GRANTS PROGRAM

The Grants Program is responsible for overseeing the Office of Hawaiian Affairs' (OHA) granting processes, including solicitation development; application review and evaluation facilitation; award recommendation to the OHA Board of Trustees; Grant Contract execution; and monitoring and reporting on grantee performance.

OHA will release the following grant solicitation to support projects aligned with OHA's Mana i Maui Ola (MiMO) Strategic Plan Strategies. MiMO emphasizes building strong systems that sustain Native Hawaiian well-being. The **FY27 Mālama Honua Home Improvement/Renovation Program Grant for Nonprofits** will empower a nonprofit partner to implement a health and safety-focused home improvement/renovation program for Native Hawaiian homeowners who are otherwise ineligible for traditional loans due to income or credit limitations – thus addressing long-term housing, economic stability, and health outcomes for OHA beneficiaries.

The contact information for the OHA Grants Program is:

**Grants Program
Office of Hawaiian Affairs
560 North Nimitz Highway, Suite 200
Honolulu, Hawai'i 96817**

SOLICITATION ORGANIZATION

Each applicant is advised to read all sections of this solicitation. The solicitation is organized into eight sections:

Section I.	Solicitation Description
Section II.	OHA Award Information
Section III.	Phase 1 - Eligibility
Section IV.	Phase 2 - Application
Section V.	Application Submission
Section VI.	Application Evaluation
Section VII.	OHA Award Administration
Section VIII.	Attachments

Figure 1. Grants Program Phases

SECTION I. SOLICITATION DESCRIPTION

This section provides information on the grant purpose, solicitation timetable, OHA, community grants, and alignment with the Mana i Maui Ola Strategic Plan.

FY27 Mālama Honua Home Improvement/Renovation Program Grant Purpose:

Nonprofit partners will implement a health and safety-focused home improvement/renovation program for Native Hawaiian homeowners who are otherwise ineligible for traditional loans due to income or credit limitations. The program, which will be facilitated by nonprofit partners, will provide targeted grants (in the range of up to \$10,000–\$20,000) to Native Hawaiian homeowners to address critical health and safety repairs.

Focus Areas

This is a pilot program focused on helping Native Hawaiian homeowners remain safely in their homes through critical health and safety repairs. This pilot program funds **only** urgent health and safety related repairs that address documented hazards or threats to habitability. Cosmetic or elective renovations (e.g., non-essential upgrades, aesthetic remodels, additions, landscaping, or luxury improvements) are **not** eligible.

The FY27 Mālama Honua Home Improvement/Renovation Program will be facilitated by nonprofit partners and:

- Provide **tiered grant awards** (up to **\$10,000** for minor/safety repairs or up to **\$20,000** for critical systems repairs) for income-qualified Native Hawaiian homeowners ($\leq 80\%$ AMI).
- Prioritize **kūpuna, disabled residents, and rural households**.
- Serve as a **pilot**, with **\$500,000** available in FY27.

The nonprofit partners with housing/renovation expertise will be responsible for the following:

- Design and administer the application process, including determining the application method (rolling intake or an open application window); intake (screening for eligibility and completeness); applicant communications; pre-repair home inspections (to determine repair needs, the scope of work and cost estimates); and final eligibility and funding determinations.
- Contractor selection and management, including project monitoring and construction oversight; approving contractor payments; ensuring compliance with building codes and safety standards; and conducting final inspections to ensure the repairs are completed according to the approved scope of work.
- Funding disbursement, expenditure tracking and reporting on program finances.
- Develop a system to monitor program performance; collect data on program applicants and participants; and conduct quarterly and

	annual reporting.

10. Commencement of Contract Activities	January 2027

¹ Note: Applicant(s) have one opportunity to address any review comments from the Grants Program, returned within the 48–72-hour review period.

² Note: Once the application is submitted, no resubmission is allowed, even if before the deadline date/time.

B. OHA

OHA was established to better the conditions of Native Hawaiians and Hawaiians as defined in HRS sections 10-2, 10-4(4), 10-4(6) and 10-4(8), and other applicable law(s), as amended. Thus, OHA's grants funds are directed to support this purpose.

C. Community Grants Purpose

Community Grants are programmatic grants for organizations to administer projects in the State of Hawai'i designed to meet the needs of our Native Hawaiian community in alignment with OHA's Mana i Maui Ola Strategic Plan. The opportunity for grant contract extension beyond the initial grant period awarded shall be based on outcomes of grant monitoring, evaluation, and availability of funding.

D. Project Alignment with Mana i Maui Ola Strategic Plan: Strategy & Outcome(s)

This grant is aligned with OHA's Strategy 5: Advance policies, programs, and practices that strengthen Native Hawaiian resource management knowledge and skills to meet the housing needs of their 'ohana; and/or Strategy 6: Support implementation of the Hawaiian Homes Commission Act and other efforts to meet the housing needs of 'ohana. Applicants will be required to align their project to Strategy 5 and/or Strategy 6 and one or more associated Strategic Outcomes, as listed below.

Strategy 5: Advance policies, programs, and practices that strengthen Native Hawaiian resource management knowledge and skills to meet the housing needs of their 'ohana.

Outcome 5.2. Increased numbers/percent of Native Hawaiians who own housing that meets their 'ohana's financial and wellbeing needs

Outcome 5.3. Increased safety, stability, social support networks, and cultural connection in Native Hawaiian communities

Strategy 6: Support implementation of the Hawaiian Homes Commission Act and other efforts to meet the housing needs of 'ohana.

Outcome 6.3. Decrease rate of Native Hawaiian 'ohana out of state migration.

SECTION II. OHA AWARD INFORMATION

This section details the anticipated award period, the minimum and maximum amount of OHA funds that can be requested, restrictions, matching funds, geographic service area, and grant award renewal information.

A. Grant Award Period

The applicant may select a grant award period of one (1) year from the contract start date based on their project. There may be the opportunity to extend the grant for another year depending on availability of funding and grant performance.

B. Amount Requested – The applicant may request an OHA grant in amounts **up to \$250,000 (Maximum Amount)** for the project. Applications in which the Amount Requested exceeds the maximum amount will be deemed ineligible. Administrative costs cannot exceed 20% of the total grant budget.

C. Indirect Cost Restrictions

Indirect Costs are included within the **20% administrative fee** and **may not exceed 20% of the total grant budget**. These costs must be justified and are defined as operating expenses not directly associated with the program, including general organizational overhead. Applications in which indirect costs exceed the 20% administrative fee will be deemed ineligible.

D. Multiple OHA Grant Application & Award Restrictions

Organizations may submit applications for multiple OHA grant solicitations, regardless of category, but each project must be distinct and not overlap in scope. However, each organization will only be awarded for one project per fiscal year. Applying for the same or related project in multiple OHA grant solicitations is prohibited.

