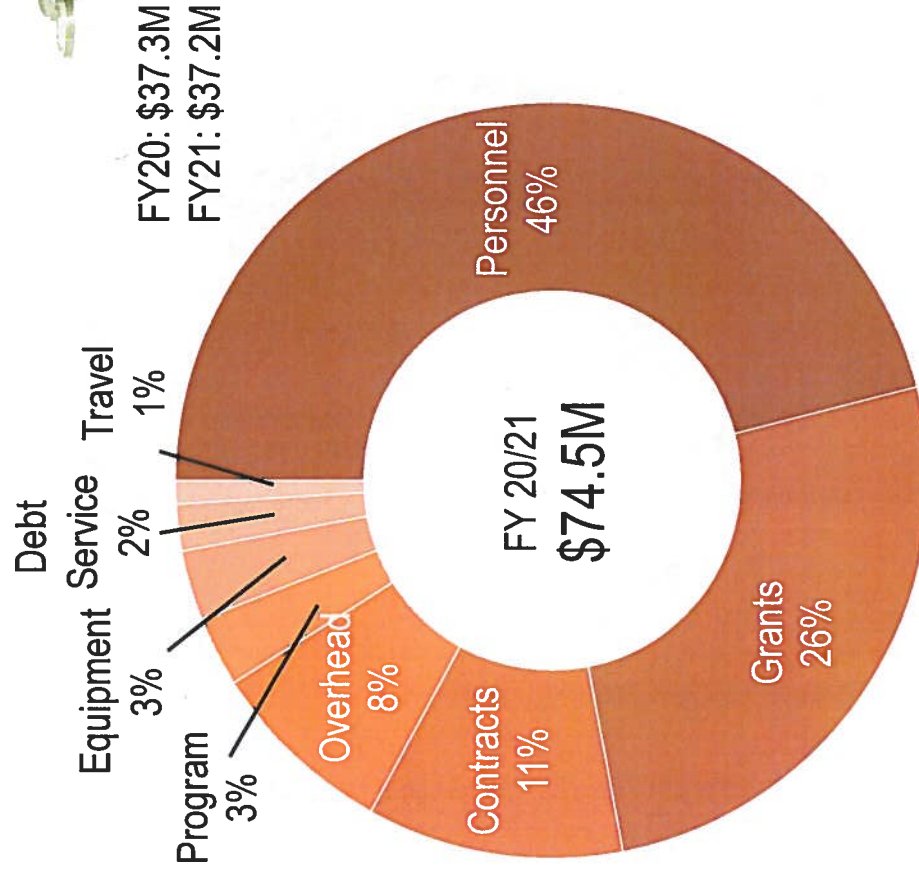

Budget data presented are preliminary and subject to change. 13

Core Operating Budget

OHA allocates 46% of its core operating budget to personnel, 26% to its grants program, 11% to contracts, and 8% to overhead costs. The smaller categories include 3% for programs, 3% for equipment, 2% for debt service, and 1% for travel costs.

The next few slides will provide a more detailed breakdown of each category, with the exception of debt service. Debt service relates to the principal and interest payment on Line of Credit outstanding balance and totals \$580 thousand for FY20, \$572 thousand for FY21, equaling \$1.15 million over the two-year period.

The next few slides will provide a more detailed breakdown of each category.

Personnel

OHA allocates approximately \$17 million a year of the biennium budget in support of 158 employees under the core budget; constituting 46% of the core operating budget, including the 60.08% fringe benefit rate. This core budget does not include 9 non-core employees whose positions are either funded by commercial properties or federal grants. OHA's 158 full-time employees from core budget represents a decrease from FY18/19, as a result of OHA's decision to leave 12 positions vacant until such time as funding becomes available.

Sixty-one percent of the personnel cost is employee salaries, while a full 37% of personnel cost goes to fringe benefits, as set by the State of Hawai'i at 60.08%, Small portions are allotted to fund student internship and OHA's reserves for vacation payouts, employee continuing education program, and workers compensation payments.

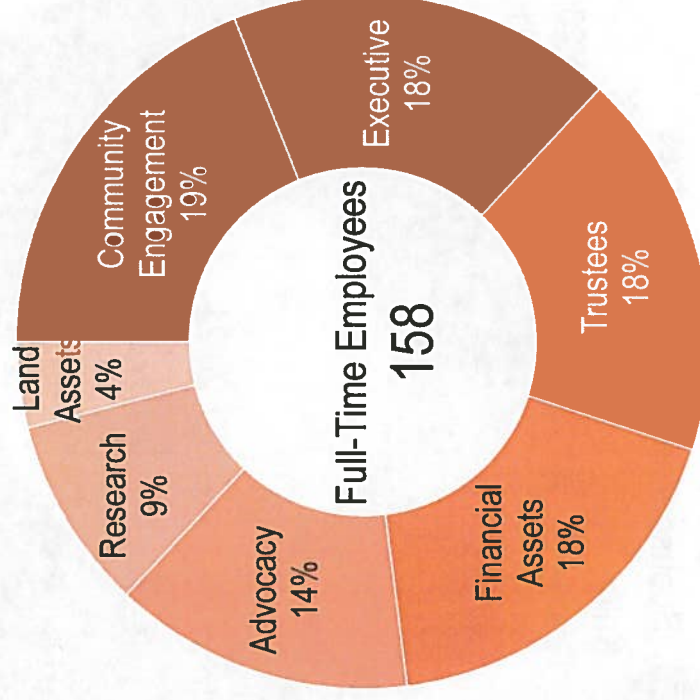

FY20: \$16.9M
FY21: \$17.1M

Personnel

Of OHA's 158 employees under the core budget, 117 are staff members (74% of employees); 24 are managers (15%); 9 are Trustees (6%); and 8 are executives (5%). The figure below represent an average ratio of approximately 1 manager for every 5 staff.

Of OHA's 158 employees: 30 are within Community Engagement, 29 are within the Executive Office; 29 are within the Board of Trustees Office; 28 are within Financial Assets; 22 are within Advocacy; 14 are within Research; and 6 are within Land Assets.

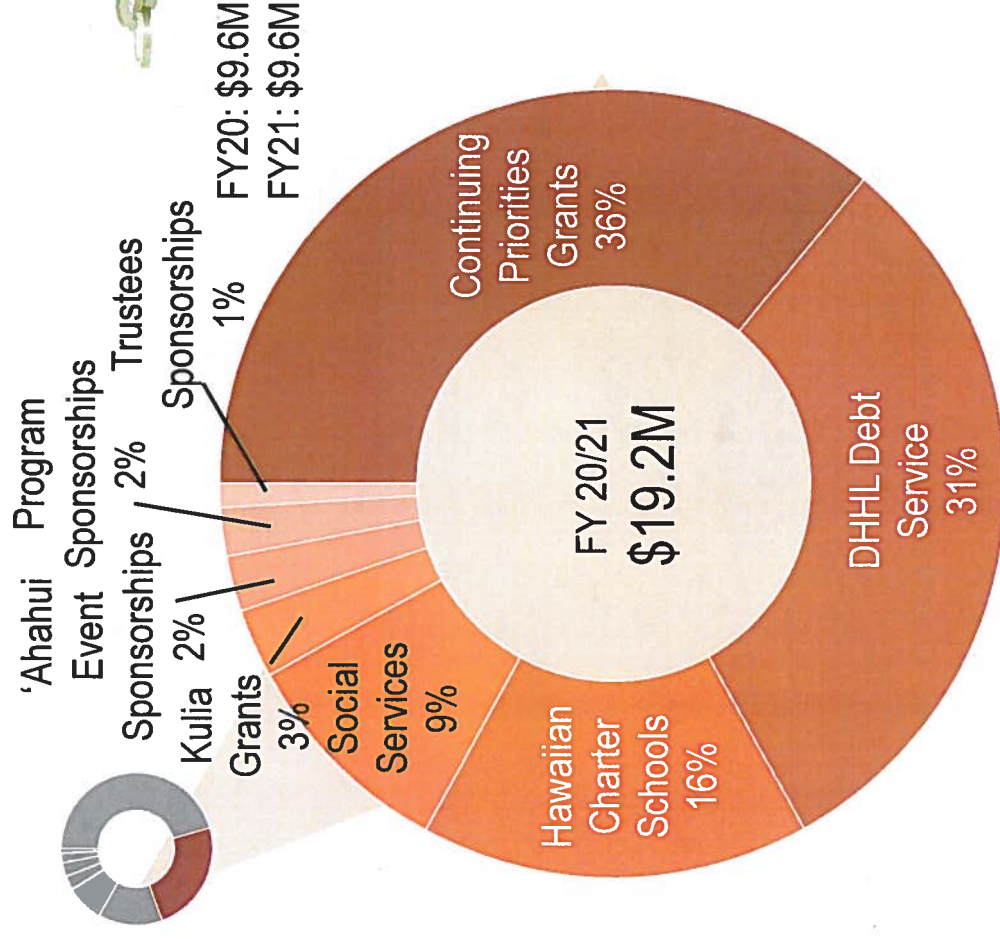

Budget data presented are preliminary and subject to change. 17

Grants

OHA allocated \$19.2 million over the biennium budget to various grant programs, which constitutes 26% of the core operating budget. Of this budget: 37% is allocated for grants aligned with the continuing Strategic Priorities from the 2010 – 2018 Strategic Plan, including Health, Education, Income, Housing, Culture, and Land, as OHA transitions to its new Strategic Plan. Funding is also allocated to long-term commitments to DHHL to homestead development (31%) and to Hawaiian Focused Charter Schools (16%). 9% is allotted for social services so beneficiaries may address unexpected crises. 3% is allocated to the new Kulia grants, which are awarded to innovative projects with a broader focus on bettering conditions of Native Hawaiians. OHA also allocates 5% of grant funding to sponsorship including 'Ahahui Events (2%), Program (2%), and Trustee (1%) Sponsorships (which are currently on a moratorium).

Contracts

Contracts constitute 11% of OHA's core operating budget and is comprised of two main areas: services on a fee basis and legal services.

80% of the Contracts budget is allocated to Services on a Fee Basis which includes contracts from many areas of expertise to help support OHA's strategic focus areas and program operations. It also includes a legal services contract, which provides legal services directly to the beneficiaries, not to OHA.

Legal services at 20% are comprised of various litigation, consulting, and Board Counsel needs that arise in the ordinary course of business and are service directly provided to OHA.

Services on Fee Basis Contracts

Through a State Proviso, 25% of OHA contracts is allocated to beneficiary legal services. The legal services proviso provides beneficiary legal representation for the assertion and defense of quiet title actions, assistance with kuleana tenant rights, and preservation of Native Hawaiian land trust entitlements.

Twenty-six percent of all contract funds is allocated for Resource Management, including Financial and Land Assets, for example services related to Kukaniloko. Other programs (17%) include funding for Native Hawaiian law training course, water and Public Land Trust working groups, and access to Papahānaumokuākea, research, and community engagement. OHA's Trustees and Executive Office account for 11%. Larger expenses include technology upgrades, redesign, and to financial consultant fees.

Budget data presented are preliminary and subject to change. 20

Legal Services Contracts

Eight percent of the Legal Service Contracts budget is allotted for legal consultants who provide OHA with non-litigation legal advice in particular areas of law.

Seven percent is allotted for litigation in which services are rendered in either defending OHA and/or Trustees or as a plaintiff if the Board of Trustees so desires.

The remaining 5% is allotted for other contracts including counsel to the Board of Trustees in which legal advice is rendered regarding Trustee duties, privileges, immunities, and liabilities.

Overhead

OHA allocates approximately \$3 million annually to Overhead or 8% of the core biennium budget. Of these amounts, office leases account for 60%, which support 7 offices across the State of Hawai'i and 1 office in Washington, D.C. Utilities for these offices make up another 11%.

Thirteen percent (13%) is insurance premiums for liability insurance, workers compensation, board and officers insurance, and other related coverages. Additionally, 8% is allotted for telephone and internet service, 3% for renting equipment, 2% to validate parking for stakeholders and beneficiaries, 1% for office and other supplies; and 2% is made up by small budget items including postage, settlements, and leasehold improvements.

Program

The next budget category is Program, to which OHA allocates approximately \$1.2 to \$1.4 million annually or 3% of the core biennium budget. These are costs directly related to programs such as printing and distributing of Ka Wai Ola publications (28%), hosting cultural workshops/events (23%), partnering with community organizations to host events (12%), advertising for OHA initiatives (10%), professional dues and subscriptions (8%), trustee protocol allowance (5%), and staff training (5%). Other expenses include, worksite wellness, volunteer stipend, promotional items, honorarium for OHA event participants, etc.

