

Purpose

The Island Community Report provides an annual summary of the latest information on Native Hawaiian communities on O'ahu including community issues which the Office of Hawaiian Affairs (OHA) is actively monitoring, available Native Hawaiian data, and OHA's grants and loans. Topics are organized by our Strategic Directions of Educational Pathways, Health Outcomes, Quality Housing, and Economic Stability.

Island Community Reports are produced by Administration to inform the OHA Board of Trustees prior to trustee meetings held on each island. Following each Island Community Meeting, this report is posted to the OHA website for public review.

O'ahu At-A-Glance

Note. Honolulu County contains the island of O'ahu.

Population

 Honolulu County had a Native Hawaiian population of 196,071, representing 19% of the county's total population of 1,015,167 and 63% of the state's total Native Hawaiian population of 310,789 (2017-2021).¹

Governance

Note. For the complete Governance listings, including Senate; House of Representatives; County Level Governance Boards, Commissions, Committees, and Agencies; and Networks, refer to Appendix A.

Office of the Mayor of Honolulu County²

- Rick Blangiardi, Mayor
- Michael D. Fromby, Managing Director
- Krishna F. Jayaram, Deputy Managing Director

Honolulu County Council Chair³

- District 4 Hawai'i Kai, Kuli'ou'ou, Niu Valley, 'Āina Haina, Wailupe, Wai'alae Iki, Kalani Valley, Kāhala, Wilhelmina Rise, Kaimukī, Kapahulu, Diamond Head, and Waikīkī.
 - Councilmember Tommy Waters; Council Chair

O'ahu Burial Council4

- 'Ewa Mana Caceres
- Koʻolauloa Benjamin Shafer
- Koʻolaupoko Brickwood Galuteria
- Wai'anae Lynette Cruz, Ph.D.
- Kona Nanea Lo
- Waialua Dianne Fitzsimmons
- Landowner/Developer Chuck Ehrhorn
- Landowner/Developer W. Kamana'o Mills
- Landowner/Developer VACANT

EDUCATIONAL PATHWAYS

STRATEGY 1: Support development and use of educational resources for all Hawaiian lifelong

learners in schools, communities and 'ohana.

STRATEGY 2: Support education through Hawaiian language medium and focused Charter Schools.

Current Issues/OHA Activities

There are no current issues related to Educational Pathways at this time.

Current Conditions

Strategic Outcome 1.1

Increased number and percent of Native Hawaiian students who enter educational systems ready to learn

Table 1. Early Learning Programs on O'ahu (2023)

| Туре | Number of Locations |
|--|---------------------|
| DOE Public Pre-kindergarten ⁵ | 23 |
| Head Start / Early Head Start ⁶ | 6 |
| 'Aha Pūnana Leo/'Ōlelo ⁷ | 5 |
| Home Visiting ⁸ | 1 |
| Private/Nonprofit Preschools and Programs ⁹ | 42 |

Note. For more Early Learning information, refer to Appendix B

 Among all Native Hawaiian children ages 0 to 4 living on O'ahu (18,916), 27% (5,089) are enrolled in preschool, compared to 27% of Native Hawaiian children statewide (8,187 of 30,170) (2021).

Table 2. O'ahu Public and Charter Schools (SY22-23)

| Elementary | Intermediate/Middle | High School | Multi-Level Schools | Total Public Schools |
|------------|---------------------|-------------|---------------------|----------------------|
| 122 | 27 | 20 | 16 | 185 |

Note. For complete Enrollment Counts by School Type, refer to Appendix C

 19% (21,775) of the public and charter school students enrolled on O'ahu (112,838) are Native Hawaiian (SY22-23).¹¹

Strategic Outcome 1.2

Increased number or percent of Native Hawaiian students graduating high school who are college, career, and community ready

- 21% (1,586) of the 7,555 O'ahu public high school graduates were Native Hawaiian (SY21-22)¹²
- 36% (582) of all O'ahu Native Hawaiian public high school graduates (1,595) enrolled in colleges nationwide, compared to 56% (3,350) non-Hawaiian graduates (5,938) (SY21-22).¹³

Table 3. O'ahu Public High School Graduates Enrolled in College Nationwide (SY21-22)¹⁴

| | | Native Hawaiian Graduates | | Percent of Enrolled i Nation | n College |

⁺ In addition to any reporting gaps on the institutional level, data requested from DXP is suppressed if the number for a specific variable and year is less than 5.

Strategic Outcome 1.3

Increased number of Native Hawaiians engaged in traditional learning systems that re-establish/maintain strong cultural foundations/identity

Table 4. Traditional Learning Systems (2023)¹⁵

| | Honolulu County | | State | |
|---|-----------------|----------|----------|----------|
| | Native | Non- | Native | Non- |
| Percentage of respondents who | Hawaiian | Hawaiian | Hawaiian | Hawaiian |
| reported participating in traditional learning systems (for example: hālau hula, hālau wa'a, lā'au lapa'au) daily, weekly, or monthly in the last 12 months | 43% | 13% | 43% | 22% |
| reported they are currently learning 'Ōlelo Hawai'i | 17% | 8% | 16% | 13% |
| reported they are interested in learning 'Ōlelo Hawai'i but cannot access learning resources due to cost, time, or other constraints | 26% | 23% | 31% | 24% |

Strategic Outcome 2.1

Adequately resourced Hawaiian Focused Charter Schools and Hawaiian-medium schools, including funding of transportation, special education, facilities and meals, and availability of qualified teachers

Of the 17 Hawaiian Focused Charter Schools (HFCS) and 28 Hawaiian-medium schools (of which six are also listed as HFCS) located throughout the state, O'ahu currently has six HFCS and nine Hawaiian-medium programs. ¹⁶ Since 2006, OHA has provided HFCS over \$25 million dollars through its Grants Program. More research is needed to establish each school's baseline definition of "adequately resourced" and status.