Current OHA grantees may submit applications for a different project in the same solicitation category under which they were awarded in a previous fiscal year.

These application restrictions do not apply to OHA grants for events. Organizations may be awarded an OHA grant to support an event in the same fiscal year as an award to support a project through a community grant.

E. Matching Funds

Applicants are required to provide matching funds for a grant award period of at least fifteen percent (15%) of the OHA grant award amount per year. Matching funds priority should be comprised of cash sources, including other grantor cash sources. Post award, OHA funds can be used as matching funds for other grant(s) with OHA notification. Matching funds can be committed from the applicant and/or a partner organization. Appropriate supporting documentation will be required. Applications with less than 15% matching funds will be deemed ineligible.

F. Geographic Service Area

Geographic coverage of the project's service and/or activities areas includes the islands of Hawai'i, Maui, Lāna'i, Moloka'i, O'ahu, and Kaua'i.

G. Grant Award Renewal

At the end of the grant term, grantees that meet the criteria for exemplary performance and compliance may be offered an option to renew their grant, subject to Administration recommendation and Board approval.

For a grantee to be recommended to the Board for award renewal, grantee's grant performance shall be reviewed by the Grants Program to determine if the following criterion has been met:

1. Exceeded, met, or on track to meet or exceed all performance output and outcome targets.
2. Met all grant contract compliance requirements.
3. Submitted all required information and reports in a timely manner. All reports were considered complete and sufficient by OHA Grants Program staff.
4. Demonstrated that the project has had the impact proposed in the grant application as aligned to OHA's Strategic Plan and in the Native Hawaiian community.
5. Agreed to complete contracting renewal requirements.

SECTION III. PHASE 1 – ELIGIBILITY (LOI- LETTER OF INTEREST)

The information included in this section addresses the grant application and award restrictions; eligibility submission process; and required documents. If you need clarification on the minimum eligibility requirements, contact the Grants Program at grantsinfo@oha.org.

Letter of Interest Submission Process & Required Documents

The applicant shall provide information and upload the required documents to the OHA Grants Portal to meet the solicitation minimum eligibility requirements.

The applicant shall complete the eligibility requirement sections: 1) Applicant & Project Information, and 2) Certifications.

After submission of the foregoing eligibility requirement sections, the Grants Program will review the information and documents.

Applicants will receive an email notification regarding eligibility status and access to the application. If the applicant receives an email notification that it did not meet the Phase 1 – Eligibility- LOI (Letter of Interest) requirements, the applicant can return to the OHA Grants Portal to complete and submit the required documents **one additional time**.

Email notification of eligibility status shall be sent within **72 hours** of initial submission, Monday – Friday during OHA business hours, 7:45 a.m. to 4:30 p.m. [excluding Holidays].

Upon approval of eligibility, the applicant will be notified via email and gain access to the application.

The required minimum eligibility information, certifications, and documents are as follows:

A. Applicant & Project Information

1. **Organization Name** – The applicant shall provide the name of the applicant organization.
2. **Project Name** – The applicant shall provide the name of the project.
3. **Amount Requested** – The applicant shall indicate the amount of money being requested from OHA for the project. **Maximum Amount: \$250,000.** *If the Amount Requested exceeds the maximum amount, the application will be deemed ineligible.
4. **Project Alignment with Mana i Maui Ola Strategic Plan Strategy & Outcome(s)** – The applicant shall align their project to Strategy 5 and/or Strategy 6 and one or more associated outcomes, as listed below:

Strategy 5: Advance policies, programs, and practices that strengthen Native Hawaiian resource management knowledge and skills to meet the housing needs of their ‘ohana.

Outcome 5.2. Increased numbers/percent of Native Hawaiians who own housing that meets their ‘ohana’s financial and wellbeing needs

Outcome 5.3. Increased safety, stability social support networks, and cultural connection in Native Hawaiian communities

Strategy 6: Support implementation of the Hawaiian Homes Commission Act and other efforts to meet the housing needs of ‘ohana.

Outcome 6.3. Decrease rate of Native Hawaiian ‘ohana out of state migration

5. **Project Contacts** – The applicant shall provide contact information (name, title, mailing address, phone number, email address) for a Primary Project Contact and Secondary Project Contact for the grant contract. Project Contacts must be directly engaged in the administration and implementation of the project. By being listed in the application, Project Contacts are authorized to communicate, submit required reports, and provide authorization for additional Project Contacts on behalf of the awarded organization as necessary.
6. **Governing Board** – The applicant shall list its organizations’ governing board. The list shall include board members’ names and titles.
7. **Executive Team** – The applicant shall list its organizations’ executive team. The list shall include executive team members’ names and titles.
8. **Authorized Signatory Form – *document upload*** – The applicant shall complete and upload the Authorized Signatory Form. This form needs to be completed and signed by the organization’s Authorized Signatory for both the OHA Grant Application and the OHA Grant Contract. *See Attachment A. Authorized Signatory Form.*

B. Certifications

1. **Licenses/Permits Certification** – The applicant shall certify that applicable licenses and/or permits required for the project have been secured when notified of award. Applicants that will be recommended for award will be contacted to ensure that licenses/and or permits have been secured. If an applicant cannot provide the approved licenses/permits, the Grants Program will not recommend the applicant to the Board of Trustees for award.
2. **Sufficient Funds Certification** – The applicant shall certify that it has sufficient funds available for the effective operation of the project proposed in the grant application for

the duration of the grant period, including fifteen percent (15%) in matching funds to support the project, confirmed or pending at time of application. Applicants will be asked to submit supporting documentation of matching funds in their application. This grant is a reimbursement grant, with an initial payment and cost reimbursement for allowable incurred costs provided at the end of each reporting period, to the extent prescribed in the grant contract.

3. **IRS Letter of Determination – document upload** – The applicant shall upload the organization’s IRS Letter of Determination verifying tax-exempt nonprofit status. Should the current Organization Name not match the name listed on the original IRS Letter of Determination, the applicant shall submit the approved Board Meeting minutes indicating the name change. See Attachment B. Sample – IRS Letter of Determination.
4. **Certificate of Vendor Compliance (CVC) – document upload** –The applicant shall upload the Certificate of Vendor Compliance issued by the State of Hawai‘i verifying the applicant is registered to do business in the State of Hawai‘i. To obtain this document, applicants must register with Hawai‘i Compliance Express online at <http://vendors.ehawaii.gov>. Registration with Hawai‘i Compliance Express may take up to two weeks before access to the online CVC is granted. This certificate must be current within three (3) months of this application deadline. We do not accept your DCCA Certificate of Good Standing. See Attachment C. Sample – HCE Certificate of Vendor Compliance.
5. **Board Governance Certification** – The applicant shall certify the following:
 - a. The members of the organization’s governing board have no material conflict of interest and serve without compensation in their capacity as governing board members;
 - b. The organization’s governing board has bylaws or policies that describe the manner in which business is conducted and policies relating to nepotism and management of potential conflict of interest situations; and
 - c. The organization employs or contracts with no two or more members of a family, or kin, of the first or second degree of consanguinity (i.e., a spouse, parent, child, grandparent, grandchild, or sibling of another employee or contractor of the organization). If the organization employs or contracts with two or more members of a family, or kin, of the first or second degree of consanguinity, the organization shall disclose such employment or contractual relationship to OHA, along with the organization’s efforts to mitigate concerns over nepotism or conflicts of interest arising from the relationship, and OHA shall then determine whether the organization may proceed with its grant application.
6. **Native Hawaiians to be Served** – The applicant shall certify that OHA grant funding for this project shall be used to **directly** serve Native Hawaiian individuals only. If the project does not serve Native Hawaiians, the application will be deemed ineligible. Matching funds for this project from other sources may be used to serve non-Hawaiian community or ‘ohana members as needed.