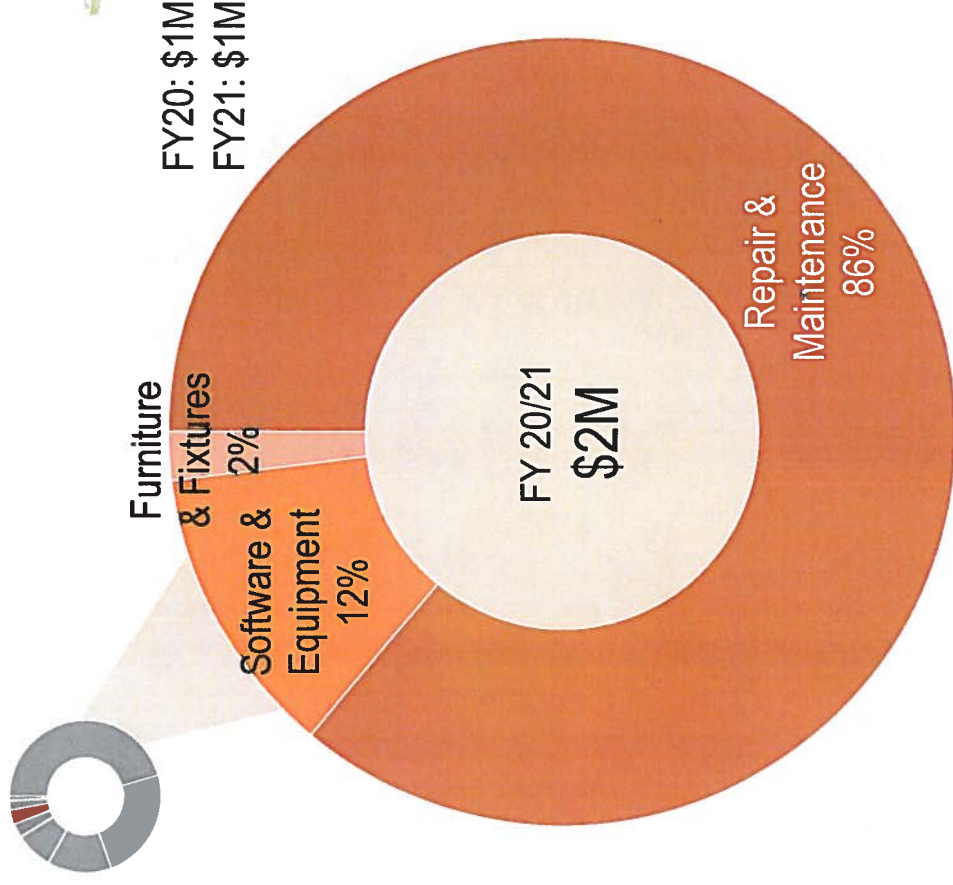

Budget data presented are preliminary and subject to change. 23

Equipment

OHA allocates \$2 million or 2% of the core biennium budget to equipment; including repair & maintenance, software & equipment, and a smaller portion allocated to furniture and fixtures. Repair & maintenance includes various upkeep work for OHA's facilities and legacy properties. Some of the larger budget items include vegetation maintenance and arborist/tree trimming services for Kūkaniloko legacy property and janitorial service for all offices.

Software & equipment include IT software, hardware, licenses, subscriptions, etc. Larger expenses include the replacement of PCs, laptops, and network equipment and the purchase of software to support new projects planned in FY20 and FY21. Furniture & fixtures include miscellaneous facilities needs that arise during normal course of operation.

Core Debt Service

Includes all expenditures associated with the payment of debt service for BOT-approved obligations. For FY 20/21 the amounts are \$580,048 and \$572,163, respectively.

In February 2015, OHA obtained a \$5 million credit facility to finance the costs of its Nation Building Initiative. Per Action Item-ARM #14-04, only \$3.7 million of the credit facility was available for Nation Building. OHA had two years to draw down the facility in up to six separate tranches. For each tranche, OHA can select among numerous interest rate and maturity options. During the draw period, OHA will only pay interest on the outstanding principal balance. At the conclusion of the draw period in February 2017, OHA can choose to repay the outstanding principal balance over a 3, 5 or 7 year period.

OHA drew a total of \$3,548,000 of the credit facility and elected a 7-year repayment period starting in FY 17. The budgeted costs for debt service in FY 20 and FY 21 are based on amortization schedule maintained by Investments Program staff.

FY20: \$139K
FY21: \$1.0M

Budget data presented are preliminary and subject to change. 25

Travel

Lastly, travel budget category makes up a little more than 1% of the core operating budget. These are costs directly related to in-state travels (46%), out-of-state travel (49%) and other & non-employee travel (6%). In-state travels include attendance of BOT and sub-committee meetings by Trustees and Executives that are held throughout the year across the State, grants orientations and site monitoring, and community event coverage on neighbor islands.

The majority of out-of-state travels is related to the annual Lei Draping ceremony held at Washington, DC. Other out-of-state travel is for due diligence meetings and investment conference.

Fiscal Reserve

Fiscal reserve policy

- Budget stabilization
- Unpredicted one-time payments
- Capital acquisitions

\$3M maximum designation per year

FY17 balance carried forward to FY18 as the moratorium* restricts additions and withdrawals (see attachment #3, page 4 for calculation)

Increases:

- Unexpended and unencumbered "approved" core operating budget in the current year.
- Unused funding from a prior year that is later "lapsed" (i.e. cancelled purchase orders)

Decreases:

- BOT authorized withdrawals

* Per Action Item #18-03, the Board approved a moratorium on fiscal reserve spending that is still in effect.

Legacy Property – Palauea Culture Preserve

Spending limit

- Beginning balance
- .05% of home sales in the Palauea subdivision on Maui

Expenses

- Repairs and maintenance
- Stewardship

The Palauea Cultural Preserve is a 20-acre property acquired by OHA in 2013 to protect the complex of Hawaiian archaeological features. OHA is currently developing a Preservation Plan for the property that will guide its use and management into the future. Palauea Cultural Preserve revenues are derived from the sale of homes in an affluent area on Maui. The .05% of each sale has been deposited into an account for which the funds are to be used for the upkeep and long-term stewardship of this historical site.

In July, 2006, OHA acquired Wao Kele O Puna (WKOP) in the Puna district of the island of Hawai'i. WKOP is currently designated as a Forest Reserve and in Conservation Land with jurisdiction under the State of Hawai'i Department of Land and Natural Resources Division of Forestry & Wildlife.

On June 26, 2015, via Action Item BOT #15-02, Board approved to allow the establishment of the WKOP Management Fund which includes previously-authorized Board appropriations for current and future programmatic needs. The available balance of the Fund as well as needs through FY21 are estimated and summarized herein.

Spending limit

- Beginning balance
- Ka Wai Ola advertising revenues
- OHA-DHHL homesteader loan repayments

Expenses

- Funding of LLCs operations

Hawaiian Projects – includes funds collected from Ka Wai Ola advertisement sales, conference sponsorships, and other miscellaneous income.

Homesteader Loan Program – A defunct loan program started in 1993. OHA invested \$20M to create the loan program with DHHL to help beneficiaries with home ownership. OHA provided the funds and DHHL administered the program. Loan repayments are still being collected and are estimated to be \$150,000 in FY20 and \$120,000 in FY21.

FY 20/21 Biennium Budget Summary and Data Tables

Core Operating Budget: Reflects the basic operating budget consisting of payroll, operations, and program expenditures and includes the following four (4) funding sources:

- **Withdrawals from the Native Hawaiian Trust Fund (NHTF)** are limited by the Native Hawaiian Trust Fund Spending Policy. This policy limits the withdrawal to five (5) percent of the NHTF's twenty-quarter (20-quarter) rolling average market value, as defined, to ensure that resources held within the trust are available for future spending.

Table 1: Calculation of 5% of the NHTF's Twenty (20) Quarter Rolling Market Value

- **Public Land Trust (PLT) Revenues** are received from the State of Hawai'i and have been set at \$15,100,000 (Act 178, SLH 2006) per year, until further legislative action.
- **Kaka'ako Makai (KM) Revenues** are allocated to OHA's Core Operating Budget in two ways, as outlined in BOT approved May 25, 2017, Action Item RM #17-05, Approval of an

OHA Board of Trustees Policy Amendment relating to an allocation of revenue from OHA's Kaka'ako Makai properties:

- 1) for grant funding and is calculated at ten (10) percent of estimated lease and other revenues generated from OHA-owned Kaka'ako Makai parcels, and
- 2) for OHA's Legacy Property Management and is calculated at 30% of net revenue.

Re: *Beneficiary input on the OHA Biennium Budget proposed by the OHA Administration to the OHA Board of Trustees*

Aloha Chair and Members of the OHA Board of Trustees:

My name is Robin Puanani Danner, the elected chairman of the Sovereign Councils of the Hawaiian Homelands Assembly (SCHHA), the oldest and largest organization unifying Hawaiian Home Lands (HHL) community leaders and self-governing homestead associations throughout the state of Hawaii. The SCHHA protects and advances the interests of native Hawaiians eligible under the federal Hawaiian Homes Commission Act (HHCA) of 1921, whether on the land, or awaiting a land award.

On behalf of our SCHHA Vice Chair, Kammy Purdy from Molokai and our SCHHA Chair Emeritus, Kamaki Kanahele from Oahu, and our entire SCHHA Executive Council, we appreciate the opportunity to review, contemplate and submit recommendations on the OHA FY2018/FY2019 Biennium Budget. Our SCHHA Executive Council established a budget review team, consisting of all of our SCHHA executives, all of our SCHHA policy directors, as well as individual homestead leader members. We dedicated ourselves to thoroughly understanding the budget numbers and budget structure, as well as to improve our understanding of the administration structure, staffing levels and kuleana.

We congratulate OHA for the incredible fiscal team you have in place, that distributed excellent and comprehensive budget data to all OHA beneficiaries last week.

We also want to express that members of the OHA Executive team have been extraordinarily responsive to our budget review team in answering clarifying questions to ensure a complete understanding of budget line items by our team. Thank you sincerely, it made an already burdened workload much easier to be able to give our manao on our OHA budget.

The enclosed budget review document includes five (5) overall budget findings and fourteen (14) recommendations as follows:

- | | |
|---|-------------------|
| 1. OHA Staffing/Duplication/Beneficiary Land Trust Fund | 3 recommendations |
| 2. OHA Management Top Heavy | 1 recommendation |
| 3. OHA Centric versus Beneficiary Centric Spending | 3 recommendations |
| 4. Grants Program Adjustments | 5 recommendations |
| 5. Limited Liability Corporations | 2 recommendations |

You will find thoughtful manao from HHCA Beneficiaries that care about both our trust agencies, DHHL and OHA, and all our Native Hawaiian people, regardless of blood quantum. One of the recommendations, is to establish a Land Trust Fund to begin the acquisition of lands, and establishment of a land trust like Hawaiian Home Lands for all Native Hawaiians to achieve affordable housing opportunities, especially rentals.

We recommend that this fund begin with a modest reduction of 10% in staffing resources totaling \$1.5M under each year of your biennium budget, and for net revenues from the commercial property on Nimitz

to further build this Land Trust Fund to enable OHA to acquire relevant lands and/or multi-family residential properties that may become available across Hawaii in the years ahead. One of the greatest accomplishments OHA can achieve, is to acquire residential trust assets that enable our people to access affordable housing rentals, regardless of blood quantum. Hawaii is our homeland, let's begin with the FY2018/FY2019 Biennium Budget to build a future where our children are never threatened to be forced to leave.

We mahalo the invitation by OHA to all Beneficiaries to review the OHA budget and for creating an environment of welcomed input versus being treated as adversaries. For the 10 days that our budget review team worked together and with various members of the OHA Executive team, at no time did we feel unwelcomed to ask tough questions or to share our most frank manao.

Mahalo for your consideration of the work of HHCA beneficiaries to advance the interests of all Beneficiaries.

Sincerely,

Robin Puanani Danner
SCHHA Chairman

BENEFICIARIES FIRST – An alternative budget to the OHA Board of Trustees

Budget Review Project Background

The SCHHA Executive Council consists of elected and appointed beneficiaries of the Hawaiian Homes Commission Act, that either live on homestead lands, or are on the waitlist for a homestead land award. Moku represented are Kauai, Oahu, Maui, Molokai and Hawaii Island and includes 7 Policy Directors with policy expertise in the areas of Native Rights, Farming & Ranching, Affordable Housing, Telecommunications, Economic Development, DHHL Compliance to the HHCA and Political Action Committee functions. The current SCHHA Chairman is **Robin Puanani Danner** from Kauai, its Vice Chairman is **Kammy Purdy** from Molokai and its Chairman Emeritus, **Kamaki Kanahele** from Oahu.

For the first time in the SCHHA's 30-year history, its Executive Council established an OHA Budget Review team consisting of SCHHA members to work together to become competent in OHA's budget and organizational structure in meeting its mission of serving Native Hawaiian beneficiaries, including HHCA beneficiaries to provide comprehensive feed-back to the OHA Board of Trustees.

