IV. UNFINISHED BUSINESS

A. 2019 OHA Legislative Package Updates – Matrix 1†**

Chair Waihe'e turns it over to Ka Pou Nui Sylvia Hussey.

Ka Pou Nui Hussey calls on Public Policy Manager Jocelyn Doane to present.

Public Policy Manager Doane: Aloha Trustees. We're at a time where bills are getting their final/third reading on the floor of its non-originating house, and any bills that are amended and not agreed to by the originating house will go to Conference. So, our Budget Bill is going to go to Conference along with our Bail Bill.

Our Bail Bill has been amended specifically to put in some of the bail reform task force items in it. We are trying to get a grasp on the different amendments on the two bail bills and we're preparing to draft a letter to the Conference committee consistent with the position of the Board on our specific bill and the Bail Reform Bill.

That's the only update on the OHA Package.

Chair Waihe'e: *Are there any questions on the package members?* Ok hearing none, let's move into **New Business.**

V. NEW BUSINESS

A. 2019 OHA Legislative Positioning – Matrix 2†**

Chair Waihe'e turns it back over to Pou Nui Hussey.

Ka Pou Nui Hussey turns it over to Public Policy Manager Doane.

Public Policy Manager Doane: We have three new positions for your consideration that are not on your matrix. The first is HCR132 and SCR174; the Senate version has a hearing on Friday and we're recommending a position of COMMENT. This resolution asks us to do a study of the significance of Traditional Hawaiian Practices, in particular/regarding the Makahiki. I think the intent is to provide some data for folks that want to be supportive of the Makahiki to advocate for its use. Senator Keohokalole introduced the *reso* and I think it's well-intended. We were just made aware of the *reso* this morning, so we're trying to figure out exactly what he wants, we will follow up with him.

Trustee Lee: *They want us to do it?*

Public Policy Manager Doane: Yes.

Trustee Lee: *Will they provide funding for it?*

Public Policy Manager Doane: No, it's not uncommon for them to do this.

Trustee Lee: *Could part of our Comments be that we need a budget to do this study?*

Public Policy Manager Doane: I can absolutely do that Trustee.

Page 25, Item 87 – SB1190; We had talked about this bill numerous times and if you recall two weeks ago, the HHFDC Director came. This bill has changed in its form. It was originally 99-year leases for HHFDC and then it was 75-year leases and then 99-year leases again. Our official and present position is COMMENT. This bill, unlike the ALOHA HOMES bill, does not specifically provide for benefits to Hawaiians. I wanted to give the trustees the opportunity to change our position to Oppose if that's what we want. I think HHFDC can already do 99-year leases, which is why I hadn't previously recommended Oppose. I looked through the statutes and they don't even have a lease term extension, but the bill would expand the lands that they have control over, including lands that are set aside to them and lands that are leased to them. So, it does expand the inventory of lands. Otherwise, we'll keep it as COMMENT with sort of the same language that we don't like 99-year leases and we'd like to see specific Hawaiian benefits for these types of projects.

Trustee Ahu Isa: I would like to remain at COMMENT, not Oppose.

Public Policy Manager Doane: Ok!

We have a few **NEW BILLS** and **Bill Position Changes** for your consideration. Just want to point out a couple to you.

Page 1, Item 2 - GM740; Damien Kaimana Barcarse to the Board of Education. He is a proud, public-school graduate and he was the first in his family to go to college. He's a long-time educator and we think that he would bring a Hawaiian Language background, as well as cultural knowledge to the position. We're quite excited to recommend to the trustees that we SUPPORT him.

Page 1, Item 3 – SB1530; we're recommending a change in position from Comment to MONITOR. This bill has changed dramatically. It used to be related to the Stadium Authority, now it would condition HCDA's funds on developing a transition plan to transfer control, operation and maintenance of properties in Kaka'ako to the County. According to our Land Staff, HCDA is not really equipped for operation and maintenance in the same way that the City is, so it's a totally different bill and we're recommending a change in our position to MONITOR.

So that's all for the bills that you would vote on.

I wanted to call Everett to the table to talk about the status of HB402 and what it looks like now. Item 16, Page 5 – HB402 passed on Friday with significant amendments. Sections 2 & 3 now amend Chapter 10 to require that grants made by OHA are subject to approvals by the Board of Trustees. In terms of the language that is being amended to Chapter 10, Everett and Raina think that this is consistent with the Board Policy, taken recently, regarding the Board approving grants. That however, does not go into effect until July 1, 2021. So, it's not inconsistent with the direction the Board is headed into, but it does remove the Board's discretion from the trustees.

Trustee Lee: *So, they're saying every single grant, no matter the size, the Board must approve?*

Corporation Counsel Everett Ohta: Yes. The amendment in Sections 2 and 3 of HB402 SB2 applies to all grants. It applies it, via change, to the Board powers under §10-5, as well as an amendment to §10-17 which is OHA's grant statute. The language is a little unclear. There's a reference in the preamble in Section 1 as well as the committee report that seems to apply this approval to all contracts and grants. The way it was amended, I think it applies specifically to grants, but I think it's unclear and there could be some argument made about it making all grants and contracts subject to BOT approval.

Trustee Ahuna: *Is there a difference between grants and the money that we receive from the pro-rata share?*

Corporation Counsel Everett Ohta: Yes, the money that we receive from the pro-rata share is just the income that we receive; grants are a mean of expenditures – how we pay out that money toward community groups, and so forth. This would affect the approval required of that expenditure, for each expenditure regardless of the amount. I think the concern raised here is that the Board has already taken specific action in this regard, under the power that's already vested in the Board. It's a question of how the legislature is then saying OHA must do certain approvals. It removes certain levels of Board decision-making over how OHA operates. It really speeds up that process that's already in the works, but as this board has already recognized, that it is going to take a little bit of time to: shift operations, not impact our grant applicants, and figure how these applications are processed.

Trustee Lee: Two questions Everett, sorry; *first what section of Chapter 10 is this?*

Corporation Counsel Ohta: §10-5 as well as §10-17.

Trustee Lee: *What section does it say OHA exercises authority through the Administrator?*

Corporation Counsel Ohta: I don't know the specific reference offhand, there's a delegation under §10-5 as well, I think.

Trustee Lee: *If it is before §10-5, what supersedes what?*

Corporation Counsel Ohta: That's a good question, it's something unique to this specific amendment that's being proposed. The statutes that empower this Board does not otherwise say how the Board is to do certain things. It's kind of left to the Board's discretion and that's where we have a concern about this being the first step towards this kind of...

Trustee Lee: It's a slippery slope of taking away our autonomy.

Public Policy Manager Doane: We were thinking about requesting that the section be deleted as it's unnecessary and citing the Board actions, and alternatively ask for clarification on exactly what they are referring to. This is something that has come up at hearings since the very first Budget hearing that we had this session; there have been questions about approval processes. I am concerned about an interpretation that assumes that this is related to our contracts though because we must comply with procurement and there are strict processes for that. To give the trustees the power to overrule procurement I think would be problematic too for other reasons. If there are no other comments, we

would recommend that the sections be deleted and refer to the Board's actions and alternatively ask for clarification on what they're asking for.

There are no responses.

The next section I want to bring to the trustees' attention is Section 4; it's basically the same exact language in the previous version of the bill related to allowing UH to offset the amount of receipts that it transfers to OHA by the amount that it receives from tuition and special funds that UH spends on Native Hawaiian programs. It's highly problematic because it deviates from previous agreements between OHA and the State about the definition of revenues which we still both rely upon Act 304 for.

We would request that the section be deleted, noting that the Board of Trustees under the Constitution of the exclusive authority to determine how trust funds are spent on behalf of our beneficiaries that incidental benefits to our beneficiaries through programs does not alleviate the State from its specific responsibilities. I also am trying to see if we can get data about the Hawaiian Studies and Hawaiian Language programs because these programs are full of non-Hawaiians, so we're not sure how they're going to calculate this benefit. UH has also insisted that Hawaiians are going to benefit specifically from the new telescope on Mauna Kea because we are OHA. They've used this to defend benefits to Hawaiians - that OHA was going to get 20% of the lease and the tours. So, to alleviate their kuleana to do that would fly-in-the-face of what they've been saying. We would clarify that Act 304 already allows substantial revenues that UH generates to not be included. If you look at the definition of Act 304, the most extensive exclusions of receipts are related to UH's exclusions – Education, Tuition, Scholarships, Books, and Grants. These have always been excluded and we're not asking for that now. This is something the negotiating committee should discuss if it moves.

Corporation Counsel Ohta: I just want to emphasize how dangerous this provision is by providing UH the opportunity to offset the amount that it transfers to OHA against what it spends on Native Hawaiian programs, assumedly however they decide to define that. What this would effectively do is allow UH decision-makers to stand in the place of this Board to say how PLT money should be spent on benefits to Native Hawaiians. That is something that's going to be asked for across all the agencies if UH receives something like this and we absolutely need to Oppose this section and do everything we can to make sure something like this isn't inserted. The language for the UH offset would begin in FY20. So, even if this bill were to pass the Negotiating Committee that is created; while they're working on their business of a potential increase to OHA's pro-rata share, UH benefits from that offset immediately.

Trustee Lee: I just want to clarify - because we're saying SUPPORT WITH AMENDMENTS – so, if they don't take our amendments and take all of that out, *then we no longer support it?*

Public Policy Manager Doane: Yes, that is our current position.

Trustee Lee: Thank you.

Chair Waihe'e: *What happened to the pro-rata share part of this?*

Public Policy Manager Doane: We met with the WAM Chair on Monday of last week asking for the bill to be heard before the deadline. We did ask for him to hear HB402 as it was at the time, which still would've allowed for the conference committees to discuss putting an amount back into the blanks and that didn't get far. I think he's trying to figure out what makes sense and it's a complicated issue. After asking for third time to hear the bill, I asked what if we just at least started formal discussions back up again through the negotiating committee, which is where the proposed draft came from in the first place. So, right after that meeting, we redrafted a proposed draft for his consideration; so that's what happened to the 35 million-dollar amount.

Section 5 establishes the Public Land Trust Negotiating Committee. As currently drafted, it is comprised of six members: the OHA Board Chair, Governor or their designee, Senate President, House Speaker, and somebody designated by both the Senate President (5) and the House Speaker (6). As it's currently drafted; non-decision makers could become members of the committee and it's heavily the legislature. So, we're thinking about asking for the removal of number five and six (the Senate President and House Speakers designees).

Trustee Hulu Lindsey: The smaller the group, the easier it is to come to a consensus sometimes.

Public Policy Manager Doane: Right. Section 6 would require the Department of Budget and Finance to complete a financial review by December 2020, which we think is a good idea because right now only our financial review is available. So, whenever we speak to policy-makers the only information that we have is ours, to start conversations. It would be really, good if they did their own review as well.

Section 7 would require that the auditor complete a review of all programs that serve Hawaiians and are administered by State agencies. This is similar, to the offsetting of the UH expenditures. I think legislators would like an idea of how they are already serving our beneficiaries. We think that it could be a slippery slope. The WAM Chair wanted this provision in there which is why we drafted it. The auditor however raised some concerns because they weren't clear exactly what they were supposed to do. The auditor and the auditor's staff came to the hearing and specifically said they weren't clear about if they wanted a compilation of programs that only serve Native Hawaiians or if they wanted a compilation of programs that Hawaiians benefit from. As you know, all these Education programs that we provide funding for are not limited to Hawaiians. Hawaiian-focused Charter Schools do not exclude non-Hawaiians. A substantial number of other programs provided, also, do not exclude non-Hawaiians. So, we would probably write some comments in the letter asking for clarity.

Finally, Section 10 – Everett will speak about it.

Corporation Counsel Ohta: Section 10 makes contingent any increases of PLT monies to OHA contingent on the completion of the fiscal and comprehensive reviews conducted pursuant to this Act and as approved by the Board of Trustees of the Office of Hawaiian Affairs. I think based on former bill language, this is supposed to refer to the CLA Audit. Yet, I think it may have gotten a little confusing because it still references this Act, which would mean the reviews conducted by the Department of Budget and Finance and the State Auditor. We will recommend that it be amended, to be the CLA Audit.

Public Policy Manager Doane: Which we have control over. *Do the Trustees have any questions?*

There are no responses.