7. **Geographic Service Area** – The applicant shall certify service delivery for this project will be implemented on the island(s) of Hawai‘i, Maui, Lāna‘i, Moloka‘i, O‘ahu, **and/or** Kaua‘i.

SECTION IV. PHASE 2 – APPLICATION

The information included in this section addresses the application process via the OHA Grants Portal, required application elements, and documents that must be uploaded.

The application will be evaluated and scored using the criteria in this section. The highest score for the application is 100 points. This section includes a set of four main criterion, and corresponding components. Each component will include scoring elements and instructions. Address each element required and follow all component instructions. All parts provided here will be evaluated by OHA Grant Application Evaluators using OHA’s scoring criteria as defined below.

APPLICATION CRITERIA & POINTS
Criterion 1: Project Proposal – Maximum: 65 Points
Criterion 2: Organizational Capacity – Maximum: 10 Points
Criterion 3: Experience – Maximum: 15 Points
Criterion 4: Budget & Budget Justification – Maximum: 10 Points

THIS SPACE IS INTENTIONALLY LEFT BLANK

Criterion 1

Project Proposal | Maximum Points: 65

The Project Proposal criterion will be used by Grant Application Evaluators to consider the degree to which the project is feasible, effective, community-based, and will successfully achieve the intended outcomes. This section contains the majority of the application narrative and describes the following in detail:

Components:

1. Project Purpose (0-5 points)
2. Current Community Condition (0-10 points)
3. Project Alignment with Mana i Maui Ola Strategic Plan (0-15 points)
4. Scope of Services (0-15 points)
5. Performance Measurement Table (0-20 points)

1. Project Purpose (0-5 points)
<u>Scoring Elements</u>
▪ <i>The application identifies a project purpose that is relevant to the community and meaningful in scope. (0–5 points)</i>

Instructions

State the project purpose in one sentence that describes what is to be achieved by the project's implementation and reflects the scope of the project. The project purpose should include:

- Population: a specific group within Native Hawaiian communities that the project will focus on
- Result: a measurable achievement, change, or improvement completed within the project
- Target: the amount of achievement, change, or improvement

The project purpose must align with the following:

The purpose of this project is to provide health and safety-focused home improvement/renovation grants to income-qualified Native Hawaiian homeowners who are otherwise ineligible for traditional loans due to income or credit limitations.

Condition for Renovations:

The following health and safety repairs are allowed to repair and correct deteriorated and hazardous conditions on the property:

- Floors (including unsafe or damaged subflooring)
- Windows (broken, leaking, or inoperable)
- Drywall (including mold remediation)
- Siding (to correct rot, leaks, or infestation damage)
- Kitchens (cabinets, sinks, plumbing, flooring, ventilation, safe food prep fixtures)
- Bathrooms (toilets, sinks, tubs, showers, plumbing, ventilation, non-slip flooring, accessibility modifications)
- Plumbing (pipes, leaks, fixture connections)
- Structural defects (walls, beams, supports, foundation)
- Roofs (including leaks and unsafe structures)
- Water & sewer lines
- Septic systems
- Electrical (wiring, outlets, panels, fixtures)
- Accessibility upgrades (ramps, grab bars, walk-in showers)
- HVAC systems (heating, cooling, ventilation)
- Insulation & weatherproofing (to prevent water damage and mold)
- Pest infestation damage (termites, rodents)
- Fire safety measures (smoke detectors, CO detectors, wiring hazards)
- Lead & asbestos mitigation
- Water heaters (repair or replacement where unsafe)

Ineligible Repairs:

- Cosmetic or elective renovations (e.g., non-essential upgrades, aesthetic remodels, additions, landscaping, or luxury improvements) are not eligible.

Eligibility criteria include the following:

1. Native Hawaiian (verified through registration with OHA's Hawaiian Registry Program).
2. Hawai'i resident.
3. Homeowner-occupant and provide property ownership verification (have a clean title to the home).
4. Current on mortgage and utility payments (e.g., most recent mortgage and utility statement).
5. Current (or on a payment plan) on property taxes.
6. Homeowner's insurance (e.g., declaration page showing policy coverage/effective date/property address, etc.).
7. Repairs or replacement must be on the approved list.
8. Proof of income up to 80% AMI.

The program allows tiered awards:

- Up to **\$10,000** for minor/safety repairs (grab bars, plumbing fixes, accessibility).

- Up to **\$20,000** for critical systems (bathroom/kitchen, electrical, HVAC, septic).

This program would serve an estimated 10-20 Native Hawaiian households at \$10,000-\$20,000 per grant.

Sample:

The purpose of this project is to provide 10-20 income-qualified (up to 80% AMI) Native Hawaiian homeowners with grants ranging in amounts from \$10,000-\$20,000 to address critical health and safety-focused home repairs that will be facilitated by a nonprofit.

- Population (Who): 10-20 income-qualified (up to 80% AMI) Native Hawaiian homeowners
- Result (What): Home repairs that improve the health and safety of Native Hawaiian homeowners
- Target (How much): 10-20 Native Hawaiian homeowners

2. Current Community Condition (0-10 points)

Scoring Elements

- *The application provides one compelling, urgent, and measurable current community condition that could feasibly be addressed within the scope of the project. The applicant may describe a key housing-related community condition or a set of related conditions (e.g., barriers to securing licensed contractors in rural areas, thus lack of access to timely and safe repairs for kūpuna). (0-5 points)*
- *The application effectively provides baseline information about the project's current community condition. (0-5 points)*

Scoring Element: *The application provides one compelling, urgent, and measurable current community condition that could feasibly be addressed within the scope of the project.*

Instructions

Describe a current community condition which is a gap or barrier, preventing the community from achieving a long-term community goal. While there are many conditions that stand in the way of reaching a community goal, the application should identify **one specific condition**. The project should measurably reduce or eliminate the identified condition and bring the community closer to obtaining the long-term goal.