Strategic Outcome 2.2

Increased availability of Hawaiian Focused Charter Schools and Hawaiian-medium schools

Hawaiian Focused Charter Schools, Programs, and Hawaiian-medium Schools on O'ahu (SY22-23)

- Hawaiian Focused Charter Schools¹⁷
 - Hakipu'u Learning Center
 - o Hālau Kū Māna
 - o Ka Waihona o ka Na'auao
 - Kamaile Academy
 - o Ke Kula 'o Samuel M. Kamakau
 - Mālama Hōnua

- Kaiapuni Programs¹⁸
 - Ānuenue
 - Blanche Pope Elementary
 - Castle High
 - Hau'ula Elementary
 - o Kahuku High & Intermediate
 - o Kailua High
 - Nānākuli Elementary
 - Pū'ōhala Elementary
 - Waiau Elementary

Strategic Outcome 2.3

Establishment of a Native Hawaiian Charter School and Hawaiian-medium system

The Office of Hawaiian Education was established in 2015 to administer and implement policies related to the HIDOE Hawaiian Studies Program (Kupuna Program) and Hawaiian Language Immersion Program (Kula Kaiapuni). There are currently no Native Hawaiian Charter School or Hawaiian-medium school systems.

OHA Funding Activities

Native Hawaiian Revolving Loan Fund (NHRLF) Mālama Education Loan Activity on O'ahu

- Open Education Loans as of 6/30/23: Ten loans, total disbursed \$119,427
- There were no new Education Loans in FY23, 7/1/22 to 06/30/23

Table 5. Educational Pathways Granting Activity on O'ahu

| Grant Type | | 5 | Amount | Community |
|--|--|---|-------------|--|
| (Budget Year) | Grantee | Project Name | Awarded | Served |
| Hawaiian-Focused Public Charter School Fund Administration (FB20-21) | Kanu o ka 'Aina Learning 'Ohana | Charter School Fund Administration | \$5,914,893 | Statewide |
| 'Ahahui Grant Program (FY21) | Aloha Week Hawaiʻi DBA Aloha Festivals | Aloha Festival's 75th Anniversary | \$10,000 | Oʻahu |
| Homestead Community Grant (FY21) | Papakōlea Community Development Corporation ¹⁹ | Papakōlea Community Playground Project | \$75,000 | Oʻahu |
| Iwi Kupuna Repatriation & Reinterment (FY21) | The Hawaiian Church of Hawaiʻi Nei | E Hoʻomau O Nā Mālama I Nā Iwi Kupuna | \$50,000 | Hawaiʻi; Maui; Lānaʻi; Oʻahu; Kauaʻi |
| Kūlia (FY21) | Kulaniākea | Hi'ilei | \$100,000 | Oʻahu |
| Native Hawaiian Teacher Education & Professional Development (FY21) | Institute for Native Pacific Education and Culture (INPEACE) | Ka Lama - Teacher Education Academy | \$175,000 | Oʻahu |
| 'Ahahui Grant (FB22-23) | Adult Friends for Youth | PEARL Convention (Promoting Peace, Empathy, Acceptance, Respect, and Love) | \$5,050 | Kauaʻi; Oʻahu |
| Community Grant - Economic Stability (FB22-23) | Purple Mai'a Foundation | Mālama Design Studio | \$498,660 | Hawaiʻi; Kauaʻi; Lānaʻi; Maui; Molokaʻi; Oʻahu |
| Community Grant – | Educational Services Hawaii Foundation | 'Imi 'Ike Learning Centers | \$180,000 | Hawaiʻi; Kauaʻi; Maui; Molokaʻi; Oʻahu |
| Education (FB22-23) | Purple Mai'a Foundation | Waiw.AI: Building a Flourishing Future for Kanaka with AI | \$200,000 | Hawaiʻi; Lānaʻi; Oʻahu |
| Hawaiian-Focused Public Charter Schools (FB22-23) | Kanu o ka 'Āina Learning 'Ohana | KALO: Hawaiian-Focused Public Charter School Fund Administration - Phase II | \$2,850,000 | Statewide |
| 'Ahahui Grant (FY23) | Native Hawaiian Hospitality Association ²⁰ | Hōʻihi | \$10,000 | Oʻahu |

Note. The Grants Program continues close out FB20-21 grant activities, including reviewing final quarterly and annual reports, billings, and payments.

HEALTH OUTCOMES

STRATEGY 3: Advance policies, programs, and practices that strengthen Hawaiian wellbeing,

including physical, spiritual, mental and emotional health.

STRATEGY 4: Advance policies, programs and practices that strengthen the health of the 'aina

and mo'omeheu.

Current Issues/OHA Activities

1. Ala Wai Canal Pedestrian Bridge Project

Issue Summary: The City & County of Honolulu is proposing to construct a 20 ft wide pedestrian cable-stayed bridge with a main 180 ft concrete tower to connect the Ala Wai Park to the Waikīkī area. Pedestrian and bicycle connections will occur via University Avenue and through Ala Wai Park. Location of the bridge will necessitate relocating the historic Malia canoe (registered on the National Register of Historic Places), currently utilized by the Waikīkī Surf Club for cultural purposes.

Context: A Draft Environmental Assessment (DEA) for the project was released in March 2021. National Historic Preservation Act Section 106 consultations were initiated in 2021 and continuing into 2022. The Federal Highways Administration (FHWA), providing some funding for the project, has issued a preliminary determination that there will be no adverse effect to the Malia canoe despite the need to relocate it. This has upset the Waikīkī Surf Club which regularly uses the canoe for traditional cultural purposes.