Public Policy Manager Doane: I did want to make sure that we provided an opportunity to discuss concerns that we may have about the bill not moving because some of the trustees have not been a part of that conversation. I think that there are Senators that are not particularly happy with us regarding our advocacy on the water bill; particularly in our issuance of the press release. So, we have some work to do. Representative Holt has been working really, hard and has been our champion for this bill at the Legislature, so we would like to respect the work that he has done.

Chair Waihe'e: *Ok members, is there any discussion or questions about the Positioning Matrix?*

There are no responses.

B. 2019 Federal Legislative Updates – Matrix 3†**

Chair Waihe'e turns it over to Ka Pouhana Kamana'opono Crabbe.

Ka Pouhana Crabbe calls on D.C. Bureau Chief Keone Nakoa.

Washington D.C. Bureau Chief Nakoa (by telephone): Aloha Trustees, I know it's been a long day, so I will go over the PowerPoint Presentation quickly for you.

Washington D.C. Bureau Chief Nakoa (by telephone): Congress is meant to be a filter not a funnel. 13,000 bills were introduced in the last Congress and only 3% made it into law, so it's really, not meant to pass law as much as it's meant to grow ideas and make sure they're very well-vetted before becoming policy. They're not usually as accessible as the State Legislature is.

Congress by Design

- Filter vs. Funnel
- Open system with many points for change
- Committees as gate keepers, mini-congresses and subject matter experts
- Consensus vs. Controversy

Congress vs. Hawai'i State Legislature

- Full-time legislature
- No session deadlines (e.g., lateral, cross-over, etc.)
- No limit to number of bills introduced by any Member
- Generally, bills are referred to one Committee
- Subcommittees are integral to legislation and oversight
- Importance of coalition building
- Public testimony
 - Individuals must be invited by Congressional Committees to present oral testimony at legislative or oversight hearings
 - Written testimony limited depending on each committee's rules
 - No testimony at bill markups

Washington D.C. Bureau Chief Nakoa (by telephone): So, we have two bills for your consideration. The first is the Esther Martinez Native American Language Program Reauthorization Act and the second is the Native American Suicide Prevention Act. The Esther Martinez bill reauthorizes programs that benefit Native Hawaiians. In 2008, three Native Hawaiian Cultural and Language based projects received a total of \$874,486 under the Preservation and Maintenance Program. Regarding the Native American Suicide Prevention Act, if the State of Hawai'i chose to pursue grants for a Statewide Suicide Prevention protocol or effort, they would coordinate with Papa Ola Lōkahi (the Native Hawaiian Health initiative).

Chair Waihe'e: *Thank you Keone. Members, is there any discussion or questions?*

There are no responses.

Trustee Ahuna moves to approve Administration's recommendations on:

- **OHA FED 1: S. 256 / H.R. 912; and**
- **OHA FED 2: S. 467 / H.R. 1191, both as SUPPORT**

IV. UNFINISHED BUSINESS

A. 2019 OHA Legislative Package Updates – Matrix 1†**

Chair Waihe'e turns it over to Ka Pouhana Kamana'o pono Crabbe.

Ka Pouhana Crabbe calls on Public Policy Manager Jocelyn Doane to present, as well as Wayne Tanaka, Lead Advocate.

Public Policy Manager Doane: Aloha Trustees. We're in the final stretch of this session which I'm super-happy about. Conference Committees should be convening this week and next week, and then the week after that, will be the final floor votes. Sine Die is on May 2nd. As it relates to the calendar, *bills* will be having conference committee hearings this week and next week and then *resolutions* will finish their hearings on Thursday; the resolutions need to be decked by Monday.

As it relates to our Budget Bill, the Senate has appointed Conferees; they are Senators: Shimabukuro, Kahele, Kidani, and Favela. The House has not appointed their Conferees yet.

For our Bail Bill, the Senate has appointed Conferees once again and the House has not. They are: Senator Rhoads, Keith-Agaran, Gabbard, and Favela. The other bail bill HB1552 that we're monitoring super-closely has only House Conferees; they are: Representatives Lee, Takayama, Gates, Kong, and McDermott.

Those are the only updates that we have for our package, I will talk about our update on HB402 when we get to the positioning matrix, but the Senate Conferees are: Shimabukuro, English, Kim, and Favela. There are no House Conferees yet.

Chair Waihe'e: *Are there any questions on the package members?* Ok hearing none, let's move into **New Business.**

V. NEW BUSINESS

A. 2019 OHA Legislative Positioning – Matrix 2†**

Chair Waihe'e turns it back over to Ka Pouhana Kamana'o pono Crabbe.

Ka Pouhana Crabbe turns it back over to Public Policy Manager Jocelyn Doane, as well as Wayne Tanaka, Lead Advocate.

Public Policy Manager Doane: I just wanted to give Trustees a quick update on the status of some of the key bills that we've been talking about that are still moving. HB402 is on Page 4, Item 13; the House hasn't appointed Conferees yet, but we have some House meetings today so that will be the main priority of the meeting. We just got a draft from Everett late, last night for our Conference letter. So, I'll be reviewing those to make sure that it's consistent with the discussion that we had at the table. Basically, our current concern is the language that carves UH out from contributing from the pro-rata share. As of last year, they paid about \$700,000 and as you know they've said over-and-over again that Hawaiians are going to benefit from TMT because they're going to get a percentage of the lease and now they're saying they don't want to give us anything. So, we think that's highly problematic and that would be our number one concern moving forward about the current draft.

Page 11, Item 34 – HB1116; this is the only OHA Election Bill that is still alive. This is the one that would randomize the ballots. So far there have been House Committee Members assigned – Lee, Luke, Morikawa, and Thielen.

The next is regarding the request for OHA to complete the audit; there are four resolutions that are moving and will likely be adopted related to that.

The Lot I Resolution is dead, as we have requested.

The Resolution related to the audit of the LLCs is still alive, it has a hearing tomorrow.

There are three bills that are still alive that we **OPPOSE**.

The first one is on Page 10, Item 30 – HB1025; Conferees have not been assigned to this bill yet, this is related to Lease Extensions. We still have concerns about there being no aggregate cap.

A quick update on the Charter Schools bills, I won't go through each one because it's a simple update. Basically, there is no bill that currently has facilities-funding in it, but there are bills that are going to Conference that previously had facilities-funding in it. So, we're hoping and we're preparing to draft a letter to request that they put it back in. It was the position of the House that they wanted to provide facilities-funding. We're not clear what the position of the Senate is at this point.

The other good things that are still moving are Teacher Bonuses and Incentives. They would come out of a separate line item and NOT the per-pupil funding. There is also still an appropriation moving for support for the existing Pre-K Classrooms in our Charter Schools.

There are two other bills that we **OPPOSE**.

One is related to the Library Pilot Project and the other is related to the Education Pilot Project. The only thing we're objecting to in those bills is the leases beyond 55 years. The library still has the number 99 in it and the school one is blank, at the current moment.

That's the update for today.

Trustee Akina: Back to HB1116, *is that Effective Date of 2081 a typo?*

Public Policy Manager Doane: No that's not a typo, 2081 would be the Effective Date.

Trustee Akina: *Then they attach the Effective Date in Conference?*

Public Policy Manager Doane: It would have to be amended for the bill to pass. That means the Senate didn't want the House to move the bill without getting their consent. So, the measure must go to Conference for it to pass. If it doesn't get assigned Conferees or if the date doesn't change, then it will not pass.

Chair Waihe'e: *Ok members, is there any discussion or questions about the Positioning Matrix?*

There are no responses.

Chair Waihe'e: Ok, we don't have any NEW BILLS or BILLS FOR RECONSIDERATION to vote on today, so we will move on with the agenda.

VI. COMMUNITY CONCERNS*

'Ilima Kela (National Guard Youth Challenge Academy): Aloha Kākou, mahalo for this opportunity. This wasn't planned, I was in town for work and the opportunity arose that I could come and share about our program to the Board; so, thank you.

We are the National Guard Youth Challenge Academy and we assist youth between 16 & 17 years old that are struggling with school. People think and it has been the case in the past that it's the youth that are troubled or they think that we're a detention facility; we are not. We bring in youth that struggle for many different reasons - some who are being bullied in school, so they don't want to go to school anymore. A big part of our youth are Native Hawaiian and they're struggling academically. So, they tend to either make trouble or they will fade into the background and not be heard, because they don't want to raise their hand or be called on and not know the answer.

We've adopted the military structure and discipline; people think we are molding soldiers, we're not – we're giving them the discipline that they need so that they can be productive. The hope is they come to us for 22 ½ weeks and we provide them a structured-facility-and-environment and they earn their high school diploma; it's an adult education-based diploma. We're working on the HiSET because the Community Based Diploma is no longer accessible. The Federal Government did away with it, because they're saying it's not a High School equivalent. The HiSET is a little higher and we'll need to get a little more structure with their academics, but it will make them better.

Along with the program besides earning their diploma we're providing them with different life-skills that they need. Not all of them will go to college or the military, although we do offer those pathways, but the job force is another thing that we work hard on. We teach them job-skills: how to walk into an interview, how to dress, how to shake a hand; all the little things that a lot of people, some even with degrees don't really know or were never taught. They leave us knowing how to create a résumé and cover letters. We also teach them about leadership and fellowship. We have a Student Body Government, where they have to say a speech and we provide voting booths for them to cast their votes and get sworn in; we try to make it as real as possible for them.

We have a campus here on O'ahu at Kalaeloa and also one in Hilo (I'm representing Hilo). Often, during my outreach, people will ask what the difference is between the programs on each island, we both do great work. The biggest difference is that on Hawai'i Island we have the resources, we give them the opportunity to get their hands dirty in the land. We expose them to these things that they are ma'a too, and those who are not ma'a, get new experiences. We often have kids who come and don't know who they are, and we try to let them know that as Hawaiians you need to know who you are and where you come from. It's not a part of our curriculum, but it's something that I personally try to instill in them. I just want to try to educate as many people about our program as possible, so we can assist the youth.

The Trustees Mahalo 'Ilima Kela for her time and information.

IV. UNFINISHED BUSINESS

A. 2019 OHA Legislative Package Updates – Matrix 1†**

Chair Waihe'e turns it over to Ka Pouhana Kamana'o pono Crabbe.

Ka Pouhana Crabbe: Good Morning and Happy May Day. I'll call upon Public Policy Manager Jocelyn Doane to present.

Public Policy Manager Doane: Aloha Trustees, tomorrow is *Sine Die* - so the last day of Session. Despite some rough patches and our PLT not moving as far as we would like, yet we all know it has moved much further than we thought it would move, when the session began. So, we're super-excited about that. I think it's been a successful session and I'm super-proud of our staff who worked EXTRA hard this year because we're short-staffed. I'm grateful for our trustees, who also did a great job at the legislature.

As it relates to our package, two of our five measures moved which we're excited about. Our Budget Bill appears to be the same budget from last biennium with a kind of complicated caveat that a Financial and Management Audit be completed to access our Fiscal Year 2021 general funds. Our three historic provisos: Education, Legal Services and Social Services remain whole and we can now award our social services funding via a competitive grants process if that's what we choose to do. We've been using procurement for that and we can continue to do that as well.

We got a little over 3 million dollars in general funds per year; that's about 1.9 million dollars in operating funds which are our programmatic funds like grants, contract funds and legal provisos. A little under \$300,000 in operational funds, which we generally have used in the past for rent or to supplement our mortgage payments and a little over 1 million dollars in personnel which also provides OHA with an additional benefit of approximately 600,000 dollars because of the fringe benefit.

Section 8 is the complicated section which we are diligently trying to understand. It contemplates what appears to be an additional audit. It attempts to require OHA to expend half-a-million dollars in Fiscal Year 2020 Trust Funds for the COST for the auditor to conduct or 'contract to conduct' a Financial and Management audit. The auditor is supposed to report its findings at least twenty days prior to the 2020 session, which is about 7 months from now and which is really-quick for a 500,000-dollar audit. It conditions the release of the funds on the receipt of this audit.

The language is a bit confusing, so we're having conversations with our Counsel and eventually we need to have more conversations with our Research Management team and the auditor about what everyone thinks this language requires.