Do not describe the specific condition that the project will address as a “lack of” or a “need for” the project. For example, applications often will state, “Native Hawaiian homeowners need access to more resources to address health and safety-related home repair issues,” or “Native Hawaiians lack access to necessary resources to address health and safety-related home repair issues.” These statements do not describe a condition in the community, rather they describe a possible solution for addressing the condition of Native Hawaiian homeowners lacking sufficient income, savings, or credit to do necessary home repairs.

The current community condition should:

- Be compelling and urgent,
- Be able to realistically be addressed by the project,

- Contain a measure of the current condition, and
- Not include “lack of” or “need for” statements.

Scoring Element: *The application effectively provides baseline information about the project’s current community condition.*

Instructions

Provide baseline information including statistics on the status of the current condition. These data are the basis for determining the change of the identified condition through the successful completion of the project.

Data for the baseline information should come from surveys, focus groups, research papers/studies, censuses, archives, etc. Use the most recent data available (within the last 10 years). Provide local data first that speaks directly to the community to be served (community rates for unemployment, suicide, poverty, etc.), and if local data is not available move progressively outward to regional and statewide sources. It is often helpful to compare local statistics to regional and statewide statistics to show the severity of the condition.

Lay the groundwork for Grant Application Evaluators to understand the current community condition and to accurately determine if your project is viable. Baseline information should paint a picture to use as a comparison for future improvements and success. Support all claims with facts and evidence and cite specific sources.

When addressing this element, it is important to only include information that is related to a baseline for the single identified condition. For example, if the project is about preserving ‘ōlelo Hawai‘i, then baseline information should include the number of Native Hawaiians within the community served and the number of Native Hawaiians who ‘ōlelo Hawai‘i.

3. Project Alignment with Mana i Maui Ola Strategic Plan (0-15 points)
<u>Scoring Elements</u> ▪ <i>The application clearly demonstrates how the project will directly and meaningfully address Strategy 5. (0–5 points)</i> ▪ <i>The application clearly demonstrates how the project will have significant community impact in alignment with one or more Strategic Outcomes. (0–5 points)</i> ▪ <i>The application clearly demonstrates how the project will have significant community impact through engaging one or more Strategic Foundations. (0–5 points)</i>

Scoring Element: *The application clearly demonstrates how the project will directly and meaningfully address Strategy 5.*

Instructions

Describe how the project aligns with:

Strategy 5: Advance policies, programs, and practices that strengthen Native Hawaiian resource management knowledge and skills to meet the housing needs of their ‘ohana.

Strategy 6: Support implementation of the Hawaiian Homes Commission Act and other efforts to meet the housing needs of ‘ohana.

Scoring Element: The application clearly demonstrates how the project will have significant community impact in alignment with the following Strategic Outcomes.

Instructions

Describe how the project aligns with and address one or more Strategic Outcomes:

Outcome 5.2. Increased numbers/percent of Native Hawaiians who own housing that meets their ‘ohana’s financial and wellbeing needs

Outcome 5.3. Increased safety, stability social support networks, and cultural connection in Native Hawaiian communities

Outcome 6.3. Decrease rate of Native Hawaiian ‘ohana out of state migration.

Scoring Element: The application clearly demonstrates how the project will have significant community impact through engaging one or more Strategic Foundations.

Instructions

Describe how the project approach and implementation will build upon and/or strengthen one or more Strategic Foundations:

‘Ohana – Family. ‘Ohana is instrumental to community empowerment. When families are strong and healthy, and when there is positive engagement within the ‘ohana, from keiki to kūpuna, communities thrive. Connections to mo‘omeheu and ‘āina begin with connections within families.

Mo‘omeheu – Culture. Culture is the essence of who Native Hawaiians are as a people. It includes all those things that distinguish the community: language, stories, customs, music, art, food, protocols, religions, values, traditions, and celebrations. Expressions of culture are both internal and external. Culture shapes Native Hawaiian worldview and thinking. It informs the ways in which individuals interact with one another and with ‘āina. It influences the way Native Hawaiians interpret events and approach problem-solving.

‘Āina – Land & Water. To Native Hawaiian kūpuna, the land was life. Imbued with mana, ‘āina provides everything the community needs to survive. On an intimate level, Native Hawaiians are connected to the land by the generations of kūpuna who lived on the land and whose iwi rest here. Thus, the emotional ties to family, and the aloha for them, extends to the land that feeds us.

There should be a direct correlation between the current community condition, the purpose of the project, the Strategy, the selected Strategic Outcome(s), and the selected Strategic Foundation(s).

4. Scope of Services (0-15 points)

Scoring Elements

- *The application outlines strategies that are appropriate and reasonable to recruit the proposed number of Native Hawaiian participants. (0-5 points)*
- *The application outlines detailed project activities that are sufficient to achieve the project objective(s), outputs, and outcomes. (0-10 points)*

NOTE: Should the project not directly serve participants, the “Detailed List of Project Activities,” will be scored out of the full 15 points.

Scoring Element: The application outlines strategies that are appropriate and reasonable to recruit the proposed number of Native Hawaiian participants.

Instructions

Number of Native Hawaiians to be Served

Provide the total number of Native Hawaiian individuals that the project intends to **directly** serve through OHA funding.

The number of Native Hawaiian individuals served shall include project participants that can be documented on registration forms, sign-in sheets, and/or other approved data collection and verification documents. It shall not include project staff and subcontractors, hits, and likes on social media platforms, or individuals indirectly served. This number shall align with OHA reporting definitions of:

- **Newly Served Participant:** A newly served participant is a first-time project participant who has not previously received services under this OHA project funding. Newly served participants shall NOT include individuals that have only enrolled, registered, or inquired but have not received project services.
- **Served:** Provided an act of assistance or benefit.
- **Native Hawaiian:** Native Hawaiian refers to all persons of Hawaiian ancestry regardless of blood quantum; any individual any of whose ancestors were natives of the area which consists of the Hawaiian Islands prior to 1778. (Source. US Code 3057k)

Geographic Service Area

Indicate the island or islands where service delivery for the project will be implemented - Hawai‘i, Maui, Lāna‘i, Moloka‘i, O‘ahu, and/or Kaua‘i.

Services

Describe the process to recruit participants for the project. In one to two sentences, identify the detailed methods of outreach and recruitment. Two or more sentences may be used if the project uses partnerships in outreach and recruitment strategies.

Example:

The (Organization Name) shall reach out to (areas aligned to proposed project, e.g., schools, clinics, partnerships) through (medium, e.g., presentations at community meetings, radio advertisements, flyers, door to door outreach, social media) to recruit project participants.

Scoring Element: The application outlines detailed project activities that are sufficient to achieve the project objective(s), outputs, and outcomes.

