IV. NEW BUSINESS

A. 2019 OHA Legislative Positioning – Matrix 1†**

Chair Waihe'e turns it over to Ka Pouhana Kamana'opono Crabbe.

Pouhana Crabbe: Thank you Chair Waihe'e and Good Morning Trustees. I would like to call upon our Public Policy Manager Jocelyn Doane to present the legislative package for OHA first, and then we'll go into the legislative positioning matrix please.

V. UNFINISHED BUSINESS

A. 2019 OHA Legislative Package Updates – Matrix 2†**

Public Policy Manager Doane: Chair, is it ok if we take the agenda out of order and quickly go over the OHA package?

Chair Waihe'e: Yes.

Public Policy Manager Doane: Tomorrow is the triple referral deadline so that means any measures that have three committees to get through have to be heard and moved by tomorrow. Our package has a couple of those. Our Budget Bill is a double referral from the House. I'm hearing that Chair Yamane and Chair Luke want to wait for the Senate bill to come over which is not untypical. We have a hearing tomorrow in the Senate Hawaiian Affairs Committee on our Budget Bill.

Our Resolutions have not been heard yet. The 2 PLT Bills; the House bill which is about reporting, not the 35-million-dollar bill has a triple referral deadline. I'm hearing that because Chair Yamane moved the caucus bill which is the money one, that it probably won't be heard in the House, but it will be heard in the Senate tomorrow. The Senate is also hearing the Senate version of the 35-million-dollar bill which is basically exactly our bill from last year, but updated so the back due in that bill is 139 million dollars instead of 119 million. The Mental Health Council bills have not been heard yet, they're double referred though. So we have a whole other week for that. The lateral deadline is not until next week Friday. Our Bail Bill which is getting a lot of media attention has hearings today in both the Senate and the House, so Kamaile is at those hearings today.

So that is the quick update on our package.

Chair Waihe'e: Thank you, we can move on to New Business the legislative positioning matrix.

IV. NEW BUSINESS

A. 2019 OHA Legislative Positioning – Matrix 1†**

Public Policy Manager Doane: Ok, great! We're going to start on the one new bill that I'm aware of that names OHA. Page 37, Item 185 – SB1514; this bill applies to all State agencies and it specifically names OHA; it would prohibit the formation of Corporation Entities by State Agencies without the approval of the Legislature. Even though this bill applies to other State agencies, I'm not clear that they have the autonomy to do that anyways, so it would particularly infringe on OHA's autonomy to have to get approval to create a Corporation. If this bill had passed prior to the formation of Hi'ipaka, the Board would have had to wait for legislative approval to do that. We're recommending a position of COMMENT which would limit the bill's scope. We would reiterate the Board's autonomy and exclusive authority to determine how we spend our trust funds and that if we were thinking about creating a corporation and using appropriated general funds, then it might be appropriate for the legislature to have to approve those instances.

Trustee Lee: Has legal looked at the constitutionality of such a law?

Public Policy Manager Doane: This analysis came from our Corporation Counsel. We didn't discuss if it was unconstitutional and I would assume that would be one of the first things they would bring to our attention, but I will ask them that specifically. If it raises constitutional concerns, we'll make sure that we put it in the testimony as well.

Trustee Akina: Just to clarify, the comments you're going to make are merely to indicate that there are some conditions under which we would agree with legislative approval of establishing a corporate entity and you'll specify those conditions?

Public Policy Manager Doane: Correct, so if we were envisioning a corporate entity to hold appropriated general funds or property acquired from use of appropriated general funds that would be a reasonable requirement, but if it is trust funds our plan is to reiterate OHA's autonomy and authority to determine how our funds are allocated.

Trustee Akina: Thank you.

Public Policy Manager Doane: I can't imagine a scenario where we would try to create a corporation with general funds, anyways but we do think that it is reasonable to acknowledge that there may be possible scenarios that this may be appropriate for.

That was the only new OHA-named bill. After I go through the New Bills I will go through and update the Board on the other bills that specifically name OHA.

Page 4, Item 18 – HB408; currently historic properties including homes and residences 50 years or older have to go through SHPD which allows their archaeological branch there to provide comments and review and make conditions that may protect 'iwi or other historic properties and this is particularly important for areas that haven't undergone previous studies. However, what's happening is because it's only 50 years we're seeing that a lot of private residences who may just be doing some moderate improvements or renovations is causing a backlog. So we think that it is appropriate for certain older, private residences to not have to go through this more lengthy costly process if they're just doing renovations, alterations or replacements of existing improvements. So we're recommending a position of COMMENT and we will be making sure to clarify that we're not talking about ground disturbing activities, because those are more likely to disturb 'iwi and or other historic sites. This has been a big issue for years, so we're not objecting to this, but we want to watch it closely and make sure that it's going to be low-impact on private residence renovations.