Two of the questions that I posed to the group is: *“Does the language require a new audit that’s not already underway?”* From a simple reading of the language, that’s what it appears to do. I’m not convinced that’s what the conference committees intended. There was a discussion at the table on the last day of the conference about our CLA audit, but the quick review of the language makes it seem like it’s a new audit. I think the intention and what is written on the paper may not be the same thing. If it was the intention to urge us to complete the CLA audit, it would’ve been clearer if the language said something different. It’s talking about expending 2020 funds. We’ve already encumbered the funds for the CLA audit and it was not 2020 funds. The CLA audit may or may not be a performance and management audit according to accounting principles, so there are a bunch of questions and discussion that needs to happen.

The other question that I posed to the group is, let’s assume we must do a new audit; *is it possible that we spend less than half-a-million dollars?* That amount is a lot of money to do a whole other audit in that time-period that it’s expected to be done. Also, I’m not sure the duration is a ‘reasonable time-period’. I’m hoping the auditor will say that, it is possible for us to spend less than 500,000 dollars and still argue that we fulfilled the section.

There’s language in there about cost. So, *can the auditor propose to do an audit that fulfills these requirements in the time-period that may cost less than half-a-million dollars?*

Trustee Lee: *Has the AG weighed-in regarding that? Does the legislature have the legal right to tell OHA how to expend its Trust Funds?*

Public Policy Manager Doane: That’s a good question. The legislature cannot tell us how to spend our trust funds. So, they don’t have a right to appropriate our funds. We have the option of fulfilling Section 8 and accessing Fiscal Year 2021 funds or not. Half-a-million dollars seems like a lot of money for another audit. On the flipside, we would potentially lose out on 3 million dollars of general funds.

Trustee Lee: *Are they constitutionally-mandated to give us this money?*

Public Policy Manager Doane: I don’t think so, but I would defer to our Counsel to answer that question.

Trustee Hulu Lindsey: *Is this bill done already; has it been voted on? Or can it still be amended?*

Public Policy Manager Doane: Tomorrow is technically the last day, but no amendments can be made on any bills, if any bill survives. It’s possible that this bill gets killed tomorrow, unless they extend session, which would be extraordinary. No bill can be amended because it would need to get final reading in both houses in its amended form, and there’s only one day of floor session left, which is tomorrow.

Chair Waihe’e: *Is there any further discussion or questions on the package members?* Ok hearing none, let’s move into **New Business**.

V. NEW BUSINESS

A. 2019 OHA Legislative Positioning – Matrix 2†**

Chair Waihe'e turns it back over to Ka Pouhana Kamana'o pono Crabbe.

Ka Pouhana Crabbe: Thank you, I'll turn it back over to Public Policy Manager Jocelyn Doane to continue.

Public Policy Manager Doane: We only have three bills for your vote and then I was intending to give a quick update on the other bills that we've talked about as they have moved through session.

The first one is a Table Change, it's in the matrix, but it's in the wrong place; Page 15, Item 55 – HB1586; is now a bill that establishes a stadium development district – it changed in Conference, so we are recommending a position of COMMENT on this. This is a new position because the Stadium bills were in other bills which have died. Basically, it would create a new development district, the Stadium Authority would continue to have jurisdiction. I'm a little confused but the HCDA somehow now going to be involved. So, there's a huge appropriation in this bill, it's a 20-million-dollar general fund appropriation and a 100-million-dollar gold bond. The idea is to redevelop the stadium – which the State has been trying to do for quite some time. The one we don't love about the bill is it would allow leases up to 99 years in this district, but the data has shown that the overwhelming majority of the lands are not ceded lands and at this point there's nothing we can do about it anyway, because this was not in the previous versions of the bill.

Page 1, Item 1 – HB 809; this is a GIA Bill – it's an appropriation of \$75,000 for FY20 to CNHA and it basically asks us to be the expending agency. We didn't ask for it, and we didn't know about it until the other day, but different agencies apply for different GIAs. Once-in-a-while, the Legislature will ask us to be the disbursing agency. It seems small enough that I can't imagine it would create an administrative burden for us; we've done much larger ones before. We are recommending a position of MONITOR.

I won't go over the Item 2 – SCR17; it actually died. It will fall off the matrix soon.

I would like to go over all the bills that were alive in the last couple of weeks that name OHA as well as the bills that we OPPOSE, I'm not going to give page numbers unless trustees ask for them. The good news is there are only two bills that we OPPOSE that are likely to pass out of the ten or so that we have been watching, they are the Education and Library Pilot Projects.

I'm going to start with a bill that is not on the matrix, I know the trustees sometimes ask about DHHL's Budget – HB2 passed a while ago, the Governor already signed it. This is the Governor's Budget - it looks like DHHL got about the same amount of money that they received last year in General Funds for Administration and Operations Support. Technically their line item amount is only 18-million whereas it was 25-million before, but they've amended the budget so that Budget & Finance will take care of their Fringe, so it'll come out to about the same. There are also some general obligation bonds that are going to be issued to help plan for homesteads in the amount of 26-million-dollars.

HB402 as we know is our Public Land Trust Bill; it made it to Conference. We're super-excited about that and appreciate all the hard work of our champion legislators. The UH language wasn't going to be taken out, it seemed, at the end, and so we weren't that disappointed that the conference didn't move the bill as it was drafted. We have some education to do about how that erodes the policy. How exempting UH from paying its fair share erodes the policy that had long been set and established by the State.

Trustee Hulu Lindsey: I think we need to build up where we help our Hawaiian students with all of our grants to allow them money to go to school, so that offsets – not them deciding to spend our money.

Public Policy Manager Doane: Right, exactly.

Trustee Hulu Lindsey: We do have money for higher education that we give our students.

Public Policy Manager Doane: We would have so much more if UH paid what they should be paying. Basically what's happening is UH is saying "we have all these Hawaiian programs that we pay for, we shouldn't have to give OHA money", but the whole purpose of creating OHA is that OHA would make those decisions and so they're trying to sit in the seat of OHA and make those decisions on how to spend the Trust Funds.

Trustee Hulu Lindsey: We need to educate our legislators that that shouldn't be happening.

Public Policy Manager Doane: Right.

Ka Pouhana Crabbe: I believe they had stated that UH was awarding 7 million, *was that ever clarified where that funding was coming from?*

Public Policy Manager Doane: Yah, a part of the reason why we were suggesting that if you're going to pass a negotiating committee why don't you make this one of the discussion points. It is because UH is using all these figures and we have no idea what the basis of those figures are. As we know, they get access to Federal funds and there are Hawaiian-serving agencies that provide a substantial amount of scholarships. So, I have no idea where that 7-million-dollar figure is coming from.

Also they're allotting their investments in these Hawaiian programs as being directly beneficial to Hawaiians; we don't have data on who is actually taking these classes. We are aware that the lower level Hawaiian language courses are highly populated with non-Hawaiians, and Hawaiian Studies 107 is a Core Requirement that can be used to fulfill graduation requirements which are always full of non-Hawaiians. To suggest that all programs are directly benefitting only Hawaiians is absurd.

The next bill that named OHA is HB1116 which is the Randomizing Ballot Bill, that didn't get out of Conference either.

HB1552, this is the other big Bail Reform bill that passed this year. The Conference Committee did remove a bunch of the big items that were previously in other versions of the bill which we were bummed about. For example, some of the big discussions about this bill that came from the recommendations of the task force was: eliminating money bail for low level offenses and creating presumptions in favor of release for higher level offenses. A lot of the smaller reform recommendations remain, so the law now requires defendant's financial circumstances to be considered in bail determination. It makes an appropriation and provides for the establishment of an oversight commission which will be in the Office of the Chief Justice at the Judiciary. This bill passed just yesterday final reading in both chambers. Assuming nothing crazy happens tomorrow then the bill will pass.

HCR188, there were three versions of this bill that passed. It urges completion of the 2017 CLA audit and as you know the trustees recently voted to extend that contract to the end of the year. We don't foresee any problems in fulfilling that request to the legislature, currently.

SCR70, this is related to the LLCs. It requests OHA to conduct an independent Fiscal Audit of the LLCs. Our LLCs do a financial audit every year and the auditor of our financial audit also considers the audit of the LLCs and incorporates their findings in our published Financial Review.

HB622, this is the bill related to eligibility of the Charter Schools and providing some oversight over the Financial documents and accounting of the Charter School. As you may recall, there are previous versions of this bill that we did Oppose. The Conference draft is rather good – it requires the Charter Schools to provide access to the Authorizer of their accounting for better oversight and it allows the authorizer to withhold second-per-pupil allocations to schools if they haven't complied. It doesn't do some of the other things, like: requiring an entirely new system like the other versions did and things that we thought were going to be hurdles to the Charter School's fulfilling its requirements; so, that's good. It also disqualifies individuals that were affiliated with Charter Schools from serving on the Commission within one year as opposed to four years which was previously drafted. We think this is a much-improved version of the previous bills and it provides a little bit more oversight over the finances.

HB820, this is what used to be the ALOHA HOMES bill; it has now turned into a study. I just wanted to bring this up because I don't think this concept is going to go away. We've had some really good conversations with the Senator from Hawai'i Kai on this and are making sure that there are contributions and specific benefits to Hawaiians. The Senator has been super-receptive on that. So, in the off session we'll continue to work with Senator Chang about that, but for now, it's just a study.

HB1025, we talked about this bill so much I just wanted to give trustees an update. This bill died because the conferees couldn't reach an agreement. This would've allowed up to forty-year extensions on open leases which we had some concerns about. We'll continue to talk to the Water and Land Chairs in the off session about this idea. There were some better ideas floating around during conference, but they didn't come to an agreement on both sides.

SB78, this is the only Charter School Bill that got funding as far as we know. As far as we understand, no facilities-funding bills passed this year, unfortunately. This is related to the Pre-K program. It appropriates 4-million-dollars for the next two fiscal years for Pre-K classrooms in Charter Schools and a bunch of Hawaiian-Focused Charter Schools have them. We've been a strong supporter of this. This was actually deferred. We thought it was going to die, but yesterday the Senate voted to reconsider their disagreement with the House version. It will have its final reading tomorrow.

SB976, this is one of the two bills that passed that we OPPOSE. This is the Public Library Pilot Program. It's very similar to the Education Pilot Program; it allows the Board of Education to lease up to three sites identified and selected by the Board for up to 99 years. We don't like the idea of the 99 years, but at least it's only a Pilot Project and not a statutory change.

SB1292, this bill was voted on three times in the last three days. I'm going to have Wayne go over it.

Senior Public Policy Advocate Tanaka: This bill was originally to allow transient vacation unit platforms like Airbnb to collect taxes on behalf of their operators, but it would've also included various enforcement mechanisms, prohibitions and disclosure of certain information in counties, and so forth. It was amended in the Senate to only allow Airbnb and those platforms to collect taxes, so there was no real enforcement component after that. It seemed to be dead in the Senate after they couldn't pass on the final reading. Yesterday there was a big vote in the Senate to reconsider that final reading. There were a number of bills that were supposedly going to be held up because of the potential loss of revenues, if the bill didn't pass. The bill did pass by one vote and so again it doesn't provide for any real enforcement mechanisms; it just allows for Airbnb and those kinds of businesses to collect taxes.

Public Policy Manager Doane: SB1303, this is the Education Pilot that was originally 55 years for the three sites, now it has been extended to 99 years. This is the second bill we OPPOSE.

We talked a lot about the water bill, so I want to give an update on that. The Water Bill in the Senate has only gotten one reading. The Constitution requires three readings. To pass, the bill needed to have had a vote on the floor yesterday for its second reading and then Thursday would've been the opportunity for the third reading. So, unless there's an extension of the session, the Water Bill is dead for the year. That is our final update Trustees.

Chair Waihe'e: *Ok members, is there any discussion or questions about the Positioning Matrix?*

There are no responses.

Vice-Chair Akaka moves to approve Administration's recommendations on *NEW BILLS*; Items 1 and 2, both as **MONITOR, and Item 55, HB1586 as **COMMENT** on the OHA Legislative Positioning Matrix dated May 1, 2019, as amended.**

I. Proposed Action

The Native Hawaiian Revolving Loan Fund (“NHRLF”) staff seeks the Committee on Beneficiary Advocacy and Empowerment’s (“BAE”) approval of both Mr. Alvin Tanaka and Ms. Liane Khim as the NHRLF Board of Directors (“NHRLF BOD”) Island of Oahu representatives. Mr. Tanaka has forty-six (46) years of District Manager level in the financial service industry. Mr. Tanaka is currently the District Manager for Onemain Financial / Springleaf Financial Services of Hawaii, Inc. Ms. Khim has twenty (20) years of lending experience from her work with financial institutions. Ms. Khim is currently a Vice President, Commercial Banking Officer, for American Savings Bank.