Instructions

Provide a list of all project activities in detail and by process. Provide one sentence for each activity. This list should include all activities the project will implement to achieve the outputs and outcomes listed in the Performance Measurement Table (PMT) component.

Sample:

- i. Design the application and intake process.
- ii. Recruit applicants via various methods (website, social media, traditional media, community outreach, etc.).
- iii. Complete applicant intake and selection, including initial screening; pre-home repair inspections; and final eligibility and funding determinations.
- iv. Select and manage home repair contractors, including project monitoring and construction oversight; approving contractor payments; ensuring compliance with building codes and safety standards; and conducting final inspections to ensure the repairs are completed according to the approved scope of work.
- v. Disburse funds, track expenditures, and report on program finances.
- vi. Develop a system to monitor program performance; collect data on program applicants and participants; and conduct quarterly and annual reporting.

The project activities must align with the following:

A. Application Process and Guidelines

The nonprofit will design and administer the application process, including intake, eligibility verification, inspections, and applicant communications. The nonprofit has discretion to determine the application method, either a rolling intake process (applications reviewed as they are submitted) or an open application window (applications collected during a set timeframe and then reviewed together).

Condition for Renovations:

Required documentation shall include proof of: 1) Native Hawaiian ancestry (required registration with OHA's Hawaiian Registry Program); 2) Hawai'i residency; 3) homeownership; 4) current month's mortgage and utility statement; 5) property tax statement 6) homeowner's insurance; 7) description of eligible repairs; and 8) last year's income tax filing.

The application process shall include the following:

1. **Application submission and initial review:** applicants submit the application and required documents; initial screening for eligibility and completeness.

2. **Home Inspection (pre-repair assessment):** The nonprofit grantee will be responsible for conducting or subcontracting home inspections. A housing inspector or construction manager will perform the assessment to verify repair needs, develop a scope of work, and provide a cost estimate. The inspection informs final eligibility and funding determination but is separate from the contractor(s) who will perform the actual repairs.
3. **Final Eligibility and Funding Determination:** This inspection and scope of work will help inform the final decision on grant eligibility and the amount of funding the applicant will receive.

Regardless of method, all applications must be evaluated against consistent criteria to ensure fairness and alignment with program goals. The nonprofit will also make final determinations on individual funding amounts based on inspection results, scope of work, and program limits. In addition, the nonprofit will provide invoice documentation for the renovations. Funding will be awarded to eligible applicants until available resources are exhausted.

Proposed evaluation criteria should include:

1. **Need:** severity of the home repair issues, the applicant's inability to afford repairs, and the lack of resources or credit elsewhere.
2. **Impact:** the extent to which the proposed repairs will improve health and safety.
3. **Project feasibility:** if the proposed repairs are realistic, achievable within the grant amount and the homeowner or contractor are able to complete the project.
4. **Alignment with program goals:** how much the proposed repairs align with the goals of the grant program.

The nonprofit will also make final eligibility and funding determinations and finalize the scope of work and approved budget.

B. Contractor Selection and Repair Work

The nonprofit will implement procedures for assessing repair needs, create detailed scopes of work, identify qualified contractors or nonprofit staff/volunteers to perform the construction, and ensure quality work.

The nonprofit grantee will oversee bidding, contractor selection (if applicable, or oversee the construction performed by nonprofit staff/volunteers), and perform construction oversight. The nonprofit will establish protocols for monitoring project progress, conducting inspections, approving contractor payments (if applicable), and ensuring compliance with building codes and safety standards. The nonprofit will conduct final inspections to ensure repairs are done according to the approved scope of work.

C. Financial Administration and Monitoring

The funds will be disbursed by the nonprofit directly to contractors (if applicable or applied to materials or internal staffing costs), subject to OHA fiscal oversight.

The nonprofit should establish a process to verify the home improvements are completed and the funds were used as intended. The nonprofit should also establish a system for tracking expenditures and reporting on program finances.

The nonprofit should establish a process for addressing complaints and resolving disputes. The nonprofit should ensure compliance with all applicable federal, state, and local regulations and develop procedures for preventing fraud and abuse.

D. Program Evaluation

The nonprofit will establish a system for monitoring program performance and tracking both outputs and outcomes, in coordination with OHA staff. The nonprofit will collect data on program applicants and participants, track performance measures, and submit quarterly and annual reports to OHA.

5. Performance Measurement Table (0-20 points)

Scoring Elements

- *The Performance Measurement Table provides targets, definitions, and data collection methods for the **mandatory outputs**, which are achievable, and which reflect a significant positive impact on the betterment of conditions of Native Hawaiians. (0–5 points)*
- *The Performance Measurement Table describes **project-specific deliverables**, outputs, targets, definitions, and data collection methods, which are achievable, and which reflect a significant positive impact on the betterment of conditions of Native Hawaiians. (0–5 points)*
- *The Performance Measurement Table describes **OHA Strategic Outcomes and project-specific outcomes**, targets, definitions, and data collection methods, which are achievable, and which reflect a significant positive impact on the betterment of conditions of Native Hawaiians. (0–10 points)*

Complete and upload the *Performance Measurement Table*. See Attachment D. Performance Measurement Table/Annual Data Report and Attachment E. Sample- Performance Measurement Table/Annual Data Report. The performance measures, targets, definitions, and data collection methods should provide detailed information on what that project will produce, the results of the project, and what changes will be seen in the community condition because of the project. If applying to serve multiple island locations, create one statewide Performance Measurement Table and separate Performance Measurement Tables for each island served. The target numbers for all island-specific tables must add up to the totals reflected in the statewide Performance Measurement Table.

The Performance Measurement Table must include the following:

Outputs

- Newly served participants
 - Newly served Native Hawaiian participants
- Participants who complete the project
 - Native Hawaiian participants who complete the project
- Total number of applications received
 - Number of Native Hawaiians who submit applications
- Number of home inspections completed
- Number of homes repaired
- Number of repairs completed
- Total number of household members benefiting from the project.
- Number of partners/collaborators
- Additional project-specific outputs identified by the grantee

Outcomes

Grantee to select **one or more** of OHA's strategic outcomes their project aligns with along with the mandatory outcomes listed below. The grantee may also include additional project-specific outcomes identified by the grantee.

OHA's Strategic Outcomes

- Number of Native Hawaiians to own housing that meets their 'ohana's financial and well-being needs (5.2).
- Number of Hawaiian community members to experience safety, stability, social support networks, or cultural connection in their communities (5.3).
- Decreased rate of Native Hawaiian 'ohana out of state migration (6.3).