Page 6, Item 23 – HB487; this would require the Commission on the Status of Women to create a database and collect data on sex-trafficking. We think that Hawaiian girls might be at greater risk and higher targeted for trafficking and abuse. This data-collecting would give us more information, so we're recommending SUPPORT.

Page 7, Item 31 – HB600; there are four different Quiet Title Bills that would provide some assistance to kuleana land owners. For three of the four bills, it would require mediation. The plaintiff would be required to pay and the possibility of the plaintiff recovering funds from the defendants would be low. We are recommending SUPPORT and have supported identical measures in the past.

Page 9, Item 38 – HB729; I'm only bringing this to your attention because it's slightly different from the Charter School appropriation bills that you supported last week. Basically, this appropriates money and it also makes a statutory amendment to clarify that rent can be paid, but it does two different things which we're not planning to comment on – it would authorize State funding for debt-service for financing. Right now the law prohibits State agencies from taking on debt unless Budget and Finance approves and so this is to protect this State's treasury. Our position will be SUPPORT.

Trustee Hulu Lindsey: Based on this possibility, do you think that the Charter Schools can come individually before the legislature and ask for appropriations to purchase a school, and not come collectively as the charter school group?

Public Policy Manager Doane: Yes, Charter Schools have applied for GIAs in the past and there are a couple of instances when they have been approved.

Page 10, Item 42 – HB817; there are four bills HB817, HB963, SB1190 & SB1309 - these would do two things; they would be a 99-year lease and it would exempt set-asides and leases to HHFDC from 171-2. What we've been doing for the 171-2 exemptions is we've been commenting first and then if they don't change their position then we will come back to the Board to oppose. We have not opposed this exact bill in the past because it's specifically for HHFDC which only does affordable housing projects. Of course the trustees may change their minds, but we're recommending COMMENT. Some Senators have reached out and asked us for possible suggestions to make it better, so we'll be talking to them about shorter leases and making sure that any potential sales are subject to legislative approval and notice to OHA.

Page 11, Item 51 – HB954; this is a component of the last bill I mentioned, it doesn't have the 99-year leases, but it exempts HHFDC. The only COMMENT that we would recommend here is that they also be subject to 171-64.7. We want to make sure that any potential sales down the line go through this same process and provide the same notice to us.

Page 13, Item 63 – HB1165; there are four bills that we are recommending a position of SUPPORT on, this is a slight deviation from a position that we've taken in the past. Two of these bills would create a third gender-marker on regular driver's licenses and two of these bills would remove completely any gender-marker on limited purpose driver's licenses. Hawai'i has the highest proportional population of transgender identifying individuals in the country, we suspect although we don't have concrete data that Hawaiians are disproportionately represented in Hawai'i specifically. The limited purpose driver's licenses were created for people who don't have proof of legal preference or their social security number, so often times homeless people of which and as you know Hawaiians our disproportionately represented in our community, don't have their correct documentation. To get a **Real ID** requires a lot of documentation which I've struggled myself to get together, so homeless individuals I'm sure would have more of a challenge. The reason why we're recommending SUPPORT is that we think there's no need for gender identification for the limited purpose driver's licenses. Massachusetts has just done this same thing by making a third gender-marker. Hawaiian concepts of gender were more fluid and tolerant than I think modern constructs. So we bring this to you for your thoughts, and we're recommending a position of SUPPORT on these four bills. If there are no questions we will move on.

Senior Public Policy Advocate Tanaka: Page 13, Item 65 – HB1209; this bill and SB741 our very similar to bills that we've opposed last year, they deal with the State Land Use district boundary amendment process. Right now the State district boundary amendment process for areas greater than 15 acres. When it involves the Land Use Commission, it provides one of the only opportunities for Native Hawaiian practitioners to assert their rights and have them actually "proactively protected" in Land Use decision-making. These measures would change the process for district boundary amendments greater than 15 acres, reducing the Land Use Commission's role to merely concurring with these changes if they're consistent with the County general plans and the County agrees to certain affordable housing goals. We recommend OPPOSING these measures, because it may take away some of the only opportunities for practitioners who uphold their Native Hawaiian Traditional and Customary practices and rights.

Public Policy Manager Doane: Page 13, Item 62 – HB1141; this is identical to the ALOHA Homes bill we discussed last week and that we recommended OPPOSE on. The Senate version made a lot of amendments that may or may not address a lot of our concerns. The draft is not available so when we come back next week, I'll make sure to give an update on the Senate version. The House version has not gotten a hearing yet.

Senior Public Policy Advocate Tanaka: Page 16, Item 76 – HB1325; we're recommending OPPOSE on this measure. What this bill would do would prohibit DLNR from establishing or amending any new watershed management plans without the approval of the Game Management Advisory Commission. GMAC members are selected based on their connections with and their leadership in the hunting community, but the members may not necessarily have the expertise in other disciplines necessary to help in making these decisions or proposals. So we would Oppose based on this measure potentially tying the State's hands in protecting our aquifers, Native forests and watersheds, and other public trust resources for present and future generations.