Mr. Scott Kaulukukui will be completing his services as NHRLF BOD President on October 31, 2019. Mr. Tanaka will be replacing Mr. Kaulukukui at that time as an Oahu representative. On March 31, 2020, Mr. Nelson Moku III will be also terming-out of his six-year commitment. At that time, Ms. Khim will replace Mr. Moku III as the second Oahu representative.

Between Mr. Tanaka with his current position as District Manager, OneMain Financial, and Ms. Khim, Vice President, Commercial Banking Officer at American Savings Bank have 66 years of economic development and lending experience. A copy of their resumes is attached for your review.

II. Issue

1. Whether or not the Board of Trustees should approve the recommendation of Alvin Tanaka and Liane Khim as the Oahu representatives for the NHRLF BOD.

III. Background

Consistent with 45 CFR 1336.66, the NHRLF BOD shall be responsible for final decision-making on a loan application made to the NHRLF. Its BOD consists of the following seven (7) volunteers who support the NHRLF loan programs:

| | Name | BOD Title | Island | Current Term Ends | Final Term Ends |
|----------|--------------------------|-----------------------|---------------|--|------------------------|
| 1 | Scott Kaulukukui* | President | Oahu | 2nd term: 10/31/2019 | 10/31/2019 |
| 2 | Nelson Moku III | Vice President | Oahu | 2nd term: 3/31/2020 | 3/31/2020 |
| 3 | Susie Thieman* | Secretary | Maui | 2nd term: 5/22/2021 | 5/22/2021 |
| 4 | Jessica Kaneakua | Member | Hawaii | 2nd term: 8/1/2021 | 8/1/2021 |
| 5 | Mike Tresler | Member | Kauai | 1st term: 9/30/2020 | 9/30/2020 |

| | | | | | |
|----------|----------------------------------|-------------------------------|----------------|---|---|
| 6 | Keani Rawlins-Fernandez * | Member | Molokai | 1st term: 9/30/2020 | Waiting for replacement recommendation |
| 7 | Misti Pali Oriol | OHA Representative | Oahu | 1st term: 6/20/2020 | 2nd term: 6/20/2023 |

IV. Discussion

Now, the process the NHRLF staff is following is consistent under the NHRLF Operational Guidelines Version 2.0 as of March 1, 2019, which states the following:

- “The Board shall be comprised of seven (7) Directors, including one (1) OHA representative and one (1) Director from each county in the State of Hawaii.”
- Each Director has a term of three (3) consecutive years and may serve for no more than two (2) consecutive terms for a total of six (6) years.
- “The OHA Board of Trustees must approve appointments to the NHRLF Board. The Commissioner of the Administration for Native Americans (ANA) is responsible for final approval of Directors.”

Based upon these requirements, we hereby request approval of the recommended action.

V. Recommended Action

1. The Committee on Beneficiary Advocacy and Empowerment (BAE) approves and recommends the OHA Board of Trustees (BOT) approve Mr. Tanaka and Ms. Khim as Oahu Island Representatives for the Native Hawaiian Revolving Loan Fund (NHRLF) Board of Director (BOD); and

VI. Alternative Actions

1. Amend the recommended actions
2. Do not approve the recommended actions

OHA Staff Final Report
Thirtieth State Legislature
Regular Session of 2019

Introduction

OHA staff tracked nearly 740 of the approximately 3,100 bills, as well as nearly 180 of the approximately 1,400 resolutions and Governor's Messages that were introduced in the 2019 Legislative Session. OHA also introduced its five package bills via 10 measures or "vehicles" for the 2019 session, two of which were adopted into law. In addition to OHA's 2019 Legislative Package, OHA supported or supported with amendments 162 measures identified as having positive outcomes for OHA beneficiaries; 28 such measures passed. OHA also opposed 21 measures having adverse impacts to OHA's beneficiaries, two of which were passed by the legislature and adopted into law. Notably, OHA was instrumental in opposing and defeating measures that would have authorized the continued diversion of streams in East Maui without any environmental assessment or meaningful application of the public trust, and that would have tied the state's hands in protecting nearshore resources upon which Native Hawaiian cultural and subsistence practices depend. OHA was also critical to the passage of a law implementing a range of long-awaited criminal justice reform measures, and that included Native Hawaiian representation in the oversight of our prison system's transition from a punitive model to a more rehabilitative and therapeutic one.

OHA's 2019 Legislative Package

Efforts to solicit legislative ideas and proposals for OHA's 2019 Legislative Package began in July/August 2018. Internal meetings were held with various Paia and other working groups to inform staff of OHA's legislative advocacy, and to gather ideas for OHA's 2019 Legislative Package. Additional input was collected, and meetings were held with external stakeholders within the Hawaiian community and with other subject matter experts. Gathered ideas were internally discussed, researched, and evaluated by Public Policy staff, resulting in five unique measures being put forward as OHA's 2019 Legislative Package: OHA-1, introduced as House Bill 172 (HB172) and companion Senate Bill 190 (SB190); OHA-2, introduced as House Concurrent Resolution 3 (HCR3) and companion Senate Concurrent Resolution 2 (SCR2); OHA-3, introduced as House Bill 173 (HB173) and companion Senate Bill 191 (SB191); OHA-4, introduced as House Bill 174 (HB174) and companion Senate Bill 193 (SB193); and OHA-5, introduced as House Bill 175 (HB175) and companion Senate Bill 192 (SB192). All five (5) measures were vetted by the OHA Executive Team and received approval on October 17 from the Beneficiary Advocacy and Empowerment (BAE) Committee of the Board of Trustees (BOT), and on October 18 from the BOT itself.

OHA-1 (HB172/SB190), OHA's budget bill, requested \$3,980,579 in state general fund appropriations for each fiscal year in the upcoming biennium. As introduced, OHA-1 requested \$942,700 more per fiscal year compared to what OHA received in the previous fiscal biennium; OHA's budget request included an increase of \$562,130 in general fund appropriations to help address increasing fringe costs for personnel, and further requested \$500,000 in general funds for housing improvement programs. Requested state funds were proposed to be matched by OHA trust funds.

OHA-2 (HCR3/SCR2) sought to urge the State Public Charter School Commission (“Commission”) to provide a report on the criteria developed for facilities funding distribution, on the prioritization of funding as advised by the statutorily established Facilities Funding Working Group, and on any recommendations and proposed legislation for the legislature’s consideration. OHA-2 would have followed up on an existing but long-neglected statute that contemplates legislative appropriations and bond authorizations to cover charter school facilities costs, tasks the Commission with the development of criteria for distribution of appropriated facilities funding, and further establishes and tasks the Facilities Funding Working Group to advise on the prioritization of funding distribution pursuant to such criteria. OHA-2 would have accordingly helped encourage a much-needed first step towards meaningful relief for charter schools’ facilities funding needs.

OHA-3 (HB173/SB191) sought to strengthen the basis for updating Native Hawaiians’ pro rata share of the Public Land Trust (“PLT”), by codifying Act 178 (Reg. Sess. 2006)’s requirement that the state, through the Department of Land and Natural Resources (“DLNR”), provide an annual accounting of the total revenues generated from the use of PLT lands. OHA-3 would also have further 1) explicitly reaffirmed that all PLT revenues be accounted for and reported on, regardless if an agency believes such revenues are subject to OHA’s pro rata share; 2) explicitly reaffirmed that UH is also subject to Act 178’s reporting requirements; and 3) required the DLNR to identify and provide a rationale for any instance where 20% of the revenues received from PLT lands are not transferred to OHA.

OHA-4 (HB174/SB193) sought to require three of the 21 members of the Hawai‘i State Mental Health Council to have demonstrated knowledge or work experience involving Native Hawaiian concepts of well-being, culturally grounded mental health methodologies, or traditional healing or health practices. Such membership would in turn help to systemically promote culturally-grounded mental health policies, programs, and services for Native Hawaiians facing mental health-associated challenges.

OHA-5 (HB175/SB192) sought to allow judges to offer “unsecured” bail to defendants who would experience significant financial hardship in posting their bail or paying a bail bondsman, and whose continued pre-trial incarceration would jeopardize their ability to maintain employment, remain enrolled in an educational or training program, care for a dependent, continue or maintain medical treatment, or maintain housing; qualifying defendants may be allowed to sign a bond, rather than pay cash up front, for all or part of their bail amount, in order to be released pending trial.

See Attachment A for OHA’s 2019 Legislative Package matrix.

Results of OHA’s 2019 Legislative Package

Two of the five OHA 2019 Legislative Package measures were enacted into law. HB172, Relating to the Budget of the Office of Hawaiian Affairs, was transmitted to the Governor on May 1, 2019 and signed into law on June 7, 2019 as Act 37. SB192, Relating to Unsecured Bail, was enrolled to the Governor on May 6, 2019 and became law without the Governor’s signature on July 10, 2019 as Act 277. The Senate vehicles for OHA-3 and OHA-4, SB191 and SB193,

were passed out of the Senate and crossed over to the House, where they eventually stalled; the House vehicle for OHA-2, HCR3, was also heard and passed by its subject matter committee and stalled in the House Finance Committee.

Attachment B compares the success of OHA’s legislative packages from 2003 to 2019.

Attachment C compares the outcome of OHA’s 2019 Legislative Package with that of other entities’ legislative packages.

See below for a more detailed summary of OHA’s 2019 Legislative Package:

OHA-1 (HB172/SB190/Act 37)

| | |
|----------------|---|
| Measure Title: | RELATING TO THE BUDGET OF THE OFFICE OF HAWAIIAN AFFAIRS. |
| Report Title: | OHA Budget; Program Appropriations; Operating Costs (\$) |
| Description: | Appropriates funds for Fiscal Biennium 2019-2021 for the Office of the Trustees (OHA150), Office of Hawaiian Affairs Administration (OHA160), and Beneficiary Advocacy (OHA175). Requires an expenditure of general funds to pay for the auditor to conduct or contract for a financial and management audit of limited liability companies created and used by the Office of Hawaiian Affairs. Effective 7/1/2019. (CD1) |

Summary and Status: Relating to the Budget of the Office of Hawaiian Affairs, HB172/SB190 originally requested \$3,980,579 in state general fund appropriations each fiscal year to support OHA’s budget plans for the upcoming biennium. This request was \$942,700 more per fiscal year compared to what OHA received in the previous fiscal biennium and included \$562,130 more for personnel to help address increasing fringe costs. While maintaining the three historical program provisos (social services, legal services, and education improvement), HB172/SB190 also requested \$500,000 in general funds for housing improvement programs, which would double OHA’s total housing grant amount. HB172/SB190 proposed matching OHA trust fund resources with the requested state general funds.

Notably, the final draft of HB172 HD1 SD2 CD1 did not include any general fund increase from the previous biennium; did not include funding provisos for housing improvement programs; and included amendments attempting to direct \$500,000 in OHA trust funds to be expended on a “fiscal and management audit” by the State Auditor on OHA, with general fund appropriations for FY2020-21 contingent on the legislature’s receipt of the auditor’s report.

HB172 was referred to and heard by the House Committees on Water, Land, & Hawaiian Affairs and Finance, and crossed over as an amended HD1 to the Senate, where it was referred to and ultimately passed as an amended SD2 by the Senate Committees on Hawaiian Affairs (“HWN”) and Ways and Means (“WAM”). A conference committee thereafter passed out an amended CD1 which was sent to the Governor for their consideration.

The Senate companion, SB190, was referred to HWN and WAM, and an SD1 draft was passed out of HWN and ultimately deferred by WAM.

Result: HB172 HD1 SD2 CD1 was signed into law as Act 37 on July 07, 2019 (Governor's Message No. 1138).