Historically, the idea of a pedestrian bridge in this area has not been popular with the residents of the community as there is fear that it will increase traffic, disrupt parking, and invite criminal activity from Waikīkī. The county has tried several times to secure funding for the project but faced community opposition with each attempt.

Community Positions & Related Activities: The

Waikīkī Surf Club contacted OHA directly regarding the project in early 2021. They were concerned about possible impacts to the Malia canoe and related parking concerns that could affect cultural access. The project went "quiet" for a while, but recently received a boost of \$25 million from a federal RAISE grant for the project in July 2023. There is still a lot of push back about the design and need for the project from nearby residents and the community. The project received overwhelming negative comments at the Sept. 8, 2023 community meeting at Ala Wai Elementary School. Many residents thought it was a waste of money, and that the design was too big. Others were concerned about parking, access to the park, and possible increase in criminal activity.

OHA Position: OHA issued a letter in response to the DEA citing concerns about parking affecting cultural access, impacts to the restroom (which is also used by the Waikiki Surf Club), and impacts to the Malia canoe. A revised DEA has yet to be issued and no formal response has been provided to OHA regarding our DEA comments. OHA Compliance has been participating in the NHPA Section 106 consultations and has consistently advocated against FHWA's no adverse effect determination. There is a clear impact to the Malia canoe that would require it to move if the bridge is installed. The State Historic Preservation Division also does not agree with the FHWA determination. Additional NHPA meetings have yet to be scheduled to address the outstanding concerns.

2. Army Training Land Retention at Three O'ahu Locations

Issue Summary: Currently, the Army is launching studies for a Draft Environmental Impact Statement (DEIS) to retain state lands that are leased for training purposes in three areas: Kawailoa-Poamoho Training Area, Kahuku Training Area, and Makua Military Reservation. Given that the current 65-year lease (originally acquired in August 1964) is set to expire in 2029, a new 65-year lease is being sought from the State of Hawai'i Board of Land and Natural Resources for a total of 6,300 acres of state-owned lands.

Context: The EIS Preparation Notice (EISPN) was issued on July 31, 2021. The notice mentions that the DEIS will also analyze live-fire training at Makua Military Reservation at a "programmatic level." While OHA did not receive notice of the EISPN, OHA was contacted to participate in the Cultural Impact Assessment (CIA) interview process in June 2022 being prepared as part of the greater DEIS effort.

Community Positions & Related Activities:

Historically, there has been consistent concern regarding military use of public trust lands and the inability to restore these lands. Several areas of Makua have become practically

3. <u>Unfilled Interstate H-3 NHPA Mitigations</u>

Issue Summary: In 1987, the Federal Highways Administration (FHWA) entered into a memorandum of agreement (MOA) with the Advisory Council on Historic Preservation (ACHP) and the State Historic Preservation Division (SHPD) to fulfill National Historic Preservation Act (NHPA) Section 106 obligations for Interstate H-3 construction. OHA and the Hawai'i Department of Transportation (HDOT) signed on as concurring parties. To this day, several actions remain outstanding: no accountability for 14 preservation sites in the Luluku area; missing data recovery reports

for two (2) sites in Luluku; and no final disposition

inaccessible due to the presence of unexploded ordinances (UXOs) strewn across the land. Given that the Army will also be seeking lease renewal for Pohakuloa Training Area (PTA) on Hawai'i Island, it is expected that greater awareness and opposition will arise for all Army lease renewals.

OHA Position: OHA issued a formal letter in response to the CIA interview request declining to participate as we do not want to endorse support for the release of the DEIS at this time. This is a similar stance taken with PTA. As it is unclear if the state has been properly monitoring these lands, OHA has argued that a new lease should not be contemplated. While the state was not taken to court over the O'ahu training lands, the Ching v. Case ruling regarding PTA management makes clear that the state has a responsibility to periodically monitor these lease lands as a state trust responsibility. It would appear to OHA Compliance and Public Policy that a similar argument can now be made for any state lands leased by the military. The proposed letter declining the CIA interview on the same grounds also includes OHA's PTA EISN response letter as reference. As of September 2023, OHA has not received a response to our letter nor have we heard anything about progress of the DEIS.

of artifacts collected during archaeological work.

Context: OHA is a party to a Cooperative Agreement with the HDOT that created the Halawa Luluku Interpretive Development (HLID) Project to mitigate some of the impacts to cultural sites from H-3 through interpretive development. This effort resulted in the creation of an Interpretive Development Plan (IDP) and stewardship management plans (SMPs) for Halawa and Luluku areas. The IDP was also a stipulation of the 1987 MOA. While OHA's HLID project was focused on select sites in Halawa and Luluku, it is believed that HDOT and FHWA overlooked other responsibilities tied to the MOA. This did not come to light until

2014, as HLID was beginning to initiate procurement for steward support structures in Halawa and Luluku.

Community Positions & Related Activities: The Ko'olau Foundation has historically been dissatisfied with H-3 mitigations for the Haiku Valley area as the area was effectively removed from the HLID project. FHWA's claims the area is mostly inaccessible as most of the land is now owned by DHHL. However, the IDP prepared by HLID did call for preservation of two heiau within the valley: Kahekili Heiau and Kane a me Kanaloa Heiau. Implementation of preservation for these heiau proved to be difficult as the archaeology reports paid for by HDOT did not include location data or photos for the heiau. While HLID and the Ko'olau Foundation requested additional archaeological work to correct this problem, FHWA declined. OHA Compliance thus worked with the Ko'olau Foundation to generate an ethno-historic report to ascertain information about the location of these heiau.