Page 16, Item 79 – HB1377; this is another airport corporation bill, our recommendation on this measure is to COMMENT. This would remove from the definition of Public Lands under 171-2, lands held by the proposed airport corporation. Interestingly, the bills specifically state that even though these lands are moved from the definition of Public Lands under 171-2 they should still be considered Public Lands for the purposes of 5(f); for Public Land Trust purposes. We would COMMENT to say that we appreciate their recognition that airport lands that are Public Trust Lands should be considered subject to Native Hawaiians' pro-rata share.

Public Policy Manager Doane: Page 17, Item 81 – HB1397; Chapter 5-16 allows the conversion of privately held or state leasehold residentially parcels to fee simple. I think this one of the mechanisms that has been used on Kamehameha Schools' residential leaseholds, the reason I'm unclear is because there were also previously County ordinances. I don't understand how this is used now, in other words a law already exists that allows conversion, in terms of State property there's a mechanism to give us notice 171-64.7 and so that hasn't really been used for State held property. This Chapter also applies to residential leaseholds or private property, so of course we're concerned about our Trust and impacts to the Trust. We are recommending to MONITOR this as we gather more information.

Page 18, Item 90 – HB1470; we already kind of went over this, but I just wanted to note for the Trustees this is a slightly different Kuleana / Quiet Title Bill. It would bar recovery completely by the plaintiff. One of the versions of these bills moved in the House and it seems like they've mediation discretionary, but I need to see the draft and I can bring it back next week. Our position is SUPPORT.

Senior Public Policy Advocate Tanaka: Page 21, Item 103 – HB1573; we're recommending a position of COMMENT on this measure. This bill would prohibit the diversion of East Maui's streams for commercial purposes, and only allow the diversion for municipal purposes. Our position for East Maui and Na Moku's position has always been that the Public Trust water resources should be shared consistent with the Public Trust, so that requires adequate information and a balancing of the different public trust purposes to be served by this water. Our position hasn't been to completely preclude commercial uses of stream water, so we would Comment to express appreciation for the bills apparent intent to address the century-long abuse of the Public Trust in East Maui's watersheds and suggest more concrete conditions upon which the Public Trust could be held in the authorization of diversions in East Maui rather than complete preclusion of commercial uses.

Page 23, Item 116 – SB212; we’re recommending MONITOR on this measure. Right now the language in the current draft is fairly short, it says that DHHL lessees shall be allowed to use their leases as collateral in the building of a home. I think the intent is to address some of the issues where beneficiaries are offered a lease but they don’t have the capital to put a down payment to construct a home, so they have to forego the opportunity. This bill would also require any subsequent lessee be a qualified beneficiary of DHHL. We are going to wait for a subsequent draft to see how it’s further amended but we do have some concerns about potential unintended consequences. For example, if a lease is foreclosed on then does that let someone jump to the front of the line; and what happens to the rights of the lessee whose lease was foreclosed on and so forth?

Page 30, Item 149 – SB933; we’re recommending a position of SUPPORT. This measure would require the BLNR to do a rent review of all its leases every ten years. This bill would help provide transparency and help the State and the public understand if they’re getting adequate return from the uses of Public Lands.

Public Policy Manager Doane: Page 30, 150 – SB936; we’re recommending COMMENT on this Mauna Kea bill. Right now there is an existing Mauna Kea special fund, it’s managed by the University of Hawai’i. This measure would create two additional special funds: one managed by DHHL and the other managed by DLNR. A third of the deposits of the accounts would be distributed into each of the three funds. The DHHL managed special fund would be used for the ‘Āina Mauna legacy program, ungulate management, invasive plant species eradication, fencing and supporting pastoral homesteading. The second fund for DLNR would be for managing the Natural Area Reserves, supporting the Division of Forestry and Wildlife, and supporting the Division of Conservation and Resource Enforcement. Then the rest would be in the existing UH fund. We thought about supporting the idea, but we want to see what’s going on first.

Senior Public Policy Advocate Tanaka: Page 33, Item 162 – SB1336; our recommendation is to COMMENT on this measure. This would amend HRS §7-1. This is one of the foundational statutes upon which Native Hawaiian Traditional and Customary Rights and Kuleana Rights are established on. It would provide for guaranteed easement rights for *kuleana* lots and ancient tendency parcels and it would also establish an expedited process for establishing and building utility and road easements. The intent may be to help folks with land locks and *kuleana* parcels. Some of the concerns are that *kuleana* lots aren’t necessarily still held by the descendants of the original claimants, so it could also potentially expedite the development of underdeveloped lands and *wahi pana*. We would COMMENT to highlight some concerns and make recommendations.

Page 33, Item 164 – SB1371; we’re recommending COMMENT on this measure it would prohibit lay-netting in State waters. The way they define this “lay net” is essentially a gill net that is set for a period of time then removed. The definition is somewhat broad and it’s not clear whether it would apply to certain Traditional and Customary practices like *pa’ipa’i* netting and so forth. Therefore, we would offer comments suggesting that it may have an effect on certain traditional and customary practices. We will recommend language that would specifically acknowledge the rights of Native Hawaiians engaging in such practices.