Mandatory Outcomes

- Number of kūpuna and/or disabled residents reporting improved physical safety at home.
 - Number of Native Hawaiian kūpuna and/or disabled residents reporting improved physical safety at home.
- Number of kūpuna and/or disabled residents reporting increased independence due to accessibility upgrades.
 - Number of Native Hawaiian kūpuna and/or disabled residents reporting increased independence due to accessibility upgrades.
- Number of individuals reporting improved physical and mental health.
 - Number of Native Hawaiian individuals reporting improved physical and mental health.
- Number of individuals reporting reduced stress and anxiety due to safer, healthier homes
 - Number of Native Hawaiian individuals reporting reduced stress and anxiety due to safer, healthier homes.

Project Specific Outcomes

- Additional project-specific outcomes identified by the grantee.

Scoring Element: The Performance Measurement Table provides targets, definitions, and data collection methods for the mandatory outputs, which are achievable, and which reflect a significant positive impact on the betterment of conditions of Native Hawaiians.

Instructions

Provide projected year-end targets for the indicated mandatory outputs based on the OHA Definition. These targets should match those entered in the Scope of Service. Enter information on how these outputs will be defined within the context of the project in the Project Definition section. In the Project Data Collection section, enter information on how the mandatory outputs will be measured, tracked, and documented in the participants' files and/or project records. Describe the data collection and reporting tools to be used to measure each output, including how data on Native Hawaiian ancestry will be collected and tracked (verified through registration with OHA's Hawaiian Registry Program).

Scoring Element: The Performance Measurement Table describes project-specific deliverables, outputs, targets, definitions, and data collection methods, which are achievable, and which reflect a significant positive impact on the betterment of conditions of Native Hawaiians.

Instructions

Insert all deliverable outputs and related year-end targets for the project to achieve the project objectives and outcomes. Deliverable outputs are the tangible and intangible goods or services that results from project/project activities. An output should quantify what the project does, such as the number of workshops; amount of funds distributed to Native Hawaiians; number of capital improvement projects completed, etc. If deliverables are direct services provided to participants, include the total number of participants and the number of Native Hawaiian participants who will complete the deliverable (workshops, receive funds, etc.). Add or delete rows as needed to reflect the actual number of participant-based project outputs. If a deliverable is not a direct service to participants, but rather a specific product (home inspections, repairs made, funding invested, etc.), list it as a deliverable **after the participant-related outputs**. Add additional rows as needed to fully capture all project deliverables.

Enter information on how these project deliverable outputs will be defined within the context of the project and information on how completion is defined within the context of the project in the Project Definition section. Provide as much detail as possible. In the Project Data Collection section, enter information on how the deliverable outputs will be measured, tracked, and documented in the participants' files and/or project records. Describe the data collection and reporting tools to be used to measure each output, including how data on Native Hawaiian ancestry will be collected and tracked (verified through registration with OHA's Hawaiian Registry Program).

Scoring Element: The Performance Measurement Table describes OHA Strategic Outcomes and project-specific outcomes, targets, definitions, and data collection methods, which are achievable, and which reflect a significant positive impact on the betterment of conditions of Native Hawaiians.

Instructions

Provide projected year-end targets for **one or more** OHA Strategic Outcome(s), as selected in Criterion 1: Component 3: Project Alignment with Mana i Maui Ola Strategic Plan Strategy and Outcome(s) as well as for MANDATORY Outcomes. Enter information on how these outcomes will be defined within the context of the project in the Project Definition section. In the Project Data Collection section, enter information on how the OHA Strategic Outcome(s) will be measured, tracked, and documented in the participants' files and/or project records. Describe the data collection and reporting tools to be used to measure each outcome, including how data on Native Hawaiian ancestry will be collected and tracked (verified through registration with OHA's Hawaiian Registry Program).

Additional project-specific outcomes may also be inserted in the Performance Measurement Table, with related year-end targets, to measure and document project impact. Outcomes are the difference/impact, in measurable/quantifiable terms, made by the outputs (e.g., knowledge transferred, and behaviors changed). Outcomes define changes that should take place because of the project. Enter information on how the outcome will be defined within the context of the project in the Project Definition section. In the Project Data Collection section, enter information on how the outcome will be measured, tracked, and documented in the participants' files and/or project records. Describe the data collection and reporting tools to be used to measure each outcome, including how data on Native Hawaiian ancestry will be collected and tracked (verified through registration with OHA's Hawaiian Registry Program).

Criterion 2 Organizational Capacity | Maximum Points: 10

The Organizational Capacity criterion will be used by Grant Application Evaluators to consider the degree to which the organization is able to execute and complete the project. This section contains the following components:

Components:

1. Organizational Description, Chart, & Functions (0-5 points)
2. Fiscal Oversight (0-5 points)

1. Organizational Description, Chart, & Functions (0-5 points)

<u>Scoring Elements</u>

- | |
|--|
| <ul style="list-style-type: none">▪ <i>The organization's background, history, and years serving the Native Hawaiian community is sufficient to implement the project. (0-1 point)</i>▪ <i>The organizational chart clearly identifies adequate staff to implement the project and indicates where each position falls within the organization. (0-1 point)</i>▪ <i>The application clearly defines appropriate responsibilities for each staff position (or subcontractor) in the implementation of the project. (0 – 2 points)</i>▪ <i>The application identifies appropriate strategies for recruiting and hiring project staff. (0-1 point)</i> |
|--|

Scoring Element: The organization's background, history, and years serving the Native Hawaiian community is sufficient to implement the project.

Instructions

Briefly describe how the organization was founded and how many years the organization has been serving Native Hawaiian communities.

Scoring Element: The organizational chart clearly identifies adequate staff to implement the project and indicates where each position falls within the organization.

Instructions

Clearly document a staffing and organizational structure that will support full implementation of the project upon receipt of award, including identification of a Project Director and all project staff.

Sample:

Scoring Element: The application clearly defines appropriate responsibilities for each staff position (or subcontractor) in the implementation of the project.

Instructions

Identify which staff member(s) will manage any partners, contractors, subcontractors, and consultants (Contracts, MOUs, Statements of Work, Letters of Commitment, etc.).

Identify each designated position that will be responsible for grant monitoring, reporting, data collection, performance measurement data, and expenditures, including years of experience performing these requirements.

Scoring Element: The application identifies appropriate strategies for recruiting and hiring project staff.

Instructions

For any positions that will be vacant at the start of the project, outline a recruitment and hiring plan that aligns with the organization's current policies and procedures. Include an estimated timeframe needed for recruitment and hiring. Lastly, if the Project Director or related position needs to be filled, identify who will be responsible for the implementation of activities until they are hired.

2. Fiscal Oversight (0-5 points)

Scoring Elements

- *The application describes a plan for proper oversight of OHA award funds, including the identification of sufficient staff and internal controls for financial management; demonstration of knowledge or experience in the proper and timely disbursement of funds and accurate accounting practices. (0-3 points)*

Instructions

Describe the financial internal controls of the organization including the policies which clearly define how disbursement of funds, purchasing, cash drawdowns, and related authorizations are handled.