SCHHA Budget Review Team Findings

The budget review team finds that OHA has three (3) core functional responsibilities as follows:

- 1. Core Organizational Governance – 29 FTE**
 - a. Board of Trustees – 9 FTE
 - b. Staff Support to Board of Trustees – 20 FTE
 - c. Trustee Allowances for Relevant Expenditures and Funding Special Requests
- 2. Core Organizational Administration Systems – 61 FTE**
 - a. Executive Team – 7 FTE
 - b. Staff Support to Executive Team – 11 FTE
 - c. Organizational Financial Systems & Asset Management – 31 FTE
 - d. Land & Real-estate Asset Management – 12 FTE
- 3. Core Organizational Programs & Services to, for or on behalf of Beneficiaries – 77 FTE**
 - a. Community Engagement Program – 31 FTE
 - i. OHA Statewide Office System for Beneficiary Access
 - ii. Community Outreach to Beneficiaries
 - iii. Newspaper, Website & Other Informational Systems for Beneficiary Access
 - iv. Grant Resources & Legal/Social Services for Beneficiary Access
 - b. Advocacy – 28 FTE
 - i. State & Federal Policy Advocacy on behalf of Beneficiaries
 - ii. Compliance & Enforcement of Existing Laws impacting Beneficiaries
 - iii. Self-Governance & Registry Management on behalf of Beneficiaries
 - iv. Management of Papahanumokuakea on behalf of Beneficiaries
 - c. Research – 18 FTE
 - i. Research, tracking & publication of Data Statistics about Beneficiaries

The above staffing allocations total 167 FTE; however, it should be noted that OHA has a freeze on 9 of these positions, and the funding levels in the OHA funding proposal does not include dollars for these 9 positions.

SCHHA Budget Review Team Recommendations

The budget review team finds the following based on a review of how trust funds are currently budgeted and proposed by the OHA Administration:

1. **OHA has an enormous staff FTE.** The sheer size of OHA is incredible for the basic functions it performs, many of which are duplicative to other long standing and effective Beneficiary organizations.

Essentially, out of the **\$37M** in annual operations, OHA spends only **\$8.5M** in nonprofit grants (\$6.7M for education, housing/health/income, culture/land/water, event and other program sponsorships and \$1.8M in legal/social service contracts) that directly touch Beneficiaries. The \$3M in OHA funds that flow to DHHL are not included in the \$8.5M because those funds subsidize DHHL, another state agency for its debt service and operations. None of the \$3M flows directly to HHCA beneficiaries.

Overall, including staffing costs, contract costs, program costs – OHA spends more Beneficiary trust funds on itself than on Beneficiaries.

In addition, fringe benefit rates are rising for every state agency, to support the State to meet its obligations to State employees from a 38% rate to 60%. This means that achieving goals with internal staff is becoming more and more expensive, and certainly can be achieved by improving collaboration with and avoiding duplication with Beneficiary nonprofits, where fringe rates are not at 60%.

SCHHA recommends the following:

- A. **Conduct an Inventory of Statewide Serving Beneficiary Organizations** that have full time staff, to assess level of capacity, prior accomplishments and current menu of services being delivered to ascertain the duplicative functions at OHA.
- B. **Reduce Staffing Levels** by 10% or 16 FTE Positions for the next 2 years. Set a goal of further reduction by additional FTE positions in the follow-on biennium based on the Inventory of Statewide Beneficiary Organizations.

Call on all Division Managers to improve OHA Collaboration with Beneficiary Organizations to improve productivity and maximize OHA resources in achieving the tenets of its strategic plan, particularly in the program areas of research, policy advocacy and community organizing and capacity building. Staffing costs and the 60% fringe rate can be reduced through improved collaboration.

- C. **Create a Beneficiary Land Acquisition Fund**, wherein 100% of the cost savings from the 16 staff reductions totaling a modest \$1.5M annually be deposited into this new fund every single year, including follow-on biennium.

When opportunities arise, OHA should purchase farm lands, subdivisions or housing projects, to establish a land trust program like Hawaiian Home Lands for all Native

Hawaiians. In 1920, the Congress established a land trust and set the blood quantum at 50%. As the SCHHA, we call on OHA to help all our people, regardless of blood quantum, and begin the process of directing funds annually from staff reduction savings, to help all our Hawaiian people to access affordable housing in our homeland (ownership and rental).

2. **OHA is extremely top heavy.** Currently OHA has 1 manager for every 6 employees (21 managers over 130-line staff). If trustees, and executives are included, OHA has 1 manager for every 3.5 employees (21 managers + 9 trustees + 7 directors/CEO/COO over 130-line staff). Our kids have a 1 to 20 ratio of teacher to students in any typical classroom. Given the size of OHA, there should be far greater efficiencies in management to line staff ratios.

SCHHA recommends the following:

- A. **Minimize middle managers** within Divisions, by requiring highly compensated Directors to manage line staff within Divisions, especially when line staff number less than 10 in a program area, and improve collaboration with existing Beneficiary Organizations to achieve workload.
3. **OHA Centric versus Beneficiary Centric.** The incredible levels of funding in line items for OHA Programs, for OHA Travel, for OHA Service Contracts versus for direct Beneficiary impact are misdirected. Line after line, literally, OHA spends more Beneficiary trust funds on itself, than on Beneficiaries or Beneficiary Organizations delivering service on the ground, at nearly a 4:1 ratio (again \$37M total, with only \$8M in direct funding to Beneficiary service organizations).

SCHHA recommends the following:

- A. **Redirect a portion of travel costs** for OHA staff in specific divisions, to increase Program Sponsorships and other grant programs to fund Beneficiary Organizations to maintain capacity and expertise in subject matter areas that these organizations provide direct services in. Currently, the OHA travel line item totals **\$443K** for FY2018. We recommend **\$104K** be transferred to the Grants Program.
- B. **Redirect a portion of program costs** designated for OHA and non-OHA conferences and conference fees, to the Grants Program to fund proficient Beneficiary Organizations that have conducted statewide and national conferences for literally decades on every topic including business, Native rights, nonprofit capacity building, resource development, policy priorities, land trust uses, education and health among others.

OHA should not be coordinating conferences, but rather facilitating the work of Beneficiary Organizations that do. Nor should OHA staff be attending conferences to build their own capacity, but rather should be attending Beneficiary conferences to remain connected to the capacity and priorities of Beneficiaries. We recommend that **\$396K** of the line items on conferences totaling **\$416K** in the FY 2018 budget for example, be transferred to the grants budget for use by Beneficiary Organizations.

- C. **Redirect a portion of the OHA contracts budget** to the grants section to fund grants or grant contracts to Beneficiary Organizations to deliver services to OHA and/or directly to Beneficiaries on the ground. We recommend for example in FY 2018, that of the **\$4M** dedicated to contracts by OHA staff, that **\$1.2M** be transferred to the Program sponsorship procure grants with Beneficiary Organizations that have incredible expertise.

- 4. **OHA Grant Program Adjustments.** The grants program is the primary vehicle for Beneficiaries to be directly impacted by their own Beneficiary trust funds. As such, the grant program should be managed in such a way that represents the vital needs of our people and continues to invest in the capacity of the many mature Beneficiary Controlled Nonprofits.

SCHHA recommends the following:

- A. **Move the Social Service/Legal Service contract into Grants program**, to better reflect funds that have a direct impact on Beneficiaries, like other grant funding programs.

In terms of the scope of service of this annual contract, Beneficiaries have voiced that Handi-Van, Summer Youth Employment programs, and Kupuna Employment programs should be included.

- B. **Adopt a Beneficiary Serving and Controlled Organization Criteria for Grant Scoring.**

The knowledge of Beneficiary life ways and best practices are best found in Beneficiary controlled and serving organizations. As such, a policy should be adopted that requires grant criteria that honors and values Beneficiary Organizations on all awards under the grants budget, including scoring criteria that rewards organizations that dedicate 100% of their mission, resources, and expertise to Beneficiary communities. This will have an excellent side benefit, in that it will encourage non-Beneficiary focused organizations to seek out and partner with Beneficiary organizations.

- C. **Redirect funds in the grants budget designated to DHHL**, to direct project development by Homestead Associations and Beneficiary Organizations on Hawaiian Home Lands in community facilities, rental housing, access to water resources, farming and ranching infrastructure and capacity that serves all Beneficiaries. Today, Homestead Associations are highly capable, having built multi-family rental projects, community centers, marketplaces, certified kitchens and other economic development facilities and projects.

The designation of **\$3M** between state agencies currently in the budget, was never the subject of consultation with HHCA beneficiaries, nor based on the needs of HHCA beneficiaries, nor the capacity of DHHL to perform adequately. To date, DHHL has failed to fulfill the commitment made to OHA to fund 20 regional grants with these funds, and has failed to report to anyone, how this \$3M annual cost is benefitting HHCA beneficiaries.

- D. **Improved Transparency.** We recommend the transfer of the Executive Sponsorship funds in the budget to the Program Sponsorship line item to further strengthen

transparency and dissuade any special treatment of funds awarded outside the guidelines of grant making. For example, the CEO awarded \$25,000 to a mainland Asian American organization, that has a record of failing to serve Native Hawaiians or to collaborate with Native Hawaiians.

Moreover, we recommend that OHA publish quarterly reports for any grants awarded during the quarter for event sponsorships, program sponsorships or leveraged projects.

- E. Establish a firm policy that any allocation of Kakaako funds,** must be directed to the Grants program and not for other operating costs of the agency. This simple commitment, signals quite clearly, that the Kakaako investment has a direct impact to Beneficiary lives. We do not want OHA to follow the misguided management of HHCA trust funds, where DHHL keeps our people on the waitlist, under the guise of leasing our lands for revenue generation, wherein all the revenue funds DHHL staff and operations instead of directly impacting HHCA Beneficiary lives.

- 5. LLCs Properly & Improperly Used by OHA.** LLCs have been established by OHA to hold certain trust assets, and in at least one case, to simply operate a program outside the parameters of OHA as an agency. There are many good reasons that entities utilize an LLC vehicle in general corporate affairs, namely to create a corporate veil against potential liability. However, The OHA LLCs have been established in an undisciplined way, with some maximizing this powerful mitigation of liability approach, and some for no apparent mitigation purpose.

SCHHA recommends the following:

- A. Complete a review** to assess all LLCs and maintain any LLC that hold real property assets that may pose liability from accidents or unforeseen circumstances. Eliminate any LLCs that are solely program, consulting or service based and move these functions into the agency.
- B. Establish an LLC to hold the commercial property owned by our trust,** to mitigate the same or similar liability issues as other land based LLCs. We recommend that 100% of annual net income from this LLC be deposited to the Trust Corpus and to the recommended Beneficiary Land Trust discussed in item 1.C above to provide housing to all Native Hawaiians.

Summary

The SCHHA has convened our leaders and members to spend dedicated volunteer hours to review, contemplate and identify our best manao on how Beneficiary funds should be spent in FY2018 and FY2019. We have matched the level of funding proposed by the OHA administration at **\$37.5M**, by making only one major reduction totaling **\$1.5M** annually in staffing levels and redirecting that cost savings to a land acquisition fund to establish a Beneficiary Land Trust for all Native Hawaiians regardless of Blood Quantum.

All other line item reductions that are highly “OHA Centric” totaling **\$1.7M** in travel, program costs, and contract costs, we have redirected to “Beneficiary Centric” spending under the Grants Program. We have redirected the **\$1.8M** in legal and social service contracts currently located within the contracts section of the budget to the Grants Program budget section to be better reflective of direct Beneficiary

impact services. And finally, we have repurposed **\$3M** in trust funds currently being issued to DHHL in the Grants Program to direct development by homestead associations that serve all Native Hawaiians in rental housing, agricultural parks, and economic development projects on our trust lands.

In summary, this budget review identifies **5 overall budget findings** and **14 specific recommended actions** as follows:

- | | |
|--|--------------------------|
| 1. OHA Staffing/Duplication Services/Beneficiary Land Trust Fund | 3 recommendations |
| 2. OHA Management Top Heavy | 1 recommendation |
| 3. OHA Centric versus Beneficiary Centric Spending – | 3 recommendations |
| 4. Grants Program Adjustments – | 5 recommendations |
| 5. Limited Liability Corporations – | 2 recommendations |

The result of this budget review project, if considered by the OHA Board of Trustees, will give greater balance to how Beneficiary trust funds are spent, moving from the OHA proposal of **\$37M to issue \$8M** in direct impact funding grants, to the SCHHA proposal of **\$35M to issue \$13M** in direct impact funding grants to Beneficiaries, and **\$1.5M** dedicated to a Beneficiary Land Trust to begin building a land based trust to serve the residential needs of all of our Native Hawaiian people.

Said another way, the OHA proposal directs **\$15M** in OHA staffing costs to issue **\$8M** in direct impact funding grants to Beneficiaries versus the SCHHA proposal of **\$13M** in staffing costs to issue **\$13M** in direct impact funding grants to Beneficiaries – a far more balanced approach that puts Beneficiaries First.

Mahalo for the opportunity to engage, and give meaningful input.

SCHHA Policy Project to Review
OHA FY2018/2019 Core Budget of \$75.1M over 2 Years

OHA Advocacy Division Sheet - 29 FTE

The Advocacy Division is one of several Divisions in the OHA Administration. Overall, Advocacy exists to fulfill OHA's statutory kuleana to advocate on behalf of our beneficiaries, and to assess policies and practices as they impact our beneficiaries. Each of our programs is tied to one element of that mission.

Division Executive Team – 3 FTE

Executive
 Advocacy Counsel
 Assistant

Public Policy focuses on shaping laws, regulations, rules, guidelines, and in some cases court decisions, as they are still being considered. They're best known for their work during the state legislative session, but they also do a fair amount of analysis and commentary on executive actions. To a limited extent, they work on certain federal policy when there's a strong state-level implementation or nexus. (Think HHCA or ESSA.)