OHA-2 (HCR3/SCR2) (Died in Committee)

|---------|---|
| Measure | REQUESTING THE STATE PUBLIC CHARTER SCHOOL COMMISSION TO |
| Title: | REPORT ON THE CRITERIA DEVELOPED AND PRIORITIZATION ADVISED |
| | FOR CHARTER SCHOOL FACILITIES FUNDING PURSUANT TO SECTION |
| | 302D-29.5, HAWAII REVISED STATUTES. |
| Report | Requesting the State Public Charter School Commission to report on the criteria |
| Title: | developed and prioritization advised for charter school facilities funding |

Summary and Status: Addressing public charter schools' facilities needs has been a critical and longstanding issue for the charter school community and its supporters. Currently, start-up charter schools must pay for their substantial facilities lease and rental costs, while conversion schools may have to pay for their own facilities maintenance, repair and other costs using their already-stretched per-pupil operational funds. These costs are not borne by schools under the Hawai'i Department of Education, which have their own facilities and dedicated facilities support funding. In recognition of the need to provide facilities funding for charter schools, an existing statute already contemplates legislative appropriations and bond authorizations to cover charter school facilities costs, tasks the State Public Charter School Commission ("Commission") with the development of criteria for the distribution of appropriated facilities funding, and further establishes and tasks the Facilities Funding Working Group to advise on the prioritization of funding distribution, pursuant to the Commission's criteria; however, this statute has yet to result in facilities funding relief. HCR3/SCR2 would have highlighted this charter school facilities funding statute and urged the Commission to prepare a report to the 2020 State Legislature on its criteria for facilities funding distribution, as well as the prioritization of funding as advised by the Facilities Funding Working Group. This resolution also urged the Commission, with input from the Working Group, to provide to the legislature proposed recommendations and legislation, including recommendations relating to funding expenditures for facilities lease and rental payments.

HCR3 was referred to the House Committees on Lower & Higher Education ("LHE") and Finance ("FIN"). It was heard and passed with amendments by LHE and referred to FIN; however, no FIN hearing was scheduled. SCR2 was referred to the Senate Committees on Education and Ways and Means and received no hearings. Despite the measure not moving, consistent with HCR3/SCR2 it is OHA's understanding that the Commission has been moving forward discussions and recommendations related to facilities funding criteria and prioritization.

Result: HCR3 HD1 and SCR2 both died in committee.

OHA-3 (HB173/SB191) (Died in Committee)

| | |
|---------|---|
| Measure | RELATING TO STRENGTHENING THE FOUNDATION FOR ENSURING A |
| Title: | FAIR AND JUST PAYMENT AMOUNT FOR THE OFFICE OF HAWAIIAN |

AFFAIRS' PRO RATA SHARE OF THE PUBLIC LAND TRUST.

| | |
|---------------|--|
| Report Title: | OHA Package; DLNR; Public Land Trust; Pro Rata Share |
| Description: | Requires the Department of Land and Natural Resources to use certain reporting and accountability procedures in implementing the public land trust reporting requirements of Act 178, Session Laws of Hawaii 2006. Requires the Department of Land and Natural Resources to consult with the Office of Hawaiian Affairs to ensure that the accounting and reporting is accurate and inclusive. |

Summary and Status: Act 178 (Session Laws 2006) requires the state, through the Department of Land and Natural Resources ("DLNR"), to provide an annual accounting of the total revenues generated from the use of Public Land Trust ("PLT") lands. The annual reporting must include the amount of revenues transferred to OHA and the amount retained by the state. However, financial reviews indicate that individual agencies' past reporting and transferring of revenues to OHA may have been inconsistent, inaccurate, and may have failed to meaningfully satisfy the requirements of Act 178. In order to ensure better compliance with Act 178, HB173/SB191 would have codified Act 178's reporting requirements, and further 1) explicitly reaffirmed that all PLT revenues must be accounted for and reported on, regardless if an agency believed such revenues were subject to OHA's pro rata share; 2) explicitly reaffirmed that UH is also subject to Act 178's reporting requirements; and 3) required the DLNR to identify and provide a rationale for any instance where 20% of the revenues received from PLT lands were not transferred to OHA.

HB173 was given a triple referral to the House Committee on Water, Land, & Hawaiian Affairs ("WLH"), House Committee on Judiciary ("JUD"), and House Committee on Finance ("FIN"); no hearings were scheduled. SB191 was given a joint referral to the Senate Committees on Water and Land and Hawaiian Affairs, and a subsequent referral to the Senate Committee on Ways and Means. An amended SB191 SD1 was passed by its Senate Committees and transmitted to the House, where it was referred to the WLH, JUD, and FIN. The measure received no hearings in the House.

Result: HB173 and SB191 both died in committee.

OHA-4 (HB174/SB193) (Died in Committee)

| | |
|----------------|---|
| Measure Title: | RELATING TO THE COMPOSITION OF THE STATE COUNCIL ON MENTAL HEALTH. |
| Report Title: | OHA Package; Office of Hawaiian Affairs; State Council on Mental Health; Native Hawaiian Health Practices |
| Description: | Requires the State Council on Mental Health to comprise at least 3 members with demonstrated knowledge of or work experience involving Native Hawaiian concepts of well-being, culturally grounded mental health methodologies, or traditional healing or health practices. |

Summary and Status: HB174/SB193 would have required three of the 21 members of the State Council on Mental Health ("Council") to have demonstrated knowledge or work experience

involving Native Hawaiian concepts of well-being, culturally grounded mental health methodologies, or traditional healing or health practices. Data shows that the Native Hawaiian community suffers from significant mental health-associated challenges, with Native Hawaiians demonstrating high rates of childhood abuse, suicidal ideation, and suicide attempts reported for both adults and keiki; feelings of hopelessness, self-harm, postpartum depression, and negative self-health assessments by wahine; and Depressive Disorder among kūpuna. Unfortunately, while culturally grounded mental health programs and services help significantly to improve their participants' mental and emotional well-being, many Native Hawaiians facing mental health-associated challenges may find that such programs and services are not consistently or widely available. As an advisory body to the Department of Health on the state's mental health policies and investments, the Council may play a key role in promoting culturally grounded mental health policies and programs that systemically address the mental health-associated challenges of the Native Hawaiian community as well as the broader public. Accordingly, requiring three members of the Council to possess expertise or experience in Native Hawaiian cultural concepts, mental health methodologies, or traditional healing or health practices would assist in the improvement of the mental health status of the Native Hawaiian and broader communities.

HB174 was referred to a joint committee of the House Committees on Water, Land, & Hawaiian Affairs and Health ("WLH/HLT") and to the House Committee on Consumer Protection & Commerce ("CPC") but received no scheduled hearings. SB193 was referred jointly to and passed unamended by the Senate Committees on Commerce, Consumer Protection, and Health and Hawaiian Affairs; it was then transmitted to the House where it was referred to a joint committee of WLH/HLT, as well as to CPC. SB193 did not receive a hearing in the House.

Result: HB174 and SB193 both died in committee.

OHA-5 (HB175/SB192/Act 277)

Measure
Title: RELATING TO BAIL.

Report
Title: OHA Package; Office of Hawaiian Affairs; Courts; Unsecured Bail

Description: Authorizes a defendant in custody to petition a court for unsecured bail.

Summary and Status: In 2018, all of Hawai'i's jails were overcrowded and operating over capacity, from at least 27%, up to 50-85% in many cases. Many of those who are overcrowding our jails remain in jail simply because they are too poor to afford bail, even when they pose little to no potential flight risk, and pose no threat to individuals or the community. Such individuals may lose their jobs, homes, and even custody of their children, due solely to their inability to post cash bail. With Native Hawaiians continuing to disproportionately bear the burden of Hawai'i's jail overcrowding and criminal justice system as a whole, OHA introduced HB175/SB192, in order to provide relief to Hawai'i's jail overcrowding issues while mitigating the unnecessary harms that cash bail inflicts on poor defendants awaiting trial, including Native Hawaiians. This measure sought to allow judges to offer "unsecured" bail to defendants who would experience significant financial hardship in posting their bail or paying a bail bondsman, and whose continued pre-trial incarceration would jeopardize their ability to maintain

employment, remain enrolled in an educational or training program, care for a dependent, continue or maintain medical treatment, or maintain housing. Rather than requiring defendants to pay cash up front, judges could allow qualifying defendants to sign a bond for all or part of their bail amount, as a condition of release. This would reduce the negative consequences of jailing poor, unconvicted defendants who pose little risk of flight or harm to the community, while continuing to hold released defendants and their families accountable for their bail amounts should they fail to appear for court, or commit a crime after being released.

SB192 was referred to and passed as an amended SD1 by the Senate Committees on Judiciary and Ways and Means; it was transmitted to the House where it was referred to and passed as an HD2 by the House Committees on Public Safety, Veterans, & Military Affairs, Judiciary, and Finance before being transmitted back to the Senate. A conference committee passed out an amended CD1 which was sent to the Governor for their consideration.

The House companion, HB175, was referred to the House Committees on Public Safety, Veterans, & Military Affairs, Judiciary, and Finance (“FIN”), and ultimately died after not receiving a hearing by FIN.

Result: SB192 SD1 HD2 CD1 passed into law without the Governor’s signature as Act 277 on July 10, 2019 (Governor’s Message. No. 1397).

Other Legislative Measures: Bills Impacting Native Hawaiians and/or OHA

There were a total of 4,580 measures active in the 2019 Legislative Session, which included 3,142 bills, 852 resolutions and concurrent resolutions, and 586 Governor’s Messages (“GMs”). Of the measures introduced, the OHA Advocacy team tracked a total of 919 measures—738 bills, 155 resolutions, and 26 GMs—all of which may have had a significant impact on OHA and/or its beneficiaries. Of those tracked measures, the OHA Advocacy team actively supported, opposed, and/or commented on approximately 288 measures through ongoing written and verbal testimony. Of the 21 measures actively opposed by OHA, only 2 passed. See Attachment D for the final matrix of all non-OHA package measures tracked, supported, and/or opposed by OHA during the 2019 Legislative Session.

Below are brief summaries of selected highlighted measures that, although not included in OHA’s 2019 Legislative Package, were identified as measures of note to OHA and/or its beneficiaries.

House Bill 622 HD2 SD1 CD1 (Act 269)

Introducer(s): LUKE

Status: House Bill 622 HD2 SD1 CD1 was passed into law as Act 269 on July 12, 2019 (Governor's Message No. 1389).

OHA's position: COMMENT

This measure initially sought to dramatically increase oversight for and restrictions on Hawai'i's public charter schools, and would have originally required charter school authorizers, the entities that regulate charter schools, to develop a purchase order ("P.O.") system for all charter school expenditures, including staff payroll expenses. The original draft also required charter school employees to report the existence of any federal criminal investigation or charges against the employee to the Public Charter School Commission ("Commission") within a certain time period; upon such notice, the Commission would then be required to cease all state funding to the employee's school until the investigation against the employee closed with either no charges filed, or the employee was found "not guilty" in court. Subsequent drafts would have also disqualified persons affiliated with a charter school from serving on the Board of Education ("BOE") or the Commission. The measure was eventually amended to replace the P.O. system provisions with provisions requiring schools to provide their authorizers with full access to their fiscal and accounting files, and further requiring schools to select an auditor from a list of three provided by their respective authorizers to conduct their annual financial audits. The final version of the measure also limited the aforementioned disqualification provision to bar individuals from serving on the Commission only if they had been affiliated with any public charter school within the previous year.

OHA's testimony opposed the creation of the P.O. system as potentially conflicting with state laws upholding the autonomy of public charter schools. In particular, state laws require charter school authorizers, including the Commission, to follow nationally recognized principles and standards in all major areas of authorizing responsibilities; one major area is upholding school autonomy. School autonomy could be significantly impaired if schools were required to comply with a P.O. system to pay basic school operational costs. Moreover, OHA's testimony noted that the Commission acknowledged it did not have the staff and funding to implement the P.O. system, which would result in funding delays.

OHA's testimony also expressed concern with the measure's provisions that would disqualify charter school affiliates from serving on the BOE or Commission, noting that such disqualification would deprive the BOE and Commission of much needed first-hand knowledge and expertise. OHA's testimony further noted that one current BOE member is a previous affiliate of a charter school, and that several Commission members are also previous affiliates of charter schools, and all bring comprehensive insight to their BOE or Commission position.

As the latest drafts of this measure mitigated its original impacts to charter school autonomy, OHA's final position on HB622 HD2 SD1 CD1 was to comment.

House Bill 820 HD1 SD1 CD1 (Act 167)

Measure
Title: RELATING TO HOUSING.