OHA Position: OHA has consistently advocated for accountability of these outstanding actions since 2015. MOA meetings did run again from 2015 to 2017. However, HDOT discontinued

4. Makakilo Quarry Expanded Operations

Issue Summary: Grace Pacific is seeking to amend an existing 2007 Special Use Permit (SUP) to expand operations at the Makakilo Quarry, at 91-920 Farrington Highway.

Specifically, the amendment seeks to 1) extend the life of resource extraction and processing operations by 15 years to 2047; 2) reshape the area approved for resource extraction; 3) expand operating hours of certain activities in the quarry to 24-hours a day; and 4) allow operation of ready-mix concrete plant in the quarry pit. The SUP application was prepared by Cades & Schutte LLP on behalf of Grace Pacific LLC.

them without informing OHA. OHA subsequently wrote letters in 2018 and 2019 requesting that the MOA meetings reconvene. No response was received. It was only recently that HDOT and FHWA's responded when the Ko'olau Foundation also wrote to FHWA requesting reopening of the MOA discussions. The Hawai'i Congressional Delegation was copied on their letter. OHA subsequently piggybacked on this effort and coordinated formal responses (with the Ko'olau Foundation) to also request that the MOA be re-opened. Fortunately, FHWA agreed to reopen discussions, with the first meeting occurring in January of 2022. Meetings are still ongoing, with very slow progress towards completion. OHA Compliance staff has consistently been attending these meetings and interfacing with the Ko'olau Foundation. OHA Compliance issued a formal letter requesting additional consultation and reconsideration of determinations for the Haiku area in February of 2022. More recently, OHA Compliance issued a request for assistance from the Hawai'i Congressional Delegation as it seemed no real progress was being made on outstanding compliance commitments. At the urging of the Ko'olau Foundation, OHA recommended that at least \$20 million in federal funds be allocated to FHWA to complete these commitments.

Context: The Makakilo Quarry has been in operation since 1973 and initially operated under SUP No. 72/SUP-1. A new SUP was sought in 2007 (No. 2007/SUP-6) to expand operation life and the excavation area further up the slopes of Pu'u Makakilo. As part of the approval for the SUP in 2007, the Land Use Commission (LUC) imposed 14 conditions on the applicant, which notably included closure of Parcel 4 by 2012, limitations on operating hours (from 6a.m. to 6p.m.), landscaping open space, and requirements for development of a beneficial reuse plan.

Community Positions & Related Activities:

Historically, the neighboring residents have been quite critical of the project and presented numerous concerns (i.e., noise, dust, general health, property values, view-planes, runoff) when the 2007 SUP was sought. Since this time, it appears many of these concerns may have been addressed as the applicant has been able to meet the LUC's 2007 SUP conditions. Notably, feedback at the August 2022 Neighborhood Board meeting for the current SUP amendment was reportedly positive.

OHA Position: OHA Compliance issued a comment letter on the SUP amendment questioning whether a Supplemental EIS needed to be done as the project was relying on an EIS from 1972. The draft 1972 EIS was to cover a 260-acre area for a 20-year period, with work operations commencing 10 hours a day for 6.5 days of the week. The EIS went on to state that "after 20 years, the quarry will have ceased all operations and removed all installations." In the spirit of HRS 343, the 1973 SUP conditions further called for the regular

5. Red Hill Defueling Operations

Issue Summary: A Draft Environmental Assessment (DEA) was put out for public comment on June 2023 by the Joint Task Force-Red Hill (RHBFSF) and Defense Logistics Agency (DLA) for the defueling of the Red Hill Bulk Fuel Storage Facility. The DEA was prepared in accordance with the National Environmental Protection Act (NEPA), Executive Order 12114, and Council on Environmental Quality and Department of Navy regulations. Defueling is needed to protect human health and safety, and local water supplies from further contamination. This is the first step in the greater process of full closure and remediation of RHBFSF.

The proposed action is the gravity-based defueling of RHBFSF through the utilization of existing infrastructure. There is no new

submission of reports regarding any citizen complaints, fugitive dust, and replanting activities every six months to ensure the public's welfare was adequately protected and surrounding properties weren't being adversely affected. OHA Compliance has requested copies of these sixmonth reports, but DPP has indicated that they can't find them. Given the specific operational period, OHA assumed that at some point an extension would have perhaps been sought or a reevaluation of environmental components done prior to the expiration of the original 20-year timeframe in the Draft EIS. However, OHA Compliance did not see any request for extension other than what was put forth in 2007. From follow up discussions with DPP staff, DPP shared that they are unsure whether HRS 343 is still applicable as the only trigger was use of state lands via a tunnel that runs under the Interstate H-1. As pointed out by OHA Compliance, HRS 343 was assumed since the applicant was seeking an exemption. DPP also questioned this and has asked for more information from the applicant regarding their operations and use of the state lands that the tunnel is on.

construction proposed as part of the action. Three alternatives are currently being evaluated as part of the DEA. Alternative 1, or the "no action alternative", would distribute fuel to JBPHH at regular demand over a period of 10 to 14 months. Alternative 2 would transfer fuel aboard up to 11 marine tankers over a period of two to four months. Based on priority demand, the fuel would then be transported to one of nine possible locations: Campbell Industrial Park on O'ahu; Point Loma or Selby, California; Vancouver or Manchester, Washington; Sasebo, Japan; Subic Bay, Philippines; Port of Singapore; or, Darwin, Australia. Alternative 3 would also involve the marine transport of fuel but will allow for the commercial sale of up to 106 million gallons of fuel first prior to the dispersal to any of the relocation facilities listed in Alternative 2. Currently, it is

anticipated that there will be no significant environmental impacts from the proposed action.