Public Policy Program – 8 FTE

Public Policy Manager
 Administrative Assistant
 Senior Public Policy Advocate
 Public Policy Advocate IV
 Public Policy Advocate III
 Public Policy Advocate III
 Public Policy Advocate III
 Public Policy Advocate III

Compliance Enforcement focuses primarily on the implementation of existing state and federal law as it affects Native Hawaiians. Since OHA is named in NAGPRA and NHPA and we are regularly consulted on other matters concerning cultural resources and natural resources, CE's expertise is primarily in those areas. They handle virtually all of OHA's consultation requests, including Section 106, Chapter 343, etc.

Compliance Enforcement – 6 FTE

Compliance Enforcement Manager
 Administrative Assistant
 Compliance Enforcement Archeologist
 Compliance Enforcement Specialist III
 Compliance Enforcement Specialist III
 Compliance Enforcement Specialist III

Governance exists to coordinate OHA's work as it relates to Native Hawaiian self-determination. For the past several years, this meant serving as the liaison to Na'i Aupuni and spearheading OHA's advocacy in support of the rulemaking to reestablish the government-to-government relationship with the United States. More recently, it has shifted to public education on self-determination issues and indigenous rights and expanding OHA's analysis in the international arena. Governance also oversees OHA's Hawaiian Registry Program, which is also a statutorily mandated program.

Governance – 4 FTE

Governance Manager
Governance Specialist
Hawaiian Registry Specialist
Genealogy Resource Specialist

Washington DC Bureau is our eyes and ears at the federal capitol. They monitor pending federal legislation and executive actions, do a lot of coordinating with stateside parts of OHA on various state/federal issues, and lead our efforts to maintain a pipeline for Native Hawaiians to experience DC and consider federal public service.

Washington DC Bureau – 3 FTE

Washington DC Bureau Chief
Administrative Assistant
Federal Public Policy Advocate

Papahānaumokuākea Marine National Monument Management was established several years ago to handle OHA's responsibilities as a member of the PMNM Monument Management Board, and to advocate for our rightful places as a Co-Trustee of the monument. Now that OHA has been elevated to Co-Trustee as of January 10, 2017, this program's role is to continue to conduct analysis and advocacy on behalf of our beneficiaries as it pertains to the monument, but this time with a greater degree of authority.

Papahānaumokuākea Marine National Monument Management – 2 FTE

PMNM Manager (Keola)
PMNM Specialist (Brad)

1. Anna Peters 5/28/2019 (e-mail)	<p>Unfortunately I won't be able to make this meeting being I will be out of state. I hope that you could include my mana`o on this process. I believe there should be more services around assisting the elderly. Whether it's helping them with legal, financial issues or medical advice on pros & cons on long term care or just providing information on whether to continue to live or let go. Along with that investing in elderly care homes or in early childhood would be even better. Whether through building a community center as a one stop shop for our island or all our islands where people can come and get care, information, workshops, meeting space etc. etc.</p>
2. R N Mansfield 5/24/2019 (e-mail)	<p>Aloha mai,</p> <p>Thank you for distributing this presentation to us, the lahui. My ohana are Pohina of Milolii, Kona, Hema, moku o Keawe, Kama'i of Ale'amai, Hilo, moku o Keawe, Takayama, Akimseu, Iokepa. We are of Obed Uweoulani Nawahine of Olowalu, Maui, of Na'ehu, of Abraham and Margaret Maika'i Dudoit, Lucy Kumaikalani Mansfield, Helen Kalanikauleleiwi Nawahine Wahineokai. Further, I do not claim to speak on their behalf.</p> <p>The presentation is comprehensive and while I am certain that I do not understand all of the details and implications, I trust your effort.</p> <p>The kuleana of education is important and should not be left solely to Kamehameha Schools to carry.</p> <p>In the future please consider TMKs belonging to lahui which have been abandoned and subject to public auction. Is it feasible for OHA to create a lahui land trust to which lahui could transfer title?</p> <p>Also, please be certain legislative proposals are carefully crafted to withstand the test of time.</p> <p>I humbly thank you all for your efforts. Surely your aloha aina motivates your efforts and it has no price tag. Our kupuna gifted that to us. Mahalo ke Akua.</p>

5/24/2019 (e-mail)	<p>Aloha OHA,</p> <p>For many years I have been deeply concerned that the 1906 Inculcation Program for Patriotism given to all first graders - and on and in for about seven generations...that the true original kanaka values and principles have been diminished.</p> <p>Most importantly, is the awareness of the NA'AU...a vital part of our anatomy which guided - by conscience - our behavior. I am old enough to recall among some of my kupuna such an awareness. Unfortunately,</p> <p>I fear that this vital guide is less known by several younger generations and I feel it must be restored.</p> <p>This all came to my attention when at 21 I ventured to California, stayed for a while, married and had three kids so I did stay for a long while. Before that I had only known Hawaiian - and local culture...I knew no ha'ole. After much cogitation about the vast differences between ha'ole culture and that of my Hawaii one, the Na'au stood out...Ha'ole ike na'au ole..Noone was aware of this precious part of our conscience.</p> <p>More and more throughout the years I have been concerned. WE DO ALL NEED OUR CONSCIENCE, don't we?</p> <p>Could OHA set up a kanaka kahiko hie hie kanawai specifically for the purpose of restoring those beautiful pure values once adhered to...for the younger people.</p>

Aileen Camello 5/23/2019 (e-mail)</p>	<p>The first Carpenter Training program just completed in Kapolei and my relative is so excited about using the training to help her find a better paying job. I understand there were more than 400 application and only 30-40 were selected. OHA should fund career programs like this to help Hawaiians have an opportunity to get better paying jobs. These programs should be given in the homestead or convenient locations not in downtown . Educational Programs will help Hawaiians get motivated to better themselves.</p> <p>There should be Education funding for all Hawaiian children. Kamehameha can only do so much funding; I think OHA could help close the gap.</p>
<p>5. Julie Kanealii 6. 5/23/2019 (e-mail)</p>	<p>Aloha,</p> <p>Awesome, since you asked....there are too many rules and regulations. Approaching things the same way year after year and expecting a different result is the definition of insanity. It's time to think outside the box, shift the paradigm, please.</p> <p>My husband will never qualify on paper to get a personal or business loan from you folks, why should he have to? You're application process is intimidating to say the least, the people that need it the most are being overlooked and underserved. We were recently houseless for 6 weeks and he knew there was no way he would get any help from OHA, so didn't even bother. He was turned down in 1995/96, another time we really needed help. I've never heard him say - "we're in trouble, I know I can count on OHA to help me." If a Kanaka asks for money, GIVE it to them. Do you know how hard it is to ask for help? It's HARD to ask for help and then to get denied is crushing! We know very few Kanaka that have directly benefitted from OHA money, your outreach needs to reach more people.</p> <p>The city of Stockton, California has a pilot program - Economic Security Project - where a number of residents will be given \$500 a month for 18 months. 	<p>significant impact, and start there. Put rules in place of course - a Kanaka Maoli (no blood quantum only genealogy) must be 18 years old and earn less than \$60,000 a year for example (this number depends on family size and MUST fully realize the cost of living here), and MUST live in Hawai'i (this keeps the money in Hawai'i). What a huge impact you could have, that extra money could mean stable housing, eating healthy (less reliance on medical services), cover education costs, eliminate credit card debt, the ability to pursue passion employment - not a dead end job - the list goes on. No matter what OHA does as an organization you will never be successful until you pull the ones that need the most help up from the depths; we are experiencing a major crises here in Hawai'i.</p> <p>I'd also say either beef up your grant programs or direct the money elsewhere. I've applied for grants for our civic club through OHA. There are too many applicants for too small a pool of money to make a difference. As a neighbor island nonprofit it seems to us that O'ahu projects are given preference. One year we were told OHA receives very few applications from Kaua'i, please apply, and then we were turned down. Shocking.</p> <p>Another option that I've just discovered is called Living Benefits, a life insurance program that gives you access to benefits while you're living. It offers protection if you die too soon, become ill, or live too long. You can also borrow against it for emergencies. This is a way to level the playing field, and empower people to live well, and with peace of mind (never touch the principal, live off the interest). The highest contributing factor to bankruptcy in the nation is caused by a medical emergency. There's too much to share here, I'd love to get you more information for your employees, as well as beneficiaries.</p> <p>Here's a question - If the Kanaka Maoli are called beneficiaries of OHA, but not all benefit how does that work?</p> <p>I would also like to ask another question - Why does the newspaper Ka Wai Ola use the English version of months, example - April - apelila instead of ka'elo used on the Hawaiian calendar? My sister-in-law Rogelyn Kaneali'i sent in an ad for Ka Wai Ola and asked this question but never got an answer.</p> <p>Mahalo,</p>

<p>7. Earl Carinio 5/23/2019 (e-mail)</p>	<p>Aloha OHA, my name is Earl Kekaulaiwi Carinio and I reside at XXXXXXX, Kailua-Kona, a DHHL leesee in the Village of Lai O’Pua. I moved here from California after a long and grateful career at the Naval Surface Warfare Center, in Port Hueneme, CA. I am part of the “brain drain” that left the Islands in search of a meaning filled career in Engineering in California. I am blessed to come home and live back in Hawaii. During my hiatus from the Islands I served in the United States Air Force in Europe (USAFE) 1960-64, and California National Guard while pursuing my Engineering Degree at California State University San Jose 1969-1971. I also completed my Master of Science in Systems and Safety Management at The University of Southern California (1978).</p> <p>During my time in Europe, I took up the sport of Fencing and after 3 years Fencing with my German and Air Force teammates, I competed and won the German Sports District Championship for all military competitors in Germany.</p> <p>Long story short, I came back to the Sport when I come across the Silver Sword Fencers training in the Kona Gymnasium, introduced my self to the Fencing Master Joe Zapatoloiva, who made me his Assistant Coach. Circumstances beyond our control, impacts our stability to establish a stable venue to practice our sport in West Hawaii. We practice at the Kealakehe High School Cafeteria on Tue 3:45pm-6:00Pm and at Halehale Wai Recreation Center 3:45-6:00PM. Hopefully we can find a permanent facility at the West Hawaii Community Center Lai ‘O’Pua 2020 with the approval Bo Kahui.</p> <p>Our lessons are free with the only cost is for the students to pay for the safety equipment which costs \$150. The equipment includes a Mask, padded jacket, chest protector and a practice foil. This costs prohibits many students from participating in this sport. Our students range from 8 yr old and up. I am requesting funds to provide the baseline equipment for 15 students which amounts to \$2,250. This startup fund can ease the financial burden of many of our students in the West Hawaii Community. RM #19-09 - OHA Biennium Budget for the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21)

I. Proposed Action

Administration recommends to the Resource Management Committee: 1) the approval of the Total Operating Budget for the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21) as outlined in Attachment #1; and 2) the Resource Management Committee's subsequent approval recommendation to the Board of Trustees.

II. Issue

Whether or not the Resource Management Committee (RMC) should recommend approval of the Total Operating Budget for the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21) as outlined in Attachment #1 to the Board of Trustees.

III. Background

The OHA Biennium Budget is prepared every two years, for the ensuing two years. The current Biennium Budget covers the periods from July 1, 2019 through June 30, 2020 (FY 20) and July 1, 2020 through June 30, 2021 (FY 21). OHA's budget is a financial expression and representation of overall intents, commitments, strategies and plans to advance its mission. It is an important planning tool as it acts to guide OHA in the following areas: Preventing spending outside of our budgetary authority; Identifying revenue sources; Allocating limited resources toward support of its Strategic Plan; Compliance with Governmental Accounting Standards Board (GASB) standards to: Adopt an annual budget; Ensure our accounting system provides a sufficient basis for appropriate budgetary control; and Budget comparisons are included in the appropriate financial statements and schedules for governmental funds for which an annual budget has been adopted.

V. **OHA's Native Hawaiian Trust Fund Spending Policy**

The purpose of the Native Hawaiian Trust Fund (NHTF) Spending Policy ("Policy") is to ensure the continued viability of the Office of Hawaiian Affairs (OHA) NHTF by providing specific guidelines to balance the objectives of maintaining principal and producing large, stable and predictable spending. Decisions affecting management of the NHTF focus upon four conflicting objectives: Maximize long-term total return; Maximize annual spending from the Trust; Preserve the real value (purchasing power) of the Trust's principal and of its spending distributions over the long term; Maximize the stability and predictability of spending distributions. In other words, minimize the spending shortfall risk. Its Policy, as amended, and its related Fiscal Reserve Withdrawal Guidelines, was last adopted by the Board of Trustees (BOT) on February 27, 2014.

The formula for determining annual spending withdrawals and the mechanics of its implementation shall adopt the Moving Average Rule, whereby: 1) OHA will spend a fixed percentage of no more than five percent (5%) of the Native Hawaiian Trust Fund's average market value, plus; 2) Ceded Land Revenues received by OHA, plus; 3) State of Hawai'i General Funds received by OHA; plus 4) Any funds available but not spent in previous fiscal years (Fiscal Reserve), held within the Native Hawaiian Trust Fund. Regardless of the performance of the Native Hawaiian Trust Fund, OHA's spending policy will apply. The 5% spending rate shall be applied to investment portfolio and real property assets intended to be income or benefit producing. Further details regarding OHA's Fiscal Reserve Authorizations are provided herein beginning on page 12.