Report
Title: Housing; Development; ALOHA Homes; HHFDC; Appropriation (\$)

Description: Requires the Hawaii Housing Finance and Development Corporation to study and formulate a plan to implement an ALOHA homes program to provide low-cost, high-density leasehold homes for sale to Hawaii residents on state-owned lands within a one-half mile radius of a public transit station. Appropriates moneys. (HB820 CD1)

Status: HB820 HD1 SD1 CD1 was passed into law as Act 167 on June 27, 2019 (Governor's Message No. 1269).

OHA's position: COMMENT

As adopted, this measure seeks to address the urgency of Hawai'i's affordable housing crisis through the study and formulation of a plan by the Hawai'i Housing Finance and Development Corporation to implement an "ALOHA Homes program." An earlier HB820 HD1 SD1 draft would have directly implemented an Aloha Homes program involving the leasing of ALOHA homes units on certain state and county lands for up to 99 years (see notes below on Senate Bill 1), with actualized benefits to Native Hawaiians through the transfer of ALOHA Homes units to OHA and the Department of Hawaiian Home Lands. OHA testimony recognized the potential housing relief that might be provided by an ALOHA Homes program, but urged limiting initial leases to 75-year lease terms rather than the proposed 99-year leases, as such long-term leases may inhibit multiple future generations from ensuring the best use of public lands and Public Land Trust lands, as well as create a sense of entitlement on the part of lessees that has led and may continue to lead the alienation of public and "ceded" lands. OHA noted its understanding that certain federal housing financing programs may require leasehold interests of 75 years, acknowledged potential community concerns regarding kupuna without family or resources who may outlive a 75-year lease, and supported further discussion regarding whether statutory lease extension language may be needed to accommodate such exigent circumstances.

Status: House Bill 1552 HD2 SD2 CD1 passed into law as Act 179 on July 2, 2019 (Governor's Message No. 1281).

OHA's position: SUPPORT

In large part to continue the work of the HCR85 Task Force on prison reform (2016), HB1552 sought to establish the Hawai'i Correctional System Oversight Commission, to implement the vision of the task force—to facilitate the transition of Hawai'i's correctional system from a punitive model to a rehabilitate and therapeutic one, provide oversight over PSD, and investigate claims against it. Specifically, it is envisioned that the Commission will further develop a much-needed and long-awaited strategy to reduce the State's incarcerated population, reduce corrections spending, and reinvest in public safety and recidivism reduction. In addition to assuming the transition recommendations of the task force, the oversight commission will also subsume the responsibilities of two other commissions (the Corrections Population Management Commission and the Reentry Commission). The measure created a position for an oversight coordinator to oversee the commission's work and anticipates numerous staff. This measure also implemented to varying degrees many of the recommendations of the HCR134 Task Force on Pretrial Reform, which OHA, as a Task Force member, has endorsed. OHA's testimony noted that this measure was consistent with its longstanding advocacy in support of criminal justice reform that would thoroughly examine and effectively implement evidence-based corrections policies and incarceration alternatives that can successfully rehabilitate pa'ahao, reduce recidivism, improve public safety, and save taxpayer dollars.

Senate Bill 78 SD2 HD2 (Act 276)

Measure Title: RELATING TO EDUCATION.

Report Title: DOE; Executive Office on Early Learning; State Public Charter School Commission; Appropriations (\$)

Description: Establishes the Executive Office on Early Learning (EOEL) as the administrative authority for state-funded prekindergarten programs, and private partnership-funded prekindergarten programs in the public schools, except for special education and Title I-funded prekindergarten programs. Transfers prekindergarten programs in DOE and charter schools, except for special education and Title I-funded prekindergarten programs, to EOEL. Clarifies the role and responsibilities of EOEL in the public prekindergarten program. Requires DOE to adhere to certain quality standards and work with EOEL. Makes appropriations. (SB78 HD2)

Status: Senate Bill 78 SD2 HD2 became law without the Governor's signature as Act 276 on July 10, 2019 (Governor's Message No. 1396).

OHA's position: SUPPORT

While this measure also included provisions to transfer administrative authority for prekindergarten classrooms from the DOE to the Executive Office on Early Learning, OHA's support testimony was limited to its continued funding for eleven public charter schools' prekindergarten programs, in the amount of \$8 million for two fiscal years. As OHA's testimony noted, seven of these public charter schools are Hawaiian culture-based or Hawaiian-medium charter schools that OHA provides funding to. OHA's testimony noted that these seven Hawaiian culture-based or Hawaiian-medium charter schools are located in vulnerable Hawaiian communities, such as Kualapu'u, Kekaha, Keaukaha, and Wai'anae; OHA's testimony also highlighted how directors at these schools have reported a significant difference in kindergarten readiness as a result of their prekindergarten programs.

Status: Senate Bill 976 SD2 HD1 CD2 became law without the Governor's signature as Act 285 on July 10, 2019 (Governor's Message No. 1405).

OHA's position: OPPOSE

This measure allows the State Librarian, in consultation with the Board of Education, to encumber and lease three public library sites for up to 99 years to generate funds for state public libraries. It is patterned after Act 155 (Reg. Sess. 2013), now codified in HRS §302A-1151.1, which allowed the DOE, in consultation with the Board of Education, to encumber and lease three public school land sites for up to 55 years (now also 99 years; see notes on Senate Bill 1303 below).

OHA's testimony noted its opposition to extremely long-term leases for public lands, which may include Public Land Trust lands as well as "ceded" lands to which Native Hawaiians have never relinquished their claims. The extremely long-term, multi-generational 99-year leases proposed by this measure could inhibit multiple future generations from ensuring the best and most appropriate use of public lands and Public Land Trust lands, and may lead to a sense of entitlement on the part of lessees that can and has in the past led to the alienation of "ceded" lands. OHA noted that this measure's exemptions from the transparency and accountability mechanisms under HRS Chapter 171 only further exacerbated its concerns.

Senate Bill 1303 SD2 HD2 CD1 (Act 272)

Measure Title: RELATING TO PUBLIC LANDS.

Report Title: DOE; Public School Lands; Lease; Transfer; HPHA; Public Lands

Description: Part I: Allows the Department of Education to lease public school lands for a term of not more than ninety-nine years per lease. Part II: Amends Act 206, Session Laws of Hawaii 2017, to allow the City and County of Honolulu to transfer lands under existing Department of Education facilities directly to the Department of Education, rather than through the Department of Land and Natural Resources. Part III: Excludes lands set aside by the Governor to the Hawaii Public Housing Authority and lands to which Hawaii Public Housing Authority holds title from the definition of public lands in section 171-2, Hawaii Revised Statutes. Requires prior legislative approval for the sale of lands to which the Hawaii Public Housing Authority holds title. (SB1303 CD1)

Status: Senate Bill 976 SD2 HD1 CD2 was signed into law by the Governor as Act 272 on July 9, 2019 (Governor’s Message No. 1392).

OHA’s position: OPPOSE

This measure successfully sought to extend, from 55 to 99 years, the lease length limit imposed by Act 155 (Reg. Sess. 2013). Act 155, now codified in HRS §302A-1151.1, created a pilot program to allow the Department of Education (“DOE”), in consultation with the Board of Education, to encumber and lease three public school land sites for up to 55 years, to generate funds for 21st century schools. The DOE has since used Act 155’s pilot program to successfully lobby during the 2018 legislative session to have the City and County of Honolulu transfer title to the DOE certain county lands on which DOE schools are located, and to also exclude all lands to which DOE holds title from the definition of public lands in HRS §171-2, thereby removing many of the safeguards of HRS Chapter 171 in the disposition of DOE lands.

OHA’s testimony noted its opposition to extremely long-term leases for public lands, which may include Public Land Trust lands as well as “ceded” lands to which Native Hawaiians have never relinquished their claims. The extremely long-term multi-generational 99-year leases proposed by this measure could inhibit multiple future generations from ensuring the best and most appropriate use of public lands and Public Land Trust lands, and may lead to a sense of entitlement on the part of lessees that can and has in the past led to the alienation of “ceded” lands. Moreover, the lack of transparency and accountability mechanisms included under HRS Chapter 171 for all DOE lands exacerbates these concerns. OHA’s testimony also noted that state law already allows 55-year leases to be extended for commercial leases in order to qualify lessees for state or private loans, but only up to an aggregate length of 65 years.

Status: Senate Concurrent Resolution 70 was adopted in its final form on April 23, 2019; Senate Resolution 48 was adopted on April 12, 2019.

OHA's position: COMMENT

This resolution asserted that the transactions, accounts, procedures and performance of limited liability companies ("LLCs") created or controlled by OHA were not included in the scope of the Office of the Auditor's 2018 Audit of OHA, that the 2018 Audit of OHA raised concerns regarding spending irregularities and possible breaches of fiduciary duties, and that an independent audit would be integral to understanding OHA's fiscal health and mission compliance. As a matter of practice, OHA values independent financial audits in assessing the performance and accountability of government organization. Accordingly, as explained by OHA testimony, various audits and financial reviews are conducted regularly and are also currently underway for both OHA and the LLCs created by OHA, with audit information used and made available by OHA through various means. OHA testimony further detailed the components of its annual financial audit and outlined the overall procedures involved in conducting the audit. Additionally, OHA testimony provided a description and details of its LLCs' audits and OHA's financial audit opinions, and noted that LLC information can be found in OHA basic financial statements available online.

Status: House Bill 246 was referred to and ultimately passed as an amended HD2 by the House Committees on Lower & Higher Education and Finance. The measure was transmitted to the Senate and referred to the Senate Committee on Education ("EDU") and Senate Committee on Ways and Means. It never received a hearing by EDU.

OHA's position: SUPPORT

OHA has been a strong supporter and advocate for public charter schools, 17 of which are Hawaiian-focused or Hawaiian-medium charters, and in which OHA has invested \$21.6 million

into since 2005. OHA has made this investment because research has found that Hawaiian students exposed to culturally driven educational strategies have a stronger sense of socio-emotional well being, deeper engagement with their schools, and a stronger commitment to civic activities in their community – factors that are directly tied to academic achievement. This measure, which would have appropriated facilities funding for public charter schools, would have been unprecedented and historic if passed: start-up public charter schools have never received any state general funds or obligation bonds for their school facilities, and as a result have historically had to use their limited per-pupil funds to pay for their substantial facilities costs. OHA’s testimony emphasized that the greatest disparity between traditional Department of Education schools and public charter schools is the lack of facilities funding for charter schools. OHA’s testimony also noted that such funding would advance the State Board of Education’s (“BOE’s”) Strategic Plan’s (“Plan’s”) goal for “equity and excellence for every child” attending a Hawai‘i public school, advance the Plan’s vision for charter schools to serve as innovation labs for the entire state, and fulfill the BOE’s recommendation in its 2019 Legislative Report, “that the Legislature provide some form of facilities funding to charter schools to address this unmet [facilities funding] need.”

| Report Title: | OHA; Public Land Trust; Pro Rata Share; Department of Budget and Finance; Auditor; Appropriations (\$) |
| Description: | Requires that all grants and contracts awarded by the Office of Hawaiian Affairs shall be subject to be individually approved by the board of trustees. Reduces the University of Hawaii's portion of receipts from the use, sale, lease, or other disposition of lands within the public land trust to be collected during each fiscal year to the amount equal to the University of Hawaii's receipts derived from tuition and special funds utilized for Native Hawaiian programs. Establishes a public land trust revenues negotiating committee to determine the increase to the annual amount of the income and proceeds from the public land trust that the Office of Hawaiian Affairs shall receive annually under the state constitution and other state law. Requires the Department of Budget and Finance to conduct a financial review of the amounts of revenue generated from the public land trust. Requires the Auditor to report to the Legislature on a comprehensive review of programs administered by the State that serve Hawaiians. Appropriates funds. Prohibits any increases proposed by the public land trust revenues negotiating committee that are not already approved for use by or appropriated to the Office of Hawaiian Affairs until the fiscal and comprehensive reviews required by this measure are completed and submitted to the Legislature. Status: House Bill 402 (HB402) was initially referred to the House Committees on Water, Land & Hawaiian Affairs (WLH), Judiciary (JUD,) and Finance (FIN); passed out of WLH with amendments as an HD1; re-referred to WLH and FIN; passed out of FIN unamended; and transmitted to the Senate, where it was referred to the Senate Committees on Hawaiian Affairs, Higher Education, and Ways and Means. The measure was passed with amendments as an SD2 by its Senate committees, transmitted back to the House, and further referred to conference committee, which ultimately could not agree on a final form of the measure.