Context: RHBFSF currently hosts a total of 20 vertical underground fuel storage tanks containing approximately 12.5 million gallons of fuel. In operation since 1943 under the Department of the Navy, the DEA documents at least two mass fuel leaks that occurred in January 2014 and May 2021. The latter release resulted in the contamination of the Red Hill drinking water well that serviced 93,000 Navy water system users. The Honolulu Board of Water Supply (BWS) further stopped pumping water from the Hālawa Shaft, Hālawa Well, and Aiea Well. On March 7, 2022, the Secretary of Defense directed the Department of Defense (DoD) to defuel and permanently close the RHBFSF. The DoD subsequently formed the JTF-RH on September 30, 2022, to ensure the safe and expeditious defueling of Red Hill. The defueling is also necessary to comply with the State of Hawai'i Department of Health (DOH) 2021 and 2022 Emergency Orders, and the Environmental Protection Agency (EPA) 2023 Consent Order.

Community Positions & Related Activities: Historically, residents, beneficiaries, environmental groups (i.e., Sierra Club) and local agencies (BWS, DOH) have been critical of

6. Closing Of Waimanalo Gulch Landfill

Issue Summary: Board of Water Supply said six potential locations identified to replace Waimanalo Gulch in Nanakuli were too close to Oahu's aguifer. To complete the selection of an alternative to the Waimanalo Gulch landfill site, an extension is needed. The Department of Planning and Permitting claims that new legal restrictions placed on landfill sites by Act 73 (Session Laws of Hawai'i 2020) has limited the selection of alternative landfill sites making the selection of a relocation site more difficult and the need to extend the special use permit until

the underground storage tanks as many leaks have occurred over the years. The most recent leaked sparked National outrage and harmed military families as fuel leaked into drinking water resources. Subsequently, the Navy is being sued by these families and other effected residents. There is a desire to have the fuel removed as quickly (and safely) as possible as well as general support for the proposed defueling action covered in the DEA.

OHA Position: OHA Compliance issued a letter in response to the DEA making the following suggestions: 1) allowing for minimum 30-day public comment periods given the length of these documents, technical details, and the heightened level of public interest; 2) maintaining consultation with National Historic Preservation Act Programmatic Agreement signatories when exemptions are proposed; 3) allowing access to third-party quality validator reports for Red Hill repairs; and 4) continued collaboration with the BWS on any actions taken by the Navy. OHA further expressed reservations with utilization of Alternative 3 as there is a greater level of environmental oversight for defueling locations disclosed in Alternative 2. Alternative 3, which would allow private purchase of the fuel, does not provide environmental oversight for wherever the fuel may be taken. Despite this reservation on Alternative 3, the Navy elected to go with Alternative 3 as the preferred alternative.

a site is determined. Ultimately, the Land Use Commission has ordered closure of the landfill by March 2028.

Context: The City & County of Honolulu Planning Commission held a Public Hearing on June 28, 2023, requesting to modify the date in condition for the special use permit to extend from Dec. 31, 2023 to Dec. 31, 2024 for the Waimanalo Gulch Sanitary Landfill.

Community Positions/Related Activities:

Honolulu Mayor Rick Blangiardi has stated that the city is in early talks with Commander of the U.S. Indo-Pacific Command Admiral John Aquilino about the future of Oahu's waste management. "We've asked them to help us solve a problem," said Blangiardi. One idea is to move the landfill to military property that the city would take over. Blangiardi says there are multiple military sites under discussion and the choice would need Department of Defense approval, but he's repeatedly promised it won't be on the west side. Council members representing the community have been in support of the discussions if the site gets shut down within the current timeline. "I think talking to anybody is better than asking for another extension, so I don't support any more

extensions of this," said Councilmember Andria Tupola. "That is exactly the route we need to go," added state Rep. Darius Kila. "If the military wants to continue to be here in Hawaii, I need them to step up to be partners."

OHA Positions & Related Activities: OHA's Public Policy and Compliance Staff drafted testimony in response to the planning commission's proposal focusing on ensuring that any future planning considerations include the burden on Native Hawaiian communities along with environmental concerns. OHA's Public Policy staff will continue to provide coordinated advocacy with Compliance Staff to assist in finding better solutions to waste management on O'ahu and especially ensure that any solution does not over burden communities with high Native Hawaiian populations.

Current Conditions

COVID Cases in O'ahu (as of 09/22/2023)²¹

- Test positivity seven-day moving average: 13.6%
- Cases per 100,000 people: 93
- Change in cases week over week: 805

Native Hawaiian Wellbeing Indicators Overall, Health Status (2021)²³

52% of Native Hawaiian residents in O'ahu report very good (30%) to excellent (22%) general health compared to 57% of all O'ahu residents who report very good to excellent general health.

Vaccination Data (as of 09/22/2023)²²

- 21% of the vaccinated population are Native Hawaiian/Pacific Islander (NHPI).
- 87% of vaccinated NHPIs are Native Hawaiian.

Mental Health (2021)²⁴

11% of Native Hawaiians on O'ahu report ever being told they have a depressive disorder compared to 11% of all O'ahu residents.

Strategic Outcome 3.1

Increased availability and access to quality, culturally based, and culturally adapted prevention and treatment interventions in 'ohana, schools, and communities

Health Care Provider Rates

- Honolulu County had 99 primary care providers per 100,000 people compared to 93 per 100,000 people in the State of Hawai'i (2020).²⁵
- Honolulu County had 290 mental health providers per 100,000 people compared to 284 per 100,000 people in the State of Hawai'i $(2022)^{26}$

Strategic Outcome 3.2

Establishment of a fully functional, high quality, culturally adapted, primary Native Hawaiian Health System which coordinates effective wellness activities/programs

Native Hawaiian Health Centers (NHHC) receive Native Hawaiian Health Care Systems Program funding through the Health Resources & Services Administration (HRSA) Health Center Program appropriation to provide medical and enabling services to Native Hawaiians.²⁷ NHHC provides Native Hawaiians with access to health education, health promotion, and disease prevention services. Across the system, services include nutrition programs, screening and control of hypertension and diabetes, immunizations, and basic primary care services. This system is primarily federally funded under the Native Hawaiian Health Care Improvement Act.