Via Action Item RM #19-07, the Board approved the **Economic Development Policy**, noting that Administration will return with the implementation procedures for Board action; approved the **Debt Management Policy**, noting that Administration will return with the implementation procedures for Board action; acknowledged the **Spending Policy** language and the existing Native Hawaiian Trust Fund (NHTF) Spending Policy, as Amended, noting Administration will return with a consolidated policy document for Board action; and acknowledged the **Investment and Real Estate Policy** language and the existing NHTF Investment and Real Estate Vision, Mission, and Strategy policies, noting Administration will return with consolidated policy document(s) for Board action. Via the Board Governance Framework's permitted interaction group work, the Board's policy work continues.

RM #19-09 - OHA Biennium Budget for the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21)

Because the spending policy is tied to the NHTF portfolio value, OHA monitors its value and related implications closely. Since the NHTF portfolio's initial decline during the first quarter of 2008, OHA's spending in its Core Operating Budget has decreased¹ as summarized in **Table 1** below:

Table 1: 5% of Average Market Value from FY 09 through FY 21

Description	Average Market Value ²	5% of Average Market Value	Increase (Decrease) from FY 09
FY 2009	\$400,735,931	\$20,036,797	-
FY 2010	370,521,562	18,526,078	(1,510,719)
FY 2011	376,436,019	18,821,801	(1,214,996)
FY 2012	374,203,809	18,706,586	(1,330,211)
FY 2013	370,687,167	18,530,773	(1,506,024)
FY 2014	359,250,660	17,956,175	(2,080,622)
FY 2015	342,345,705	17,110,928	(2,925,869)
FY 2016	346,108,427	17,299,064	(2,737,733)
FY 2017	353,223,767	17,658,436	(2,378,361)
FY 2018	351,171,965	17,558,598	(2,478,199)
FY 2019	350,667,555	17,533,378	(2,503,419)
FY 2020³	353,851,101	17,692,555	(2,344,242)
FY 2021⁴	357,734,021	17,886,701	(2,150,096)

To date, OHA's BOT and Administration has balanced the reduction in spending and the increased demand from our beneficiaries for service and assistance through prudent spending and fiscal accountability while progressing towards achievement of its OHA's 2010-2018 Strategic Plan. **Table 2** outlines the progress made on key strategic indicators related to the priorities and expected future outcomes as it relates to future funding commitments requested herein.

¹ FY 09 is used as the approximate 10-year comparison year to reflect the decrease in spending based upon NHTF Spending Policy limitations.

* Due to changes in the Department of Education's state standards and related assessments, these results are incomparable with previous years and with OHA's strategic target developed in 2009. In alignment with the DOE's updated targets, an update to OHA's strategic target is currently under consideration.

** Future progress expected to be consistent with the ratio of funding provided to meet each strategic indicator.

VI. OHA's Budget, Available Funds and OHA's Spending Limit

An *appropriation* is an authorization granted by the OHA Board of Trustees or Hawai'i State Legislature permitting the agency, within established fiscal and budgetary controls, to incur obligations and to make expenditures for specific purposes. An *appropriation* is usually limited in amount and period of time during which it may be expended. The sources of funding available for spending include the following *appropriations* detailed in **Table 3** below:

Table 3: Sources of Funding

Type	Description	Appropriation Number
Core Operating Budget	General Fund appropriations drawn from the State of Hawai'i	100
	Public Land Trust Revenues (PLT) received annually from various State Agencies conducting business on PLT lands	901
	Matching Fund appropriations by the State of Hawai'i but drawn on the Native Hawaiian Trust Fund (NHTF)	910
	A portion of the NHTF, and also includes revenues received from 1) past-due settlements dividend and interest earnings received thereon, 2) ten (10) percent of estimated lease and other revenues generated from OHA-owned Kaka'ako Makai (KM) parcels allocated for grants, and 3) thirty (30) percent of KM's FY 18 and FY 19 net revenue allocated for OHA's Legacy Property Management ⁵	930
Fiscal Reserve Authorizations	Appropriations authorized from the NHTF by OHA's BOT up to a maximum of \$3 million annually pursuant to its Spending Policy	935
Commercial Property	Kaka'ako Makai (KM) Revenues generated from OHA-owned parcels	938
	Nā Lama Kukui (NLK) Revenues generated from its investment (formerly known as Gentry Pacific Design)	939
Legacy Property	Palauea Cultural Preserve – includes a percentage of all home sales within the development	310
	Wao Kele O Puna Management Fund – includes previously-authorized Board appropriations for current and future programmatic needs	315

RM #19-09 - OHA Biennium Budget for the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21)

1. **Core Operating Budget:** Reflects the basic operating budget consisting of payroll, operations, and program expenditures and includes the following four (4) funding sources:

- **Withdrawals from the Native Hawaiian Trust Fund (NHTF)** are limited by the Native Hawaiian Trust Fund Spending Policy. This policy limits the withdrawal to five (5) percent of the NHTF's twenty-quarter (20-quarter) rolling average market value, as defined, to ensure that resources held within the trust are available for future spending.
- **Public Land Trust (PLT) Revenues** are received from the State of Hawai'i and have been set at \$15,100,000 (Act 178, SLH 2006) per year, until further legislative action.
- **Kaka'ako Makai (KM) Revenues** are allocated to OHA's Core Operating Budget for grant funding and is calculated at ten (10) percent of estimated lease and other revenues generated from OHA-owned Kaka'ako Makai parcels, and for OHA's Legacy Property management and is calculated at thirty (30) percent of KM's FY 18 and FY 19 net revenue. The policy re: 10% of gross revenue for grants

was noted
“*policy to be revisited in two years”. RM #17-05 proposed a policy amendment relating to an allocation of revenue from KM with a revisit of the policy in two years (from 2017) or by June 30, 2019.

- **State of Hawai'i General Fund** appropriations are determined by the legislature during each biennium. The spending limitation in **Table 4** above includes an appropriation of \$3,037,879 annually for FY 20 and FY 21. The final version was passed on June 12, 2019 as Act 037(19) and conveyed as Governor's Message No. 1138. See **Table 6** on page 12 for further details on OHA's general fund appropriations for FY 20 and FY 21.

General Fund appropriations are determined by the State Legislature during each Biennium. As part of its annual budget, the Office of Hawaiian Affairs (OHA) receives general funds from the State of Hawai'i, which is appropriated through the State Legislature. OHA has received state general funds since 1981 for a portion of its personnel and operating cost and to provide services to beneficiaries in support of three major focus areas including multi-services assistance, legal assistance, and educational enrichment.

COMMITTEE ON RESOURCE MANAGEMENT (RM)
Committee Report

May 23, 2017

The Honorable Colette Machado, Chairperson
Board of Trustees
Office of Hawaiian Affairs

Madame Chair Machado,

Your Committee on Resource Management, having met on May 24, 2017 and after full and free discussion, recommends approval of the following action to the Board of Trustees:

To approve a Board of Trustees policy amendment to the Kaka'ako Makai Policy, Section 3.A.3, originally adopted on September 20, 2012, to state (new language is bold and underlined):

Allocate 10% of gross revenue for grants and 30% of net revenue for OHA's Legacy Property Management (net revenue equals gross revenue minus direct operating expenses, excluding Kaka'ako Makai planning and development-related costs) (The 30% allocation of net revenues to LPM shall terminate at the end of FY 2019).

Relevant attachments are included for your information and reference.

2. **Fiscal Reserve Authorizations:** The funds to be withdrawn from the NHTF also include any uses of the fiscal reserve that have been authorized by OHA's Board of Trustees (BOT) and are known as Fiscal Reserve Authorizations. The maximum designations allowable to be made in any given fiscal year, using any combination of items - budget stabilization, unpredicted one-time payments and capital acquisitions - are limited to no more than \$3,000,000 annually. The \$3,000,000 limitation is based on the fiscal year in which the designation is made, regardless of the year of funding specified in the designation. Any actions taken subsequent to this Action may be added to the budget at a later date, but are not contemplated in the current budget submission.

OHA'S NHTF Spending Policy's Fiscal Reserve Withdrawal Guidelines: OHA's fiscal reserve fund is designed to provide money in certain situations including budget stabilization, unpredicted one-time payments and capital acquisitions. The maximum designation is \$3 million annually. The \$3

RM #19-09 - OHA Biennium Budget for the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21)

million limitation is based on the fiscal year in which the designation is made, regardless of the year of funding specified in the designation and requires a vote of super majority (6 affirmative votes) for approval.

There may be special circumstances that will require the use of funds in excess of the situations noted above, therefore, the criteria noted in the guidelines can be waived by OHA's BOT with a vote of super majority plus 2 (8 affirmative votes). OHA's Fiscal Reserve Balance is calculated as follows:

Beginning Balance

+ Increases:

☐ ***Audited financials that include:***

❖ ***Unexpended and unencumbered "approved" core operating budget***

❖ ***Unused funding from a prior fiscal year that is later "lapsed"***

- Decreases

☐ ***BOT-authorized withdrawals***

= Ending Balance

Lapsed funds are added back to OHA's Fiscal Reserve fund.

In February 2018, via RM #18-03, the Board approved a moratorium on the use of fiscal reserve funds until specific policy changes are approved by the Board of Trustees. As of June 30, 2018, OHA's Fiscal Reserve balance was approximately \$5.75 million. As of June 14, 2019, OHA's Ke Kaupoku, its Board of Trustees, did not authorize any withdrawals (because of the moratorium), leaving \$5.75 million available for future designations beginning in FY 20 (July 1, 2019 through June 30, 2020). According to OHA's Spending Policy, only "upon the close of OHA's fiscal year-end financial records and the successful completion of a financial audit engagement" can OHA calculate and authorize for use any unexpended, unencumbered or unused funding that has been "lapsed." Therefore, any FY 19 lapses are not reflected in the \$5.75 million estimate but are expected to increase the \$5.75 million estimate upon issuance of OHA's FY 19 Audited Financial Statements (currently scheduled for February 2020).

3. *Commercial Property:* Reflects the revenues generated on OHA-owned commercial property lands; Kaka'ako Makai and Nā Lama Kukui properties and is summarized as follows:

➤ ***Kaka'ako Makai (KM) Revenues*** are currently estimated at \$4,308,255 for FY 20 and \$4,419,016 for FY 21 from lease revenues. Ten (10) percent of gross revenue is allocated to OHA's FY 20 and FY 21 Core Operating Budget for grant funding and thirty (30) percent of FY18 and FY19 net revenue to OHA's FY 20 FY 21 Legacy Property management funding.

➤ ***Nā Lama Kukui (NLK) Revenues*** are currently estimated at \$5,184,971 for FY 20 and \$5,301,025 for FY 21 from lease revenues.

4. *Legacy Property:* Reflects the funds designated for use on specific legacy properties.

➤ ***Palauea Cultural Preserve Revenues*** are derived from the sale of homes in an affluent area on Maui. The .05% of each sale has been deposited into an account for which the funds are to be used for the upkeep and long-term stewardship of this historical site. The

formula to calculate spending limit balance as reflected in **Table 4** above includes this cash balance as of May 2019.

- **Wao Kele O Puna Management Fund** balances consist of previously-authorized Board appropriations for current and future programmatic needs. The spending limit balance as reflected in **Table 4** above includes known and estimated available funding as of May 2019. Additional information is available beginning on page 31 of this Action Item.

5. Special Programs Budget – Federal: Reflects the basic operating budget consisting of payroll, operations, and program expenditures for Federally-funded OHA Projects & Programs including:

- Hālawā-Lūluku Interpretive Development (HLID) Project
- Native Hawaiian Revolving Loan Fund (NHRLF) Program and

The amount of federal funding available each year for these Programs is based on budgets submitted by OHA and approved or pending approval by the respective grantors.

Special Programs Budget – Other: Reflects special programs funded through other sources of income including:

- Hawaiian Projects
 - ✓ Ka Wai Ola advertisement sales; and
 - ✓ Other miscellaneous income
- Homesteader Loan Program
 - ✓ Repayments received for the OHA-DHHL Homesteader Loan Program

These amounts are considered special program income and not part of the NHTF. Expenditure of these funds is authorized through BOT approval of the Special Programs Budget. As of May 2019, the approximate available funds during each fiscal Biennium period, FY 20 and FY 21, for Special Programs Budget appropriations, are summarized in **Table 7** below.

Table 7: Available Funds for OHA’s FY 20 & FY 21 Special Programs Budget–Other

Note: above salaries & fringe amounts include across-the-board pay increases of 2% beginning July 1, 2019 and July 1, 2020 for all staff excluding (1) Trustees and (2) federally-funded programs (since their respective budgets include applicable salary adjustments). Furthermore, a Salary Commission to review Trustee salary levels is convened periodically pursuant to statutory responsibility. In anticipation of recommendations and findings to increase Trustee salaries, a pay increase of 2% is included in FY 20 and FY21.

Current OHA Organizational Charts are included as **Attachment #2**.

As of June 14, 2019, figures based on BAE/RM #19-04 (DRAFT) FY20 FY21 Community Grants.