Trustee Lee: Are we also going to ask how long are allotted for? For example, if a Native Hawaiian family is going camping, do they have to get a permit every single time they’re going camping and lay net, or are they able to get a permit that’s good for the entire year? Most people don’t plan in advance, they usually think of it the day before.

Senior Public Policy Advocate Tanaka: I think those types of details are usually made during the rule-making process.

Public Policy Manager Doane: Wayne is a fishing regulations expert, so he's thinking about his expert rule-making skills right now.

Chair Waihe'e: In your expert opinion Wayne, what do you recommend?

Senior Public Policy Advocate Tanaka: The way the current permits like special activity permits and so forth issued by DLNR are, it's for a certain length of time, but it also specifies where you're going, so it's tied geographically and depending on what kind of permit it's for, like if it's for a certain species then you'll identify that. I don't know if it would be better to give the DLNR the flexibility to account for these different scenarios or if we'd want to prescribe something in statute.

Trustee Lee: I'm not the trustee from Moloka'i, but I grew up there and lay net there and I'm aware of the DLNR permitting for other things. I can see a lot of Native Hawaiians being penalized for this and the fact that they're making it a misdemeanor. I understand the reason for this, and see that it's not targeted towards Native Hawaiians, however Native Hawaiians are the ones who are going to pay the price. The people that are abusing the way lay nets are used, are going to continue to abuse it whether we mandate by law that they have to get a permit or not. When they show up and see DLNR there waiting to arrest somebody they'll just abandon their net and go away because for them it's not subsistence fishing like it is for a Native Hawaiian who's not going to give up their net or their catch that they need to feed their family. So the Native Hawaiian is the one that's going to pay the price for this, even though it isn't intended for us. It's going to target us and that's my concern.

Trustee Machado: So are you recommending from Comment to Oppose?

Trustee Lee: No, I'm not because I understand now, after last week's meeting, that those types of hard lines drawn by OHA tends to draw more attention to a bill that we may not necessarily want to draw attention to. I just want to make sure that with our Comments, we're asking the question: *how long is the permitting process going to be for?* That way, we're at least giving them a heads-up that we are watching this a lot closer than you think we are.

Trustee Robert Lindsey: For me the basic question is: *how does this bill make things better for our people?*

Public Policy Manager Doane: What we're going to see in almost all fishing regulations is an attempt to solve a problem of inappropriate resource practices, which Native Hawaiians also benefit from because better managed resources will mean more plentiful, healthy resources for us to catch. The main reason why we wanted to COMMENT on this bill in the first place is because the way they described what is being prohibited. These may include Traditional practices of laying net. The first thing we're going to comment on is the way that they described what is prohibited, so as to not infringe on our beneficiaries' practices. Native Hawaiians practice a much more sustainable lay netting process than other practices. The second point is that we wanted to make sure that Traditional and Customary Rights were explicitly acknowledged and argue that the actual practitioner shouldn't have to apply for a permit. We know that what happens is they will often get fined or cited anyways. It will have an effect on their ability to do that, so we think that one of the ways to address that is to have it explicit in the

statute. The other thing is we recognize that criminal penalties don't necessarily work in resource management areas and so we would also recommend rather than it being criminal that it be an administrative remedy instead. *Wayne can you share a little about that?*

Senior Public Policy Advocate Tanaka: So civil remedies don't carry any criminal liabilities; no criminal record or prison. They're mostly based on a monetary fine. We'd also suggest an educational alternative, so violators who are subject to civil fines could be ordered to take a class or do community service to give them a better sense of way it's important to follow regulations – protecting the resources.

Another point that can be made is there are definitely frustrations with enforcement challenges relating to lay nets. Like Trustee Lee noted, folks might see DOCARE on the beach then they'll just drop their net and dig out and then that net ends up tangling the coral or DOCARE will intercept them at the boat ramp and they'll have a net in a no lay net area, but they'll claim that they were surround netting which is essentially the use of a lay net, but in a surround net fashion. Unless the Game Warden actually witnessed them lay netting, there's no evidence to show a violation. So we could point out that there's probably some initial rule-making changes that could better address the problem of illegal lay netting than the outright ban.

Trustee Hulu Lindsey: I think requiring a permit is ridiculous. In Maui we have people living across the street from the ocean. *They would have to drive all the way to Wailuku to get a permit to just catch their evening dinner?* That doesn't make sense. I think we should Oppose this.