Identify the relevant financial staff or the financial contractor (individual CPAs or Accounting Firms), their responsibilities, qualifications, and experience.

THIS SPACE IS INTENTIONALLY LEFT BLANK

Criterion 3 Experience | Maximum Points: 15

The Experience criterion will be used by Grant Application Evaluators to consider the organization's prior experience providing the project services in order to assess the organization's ability to successfully implement the project.

Components:

1. Experience in Proposed Services (0-5 points)
2. Native Hawaiian Percentage of Client/ Participant Base (0, 5 or 10 points)

1. Experience in Proposed Services (0-5 points)

|---|
| <ul style="list-style-type: none">▪ <i>The application clearly demonstrates meaningful prior experience providing the proposed or directly related project services. (0-5 points)</i> |
|---|

Instructions

Identify projects in which the applicant has directly related experience providing the proposed project services. Provide projects related in scope as evidence of the organization's financial and project management capabilities. For each project, provide the funder name, grant purpose, general grant scope, number of years services were provided, and dates of service.

(0 or 5 points)</i> |
|--|

Instructions

Provide information and data to substantiate how the percentage was derived. The information and data should not be based solely on the project proposed in this application, but the organization's overall participant and/or client base for all services provided by the organization.

Criterion 4 Budget & Budget Justification | Maximum Points: 10

The Project Budget and Budget Justification will be used by Grant Application Evaluators to consider the degree to which the application designates adequate resources to carry out the proposed activities while ensuring that the proposed costs are reasonable. The following components will be evaluated:

Components:

1. Line-Item Budget (0-5 points)
2. Budget Justification (0-5 points)

1. Line-Item Budget (0-5 points)

Scoring Elements

- *The budget includes a reasonable line-item budget with object class categories for each year of the project that fully details the costs allocated for OHA and Matching Funds shares. The budget includes funds for all required items to successfully implement the project budget, as provided in previous sections. (0–5 points)*

NOTE: Disallowed Costs should not be included in the line-time budget. See Attachment K. Reference Guide to Disallowed Costs

*The Application shall be **deemed INELIGIBLE** if any of the following apply:*

- *Matching Funds are less than 15% of the Requested OHA Funds Budget.*
- *If OHA finds any disallowed costs on the budget, the application will be deemed ineligible.*
- *Indirect Costs are more than 20% of the Requested OHA Funds Budget. See Attachment L. Reference Guide to Direct and Indirect Costs*
- *The Request OHA Funds Budget is more than maximum allowed for this solicitation. See Section II. OHA Award Information. B. Amount Requested*
- *Administrative costs are more than 20% of the total grant budget.*

Instructions

Complete and upload a line-item budget for each year of the project. The line-item budget is a list of the resources and services required to complete the project and their associated costs which are organized by Budget Categories. See Attachment G. Budget & Budget Justification Form and Attachment H. Sample- Budget & Budget Justification Form.

Expenses listed under each budget category should reflect the annual cost, for example, the costs for personnel are the annual salaries based on the position's full-time equivalent or percentage of time to the project and travel is the annual cost per trip. See Attachment F. Budget Category Table.

Matching Funds

Applications with less than 15% Matching funds will be deemed ineligible.

Complete and upload the required *OHA Matching Funds Confirmation Form* and supporting documentation, which identifies all sources that will provide cash match funds for the grant period. The Matching Funds Confirmation Form should verify that the applicant has at least fifteen percent (15%) cash match of the OHA grant amount requested per year. For the purpose of this application, OHA funds cannot be used as matching funds. Provide cash amount(s) whether the funding is confirmed or pending, and the anticipated award period. For any pending funds, also indicate the anticipated final determination date in the Notes column. If only a percentage of another funding source is dedicated as a match to the OHA funds, explain in the Notes column. See Attachment I. Matching Funds Confirmation Form.

If an applicant's partner organization is committing matching funds to support the project, indicate the partner organization on the Matching Funds Confirmation Form and complete and upload the *Partner Organization Certification Form for Matching Funds*. If there are multiple partner organizations that commit match funding, each organization is required to complete a Partner Organization Certification Form for Matching Funds. See Attachment J. Partner Organization Certification Form for Matching Funds.

The applicant will upload supporting documentation for all listed Matching Funds sources. Examples of supporting documentation for confirmed sources include: a bank statement, letter of commitment from a funder/bank, or a letter of agreement with another organization. Examples of supporting documentation for pending sources include: dated documentation verifying grant application submission including grant details - funder name, amount, and term; and/or dated documentation verifying loan/other fund application submission including loan/fund details - funder name, amount, and term.

Indirect Costs

Applications with more than 20% Indirect Costs will be deemed ineligible.

Indicate on the *Budget & Budget Justification Form* which line-item costs will be used for direct and indirect costs. *See Attachment G. Budget and Budget Justification Form.* Should a budget item need to be split to indicate a direct cost portion and an indirect cost portion, the item should be listed in two separate lines.

- Cannot exceed 20% of the total OHA grant funds.
- For operating costs not directly associated with the program.
- For costs associated with the general overhead operation of your organization.
- Examples include, but not limited to:
 - Administrative Payroll – Salaries & Fringe Benefits
 - Rent – Office Lease
 - Rent – Equipment (e.g., copier)
 - Accounting/Payroll Services
 - IT/Data Services
 - Professional Services – Legal, Audit, etc.
 - Insurance – General Liability, Auto, etc.
 - Utilities – Telephone & Internet, Electricity, Water, etc.

See Attachment L. Reference Guide to Direct and Indirect Costs.

Disallowed Costs

OHA grant funds may not be used to support Disallowed Costs.

Review the chart summarizing Allowed Costs and Disallowed Costs before you submit your budget. *See Attachment K. Reference Guide to Disallowed Costs.*

Budget Adjustments

OHA reserves the right to modify application budgets during contracting. If OHA finds disallowed costs on the budget, the application will be deemed ineligible.

2. Budget Justification (0-5 points)

Scoring Elements

- *The budget justification provides a narrative that describes the breakdown of how all costs are calculated for each entry in the line-item budget, for every year of the project. The budget justification includes a basis for estimated costs, such as equipment, personnel, and travel. Vendor quotes for equipment over \$5,000 are provided. (0-5 points)*
- *The budget justification describes expenditures well align with the project activities and deliverables. (0-2 points)*

Instructions

Complete and upload a narrative budget justification. See Attachment G. Budget & Budget Justification Form and Attachment H. Sample- Budget & Budget Justification Form.

The budget justification should narratively describe how each line-item cost was calculated and includes a short explanation of why it is necessary to the project. Each line-item cost should be broken down to justify the annual expense.