In addition, the following provides the status of each of the following programs also administered under this funding category:

[A] 'Ahahui Grant Program

(FY 20 - \$200,000; FY 21 - \$200,000)

The 'Ahahui Grant program provides funding support for community events. Proposals are competitively solicited, subject to evaluation criteria, then awarded by OHA's Chief Executive Officer, its Ka Pouhana. Full details and access to the on-line application can be found at www.oha.org/grants. **Table 17** provides details on important dates for OHA's FY 20 'Ahahui Grant program:

2019	RM #17-07	7/7/2017	500,000
Total Funding:			\$4,500,000

Pursuant to your Board's previous directives, this Action Item includes a set-aside within OHA's Core Operating Budget of \$500,000 per year during each year of the biennium. These funds will be competitively solicited. Administration is aiming to issue a competitive solicitation no later than November 2019 to award a two-year commitment (FY 20 for school year 2019-2020 and FY 21 for school year 2020-2021) no later than June 2020.

[C] State Proviso – Social Services

HB 172, passed on June 12, 2019, agreed to provide OHA with General Funds Appropriations of \$415,000 per fiscal year to be expended for social services (HB 172 Part III. Program Provisions, Section 5., p.4).

In prior years, General Funds social services appropriations stipulate that "any funds expended for the purposed of this section shall be in accordance with chapter 103D or 103F". Chapter 103D pertains to Hawaii Public Procurement Code and Chapter 103F relates to Purchases of Health and Human Services. In compliance with the provision, OHA has procured services via a Request for Proposal (RFP) in competitive sealed proposals procurement method and was recorded as Contracts – Service-on-a-Fee Basis.

In 2019's HB 172, the language "or a competitive grants process, as appropriate" was added. With that added verbiage and commencing in FY20, social services can be procured as a grant budget request when it follows a competitive grants

RM #19-09 - OHA Biennium Budget for the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21)

process, thus resulting in the budget request to reclass in Community Grants recommendation.

Excerpt from 2019 H.B. 172 H.D. 1 S.D. 2 C.D.1 HB 172, Part III Program Provisions, Section 5

“Section 5. Provided that of the funds appropriated for beneficiary advocacy (OHA175), the sum of \$415,000 in general funds and \$415,000 in trust funds for fiscal year 2019-2020 and the same sums for fiscal year 2020-2021 shall be expended to provide for social services, including referral services and case management, to at-risk Office of Hawaiian Affairs beneficiaries to immediately address unexpected crises; provided further that program activities shall be designed with an overall objective to provide financial assistance to improve stability during emergency situations; and provided further that notwithstanding section 10-17(e), Hawaii Revised Statutes, any funds expended for the purposes of this section shall be in accordance with chapter 103D or 103F, Hawaii Revised Statutes, or a competitive grants process, as appropriate.”

Details relating to the Level II Grants budget are included in **Table 19** below:

[D] Kulia Grants

(FY 20 - \$250,000; FY 21 - \$250,000)

This Action Item includes a set-aside within OHA’s Core Operating Budget of \$500,000, that is \$250,000 for each fiscal year as Kulia Grants. Criteria will be established based on goal of providing grants in strategic focus areas that OHA’s current Community Grants program may not reach. OHA will commits to a “competitive grants process” for expenditure of those funds with emphasis on leveraging opportunities.

[E] Hawaiian-Focused Public Charter Schools

(FY 20 - \$1,500,000; FY 21 - \$1,500,000)

To date, your BOT has provided support for Hawaiian-focused public charter schools totaling \$21.6 million as **summarized in Table 20** below:

Total Funding:			\$ 21,600,000

Pursuant to your Board's previous directives, this Action Item includes a set-aside within OHA's Core Operating Budget of \$1.5 million per year during each year of the biennium. However, since \$365,000 per year utilizes General Fund Appropriations, pursuant to Section 6 of OHA's Budget Bill, OHA commits to a "competitive grants process" for expenditure of those funds. As contract execution normally occurs towards the end of each school year, Administration is aiming to issue a competitive solicitation no later than October 2019 to award a two-year commitment (FY 20 for school year 2019-2020 and FY 21 for school year 2020-2021).

H. Core Debt Service Budget

Includes all expenditures associated with the payment of debt service for BOT-approved obligations. For FY 20, this amount totals \$580,048 and for FY 21, this amount totals \$572,163.

In February 2015, OHA obtained a \$5 million credit facility to finance the costs of its Nation Building Initiative. Per Action Item ARM #14-04, only \$3.7 million of the credit facility was approved for Nation Building Initiative. OHA had two years to draw down the facility in up to six separate tranches. For each tranche, OHA could select among numerous interest rate and maturity

The Nā Lama Kukui's operating budgets were prepared by the property manager based on historical costs and reviewed by OHA for reasonableness.

X. Legacy Property Budget

The Legacy Property Budget consists of operational costs associated with the long-term stewardship kuleana of the Palaua Cultural Preserve on the island of Maui as well as Wao Kele O Puna (WKOP) in the Puna district of the island of Hawai'i. The Legacy Property Budget requests are summarized in **Tables 34 and 35** below.

Palaua Culture Preserve

Palaua Cultural Preserve revenues are derived from the sale of homes in an affluent area on Maui. The .05% of each sale has been deposited into an account for which the funds are to be used for the upkeep and long-term stewardship of this historical site. Needs through June 30, 2021 are estimated and summarized in **Table 34** and described below.

**In order to provide updated Available Funds information, April 2019 Palaua data was utilized to determine FY 20 Beginning Balance. This FY 20 Beginning Balance was calculated based on Palaua's program prior year's year end Net Available Funds plus any deposits received during prior year from sale of homes applicable to .05% transfer.*

Wao Kele O Puna Management Fund

In July, 2006, the Office of Hawaiian Affairs (OHA) acquired Wao Kele O Puna (WKOP) in the Puna district of the island of Hawai'i. WKOP is currently designated as a Forest Reserve and in Conservation Land with jurisdiction under the State of Hawai'i Department of Land and Natural Resources Division of Forestry & Wildlife (DOFAW).

On June 27, 2006, OHA entered into a Memorandum of Agreement (MOA) with the State of Hawai'i Department of Land and Natural Resources (DLNR). The agreement is for a term of ten (10) years and speaks to shared management and planning for WKOP. The MOA stated that the funding structure was such that OHA would contribute up to \$228,000 per year with the DLNR contributing up to \$100,000 in either appropriated funds or in-kind expenditures towards

RM #19-09 - OHA Biennium Budget for the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21)

management activities as specific to WKOP. That agreement, MOA #07-02, is set to expire in June 2018.

On March 15, 2013 OHA's Program Improvement Staff performed an evaluation report for WKOP. The findings of that report included data collection and analysis to best decipher the use and allocation of the Project's funds. Ultimately it was found that many gaps remain. Therefore, beginning in FY 14, OHA notified DLNR of its intent to directly administer the annual allocation of \$228,000 pursuant to that agreement. DLNR did not object to OHA's decision.

On June 26, 2015, via this Action Item BOT #15-02, Board approved to allow the establishment of the Wao Kele O Puna (WKOP) Management Fund which includes previously-authorized Board appropriations for current and future programmatic needs. The available balance of the Fund as well as needs through June 30, 2019 are estimated and summarized in **Table 35** below:

* In order to provide updated Available Funds information, April 2019 Special Programs' data was utilized to determine FY 20 Beginning Balance. This FY 20 Beginning Balance was calculated based on Special Programs' program level Net Assets, less prior and current year encumbered funds remaining balance (PO balance), less FY 19 open procurement in process.

Hi'ilei Aloha and Subsidiaries' FY 20 and FY 21 operational needs are detailed in **Attachment #4.

XII. Community Input

Section 3.5.b of OHA Board of Trustee Executive Policy Manual states the following:

- *The BOT, pursuant to Chapter 10, Hawai'i Revised Statutes, as amended, will provide opportunity for the public to comment on the Biennium Budget through a number of means which may include public meetings, publications and announcements in local media, and through the use of the Internet. A public input plan will be developed by the CEO, in consultation with the BOT Chair, prior to each budget development cycle. The BOT shall take the public input gained from these various means into its budget preparation.*

As mandated under statute and policy, community input and public comment was solicited on the draft Biennium Budget. A public notice was placed on the OHA website on the May 20, 2019. The public notice directed comments beginning May 20, 2019 through and including June 5, 2019 to ohabudget@oha.org.

Community comments are provided in **Attachment #5**.

XIII. Post Budget Approval, Noted Items

While the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21) were prepared in accordance with existing policies and procedures, Administration found this year's biennium budget construction effort to be very challenging and needing policy alignment and update. Consequently, Administration would like the Trustees to understand, support and note the following considerations to be implemented post approval of the biennium budget, resulting in a strategic and better aligned budget and projections.

Recommendations from each of the activities described below will be brought to the Trustees for Trustees' action(s), with the projected time frame in parentheses (month, year):

1. **Policies.** Economic Development, Debt Management, Spending, Investment and Financial Stability policies (August 2019);
2. **Strategies.** Strategic Plan 2020+ strategies (August 2019);
3. **Sponsorships.** Recommendation(s) from the Trustees' Ad Hoc Committee on Sponsorships, noting that the Native Hawaiian Congressional Fellowship program may continue as planned (August 2019);
4. **HB172 HD1, SD2, CD1 OHA Budget.** Clarity regarding Section 8 financial and management audit, including related FY 2020-2021 budget realignment implications (September 2019);
5. **Governance.** Board Governance Framework Permitted Interaction Groups—Board By-Laws and T-Level Policies (September 2019);
6. **Work Plan and related Budget Realignment.** Work plan (e.g., program objectives, activities) and budget realignment for FY 2020-2021 based on Board Governance Framework, including policies; Strategic Plan 2020+ strategies; governance, tactical and operational plans (e.g., technology, projects, key personnel position hires). The following realigned budgets will be brought back for Board review and action: A) Operating Budget – 2 Year (20/21); B) Major Project Budget (20/21); and C) Capital Budget (5-Year beginning with FY 20). In addition,

reserve designation proposals for Trustee consideration and action (e.g., fringe, disaster, iwi kupuna repatriation) will also be provided. (September 2019);

7. **Financial Statements and Reporting.** Quarterly financial statements and strategic reporting and operations (i.e., Statement of Net Position, Statement of Activities, Consolidated Variance Report, notes) (October 2019);
8. **Measurement, Monitoring and Reporting Tools.** Creation of electronic repository for measurement, monitoring, reporting and analysis for short term (e.g., dashboards) and long term (e.g., projections, strategic plan) reporting and monitoring (December 2019);
9. **Communications and Branding Plan, Including Transparency Portal.** Creation and implementation of Communications and Branding Plan, including plan for the creation, population and maintenance of Transparency Portal (January 2020); and
10. **Projections.** Mid-Year update of projections (January 2020); Mid-Biennium update of projections (August 2020).

XIV. Recommended Actions

Administration recommends to the Resource Management Committee:

- A. The approval of the Total Operating Budget for the Fiscal Biennium Periods 2019-2020 (FY 20) and 2020-2021 (FY 21) as outlined in Attachment #1, noting the following post approval activities and results which matters will be brought to the Trustees for Trustees' action(s), within the projected time frame in parentheses (month, year):

VARIANCE ANALYSIS

Revenue

As of April 30, 2019, NLK shows a actual to budget deficit of \$12,262. This is primarily due to lower than budgeted rental income and operating expense recovery. This is offset by unbudgeted operating expense recovery – prior year, late charges and interest, water/sewer recovery and direct reimbursement. Also, there was higher than budgeted electricity recovery, parking income, legal fees recovery, and miscellaneous income.

Expenses

As of April 30, 2019, NLK shows a actual to budget deficit of \$35,589. Variance is primarily due to lower than budgeted R&M roofing, R&M fire & safety, R&M air conditioning, A/C contract, tree trimming, pest control, water/sewer, telephone/office, property supplies, insurance, advertising, signage, property management fee, administrative expenses, R&M owners expense, utilities – vacant, and utilities – gross leases. Also, there was no legal fee expense, R&M landscaping, landscaping – interior, and R&M parking lot. The sum of these are offset by higher than budgeted janitorial expenses, cleaning, R&M building/equipment, R&M painting, R&M electrical, landscaping exterior, R&M plumbing, elevator, refuse, security service, security/alarm service, electricity, overhead fee, holiday decorations, utilities – electric recoverable and commission expense. Also, there was unbudgeted utilities – water recoverable, direct expense – tenants, tenant improvements, bank charges and RPT.

SUMMARY OF SIGNIFICANT PROPERTY ACTIVITIES

A/C replacement in board room area and 117 to be completed in July. Fire system upgrade permit is pending.

Mechanical plans for grease trap (102 restaurant) have been submitted for permit; modified procurement is on-going.

Mass texting application for tenant emergency notifications to be launched in May.