Senior Public Policy Advocate Tanaka: Part of our comments is also expressing an understanding of some of the challenges that newer technology has posed for the protection and perpetuation of our marine resources including our subsistence resources. One of the reasons why people will so easily abandon their nets is because the monofilament the nets are made of are cheap and easy to produce and are easily replaced. Traditionally when you had to weave nets and so forth it wasn't something that you just dropped anywhere and abandoned; you did lay-netted in certain places that had sandy bottoms and no coral, certain channels and so forth. Nowadays, with the ready availability of mesh nets there's a lot of abuse, not necessarily by Native Hawaiians, but by others who are trying to over-harvest and sell to the markets.

Trustee Lee: *Do we know if this bill has been scheduled to be heard?*

Public Policy Manager Doane: This is Senator Kahele's bill from Miloli'i, it is scheduled to be heard on the 8th. As you know Senator Kahele's 'ohana is from a fishing community and I'm sure the reason why he's moving this bill is because he's concerned about the negative impacts from inappropriate use of lay netting. I also know he's open to suggestions by OHA about mitigating impacts to Hawaiians specifically.

Trustee Hulu Lindsey: *How about exempting the Hawaiians?*

Trustee Ahuna: That's the law.

Public Policy Manager Doane: To be clear Hawaiians are not exempt from resource management regulations, practitioners exercising a practice in an appropriate area have protection under the Constitution, but I know some who fish and don't do what they're supposed to be doing. It's about the specific resource and the methodology and the location. What is appropriate is sort of like a fact-based sort of thing. Absolutely we want language in here to acknowledge that. I'm sure Miloli'i has their own methodologies that he doesn't want to interfere with.

Trustee Lee: Also the waters around Miloli'i are really deep, there's not a lot of lay netting going on there.

Senior Public Policy Advocate Tanaka: Page 35, Item 176 – SB1468; we're recommending a position of OPPOSE on this measure. This would exempt housing development projects funded out of the Rental Housing Revolving fund from Chapter 343 environmental review requirements. This would also provide for a 30-day automatic approval deadline from the counties, which could undermine the Historic Preservation review. Both Chapter 343 and Historic Preservation have substantial validity to our beneficiaries in terms of identifying potential impacts to natural and cultural resources and possible mitigating options. So we would recommend OPPOSE consistent with our past positions on exemptions to these important laws.

That's it for our NEW BILLS, we have one BILL FOR RECONSIDERATION.

Page 39, Item 193 – SB1424; we brought this last week. This would set up a reentry commission to absorb some of the Criminal Justice Reform Commissions and provide oversight to the Public Safety Department. Our initial read of this is that it would confer a seat to OHA, so we originally recommended SUPPORT WITH AMENDMENTS to reflect our administration structure. However after closer look, it turns out that this actually gives OHA the opportunity to appoint someone; so we recommend changing to SUPPORT.

Public Policy Manager Doane: We have one more NEW BILL to go over, that Trustee Lee had asked us to review, Page 13, Item 60 – HB1101.

Senior Public Policy Advocate Tanaka: HB1101, this measure seeks to address the apparent need for more short and long term farm worker housing in the Agricultural district. It creates a task force to look at State and County laws relating to construction of Housing in the Agricultural district, identify barriers to the construction of such housing and report back periodically over the next six years on its findings and recommendations. We are recommending COMMENT on this measure to highlight some of the issues of concerns that come with allowing for residential development in the Agricultural district and including speculation, which has driven-up land cost and agricultural land leases.

Public Policy Manager Doane: If we were to consider asking for a seat on this task force, one I'm not sure who that seat would go to because we don't do a lot of agriculture advocacy although we're super vigilant about the overuse of agriculture for housing because then it'll drive the cost of Ag lands and then farmers won't actually be able to afford to farm; it's already a struggle. So this bill is specifically about discussing what kind of housing should be allowed on Ag. Our position in the past has been that it has to be related to Ag in order to allow for housing.

Trustee Hulu Lindsey: *Is that in the bill, what you just stated?*

Public Policy Manager Doane: It's basically what the current law requires, there's some enforcement issues as it relates to that. Everyone lives on island where there's abuse of Ag for really large homes that really have nothing to do with Ag and they grow *manini* plants. Maui is a great example of that, so this is just about setting up a task force to talk about it.

Trustee Hulu Lindsey: My concern is the 42,000 acres that they promised would be in agriculture, don't turn it into housing.

Public Policy Manager Doane: Right.

Trustee Lee: My concern is that we have in our inventory 511 acres of ag land, so this task force is going to be created and we own 511 acres of Ag land and we're saying that we're ok with not having a say on this task force. That seems arbitrary to me. *We as an agency don't have the capacity to seat someone on that?* I'm not saying create a new job to hire somebody, but OHA should be able to appoint someone to be on this task force. 511 acres is a lot of land, and we're planning to do ag projects at Kūkaniloko. If there's going to be a task force that has to do with housing on Ag land, I think absolutely OHA should have a say who is on that task force.

Trustee Hulu Lindsey: The Kūkaniloko lands cannot allow housing, it's restricted in the deed.

Trustee Ahuna: *My question would be what is this task force going to be doing or accomplishing? Are they going to be having conversations on what goes on, on Ag lands?* If yes, then we should be at a seat.

