Grant for the Reburial of 700-900 Iwi Kūpuna & Moepū Disturbed at Kawaiaha‘o Church

**OHA Board of Trustees Community Meeting
5 August 2022**

Grant Update

- O‘ahu Island Burial Council approved the Joint Burial Treatment Plan by the Church and Recognized Descendants in June 2022
- The Church hired Hawaiian Dredging and CSH to implement the Joint Burial Treatment Plan
- Two existing lawsuits are being reconciled and dismissed to pave the way for the reburial to occur
- Grant funds are and will be used for interisland travel by recognized descendants; for reburial materials for those pū‘olo moe that will be re-wrapped due to concerns over the materials originalled used; and for the reburial ceremony
- It is important to acknowledge that this is not the first time Kawaiaha‘o Church moved iwi kūpuna from its grounds, but God willing, it will be the last. In the righteous pursuit of reconciliation, we must find the courage to forgive and seek to restore the balance once existing at Kawaiaha‘o.

Grant Update (Con't)

- The original sin, the disturbance of over 700 kūpuna over the objections of the family, must be acknowledged in order to achieve atonement and facilitate the release of the immense kaumaha. The first ho‘oponopono meeting was held in February 2020 and went well. These efforts need to continue.
- By replanting the iwi kūpuna where they lay originally, by asking for their and our forgiveness, and asking that they take our pain and anguish with them, only then will we be able to collectively heal.

Wrap-Around Social Services

HMHB strives to improve the health of the perinatal community in Hawai'i through collaborative programs, education, and outreach efforts to increase overall wellness of the mother-baby dyad by bridging the gap between health care and social services.

Safe Sleep Education & Child Abuse Prevention Program

Part of a national program, the first and only program of its kind in Hawaii, serving families, at 12 sites, on six islands since 2013. C4K is a safe sleep education course that provides education on the risk factors, how to create a safe sleep environment, and tracks the baby's health throughout its first year of life. The Period of PURPLE Crying®, a child abuse prevention program developed by the National Center on Shaken Baby Syndrome was also added into the program. We have moved to an online platform since the COVID-19 pandemic.

Māna 'ai Food & Provisions Distribution

Our food distribution program, Māna 'ai, focuses on the importance of maintaining a healthy diet postpartum.

New moms are a particularly vulnerable population and Māna 'ai assists in ensuring that low-income women in underserved communities continue to have reliable access to local nutritional food. We also include diapers and wipes, in partnership with Aloha Diaper Bank.

Cribs for Kids & Māna 'ai