OHA's position: SUPPORT WITH AMENDMENTS

Substantially similar to OHA-4 from the 2018 OHA Legislative Package, the original version of HB402 reflected years of state accounting information, generated pursuant to Act 178 (Reg. Sess. 2006), in seeking to update the amount of money set aside annually for Native Hawaiians as their constitutional share of the income and proceeds from the Public Land Trust. Act 178 set up an interim annual amount of \$15.1 million as OHA's pro rata share, as well as reporting requirements to ensure data was collected and made available on public land trust revenue being generated. This data and other collected data on historically undisputed Public Land Trust revenue streams was analyzed, and accordingly the original draft of HB402 would have updated Native Hawaiians' annual share of the Public Land Trust to \$35 million; transferred to OHA a lump sum of \$139 million, as an amount that should have been set aside for Native Hawaiians over the past seven years; continued the state agency receipt reporting requirements established under Act 178 (2006); and convened a Public Land Trust Revenues Committee regularly to make future recommendations. OHA's testimony noted that this measure as originally drafted would have been consistent with years of state accounting information clearly demonstrating the longstanding need to update OHA's and Native Hawaiians' annual pro rata share of the Public Land Trust.

Substantial amendments were made to this measure in the Senate, such that the original purpose—to immediately increase OHA's annual pro rata share of the public land trust—was removed from the bill. Instead the later senate versions (proposed SD2 and SD2) would have created a formal process to allow the State to gather additional revenue data and engage in negotiations with OHA on an appropriate amount for a long-overdue increase to Native Hawaiians' annual share of the Public Land Trust.

OHA was concerned about other senate amendments, including language that would have attempted to require OHA Board of Trustee to approve all grants and contracts, which may have created administrative difficulties and raised procurement compliance concerns, as well as language that may have allowed the University of Hawai'i (UH) to reduce the amount of public land trust receipts it transfers to OHA. OHA's testimony noted that while the UH may have Native Hawaiian programs, the constitution makes clear that OHA's Board of Trustees is the sole decision-making body to determine how to spend Native Hawaiians' pro rata share of the public land trust, and that it would inappropriate to allow UH to substitute its judgement for that of OHA's Board of Trustees.

Measure Title: RELATING TO FISHING.

Status: House Bill 1123 was referred to the House Committees on Water, Land, & Hawaiian Affairs (“WLH”) and Judiciary (“JUD”); WLH passed out an amended HD1, and the measure was heard and deferred by JUD. No further action was taken on the measure.

OHA’s position: OPPOSE

This measure would have required prohibitively expensive “stock assessments” for all species affected by any proposed regulation relating to fishing, prior to the regulation’s promulgation. As described in OHA’s testimony, such a requirement would have effectively tied the state’s hands in appropriately managing public trust nearshore resources critical to the perpetuation of Native Hawaiian traditional and customary and subsistence practices. OHA’s testimony also noted that such a requirement would have undermined and severely inhibited many rural Native Hawaiian communities’ efforts to apply multigenerational, traditional ecological knowledge of their nearshore areas, in the development and establishment of formal state rules that could better manage and perpetuate their fisheries.

Status: House Bill 1326 was referred to the House Committees on Water, Land, & Hawaiian Affairs and Finance, which passed an amended HD2 that was transmitted to the Senate, where it was ultimately referred to a joint committee of the Senate Committees on Water and Land and Ways and Means (“WAM”). While an amended SD1 was initially proposed, the joint committee could not agree on a draft and the measure was ultimately deferred by WAM.

OHA’s position: OPPOSE

This measure would have extended the sunset date of Act 126 (Reg. Sess. 2016), further accommodating Alexander & Baldwin’s (“A&B’s”) ongoing failure to satisfy a now 15-year-old court order to conduct an environmental assessment for its diversion of over 100 East Maui streams and tributaries, by allowing the Board of Land and Natural Resources (“BLNR”) to continue issuing revocable permits to divert waters from public lands notwithstanding a 2016 court ruling otherwise invalidating the practice.

OHA’s testimony highlighted the longstanding injustice that this measure would allow to continue to be perpetrated against East Maui’s farming communities, cultural practitioners, and natural and cultural resources, and noted that an extension of Act 126 would have only rewarded A&B for its continued foot-dragging in completing an environmental assessment on its stream diversions as ordered by the circuit court over a decade prior. OHA’s testimony also noted A&B’s continued failure to provide basic information relevant to the proper administration of public trust water resources; the BLNR’s repeated failure to hold A&B accountable in this regard; and the misinformation and misunderstanding expressed by certain other public trust water users regarding the potential disruption of their access to water.

Measure
Title: RELATING TO HOUSING.

Report
Title: ALOHA Homes Program; Housing; HHFDC; Urban Redevelopment District; Transit-oriented Development; Leasehold Condominiums on Lands Controlled by the State; Appropriation (\$)

Description: Establishes the ALOHA homes program under the Hawaii Housing Finance and Development Corporation (HHFDC) to facilitate the development of low-cost homes for sale to Hawaii residents on state-owned and county-owned land near rail stations of the Honolulu rail transit system, to be known as the urban redevelopment district. Establishes guidelines within the urban redevelopment district and provisions related to the sale of leasehold interest of ALOHA homes. Exempts lands to which HHFDC holds title and land set aside or leased to HHFDC from the definition of public lands in section 171-2, HRS, except for purposes of accounting for receipts from ceded lands. Establishes and appropriates funds into and out of the ALOHA homes revolving fund. Authorizes HHFDC to sell the leasehold interest in residential condominium units located on state lands for lease terms of 99 years. Effective 7/1/2050.

Status: Senate Bill 1 was initially referred to the Senate Committees on Housing (“HOU”), Water and Land (“WTL”), and Ways and Means (“WAM”), and then re-referred to a joint committee of HOU/WTL/Government Operations (“GVO”) and WAM. The measure was transmitted to the House and referred to a joint committee of the House Committees on Housing (“HSG”), Transportation (“TRN”), and Water, Land and Hawaiian Affairs (“WLH”), a joint committee of the House Committees on Judiciary and Labor & Public Employment, and the House Committee on Finance. The measure was voted to pass with amendments by each of the committees in the joint HSG/TRN/WLH committee, but no amended measure was actually reported, and no hearings were subsequently held.

OHA’s position: COMMENT

This measure sought to address the urgency of Hawai‘i’s affordable housing crisis through the implementation of an “ALOHA Homes program,” by facilitating mixed-use residential developments on state and county lands along the Honolulu rail corridor. Provisions included various statutory exemptions and the authorization to sell leasehold interests in ALOHA Homes housing units for up to 99 years; notably, later drafts of the measure also authorized ALOHA homes units to be transferred to OHA and the Department of Hawaiian Home Lands for use by their respective beneficiaries. OHA testimony recognized the potential housing relief that might be provided by the proposed ALOHA Homes program, but urged limiting initial ALOHA homes leases to 75-year terms rather than the proposed 99 years; OHA’s testimony noted how such long-term leases may inhibit multiple future generations from ensuring the best use of public lands and Public Land Trust lands, as well as create a sense of entitlement on the part of lessees that has led and may continue to lead the alienation of public and “ceded” lands. OHA noted its understanding that certain federal housing financing programs may require leasehold interests of 75 years, acknowledged potential community concerns regarding kupuna without family or resources that may outlive a 75-year lease, and supported further discussion regarding whether statutory lease extension language may be needed to accommodate such exigent circumstances.

Status: Senate Bill 727 was referred to a joint committee of the Senate Committees on Hawaiian Affairs and Labor, Culture and the Arts (“HWN/LCA”) and to a joint committee of the Senate Committees on Judiciary and Ways and Means (“JDC/WAM”). It passed out of HWN/LCA as an SD1, but never received a subsequent hearing by JDC/WAM.

OHA’s position: OPPOSE

The original version of SB727 would have subjected OHA employees to HRS Ch 76, Hawai‘i’s Civil Service laws, and HRS Ch 89, Collective Bargaining laws for Public Employees. As it relates to Chapter 76, it would have required OHA employees to be members of already existing collective bargaining units, and would have given OHA’s Board of Trustees one of thirteen votes in negotiations involving collective bargaining, which would have had a substantial and severe impact on OHA’s core operating budget, allowed the Governor to have substantial authority over how OHA’s trust funds are expended, and undermined the OHA BOT’s exclusive authority to determine whether and how to expend OHA trust funds. As it relates to Chapter 89, proposed statutory changes would have eliminated the “at will” employment concept at OHA and would have required changes to OHA’s hiring, compensation, and maintenance of its workforce. It would have also reduced OHA’s BOT authority over budgeting (by requiring consistency with state salary schedules), and required each OHA position to be classified according to State’s civil service job titles and the MQs maintained by the Dept of HR Development. This would have reduced OHA autonomy, flexibility, and may require additional, external approvals for OHA-specific job requirements, which ensure that our staff meet the needs of OHA beneficiaries (e.g., cultural competency, community connections).

The SD1 version would have given OHA employees a choice on whether to join a collective bargaining unit, created an OHA specific collective bargaining unit, and given OHA the single vote in bargaining negotiations, which addressed many of OHA’s concerns. There continued to be concerns about how or when Chapter 76’s optional process would be triggered, which requires further research and analysis of this measure moves forward in the future.

BOARD OF TRUSTEES MEETING ON AUGUST 21, 2019

Introduction

This memo from the Washington, D.C. Bureau (WDCB) provides background and information regarding its federal matrix briefing to the Beneficiary Advocacy and Empowerment Committee (BAE) of the Board of Trustees meeting on August 21, 2019. The full federal position matrix is attached.

WDCB recommends that the BAE take action to support six more bills introduced in the 116th Congress. Brief summaries of the bills WDCB recommends for BAE action follows:

- **Empowering Rural Economies Through Alaska Native Sustainable Arts and Handicrafts Act** (S.804/H.R.1806) – this bill amends the Marine Mammal Protection Act to allow Alaska Natives to possess, sell, or trade walrus ivory, whale bone, or mammoth ivory, among other things.
- **Native American Millennium Challenge Demonstration Act** (S.126/H.R.558) – this bill creates a domestic version of the Millennium Challenge Corporation to form 5-year compacts for Native Hawaiian and Alaska Native organizations to invest in infrastructure projects.
- **End National Defense (END) Network Abuse Act of 2019** (S.1413/H.R.3588) – this bill requires the Secretary of Defense to establish an initiative to improve the capacity of military criminal investigative organizations to prevent child sexual exploitation in various high risk areas, including at least two States where there is

a large percentage of Indian children, including children who are Alaska Native or Native Hawaiian.

- **Safeguard Tribal Objects of Patrimony (STOP) Act of 2019 (S.2165/H.R.3846)** – this bill enhances Native American Graves Protection and Repatriation Act (NAGPRA) penalties; creates an export prohibition, certification systems, and international agreements; and allows for the voluntary return of tangible cultural heritage. The bill creates an interagency working group and tribal working group. It also creates a Freedom of Information Act (FOIA) exemption for tribes.
- **Native American Business Outreach Act (S.2191)** – this program would permanently authorize the Native American Outreach Program in the Small Business Act for \$5 million each fiscal year. The program extends assistance to Native American communities, including Native Hawaiians, for training and educational outreach throughout business development workshops and entrepreneurial classes.
- **Building Indigenous STEM Professionals Act (S.2037)** – this bill will reauthorize and amend a grant to create and expand programs that produce Alaska Native and Native Hawaiian graduates in science, technology, engineering, and math fields.