Senior Public Policy Advocate Tanaka: They're specifically focused on looking at City & County laws relating to the construction of housing in the Ag district and identifying barriers to the construction of housing for farm workers.

Public Policy Manager Doane: If we were to be seated on this body, in this task force I would see our role as an advocate to make sure that there was somebody at the table saying that housing not related to farming is inappropriate on Ag. Basically what's happening is there's a movement to dilute Chapter 205 in the definition of and what's allowable uses on Ag lands, because there are some policy makers who think that's a housing solution. We've objected to some of those bills and we've provided comments on some of those bills so I guess I sort of see if we were to participate it be related to towing the line about what is inappropriate on Ag lands. We'll defer to the Board if you would like us to ask for a seat on the task force, we don't object to the idea. I just wanted to be clear on how we envision our role.

Chair Waihe'e: We could make that request without changing our position, it's currently COMMENT anyway.

Public Policy Manager Doane: Yes we can include that if that's the will of the Board.

Trustee Lee: Yes, I think we should.

Trustee Hulu Lindsey: I think anytime we can get input into anything it's a plus.

Trustee Hulu Lindsey: I think having a seat at the table puts us in the arena; so it makes sense for us to be there.

Chair Waihe'e: I agree.

Public Policy Manager Doane: Ok, thanks Chair.

Trustee Machado: *Can we go back and visit why DHHL was considered for the Commission of Water Resource Management and not OHA in SB1502?*

Public Policy Manager Doane: OHA has previously attempted to get seats on a variety different Boards including DLNR and The Water Commission and we were unsuccessful, but what we were successful at though was requiring that at least one of the Water Commissioners have to have a background in Native Hawaiian Water Management Practices as well as getting a seat on BLNR to have somebody with Native Hawaiian specific Traditional & Customary rights background or Hawaiian Specific Land Management. That's where our advocacy ended up on those two measures. We've worked with the former planning manager with DHHL who is now going to be at the Water Commission which is super exciting on monitoring some of the different actions that Water Commission makes that impact both Hawaiians and Native Hawaiians and so this is one of their advocacy requests. I wouldn't object to it, because we were unsuccessful at our own effort, but they own a substantial amount of Agricultural Lands and have an interest in this.

Trustee Ahuna: We have a lot of Hawaiians beneficiaries coming to the table, talking about not having water coming on to their properties on Hawaiian Homelands. Kaua'i is one of the main ones, they still don't have water and just recently they had issues going on with Hawaiian Homes and water. I believe we should be a part of those conversations and the only reason why is because we can speak for our beneficiaries. Many times Hawaiian Homes people are confused, because they see a lot of people who are not beneficiaries of the land having more access to the land then they as beneficiaries have themselves. For me it's important that we help DHHL.

Public Policy Manager Doane: I think asking for another seat, which would be a third seat of the seven, two of which are BLNR and DOH is a little excessive honestly. I'm not objectionable to it, obviously I want all the seats, but the Commissioners are going to have more, quick access to understanding what the projects and Ag needs are in certain areas so they would be furthering our beneficiaries interest by having a seat at the table. They have access to information we don't have, because we're not monitoring in the same way that the Commission would.

Trustee Ahuna: For me I have a hard talking with my beneficiaries because I don't know how to help them. Since the Ka Loko Dam was breached, our County then breached the 3 reservoirs for Hawaiian Homes and to this day there's no water back on their land. The biggest problem right now is they built the largest solar farm in the area and now the water can't flow. I want to help them.

Trustee Lee: I agree with Joce, that is the thing that we have to be careful with. Trustee Ahuna mentioned a specific situation on Kaua'i and I'm aware of a situation here on O'ahu in Kapolei where water is being diverted from the Waianae watershed and there are Native Hawaiians who have introduced a bill this year and are specifically asking for that water to stop being diverted. If OHA is on this, that pits us against beneficiaries; the DHHL beneficiaries against Native Hawaiians that don't sit on DHHL land.

Trustee Ahuna: We'll be supporting our beneficiaries; we won't advocate against them.

Trustee Lee: Right, but we have two different sets of beneficiaries on two different ends of this issue. So we need to be careful.

Pouhana Crabbe: Several years ago, when OHA started to develop our water policy DHHL was also running parallel; so as part of their policy they were requesting water permits for allocations to DHHL lands. One way rather than jump to the Water Commission, would be to actually have a better understanding of what DHHL's strategy is around that per island, an allocation and also that they're going to exercise from what I understand the Ag lands on DHHL lands across the State.

Chair Waihe'e: *Did you guys want to change our position on this, it's currently SUPPORT?*

Trustee Machado: No, I just wanted to bring it to our attention.