O'ahu is served by Ke Ola Mamo NHHC, a not-for-profit community-based health enhancement, disease prevention and health care center. With a clinic in Honolulu and offices across the island, Ke Ola Mamo is one of five Native Hawaiian Health Care Systems developed to improve Native Hawaiian health equity and disparities. The admin office is located in Honolulu, with appointments available at offices in Honolulu, Wai'anae, Hauula, and Waimanalo.

Clinic: 321 N. Kuakini St. Suite 308, Honolulu, HI 96817

Phone: (808) 440-6852

Admin Office: 680 Iwilei Road Suite 500, Honolulu, HI 96817

Phone: (808) 848-8000

Website: https://www.keolamamo.org/

Strategic Outcome 3.3

Decrease the number/percent of Native Hawaiian in jails and prisons

Native Hawaiians constituted 36% of the female inmate population and 34% of the male inmate population of O'ahu Community Correctional Center (OCCC) (2017) compared to constituting 19% of the female and 19% of the male Honolulu County adult resident population (2021).²⁸

Arrests in Honolulu County (2019 Calendar Year)²⁹

- 21% (366 of 1,726) of adults arrested for Index Offenses (murder, rape, robbery, aggravated assault, human trafficking, burglary, larceny, motor vehicle theft, arson) were Native Hawaiian.
- 12% (20 of 163) of juveniles arrested for Index Offenses were Native Hawaiian.
- 18% (5,417 of 30,432) of adults arrested for Part II Offenses (violent, property related, drug manufacturing/sale, drug possession, gambling, alcohol related, other) were Native Hawaiian.
- 14% (274 of 1,898) of juveniles arrested for Part II Offenses were Native Hawaiian.

Table 6. Honolulu County Police Department (2018-2021)³⁰

| | | Native Hawaiian | | |
|----------------------------|--------|-----------------|-----|--|
| Indicator | Total | # | % | |
| Total Crime Victims | 97,208 | 7,339 | 8% | |
| Total Arrestees | 28,740 | 4,288 | 15% | |
| Person Offense Victims | 28,628 | 3,442 | 12% | |
| Person Offense Arrestees | 12,485 | 1,793 | 14% | |
| Property Offense Victims | 69,079 | 3,959 | 6% | |
| Property Offense Arrestees | 11,040 | 1,754 | 16% | |
| Society Offense Arrestees | 5,941 | 899 | 15% | |

Strategic Outcome 3.4

Communities are empowered to take care of iwi kūpuna

34% of Native Hawaiian residents of Honolulu County report participating in the caring of iwi kūpuna at least once within the last 12 months, compared to 8% of non-Native Hawaiian residents of Honolulu County (2023).31

To measure the outcome of communities empowered to care for iwi kūpuna, no data source has been identified at this time. While there are ongoing efforts to preserve iwi kūpuna from the grassroots level up, a multiprong approach utilizing state level policy, cultural education and awareness, and resources to mālama iwi kūpuna is needed. The State of Hawai'i established five Island Burial Councils (Hawai'i, Maui/Lāna'i, Moloka'i, O'ahu and Kaua'i/Ni'ihau) under the State Historic Preservation Division (SHPD) and OHA continues to seek qualified candidates to recommend to the governor as nominees to fill vacancies.³² Members meet monthly to:

- Determine whether previously identified Native Hawaiian burial sites will be preserved in place or
- Assist the Department of Land and Natural Resources (DLNR) and SHPD in developing an inventory of Native Hawaiian burial sites.
- Recommend appropriate management, treatment, and protection of Native Hawaiian burial sites, and on any other matters related to Native Hawaiian burial sites

Strategic Outcome 4.1

Preservation and perpetuation of Hawaiian language, culture, traditions, identity, and sense of lāhui

Table 7. Spiritual, Emotional, and Cultural Health (2021, 2022, 2023)³³

O'ahu Community Subsistence/Fishery Areas³⁵

There are no State approved Community Subsistence Fishing Areas on O'ahu.

Strategic Outcome 4.3

Increased restoration of Native Hawaiian cultural sites, landscapes, kulāiwi and traditional food systems

More research is needed to establish a baseline measurement for restoration of Native Hawaiian cultural sites, landscapes, kulāiwi, and traditional food systems. OHA currently supports restoration of culturally significant sites and restoration efforts through its Grants Program.

OHA Funding Activities

OHA Legacy Land Holdings on O'ahu

- Pahua Heiau 1.15 acres
- Wahiawa 511 acres

- Kukaniloko 5 acres
- Waialua Courthouse 1.06 acres

OHA Consumer Micro Loan Program Loan Activity on O'ahu (for funeral and emergency health purposes)

- Open Funeral and Health Consumer Micro Loans as of 6/30/23: : Eight loans, total disbursed \$47,220
- There were no New Funeral and Health Consumer Micro Loans in FY23, 7/1/22 to 6/30/23

| Table 9. Health Outcomes Granting Activity on Oʻahu | | | | | | | |

STRATEGY 5: Advance policies, programs and practices that strengthen Hawaiian resource management

knowledge and skills to meet the housing needs of their 'ohana.

STRATEGY 6: Support implementation of the Hawaiian Homes Commission Act and other efforts to

meet the housing needs of 'ohana.