Subject: WASHINGTON, D.C. BUREAU FEDERAL UPDATE TO THE BENEFICIARY ADVOCACY AND EMPOWERMENT COMMITTEE OF THE BOARD OF TRUSTEES MEETING ON AUGUST 21, 2019

Introduction

This memo from the Washington, D.C. Bureau (WDCB) provides background and information regarding its report to the Beneficiary Advocacy and Empowerment Committee (BAE) of the Board of Trustees meeting on August 21, 2019. It includes the following topics, which will be discussed during the BAE meeting along with the attached, updated one-pager:

- I. Climate Change
- II. Status of major federal appropriations affecting Native Hawaiian programs
- III. Native Hawaiian Revolving Loan Fund (NHRLF) – working on regulatory changes and updates to operating guidelines
- IV. Administration for Native Americans' (ANA's) roundtables
- V. Congressional reception / Hawai'i on the Hill
- VI. Vice Chair Lee speaking with Congress
- VII. Congressman Case's federal funding / support talk story
- VIII. Higher Education Act

I. Climate Change

Through a joint open letter dated July 10, 2019, attached, a group of 13 U.S. Senators led by Brian Schatz (D-HI) and Tom Udall (D-NM) are soliciting the views of American Indian, Alaska Native, and Native Hawaiian community leaders on the impacts of climate change in our communities. This letter is part of a larger effort initiated by the Senate Democrats to examine

how climate change is affecting the country and the planet and to mobilize action and support for bold climate solutions. However, Senator Brian Schatz (D-HI) as the Chair of the Special Committee on the Climate Crisis and a member of the Senate Committee on Indian Affairs (SCIA) and Senator Tom Udall (D-NM) as the Vice Chair of SCIA are specifically reaching out to Native Hawaiians, among other Native Americans, for our perspective because of the disparate impacts of climate change on our communities and the special political and trust relationship the federal government owes to our people.

To answer the Senators' kāhea, OHA – in collaboration with other Native Hawaiian groups – is working to draft a written response to the four specific questions, copied below, and any other mana'o that would help to inform the Senate as they work to formulate a federal action plan.

1. What policies, regulations, and programs have proven particularly useful in assisting your communities in mitigating and responding to climate change impacts?
2. Are there policies or strategies that your communities are using to address climate change that could scale for implementation at the federal level, including traditional knowledge?
3. What actions or policies could federal agencies take within existing authorities to improve climate change mitigation and resilience in your communities?
4. What new policies would you recommend Congress consider to improve climate change resilience in your communities, reduce emissions of heat-trapping pollution, increase the development and availability of renewable resources, or capture or off-set emissions of heat-trapping pollution?

The Chief Advocate and WDCB are coordinating with partners and subject matter experts to respond to this letter.

II. Status of major federal appropriations affecting Native Hawaiian programs

The U.S. House of Representatives has already passed all its appropriations bills for Fiscal Year (FY) 2020, and the U.S. Senate is expected to begin introducing the Committee drafts of its appropriations bills when they return from the August recess. Funding levels appearing in the House bills may change based on Senate levels. Included in the current House funding levels are:

- \$40 million for the Native Hawaiian Education Act (NHEA, Every Student Succeeds Act, Title VI, Part B) through the FY 2020 Labor, Health, and Human Services, Education and Related Agencies (LHHS) spending bill;
- \$19 million for the Hawaiian Health Care Improvement Act (NHHCIA) through the FY 2020 LHHS spending bill;
- \$2.5 million for the Native Hawaiian Housing Block Grant (NHHBG) in the FY 2020 Transportation, Housing and Urban Development, and Related Agencies spending bill; and
- An omnibus appropriations bill from the House also included full funding (\$10 million) for a new agriculture micro-grants for food security program that was established by the 2018 Farm Bill.

III. Native Hawaiian Revolving Loan Fund (NHRLF)

WDCB is working with NHRLF staff and the Administration for Native Americans (ANA), which has federal oversight over the loan program, to amend the federal administrative rules governing NHRLF and to update the fund's operating guidelines. The proposed revisions would allow the successful revolving loan program more flexibility to meet the Congressional intent of the program – to promote economic development in the State of Hawai'i by providing Native Hawaiians and Native Hawaiian-owned business with greater access to capital.

IV. Administration for Native Americans' (ANA's) roundtables

This June, OHA welcomed ANA Commissioner Jeannie Hovland to Hawai'i for two days of roundtables with Native Hawaiian organizations and other local partners. Commissioner Hovland was joined by the majority and minority Staff Directors for the U.S. Senate Committee on Indians Affairs, as well as other federal officials during these meetings at OHA's headquarters, Nā Lama Kukui. OHA staff played dual roles as hosts and stakeholders at the roundtables to discuss the impact that ANA has made in the Native Hawaiian community through its federal project grants and how ANA could better achieve its mission in Hawai'i. The goal of the roundtables was to enable ANA and its federal partners to have meaningful conversations about how ANA's and other federal agencies' grant programs can be best utilized to meet the greatest needs of the Native Hawaiian community. The group identified four areas of particular interest for the roundtables: human trafficking, native language education, economic development, and Native Hawaiian communities.

Each roundtable was allotted three hours and consisted of between fifteen and twenty-two major federal and local stakeholders, including current and former ANA grant recipients. The roundtables all began with a facilitator asking each of the stakeholders to introduce themselves and their organizations, and then to frame the work they are doing in the highlighted area. Federal officials actively engaged the local stakeholders on the utilization of current federal funds, the impacts of these programs, identifying barriers to increasing the effectiveness of these programs, and on any models or best practices could be borrowed from or used by other Native American communities. Last, the groups discussed next actions steps on these issues.

A few of the proposed action items to come out of the roundtables were:

- Coordinating local stakeholders to bolster data collection and reporting for victims of human trafficking to better understand the magnitude and scope of this issue in Hawai'i to share with federal agencies and Congress
- Requesting that Congress commission a report on the status on Native languages in the United States, to include the best practices of the Native Hawaiian immersion schools
- Working with Congress to hold a hearing on Native lending, featuring NHRLF and Native Community Development Financial Institutions (CDFIs), to clear regulatory hurdles impeding these financial institutions from being more effective in creating greater access to capital for Native Hawaiians

- Recruiting and selecting more Natives with experience in providing direct services to Native communities to sit on grant review panels at ANA and other federal agencies

V. Congressional reception / Hawai'i on the Hill

During the month of June, WDCB participated in multiple Capitol Hill events. WDCB actively participated in the lei draping and Hawai'i on the Hill programming in Washington D.C. this year, including facilitating and attending high-level meetings with Hawai'i's Congressional Delegation and other critical organizations. WDCB also participated in the popular Hawai'i on the Hill reception hosted by Senator Mazie Hirono and the Chamber of Commerce Hawaii and featured various Hawai'i-based businesses and local elected officials. The event coordinators reported an attendance of more than 2,000, including Congressional members and state and agency representatives.

WDCB also orchestrated and carried out its own more targeted Congressional reception for the six OHA Trustees who travelled to D.C. this year to take part in the various events. With an estimated attendance of more than 130 Congressional staff, administration officials, Native American organizations, and AAPI community leaders, this event was well-received and served to grow OHA's relationships with Congressional offices, Administration officials, and our other allies at the federal level.

VI. Vice Chair Lee speaking with Congress

WDCB, alongside BOT staff, supported Vice Chair Brendon Kalei'āina Lee during his trip to the U.S. Capitol to participate in the high level policy meetings with Democratic leadership in the Senate and the House related to Asian American and Pacific Islander Heritage Month. Vice Chair Lee provided much needed representation for Native Hawaiians in the discussions with Senators and Members of Congress that covered a broad range of topics, including health disparities and the census. He discussed the historical context of the important issues facing Native Hawaiians today, as well as the federal role and responsibility owed to Native Hawaiians.

VII. Congressman Case's federal funding / support talk story

Ka Pouhana Kūikawā/Interim Chief Executive Officer and Ka Poukihi Kū/Chief Advocate will be attending a talk story with Congressman Ed Case on August 17, 2019. Congressman Case will be discussing the federal appropriations and grant processes and highlighting the resources available for the public's additional information and use.

VIII. Higher Education Act

Considering the upcoming retirement of U.S. Senate Committee on Health, Education, Labor, and Pensions (HELP) Chairman Lamar Alexander (R-TN) at the end of the 116th Congress, the Higher Education Act reauthorization is expected to gain momentum some time within the remainder of the session. In anticipation of potential legislative action, WDCB is organizing a

group of educators to identify challenges facing teacher certification, development, and related issues to determine whether any solutions might exist.

United States Senate

WASHINGTON, DC 20510

July 10, 2019

Dear American Indian, Alaska Native, and Native Hawaiian Community Leaders:

We are writing to solicit your views on the impacts of climate change to your communities and begin a dialogue on potential solutions and adaptive responses. As the National Climate Assessment recently confirmed, climate change is having a disproportionate impact on your communities. As such, we would like to hear directly from you, leaders who are key voices for your communities, about how climate change threatens your traditional ways of life, economic opportunities, and overall wellbeing. It is well past time for Congress to take action in partnership with you and your communities to address the risks and impacts associated with climate change.

American Indians and Alaskan Natives maintain a government-to-government relationship with the United States cemented in treaties and reflected in federal law, and the United States recognizes a special political and trust relationship with the Native Hawaiian community. Any discussion on federal action regarding climate change must include your perspectives. Your voices, stories of current impacts, and ideas for solutions the federal government can take to address the dire impacts of climate change are critical. We welcome your recommendations for federal action that will help provide your communities with the tools necessary to address the harms associated with climate change.

To begin our discussion, we ask that you send us thoughts and comments by Friday, September 13, 2019. Below are some questions to prompt ideas.

1. What policies, regulations, and programs have proven particularly useful in assisting your communities in mitigating and responding to climate change impacts?
2. Are there policies or strategies that your communities are using to address climate change that could scale for implementation at the federal level, including traditional knowledge?
3. What actions or policies could federal agencies take within existing authorities to improve climate change mitigation and resilience in your communities?
4. What new policies would you recommend Congress consider to improve climate change resilience in your communities, reduce emissions of heat-trapping pollution, increase the development and availability of renewable resources, or capture or off-set emissions of heat-trapping pollution?

Your knowledge and experience on this issue is invaluable, and we look forward to receiving your input. Please send your thoughts and comments to Community_Leaders_Feedback@indian.senate.gov.

We thank you for considering our request. If you have any questions, you can contact Christine Blackburn at Christine_Blackburn@schatz.senate.gov or Joshua Mahan at Joshua_Mahan@indian.senate.gov.

Federal Legislative Priorities for the 116th Congress

Education

- Reauthorize the Native Hawaiian Education Act (NHEA) set to expire in FY 2020
- Reauthorize the Higher Education Act (HEA)
- The President's FY 2020 budget requests no funding for the Native Hawaiian Education Program. However, the House proposed \$40 million for this program through the FY 2020 Labor, Health, and Human Services, Education, and Related Agencies (LHHS) spending bill

Hawaiian Language Programs

- Reauthorize the Esther Martinez Native American Languages Preservation Act (Esther Martinez), which provides funding for Native language programs through the Administration for Native Americans (ANA)
 - Senator Tom Udall (D-NM) introduced S. 256 on January 29, 2019; the Senate passed S. 256 on June 27, 2019, and it now awaits action by the House Committee on Education and Labor
- The Native American Program under the Administration for Children and Families funds ANA, which administers these language programs. The President's FY 2020 budget requests \$52 million to administer these Native American programs; however, the House included \$60 million in the LHHS bill

Community Development

- Advocate for programmatic fixes to the Native Hawaiian Revolving Loan Fund (NHRLF) to allow the fund to be more effective in meeting the needs of the community
- Support Native Community Development Financial Institutions (CDFIs)
- The President's budget eliminates discretionary funding for the Native American CDFI Assistance Program; however, the House included at least \$20 million for this program in the FY 2020 Financial Services and General Government spending bill

Health Care

- Reauthorize the Native Hawaiian Health Care Improvement Act (NHHCIA) set to expire in FY 2019, including funding and authorization for Papa Ola Lōkahi
- The President's FY 2020 budget does not provide a specific appropriations request for this program; however, the House included \$19 million for this program in the LHHS bill

Housing

- Reauthorize the Native American Housing and Self-Determination Act (NAHASDA), including the Native Hawaiian Housing Block Grant and the Section 184A Native Hawaiian Loan Guarantee Fund
- The President's FY 2020 budget requests no funding for the NHHBG and no new credit subsidy budget authority for the 184A Loan Guarantee Fund; however, the House included \$2.5 million for the block grant in the FY 2020 Transportation and Housing and Urban Development bill

Across the board, work with our Native allies and partners to serve as a strong, united voice for all Native Communities

- In the 116th Congress, it will be critical to ensure that Native Communities stand together, and that OHA continues to be a strong advocate alongside our Native allies and partners
- American Indians, Alaska Natives, and Native Hawaiians must hold Congress and this Administration accountable to fulfill its trust responsibility