Public Policy Manager Doane: Before we move on to the updates I wanted to bring your attention to one bill that we didn't talk about last week in particular because it's just MONITOR. Page 68, Item 347 – HB1072; this is an appropriation bill for the Festival of Pacific Arts, your approved position is MONITOR which is consistent with your policy to not Support purely appropriation bills unless we substantially already financially contribute like the Charter School bills and the University of Hawai'i bill. We have been asked by the Community for Support on this in many different forms including in testimony, so we wanted to make you aware.

Pouhana Crabbe: I just became aware of it last night, and certain Commissioners have also asked for OHA's Support, OHA is one seat for the Festival of Arts Commission appointed by the State Legislature. I believe this is actually requesting funding from the State Legislature to support the event in 2020.

Trustee Hulu Lindsey: Who sits on this seat for us?

Pouhana Crabbe: Mehana Hind.

Trustee Hulu Lindsey: I was wondering if there was a budget so people can see where the big monies are going, cause they're asking for a large amount of money. *Do you remember how much was mentioned in the memo sent from Vicky, as far as what was expended for the festival four years ago and how much the community made?*

Trustee Machado: They made 80 million.

Trustee Hulu Lindsey: That would be worth it for the State to invest, they should be investing in stuff like that because economic development is for everybody – not just for us Hawaiians. I think it's a good thing, but I think the State should pay for it.

Pouhana Crabbe: I haven't seen the budget; I certainly can ask Vicky.

Trustee Lee: Looking at the bill it's calling for the sum of 5 million dollars, and it's saying that the cost of the festival budget will be 24 million with a resulting profit of 25 percent increase on visitor arrivals so an estimated benefit to the State of 125 million dollars.

Pouhana Crabbe: Just some context of how Hawai'i became host for the 2020 festival. It's an event that started in the late '60s / early '70s; it happens every four years, there is a contingent of Native Hawaiian cultural practitioners and hula dancers. I believe Māpuana de Silva has been on the Festival of Pacific Arts steering committee all these years. About eight years ago Hawai'i's name was submitted, not as the State of Hawai'i but as the lāhui of Hawai'i, Hawaiian people. It was brought forth before the Festival of Pacific Arts steering committee and they had approved for Hawaii to host for 2020 really it's the Hawaiian Community who's making the effort. One of their contingencies is that they had to have government support, so that's why the State legislature stepped in as well as we were asked as our standing of Office of Hawaiian Affairs.

Trustee Machado: The Association of Hawaiian Civic Clubs passed measure identifying OHA for 5 million dollars in a resolution this past convention, just to give you guys an idea of what's being discussed.

Pouhana Crabbe: Yes.

Trustee Hulu Lindsey: I just want to share for our new trustees when we first heard about this last year, we heard that monies that we needed was going to pay for all of the Polynesians to come here for their flights, hotels, and ground transportation. That's unrealistic. I think they should be able to pay their own way to come to such a festival, that's why the price is so high.

Pouhana Crabbe: Just to clarify that is one of the mandates of the festival that the hosting country accommodates a certain percentage of people who are coming. That's not just for Hawai'i's situation, that's been the case from beginning. The intent or purpose is to perpetuate Native Culture and Language and Arts and to help generate socio-economic opportunities for the local community by bringing in this event to help support the local economy. OHA was not a part of the contingent that made the proposal; those who did make the submission were aware of that mandate. There definitely has to be greater communication and sharing information by the contingency that is planning it.

Trustee Ahuna: If we are being named, we should be included in the conversation.

Public Policy Manager Doane: To clarify, this bill isn't about requesting a State or general fund appropriation for the Commission of 5 million dollars; your position is MONITOR because of our standard policy to not support appropriation bills. There's a request from beneficiaries for us to support the bill, which I would defer to the Trustees on what to do about it. It would be a deviation from past practice. We don't support pure appropriation bills unless we can specifically show that we've already financially contributed. We are on the Commission, there are positive potential implications for our beneficiaries and it seems as though there's minimally going to be a conversation at some point by the trustees on whether or not we should be providing some financial assistance which we have not done yet.

Trustee Akina: I don't see any need to change our position at this time. There are other venues for us to continue the conversation as to whether we want to contribute. Along with Ka Pouhana, I attended the kick-off ceremony with Vicky Holt-Takamine and there's a lot of enthusiasm there, but we're part of a much bigger thing than ourselves in this and we may not have the same wherewithal to even audit the funds that we give, so I would suggest we be cautious as we go forward and continue to MONITOR at this time.

Chair Waihe'e: I just want to clarify, Administration's recommendation is to MONITOR but you're saying that some beneficiaries have asked us to support this measure.

Public Policy Manager Doane: I wanted to make sure Chair that you're aware that there are beneficiaries wanting for the Board to support this, so if you'd like to do that I wanted to make sure that you had that opportunity.

Chair Waihe'e: Ok, but Administration recommends MONITOR.

Public Policy Manager Doane: That's correct. That is our recommendation.

Chair Waihe'e: Ok, we will stick with your recommendation.

Public Policy Manager Doane: Ok we will move on.