Current Issues/ OHA Activities

1. Honolulu City Council Tax Changes

Issue Summary: After profound increases in property valuations within Honolulu County, Honolulu City Council members have submitted a few bills in 2023 to address resident's increased property tax liability. "As a council, we have prioritized real property tax relief to ensure our local people are not priced out of our island home," said Council Chair Tommy Waters. Though the changes are welcome, they do not go far enough to proportionately relieve Honolulu homeowners of the increase in property taxes compared to the increase in valuations upon which the rate is determined.

Context: Property valuations and their concomitant tax increases further prevent homeownership affordability for Native Hawaiians. The Native Hawaiian homeownership rate is lower than the state average (57% compared to the total state rate of 60%). For non-DHHL properties, the Native Hawaiian homeownership rate is 14 percentage points below the total state rate (46% vs. 60%). Recent census information reveals that more Native Hawaiians live on the continent (53%) than in Hawai'i (47%). Housing costs have been cited as one of the drivers of this population shift.

Council Vice Chair Esther Kia'aina said the council is trying to create a "fair and equitable tax structure" that balances the need to ease the tax burden placed on homeowners while ensuring the city still has the funds to maintain essential services. The rail project has increased those county costs and will further burden taxpayers with continuing maintenance costs.

Community Positions/Related Activities: Signed by the Mayor on July 25, 2023, Bill 37, now Ordinance 23-22, will increase the income eligibility cutoff for real property tax credit to \$80,000 per year from \$60,000 per year. Eligible property tax owners would have their tax assessment capped at 3% of their annual income. This helps with low-income homeowners who cannot afford their property taxes.

Bill 40, which has not yet passed out of the council, would raise both the homeowner's exemption (to \$120,000 from \$100,000) and senior exemption (to \$160,000 from \$140,000). This is not in proportion to the increased valuation of the properties in Honolulu County.

OHA Positions & Related Activities: OHA's Public Policy will continue to monitor tax changes and other housing issues.

Current Conditions

- 47% of Native Hawaiians in Honolulu County are at least moderately worried that they may not be able to afford the place where they live in the next 3-5 years (2023).³⁸
- 59% of Native Hawaiians in Honolulu County are likely or very likely to have their current living situation be the same in the next 3-5 years (2023).³⁹

Strategic Outcome 5.1

Increased numbers/percent of Native Hawaiians who rent housing that meets their 'ohana's financial and wellbeing needs

- 44% (20,567 of 46,820) of Native Hawaiian households on O'ahu rented their home compared to 42% (137,352 of 330,393) of all residents on O'ahu and 43% (32,538 of 76,408) of all Native Hawaiian households statewide (2021).⁴⁰
- 43% (8,777 of 20,567) of Native Hawaiian renters on O'ahu were within the HUD standard housing cost (<30% of household income toward rent) compared to 42% (13,778 of 32,538) of all Native Hawaiian renters statewide (2021).⁴¹

Strategic Outcome 5.2

Increased numbers/percent of Native Hawaiians who own housing that meets their 'ohana's financial and wellbeing needs

- 56% (26,253 of 46,820) of Native Hawaiian households on O'ahu owned their home compared to 58% (193,041 of 330,393) of all households on O'ahu and 57% of all Native Hawaiian households statewide (43,870 of 76,408) (2021).⁴²
- 72% (18,883 of 26,253) of Native Hawaiian homeowners (with or without a mortgage) on O'ahu were within the HUD standard housing cost (<30% of household income toward housing payments) compared to 72% (31,680 of 43,870) of all Native Hawaiian homeowners statewide (2021).⁴³

Strategic Outcome 5.3

Increased safety, stability, social support networks, and cultural connection in Native Hawaiian communities

Table 10. Community Characteristics (2021, 2022, 2023)⁴⁴

Note. Unless otherwise noted, data provided from 2023 survey.

Strategic Outcome 6.1

Increased affordable non-traditional housing options (accessory dwelling units/tiny homes, large multi-generational lots or homes) in communities of 'ohana' s choice

Table 11. Occupied Less-traditional Housing Units (2021 and 2020)⁴⁵

| | 0'a | ahu | Statewide | | |
|--|---------|---------|-----------|---------|--|
| | 2021 | 2020 | 2021 | 2020 | |
| Total housing units | 330,393 | 316,928 | 478,413 | 467,932 | |
| Less-traditional housing units (number) | 39,825 | 38,047 | 49,422 | 47,428 | |
| Less-traditional housing units (% total units) | 12% | 12% | 10% | 10% | |

8% of the Native Hawaiian-occupied housing units on Honolulu County were less-traditional housing units (3,568 of 42,780) compared to 7% statewide (4,547 of 69,217) (2015). 46

Strategic Outcome 6.2

Increased housing unit supply on Hawaiian Home Lands

Department of Hawaiian Homelands (DHHL) Information (2022)⁴⁷

DHHL currently holds 8,154 acres of land on O'ahu, 4% of its total landholdings (203,891).

- DHHL had 774 undivided interest leases (lots with no homes) statewide.
- DHHL had 4,431 lessees on O'ahu, 44% of the 9,981 leases statewide.

o Residential: 4,370 (52% of statewide)

Agricultural: 61 (6% of statewide)

o Pastoral: 0 (0% of statewide)

 DHHL had 15,321 Native Hawaiians on the Oʻahu Waitlist⁴⁸

Residential: 11,285 (47% of statewide waitlist)

Agricultural: 4,036 (21% of statewide waitlist)

Pastoral: 0 (0% of statewide waitlist)

Strategic Outcome 6.3

Decreased rate of Native Hawaiian 'ohana out of state migration

 39% of Native Hawaiian residents of Honolulu County reported planning to or thinking about moving from Hawai'i, compared to 37% of the total state Native Hawaiian population (2019).⁴⁹ 73% of former Honolulu County Native
 Hawaiian residents reported moving due to the
 high cost of living, followed by 35% due to
 affordable housing and 22% due to
 employment opportunities.⁵⁰

Table 12. Considering Moving in the Past Year (2022)⁵¹

| | Honolulu County | | State | |
|---|--------------------|------------------|--------------------|------------------|
| | Native Hawaiian | Non- Hawaiian | Native Hawaiian | Non- Hawaiian |

STRATEGY 7: Advance policies, programs and practices that strengthen 'ohana's ability to pursue

multiple pathways toward economic stability.