1. Rae Leong 6/13/2019 (e-mail)	OHA's priorities should be benefits to their Hawaiian beneficiaries for housing health keiki & education.
2. Roxy Kaanaana 6/4/2019 (e-mail)	<p>My name is Roxy Kaanaana, i am Kanaka Maoli!</p> <p>There are a number of Native Hawaiians living on the streets on all the islands of Hawaii. Granted there are those who prefer to being homeless, then there are the few that need assistance and like many we are a pay check away from becoming homeless.</p> <p>The Office of Hawaiian Affairs was established to serve the Hawaiian community, questions I have are;</p> <ol style="list-style-type: none"> 1. Why is OHA selling off our lands? When it can be used for housing. 2. Why are the Hawaiians not given a monthly stipen like the Native Americans and Eskimos? <p>The children of Hawaiian ancestry are moving to the mainland, why? Because the cost of living here are to high that both parents have to work 2 or 3 jobs each just to make ends meet. There is no one home to provide structure, discipline and a loving home that most of the youth in Hawaii end up doing drugs or becoming felons. Is this what we want for the future of Hawaii?</p> <p>Hawaiians are a dying breed, yet OHA has billions of dollars just collecting interest, why not provide the Hawaiians with a helping hand? Doesn't matter if we have 100% Hawaiian blood or if we have 1% as long as we can prove our ancestry then we should be given a monthly stipen.</p> <p>There are a lot of issues that are out there but I hope that some of my input can be looked into because 2 cof my children already moved to the mainland.</p> <p>Mahalo for allowing me to voice my opinions.</p>
3. Germaine Meyers, May 29, 2019 RM Committee Meeting	<p>Aloha my name is Germaine Meyers. I'm an OHA beneficiary for Beneficiary Advocacy and Empowerment. I'm also a Nanakuli Hawaiian Homestead Lessee. Total [today] I provide you my data, views and arguments concerning the Biennium Budget. I thought I was going to be able to resolve them with OHA last night, unfortunately that wasn't so. Being that the Biennum Budget is very important to me, I would like the Trustees to consider some of the data, views and arguments I have concerning the Biennium Budget proposed by Administration.</p> <p>OHA's Non-Core Budget expenses are noted on the pie chart on page 15 as being \$23.6 million or 24% of OHA's total operating budget of \$98.1 Million.</p>

	<p>In regards to the Non-Core Budget expenses</p> <ol style="list-style-type: none"> 1) \$4.5 million is being budgeted for the Federal Program “Halawa Luku Interpretive Development”, with \$4.0 million for FY 20 and \$428,000 for FY21. <ol style="list-style-type: none"> a. That’s a huge difference in FY20 expenses vs FY21? 2) \$5.2 million for Kaka’ako Makai Commercial Properties and \$11.3 M for Na Lama Kukui Commercial Properties, for a total of \$16.5 million. However there are discrepancies and missing revenue from the funding section. <ol style="list-style-type: none"> a. There is a \$1 million discrepancy. On page 8, it’s noted that Kaka’ako revenues are \$2.98 Million, or 4% of the total funding of \$74.5 million. However on page 11, Kaka’ako Makai Revenues are noted in the narrative statements that “annually, these parcels are expected to generate more than \$4 million in revenue to OHA. b. Although \$11.3 million of operating expenses are noted for Na Lama Kukui Commercial Properties under the Non-core Expenses (on worksheets page 3), there are no indication on any of the funding sources of the total revenues generated by Na Lama Kukui that will be part of the funding for OHA’s operating budget. 3) Personnel Expenses have \$600,000 discrepancy. On page 18 personnel expenses are \$34.0 million. However on page 20 it’s \$33.4 million. 4) Services on Fee Basis Contracts have a \$200,000 discrepancy. A total of \$8.2 on the pie chart (page 23), but \$8.4 million on the worksheets (page 7). <ol style="list-style-type: none"> a. In addition, what accounts for high legal fees? b. \$8.4 million is 11% of the total core operating budget, were 26% is allocated for Grants, or (\$19.4 million). c. My concern are what policies do OHA have to determine when OHA will engage in a lawsuit, for example against Trustee Rowena Akana, or against Beneficiaries such as Kelii Makekau and Mililani Trask, or against Andrew Walden for OHA’s LLCs? I thought the LLCs were created to prevent OHA from losing money and the Trust assets?

I am old enough to recall among some of my kupuna such an awareness. Unfortunately,</p> <p>I fear that this vital guide is less known by several younger generations and I feel it must be restored.</p> <p>This all came to my attention when at 21 I ventured to California, stayed for a while, married and had three kids so I did stay for a long while. Before that I had only known Hawaiian - and local culture...I knew no ha'ole. After much cogitation about the vast differences between ha'ole culture and that of my Hawaii one,</p>

I understand there were more than 400 application and only 30-40 were selected. OHA should fund career programs like this to help Hawaiians have an opportunity to get better paying jobs. These programs should be given in the homestead or convenient locations not in downtown . Educational Programs will help Hawaiians get motivated to better themselves.</p> <p>There should be Education funding for all Hawaiian children. Kamehameha can only do so much funding; I think OHA could help close the gap.</p>

	<p>overlooked and underserved. We were recently houseless for 6 weeks and he knew there was no way he would get any help from OHA, so didn't even bother. He was turned down in 1995/96, another time we really needed help. I've never heard him say - "we're in trouble, I know I can count on OHA to help me." If a Kanaka asks for money, GIVE it to them. Do you know how hard it is to ask for help? It's HARD to ask for help and then to get denied is crushing! We know very few Kanaka that have directly benefitted from OHA money, your outreach needs to reach more people.</p> <p>The city of Stockton, California has a pilot program - Economic Security Project - where a number of residents will be given \$500 a month for 18 months. Here's the link - https://money.cnn.com/2018/07/09/technology/stockton-california-basic-income-experiment/index.html. Find a number, any number that will make a significant impact, and start there. Put rules in place of course - a Kanaka Maoli (no blood quantum only genealogy) must be 18 years old and earn less than \$60,000 a year for example (this number depends on family size and MUST fully realize the cost of living here), and MUST live in Hawai'i (this keeps the money in Hawai'i). What a huge impact you could have, that extra money could mean stable housing, eating healthy (less reliance on medical services), cover education costs, eliminate credit card debt, the ability to pursue passion employment - not a dead end job - the list goes on. No matter what OHA does as an organization you will never be successful until you pull the ones that need the most help up from the depths; we are experiencing a major crises here in Hawai'i.</p> <p>I'd also say either beef up your grant programs or direct the money elsewhere. I've applied for grants for our civic club through OHA. There are too many applicants for too small a pool of money to make a difference. As a neighbor island nonprofit it seems to us that O'ahu projects are given preference. One year we were told OHA receives very few applications from Kaua'i, please apply, and then we were turned down. Shocking.</p> <p>Another option that I've just discovered is called Living Benefits, a life insurance program that gives you access to benefits while you're living. It offers protection if you die too soon, become ill, or live too long. You can also borrow against it for emergencies. This is a way to level the playing field, and empower people to live well, and with peace of mind (never touch the principal, live off the interest). The highest contributing factor to bankruptcy in the nation is caused by a medical emergency. There's too much</p>

Re: *Beneficiary input on the OHA Biennium Budget proposed by the OHA Administration to the OHA Board of Trustees*

Aloha Chair and Members of the OHA Board of Trustees:

My name is Robin Puanani Danner, the elected chairman of the Sovereign Councils of the Hawaiian Homeland Assembly (SCHHA), the oldest and largest organization unifying Hawaiian Home Lands (HHL) community leaders and self-governing homestead associations throughout the state of Hawaii. The SCHHA protects and advances the interests of native Hawaiians eligible under the federal Hawaiian Homes Commission Act (HHCA) of 1921, whether on the land, or awaiting a land award.

On behalf of our SCHHA Vice Chair, Kammy Purdy from Molokai and our SCHHA Chair Emeritus, Kamaki Kanahale from Oahu, and our entire SCHHA Executive Council, we appreciate the opportunity to review, contemplate and submit recommendations on the OHA FY2018/FY2019 Biennium Budget. Our SCHHA Executive Council established a budget review team, consisting of all of our SCHHA executives, all of our SCHHA policy directors, as well as individual homestead leader members. We dedicated ourselves to thoroughly understanding the budget numbers and budget structure, as well as to improve our understanding of the administration structure, staffing levels and kuleana.

We congratulate OHA for the incredible fiscal team you have in place, that distributed excellent and comprehensive budget data to all OHA beneficiaries last week.

We also want to express that members of the OHA Executive team have been extraordinarily responsive to our budget review team in answering clarifying questions to ensure a complete understanding of budget line items by our team. Thank you sincerely, it made an already burdened workload much easier to be able to give our manao on our OHA budget.

The enclosed budget review document includes five (5) overall budget findings and fourteen (14) recommendations as follows:

- | | |
|---|-------------------|
| 1. OHA Staffing/Duplication/Beneficiary Land Trust Fund | 3 recommendations |
| 2. OHA Management Top Heavy | 1 recommendations |
| 3. OHA Centric versus Beneficiary Centric Spending | 3 recommendations |
| 4. Grants Program Adjustments | 5 recommendations |
| 5. Limited Liability Corporations | 2 recommendations |

You will find thoughtful manao from HHCA Beneficiaries that care about both our trust agencies, DHHL and OHA, and all our Native Hawaiian people, regardless of blood quantum. One of the recommendations, is to establish a Land Trust Fund to begin the acquisition of lands, and establishment of a land trust like Hawaiian Home Lands for all Native Hawaiians to achieve affordable housing opportunities, especially rentals.

We recommend that this fund begin with a modest reduction of 10% in staffing resources totaling \$1.5M under each year of your biennium budget, and for net revenues from the commercial property on Nimitz

to further build this Land Trust Fund to enable OHA to acquire relevant lands and/or multi-family residential properties that may become available across Hawaii in the years ahead. One of the greatest accomplishments OHA can achieve, is to acquire residential trust assets that enable our people to access affordable housing rentals, regardless of blood quantum. Hawaii is our homeland, let's begin with the FY2018/FY2019 Biennium Budget to build a future where our children are never threatened to be forced to leave.

We mahalo the invitation by OHA to all Beneficiaries to review the OHA budget and for creating an environment of welcomed input versus being treated as adversaries. For the 10 days that our budget review team worked together and with various members of the OHA Executive team, at no time did we feel unwelcomed to ask tough questions or to share our most frank manao.

Mahalo for your consideration of the work of HHCA beneficiaries to advance the interests of all Beneficiaries.

Sincerely,

Robin Puanani Danner
SCHHA Chairman

BENEFICIARIES FIRST – An alternative budget to the OHA Board of Trustees

Budget Review Project Background

The SCHHA Executive Council consists of elected and appointed beneficiaries of the Hawaiian Homes Commission Act, that either live on homestead lands, or are on the waitlist for a homestead land award. Moku represented are Kauai, Oahu, Maui, Molokai and Hawaii Island and includes 7 Policy Directors with policy expertise in the areas of Native Rights, Farming & Ranching, Affordable Housing, Telecommunications, Economic Development, DHHL Compliance to the HHCA and Political Action Committee functions. The current SCHHA Chairman is **Robin Puanani Danner** from Kauai, its Vice Chairman is **Kammy Purdy** from Molokai and its Chairman Emeritus, **Kamaki Kanahele** from Oahu.

For the first time in the SCHHA's 30-year history, its Executive Council established an OHA Budget Review team consisting of SCHHA members to work together to become competent in OHA's budget and organizational structure in meeting its mission of serving Native Hawaiian beneficiaries, including HHCA beneficiaries to provide comprehensive feed-back to the OHA Board of Trustees.

SCHHA Budget Review Team Findings

The budget review team finds that OHA has three (3) core functional responsibilities as follows:

- 1. Core Organizational Governance – 29 FTE**
 - a. Board of Trustees – 9 FTE
 - b. Staff Support to Board of Trustees – 20 FTE
 - c. Trustee Allowances for Relevant Expenditures and Funding Special Requests
- 2. Core Organizational Administration Systems – 61 FTE**
 - a. Executive Team – 7 FTE
 - b. Staff Support to Executive Team – 11 FTE
 - c. Organizational Financial Systems & Asset Management – 31 FTE
 - d. Land & Real-estate Asset Management – 12 FTE
- 3. Core Organizational Programs & Services to, for or on behalf of Beneficiaries – 77 FTE**
 - a. Community Engagement Program – 31 FTE
 - i. OHA Statewide Office System for Beneficiary Access
 - ii. Community Outreach to Beneficiaries
 - iii. Newspaper, Website & Other Informational Systems for Beneficiary Access
 - iv. Grant Resources & Legal/Social Services for Beneficiary Access
 - b. Advocacy – 28 FTE
 - i. State & Federal Policy Advocacy on behalf of Beneficiaries
 - ii. Compliance & Enforcement of Existing Laws impacting Beneficiaries
 - iii. Self-Governance & Registry Management on behalf of Beneficiaries
 - iv. Management of Papahānumokuākea on behalf of Beneficiaries
 - c. Research – 18 FTE
 - i. Research, tracking & publication of Data Statistics about Beneficiaries

The above staffing allocations total 167 FTE; however, it should be noted that OHA has a freeze on 9 of these positions, and the funding levels in the OHA funding proposal does not include dollars for these 9 positions.

SCHHA Budget Review Team Recommendations

The budget review team finds the following based on a review of how trust funds are currently budgeted and proposed by the OHA Administration:

- 1. OHA has an enormous staff FTE.** The sheer size of OHA is incredible for the basic functions it performs, many of which are duplicative to other long standing and effective Beneficiary organizations.