Trustee Machado: I wanted to visit one more measure, the eradication of invasive species HB265. It's currently MONITOR and I would like to recommend Comment or Oppose because it's looking specifically at deer and revving up on Moloka'i, there was a community meeting regarding it.

Public Policy Manager Doane: Page 45, Item 230 – HB265, there's also a Senate companion. This is an appropriation bill that would provide funding for eradication of a couple different resources, one is the deer. I'm not entirely sure why there's so much comments about this bill. It would be an appropriation for Maui County, I think that there is support for eradication of deer in specific places of Maui County; highly sensitive forest lands. We've actually supported inclusion of our beneficiary's comments in the East End Molokai Watershed Plan, I believe that hunting is a Traditional and Customary Right, I also believe that the implications of mass ungulate distribution impacts our nearshore waters and water resources which adversely affects other Traditional and Customary Rights. The reason why we didn't want to weigh-in is because it may very well be that in the County of Maui which include Lāna'i, Maui & Moloka'i, that it is appropriate to eradicate the axis deer in certain places. Again, this doesn't authorize anybody to do anything, it is money funding for eradication of deer potentially in certain places, it's not enough in the entire Maui County, it's a rather small amount. If you want us to comment about the importance of deer as a food source and subsistence, we're happy to do that.

Trustee Machado: An issue with the Nature Conservancy when they were eradicating the deer, some of the deer that were shot weren't picked up so they would decay. Some of those issues are nearly defined on how they would manage the eradication and the removal of the carcass and I feel it's biased that they didn't include the *pua'a* in this as well, their snots are used to tear up the forest and eat up the native vegetation, but they're not included in this. Comments like that should be included.

Public Policy Manager Doane: Just to clarify, there's a House version and a Senate version. The reason why we had not recommended a position other than MONITOR is because it's just an appropriation bill, it doesn't authorize anything new nor does it require anything new. There were some amendments made, so we'll look at those and bring it back next week for your consideration.

Trustee Machado: Yes, I will leave it to your discretion and we can revisit next week.

Public Policy Manager Doane: Ok, we will look at the updates and bring it back.

Trustee Machado: Ok, one more matter HB1501 Relating to Molokai Ranch, in your comments it says it's deferred. *What does that mean?*

Public Policy Manager Doane: The Molokai purchase bill, which we're monitoring; the Water and Land Committee did not move it forward.

Trustee Machado: *So it's being held? Deferred is the same as held or hold?*

Public Policy Manager Doane: Yes, Correct! Ok – so I just have a few updates to go over.

Page 51, Item 256 - HB402, as you know from last week this bill is moving. I was hoping we would able to review the draft before this meeting, but it's not available yet. We will bring it up again next week.

Page 93, Item 492 – SB728; this is Senate version of the OHA election – public funding bill that was heard yesterday; it moved with amendments. As you may know trustee candidates' maximum public funding is \$1,500, it was increased to \$25,000 I think as soon as the updated draft is available we will take a look at it and update you regarding it again next week.

Page 93, Item 493 – SB729; This is the randomized ballots bill which we are monitoring. It moved.

Page 90, Item 479 – SB681; both of the term limit bills were held, so they're not moving them.

Page 93, Item 491 – SB727; this is the bill with the collective bargaining provision in it, it sounds like they're moving a bill that would establish an entirely new collective bargaining unit so that OHA staff wouldn't be placed in the State units which would give us a minority vote on those negotiations. What that would mean is that we would set up our own negotiating team, and they're going to try to incorporate and opt in making it discretionary rather than mandatory for employees. I don't exactly what that will look like because what's set up now is the State Collective Bargaining has certain kinds of staff are in different types of units, when we get the draft we'll work with Corporation Counsel and our outside Counsel to help us understand what the draft does and doesn't do. So the bill did move, and they did take some of our concerns into consideration, but we'll have to see what the draft looks like.

Trustee Lee: *So we haven't changed our stance of OPPOSE?*

Public Policy Manager Doane: Not yet. I think the last one that I wanted to go over with the trustees was the surfing bill.

Page 113, Item 592 – SB1459; this bill would create a State Surfing Commission, so the idea is that there are millions of people around the world who surf that don't necessarily understand the History of Surfing in Hawai'i and sort of all the brilliant things that Hawaiians have brought to the world, so the idea is to create this commission. We testified on this bill on Monday; there were two seats specifically for Hawaiian Community without any sort of way to determine how those members would be selected, so we made a recommendation which is kind of similar to the Burial Council composition which would mean that the two Hawaiian Community members would come from a list that OHA provides to the Governor and it looks like they took that recommendation.

That's it for today.

Chair Waihe'e: Thank you Jocelyn, are there any other questions for today members?

No additional questions or concerns from Committee...

Vice-Chair Akaka moves to approve Administration's recommendations on NEW BILLS (Items 1 -192) and BILL POSITIONS FOR RECONSIDERATION (Item 193), on the OHA Legislative Positioning Matrix dated February 6, 2019 as amended.