STRATEGY 8: Cultivate economic development in and for Hawaiian communities.

Current Issues/OHA Activities

There are no current issues related to Economic Stability at this time.

Current Conditions

Strategic Outcome 7.1

Increased number / percent of of Native Hawaiian 'ohana who are able to provide high quality keiki and kupuna care

- The average full-time monthly cost of licensed childcare centers in Honolulu County is \$1,904 for children 0-6 months old, \$1,866 for children 6-12 months old, \$1,729 for children 12-18 months old, \$1,672 for children 18-24 months old, \$1,468 for children 2 years old, and \$1,185 for children 3 years old, and \$1,192 for children 4-5 years old (2023).⁵⁴
- Keiki out-of-school time programs (e.g., A+) are utilized more frequently by Native Hawaiians (27% at least monthly) compared to non-Hawaiians (11% at least monthly) in Honolulu County (2022).⁵⁵
- During 2020-2021, the cost of assisted living facilities in Honolulu County ranged from \$3,800 to \$8,800 per month and \$315 to \$585 per day for semi-private skilled nursing facilities.⁵⁶
- Kūpuna care programs (e.g., Meals on Wheels) are utilized more frequently by Native
 Hawaiians (12% at least monthly) compared to non-Hawaiians (4% at least monthly) in
 Honolulu County (2022).⁵⁷

Strategic Outcome 7.2

Increased access to capital and credit for community strengthening Native Hawaiian businesses and individuals

More research is needed to understand the current level and nature of access to capital and credit for Native Hawaiian businesses and individuals.

Financial institutions on O'ahu⁶²

- 7 Community Development Financial Institutions, including 3 Native CDFIs
- 152 bank branch offices

- 2 Small Business Development Centers
- 107 credit union branches

Strategic Outcome 7.3

Increase number of Native Hawaiian 'ohana who are resource stable (financial, subsistence, other)

Table 18. Higher Education Institutions on O'ahu (2023) 63

| Community Colleges | Public Universities | Private Colleges/Universities | For-Profit Colleges/Universities |

| 4 | 2 | 6 | 4 |

Note. For the list of Higher Education Institutions on O'ahu, refer to Appendix D

Highest Level of Education Attainment Reported by Native Hawaiians (2021)⁶⁴

- Native Hawaiian educational attainment in Honolulu County is like the total Honolulu County population at several levels:
 - One year or more of college experience with no degree attained: 15% Native Hawaiian (16,908 of 113,329) and 14% total county (98,242 of 706,752).
- Associate degree: 10% Native Hawaiian (11,073 of 113,329), 11% total county (78,370 of 706,752).
- Doctorate degree: 1% Native Hawaiian (1,154 of 113,329), 1.6% total county (11,579 of 706,752).
- A significantly smaller percentage of Native Hawaiians attained degrees at the following levels compared to the total Honolulu County population:
 - Bachelor's degree: 14% Native Hawaiian (15,730 of 113,329) and 23% total population (164,177 of 706,752)
 - Professional school degree: 0.8% Native Hawaiian (891 of 113,329), 2.5% total county (17,663 of 706,752).
- Master's degree: 5% Native Hawaiian (5,963 of 113,329) and 9% total population (62,611 of 706,752)

| are worried about loss of services or small businesses in their community, for themselves or their family. | 23% | 22% | 24% | 24% |

Strategic Outcome 7.4

Increased Native Hawaiian employment rate

Native Hawaiian Employment and Labor Statistics in Honolulu County (2021)⁶⁹

- The Native Hawaiian unemployment rate was 6% compared to 5% for all O'ahu residents.
- 67% (92,186 of 138,238) of the Native Hawaiian population ages 16 and older participated in the labor force in Honolulu County compared to 66% (543,130 of 821,265) of all Honolulu County residents.
- 62% (86,040 of 138,238) of the Native Hawaiian population ages 16 and older in the civilian labor force were employed compared 58% (473,065 of 821,265) for all Honolulu County residents.

Strategic Outcome 8.1

Increased number of successful, community strengthening Native Hawaiian-owned businesses

Native Hawaiian Business Ownership in Honolulu County (2012)

- 7,592 Native Hawaiian-owned firms were in Honolulu County, 58% of all Native Hawaiian-owned firms in the State of Hawai'i (13,147) and 10% of total firms in Honolulu County (76,176).
 - The total sales, receipts, or value of shipments for these firms was \$1,445,592,000.
- 770 of these firms had paid employees, employing 6,166 people per pay period.
- There are currently 339 enterprises registered with the Small Business Administration (SBA) as Native Hawaiian Organizations in Honolulu County, 80% of the total number of SBA Native Hawaiian Organizations statewide.⁷¹

Strategic Outcome 8.2

Establishment of new markets for Native Hawaiian products (e.g., kalo, loko i'a grown fish, etc.) that can provide Native Hawaiian producers a livable wage

More research is needed to better understand the market dynamics for Native Hawaiian products.

There were 186 acres of taro harvested from 37 farms in Honolulu County (2017).