Essentially, out of the **\$37M** in annual operations, OHA spends only **\$8.5M** in nonprofit grants (\$6.7M for education, housing/health/income, culture/land/water, event and other program sponsorships and \$1.8M in legal/social service contracts) that directly touch Beneficiaries. The \$3M in OHA funds that flow to DHHL are not included in the \$8.5M because those funds subsidize DHHL, another state agency for its debt service and operations. None of the \$3M flows directly to HHCA beneficiaries.

Overall, including staffing costs, contract costs, program costs – OHA spends more Beneficiary trust funds on itself than on Beneficiaries.

In addition, fringe benefit rates are rising for every state agency, to support the State to meet its obligations to State employees from a 38% rate to 60%. This means that achieving goals with internal staff is becoming more and more expensive, and certainly can be achieved by improving collaboration with and avoiding duplication with Beneficiary nonprofits, where fringe rates are not at 60%.

SCHHA recommends the following:

- A. Conduct an Inventory of Statewide Serving Beneficiary Organizations** that have full time staff, to assess level of capacity, prior accomplishments and current menu of services being delivered to ascertain the duplicative functions at OHA.
- B. Reduce Staffing Levels** by 10% or 16 FTE Positions for the next 2 years. Set a goal of further reduction by additional FTE positions in the follow-on biennium based on the Inventory of Statewide Beneficiary Organizations.

Call on all Division Managers to improve OHA Collaboration with Beneficiary Organizations to improve productivity and maximize OHA resources in achieving the tenets of its strategic plan, particularly in the program areas of research, policy advocacy and community organizing and capacity building. Staffing costs and the 60% fringe rate can be reduced through improved collaboration.

- C. Create a Beneficiary Land Acquisition Fund**, wherein 100% of the cost savings from the 16 staff reductions totaling a modest \$1.5M annually be deposited into this new fund every single year, including follow-on biennium.

When opportunities arise, OHA should purchase farm lands, subdivisions or housing projects, to establish a land trust program like Hawaiian Home Lands for all Native

Hawaiians. In 1920, the Congress established a land trust and set the blood quantum at 50%. As the SCHHA, we call on OHA to help all our people, regardless of blood quantum, and begin the process of directing funds annually from staff reduction savings, to help all our Hawaiian people to access affordable housing in our homeland (ownership and rental).

2. **OHA is extremely top heavy.** Currently OHA has 1 manager for every 6 employees (21 managers over 130-line staff). If trustees, and executives are included, OHA has 1 manager for every 3.5 employees (21 managers + 9 trustees + 7 directors/CEO/COO over 130-line staff). Our kids have a 1 to 20 ratio of teacher to students in any typical classroom. Given the size of OHA, there should be far greater efficiencies in management to line staff ratios.

SCHHA recommends the following:

- A. **Minimize middle managers** within Divisions, by requiring highly compensated Directors to manage line staff within Divisions, especially when line staff number less than 10 in a program area, and improve collaboration with existing Beneficiary Organizations to achieve workload.

3. **OHA Centric versus Beneficiary Centric.** The incredible levels of funding in line items for OHA Programs, for OHA Travel, for OHA Service Contracts versus for direct Beneficiary impact are misdirected. Line after line, literally, OHA spends more Beneficiary trust funds on itself, than on Beneficiaries or Beneficiary Organizations delivering service on the ground, at nearly a 4:1 ratio (again \$37M total, with only \$8M in direct funding to Beneficiary service organizations).

SCHHA recommends the following:

- A. **Redirect a portion of travel costs** for OHA staff in specific divisions, to increase Program Sponsorships and other grant programs to fund Beneficiary Organizations to maintain capacity and expertise in subject matter areas that these organizations provide direct services in. Currently, the OHA travel line item totals **\$443K** for FY2018. We recommend **\$104K** be transferred to the Grants Program.
- B. **Redirect a portion of program costs** designated for OHA and non-OHA conferences and conference fees, to the Grants Program to fund proficient Beneficiary Organizations that have conducted statewide and national conferences for literally decades on every topic including business, Native rights, nonprofit capacity building, resource development, policy priorities, land trust uses, education and health among others.

OHA should not be coordinating conferences, but rather facilitating the work of Beneficiary Organizations that do. Nor should OHA staff be attending conferences to build their own capacity, but rather should be attending Beneficiary conferences to remain connected to the capacity and priorities of Beneficiaries. We recommend that **\$396K** of the line items on conferences totaling **\$416K** in the FY 2018 budget for example, be transferred to the grants budget for use by Beneficiary Organizations.

C. **Redirect a portion of the OHA contracts budget** to the grants section to fund grants or grant contracts to Beneficiary Organizations to deliver services to OHA and/or directly to Beneficiaries on the ground. We recommend for example in FY 2018, that of the **\$4M** dedicated to contracts by OHA staff, that **\$1.2M** be transferred to the Program sponsorship procure grants with Beneficiary Organizations that have incredible expertise.

4. **OHA Grant Program Adjustments.** The grants program is the primary vehicle for Beneficiaries to be directly impacted by their own Beneficiary trust funds. As such, the grant program should be managed in such a way that represents the vital needs of our people and continues to invest in the capacity of the many mature Beneficiary Controlled Nonprofits.

SCHHA recommends the following:

A. **Move the Social Service/Legal Service contract into Grants program**, to better reflect funds that have a direct impact on Beneficiaries, like other grant funding programs.

In terms of the scope of service of this annual contract, Beneficiaries have voiced that Handi-Van, Summer Youth Employment programs, and Kupuna Employment programs should be included.

B. **Adopt a Beneficiary Serving and Controlled Organization Criteria for Grant Scoring.** The knowledge of Beneficiary life ways and best practices are best found in Beneficiary controlled and serving organizations. As such, a policy should be adopted that requires grant criteria that honors and values Beneficiary Organizations on all awards under the grants budget, including scoring criteria that rewards organizations that dedicate 100% of their mission, resources, and expertise to Beneficiary communities. This will have an excellent side benefit, in that it will encourage non-Beneficiary focused organizations to seek out and partner with Beneficiary organizations.

C. **Redirect funds in the grants budget designated to DHHL**, to direct project development by Homestead Associations and Beneficiary Organizations on Hawaiian Home Lands in community facilities, rental housing, access to water resources, farming and ranching infrastructure and capacity that serves all Beneficiaries. Today, Homestead Associations are highly capable, having built multi-family rental projects, community centers, marketplaces, certified kitchens and other economic development facilities and projects.

The designation of **\$3M** between state agencies currently in the budget, was never the subject of consultation with HHCA beneficiaries, nor based on the needs of HHCA beneficiaries, nor the capacity of DHHL to perform adequately. To date, DHHL has failed to fulfill the commitment made to OHA to fund 20 regional grants with these funds, and has failed to report to anyone, how this \$3M annual cost is benefitting HHCA beneficiaries.

D. **Improved Transparency.** We recommend the transfer of the Executive Sponsorship funds in the budget to the Program Sponsorship line item to further strengthen

transparency and dissuade any special treatment of funds awarded outside the guidelines of grant making. For example, the CEO awarded \$25,000 to a mainland Asian American organization, that has a record of failing to serve Native Hawaiians or to collaborate with Native Hawaiians.

Moreover, we recommend that OHA publish quarterly reports for any grants awarded during the quarter for event sponsorships, program sponsorships or leveraged projects.

- E. Establish a firm policy that any allocation of Kakaako funds,** must be directed to the Grants program and not for other operating costs of the agency. This simple commitment, signals quite clearly, that the Kakaako investment has a direct impact to Beneficiary lives. We do not want OHA to follow the misguided management of HHCA trust funds, where DHHL keeps our people on the waitlist, under the guise of leasing our lands for revenue generation, wherein all the revenue funds DHHL staff and operations instead of directly impacting HHCA Beneficiary lives.

- 5. LLCs Properly & Improperly Used by OHA.** LLCs have been established by OHA to hold certain trust assets, and in at least one case, to simply operate a program outside the parameters of OHA as an agency. There are many good reasons that entities utilize an LLC vehicle in general corporate affairs, namely to create a corporate veil against potential liability. However, The OHA LLCs have been established in an undisciplined way, with some maximizing this powerful mitigation of liability approach, and some for no apparent mitigation purpose.

SCHHA recommends the following:

- A. Complete a review** to assess all LLCs and maintain any LLC that hold real property assets that may pose liability from accidents or unforeseen circumstances. Eliminate any LLCs that are solely program, consulting or service based and move these functions into the agency.
- B. Establish an LLC to hold the commercial property owned by our trust,** to mitigate the same or similar liability issues as other land based LLCs. We recommend that 100% of annual net income from this LLC be deposited to the Trust Corpus and to the recommended Beneficiary Land Trust discussed in item 1.C above to provide housing to all Native Hawaiians.

Summary

The SCHHA has convened our leaders and members to spend dedicated volunteer hours to review, contemplate and identify our best manao on how Beneficiary funds should be spent in FY2018 and FY2019. We have matched the level of funding proposed by the OHA administration at **\$37.5M**, by making only one major reduction totaling **\$1.5M** annually in staffing levels and redirecting that cost savings to a land acquisition fund to establish a Beneficiary Land Trust for all Native Hawaiians regardless of Blood Quantum.

All other line item reductions that are highly “OHA Centric” totaling **\$1.7M** in travel, program costs, and contract costs, we have redirected to “Beneficiary Centric” spending under the Grants Program. We have redirected the **\$1.8M** in legal and social service contracts currently located within the contracts section of the budget to the Grants Program budget section to be better reflective of direct Beneficiary

impact services. And finally, we have repurposed **\$3M** in trust funds currently being issued to DHHL in the Grants Program to direct development by homestead associations that serve all Native Hawaiians in rental housing, agricultural parks, and economic development projects on our trust lands.

In summary, this budget review identifies **5 overall budget findings** and **14 specific recommended actions** as follows:

- | | |
|--|-------------------|
| 1. OHA Staffing/Duplication Services/Beneficiary Land Trust Fund | 3 recommendations |
| 2. OHA Management Top Heavy | 1 recommendations |
| 3. OHA Centric versus Beneficiary Centric Spending – | 3 recommendations |
| 4. Grants Program Adjustments – | 5 recommendations |
| 5. Limited Liability Corporations – | 2 recommendations |

The result of this budget review project, if considered by the OHA Board of Trustees, will give greater balance to how Beneficiary trust funds are spent, moving from the OHA proposal of **\$37M to issue \$8M** in direct impact funding grants, to the SCHHA proposal of **\$35M to issue \$13M** in direct impact funding grants to Beneficiaries, and **\$1.5M** dedicated to a Beneficiary Land Trust to begin building a land based trust to serve the residential needs of all of our Native Hawaiian people.

Said another way, the OHA proposal directs **\$15M** in OHA staffing costs to issue **\$8M** in direct impact funding grants to Beneficiaries versus the SCHHA proposal of **\$13M** in staffing costs to issue **\$13M** in direct impact funding grants to Beneficiaries – a far more balanced approach that puts Beneficiaries First.

Mahalo for the opportunity to engage, and give meaningful input.

OHA Advocacy Division Sheet - 29 FTE

The Advocacy Division is one of several Divisions in the OHA Administration. Overall, Advocacy exists to fulfill OHA's statutory kuleana to advocate on behalf of our beneficiaries, and to assess policies and practices as they impact our beneficiaries. Each of our programs is tied to one element of that mission.

Division Executive Team – 3 FTE

Executive
Advocacy Counsel

Public Policy focuses on shaping laws, regulations, rules, guidelines, and in some cases court decisions, as they are still being considered. They're best known for their work during the state legislative session, but they also do a fair amount of analysis and commentary on executive actions. To a limited extent, they work on certain federal policy when there's a strong state-level implementation or nexus. (Think HHCA or ESSA.)

Compliance Enforcement focuses primarily on the implementation of existing state and federal law as it affects Native Hawaiians. Since OHA is named in NAGPRA and NHPA and we are regularly consulted on other matters concerning cultural resources and natural resources, CE's expertise is primarily in those areas. They handle virtually all of OHA's consultation requests, including Section 106, Chapter 343, etc.

Compliance Enforcement – 6 FTE

Compliance Enforcement Manager
Administrative Assistant
Compliance Enforcement Archeologist

Governance exists to coordinate OHA's work as it relates to Native Hawaiian self-determination. For the past several years, this meant serving as the liaison to Na'i Aupuni and spearheading OHA's advocacy in support of the rulemaking to reestablish the government-to-government relationship with the United States. More recently, it has shifted to public education on self-determination issues and indigenous rights and expanding OHA's analysis in the international arena. Governance also oversees OHA's Hawaiian Registry Program, which is also a statutorily mandated program.

Governance – 4 FTE

Governance Manager
Governance Specialist
Hawaiian Registry Specialist
Genealogy Resource Specialist

Washington DC Bureau is our eyes and ears at the federal capitol. They monitor pending federal legislation and executive actions, do a lot of coordinating with stateside parts of OHA on various state/federal issues, and lead our efforts to maintain a pipeline for Native Hawaiians to experience DC and consider federal public service.

Washington DC Bureau – 3 FTE

Washington DC Bureau Chief