Example:

For each personnel position provide their percentage of full-time equivalent, number of hours and the hourly rate assigned to that position for the year, i.e., a 0.5 FTE position - \$25/hr. x 80 hours per month x 12 months of the year. For travel costs, each trip should be broken down by airfare, hotel, parking, taxi, and mileage. For contractual services, service contract and/or agreements are required to be submitted to OHA prior to service payment.

If you have any questions regarding the allowability of a cost item in your budget, contact the Grants Program at grantsinfo@oha.org.

SECTION V. APPLICATION SUBMISSION

A. Submission Information

The grant application system, the OHA Grants Portal, can be accessed through the Grants Program page of the OHA website at <http://www.oha.org/grants>.

1. All applicants shall first create an account in the Grants Portal. Required information to create an account includes the organization's legal name and EIN/Tax identification number.
2. A response is required for **each** item. If the item does not apply to your proposal or if no information is available, answer "not applicable" or "N/A." Do not leave any items blank. Failure to answer any of the items will restrict your ability to submit.
3. Required forms or supporting documents must be uploaded with each relevant section of the application. Uploads have size limits. To ensure sufficient space for all uploads it is recommended to use black/white, compressed, low resolution, text quality documents.
4. Application questions have character limits. Character count includes all letters, numbers, symbols, blank spaces, and diacritical marks. The OHA Grants Portal accepts diacritical marks, 'okina and kahakō, please use where appropriate.

B. Additional Materials and Documentation

Upon request from OHA, each applicant shall submit any additional materials and documentation reasonably required by OHA in its review of the applications.

C. Solicitation Amendments

OHA reserves the right to amend this solicitation at any time prior to the closing date for the final revised applications. Amendments will be posted to the OHA Grants webpage at <http://www.oha.org/grants>.

D. Cancellation of Solicitation

The solicitation may be canceled and any or all applications may be rejected in whole or in part, when it is determined to be in the best interest of OHA.

E. Rejection of Applications

OHA reserves the right to consider only those applications submitted in accordance with all requirements set forth in this solicitation and comply with the service specifications. An application offering any other set of terms and conditions contradictory to those included in this solicitation may be rejected without further notice.

THIS SPACE IS INTENTIONALLY LEFT BLANK

SECTION VI. APPLICATION EVALUATION

This section explains how the applications will be evaluated and provides the specific evaluation criteria and the points assigned to each criterion. The evaluation of applications shall be conducted comprehensively, fairly, and impartially. An evaluation committee of designated Grant Application Evaluators shall review and evaluate all applications that are complete and meet eligibility requirements. The evaluation committee will be comprised of community members with experience in and knowledge of the solicitation subject matter.

A. Application Criterion & Scoring System. Each application may be awarded up to 100 points as specified below:

Criterion & Components	Maximum Points
Criterion 1: Project Proposal	65
1. Project Purpose	5
2. Current Community Condition	10
3. Project Alignment with Mana i Maui Ola Strategic Plan	15
4. Scope of Services	15
5. Performance Measurement Table	20
Criterion 2: Organizational Capacity	10
1. Organizational Description, Chart, & Functions	5
2. Fiscal Oversight	5
Criterion 3: Experience	15
1. Experience in Proposed Services	5
2. Native Hawaiian Percentage of Client/ Participant Base	10
Criterion 4: Budget & Budget Justification	10
1. Line-Item Budget	5
2. Budget Justification	5

The following evaluation framework shall be used by Grant Application Evaluators during scoring:

Exceeds Expectation	All application requirements are met, and several are exceeded, application response clearly and effectively articulates project and is exemplary
Meets Expectation	All application requirements are met and application response clearly articulates project
Good	Most application requirements are met and/or application response reasonably articulates project
Fair	A few application requirements are met and/or application response somewhat articulates project

Poor	Most application requirements are not met and/or application response poorly articulates project
------	--

B. Recommendation for Award

The grant recommendation process includes the consideration of applications voted to award by a majority of the evaluation committee and the prioritization of applications based on the highest scores in the scoring matrix. Upon review of the scoring matrix, the OHA Administration may include the following considerations in its recommendation for award to the Board of Trustees: 1) Applicant's past OHA grant performance; 2) Gaps in service to Native Hawaiian communities; 3) Geographical distribution of grant funds to Native Hawaiian communities; and 4) Alignment of project to solicitation focus area(s). Based on the foregoing, OHA Administration shall issue final recommendations to the Board of Trustees with budget modifications and/or recommendation adjustments in accordance with grant funding amounts.

C. Approval

The Grants Program will send award recommendations, via memo, matrix, Action Item, and/or supplemental documentation, to the Administration Executive for approval. Upon Administration approval, the Grants Program will transmit an Action Item for signatures and submit the Action Item to the Committee on Budget and Finance for review and approval. Upon Committee review and approval, the Action Item will be submitted to the Board of Trustees for final ratification.

D. Notice of Award

Upon Board of Trustees ratification of the Action Item, the Grants Program will send email notifications of award and non-award to applicants via the OHA Grants Portal and publish results on the OHA website.

THIS SPACE IS INTENTIONALLY LEFT BLANK

SECTION VII. OHA AWARD ADMINISTRATION

This section details the type of funding instrument, reporting requirements for the grant, compensation, and the method of payment.

A. Grant Contract

All awards will be issued via a grant contract with OHA. The grant contract arising out of this solicitation is subject to the review of OHA Corporation Counsel as to form, to OHA Administration Executive and BOT Chair for final approval, and to all further approvals, as required by statute, regulation, rule, order, or other directive. **No work is to be undertaken by the grantee prior to the execution of the Grant Contract and grant commencement date. OHA is not liable for any costs incurred prior to the start date in the grant contract.**

Budget Adjustments. OHA reserves the right to modify budgets during contracting.

The Grant Contract includes a detailed noncompliance policy and the required general conditions. Special conditions may also be imposed contractually by OHA, as deemed necessary.

B. Reporting Requirements for Project and Fiscal Data

Grantee shall be required to complete quarterly Performance Progress Reports and Invoices on the OHA Grants Portal and upload appropriate reports to follow up forms on the OHA Grants Portal. Grantee reports shall consist of statements by the grantee relating to the work by the grantee that was accomplished during the reporting period. Quarterly Reports shall include a description of services provided, expenditures incurred, and invoice amount. Additional reports include bi-annual Performance Measurement Table report, Annual Data Reports, and a Final Report on the impact of the project on Native Hawaiians. Timely compliance with reporting requirements is required to continue to receive funding under the award.

Reports shall be submitted to OHA by the end of the month following the last day of each quarter during the term of the Contract. The grantee shall submit reports relating to the work accomplished during the specific performance and reporting period. Grantee contract performance is based on submission of complete and accurate reports. The grantee shall, within two (2) months from the end of the Time of Performance for Programmatic Services, or within two (2) months from the expenditure of all funds under this Contract, submit the Final Report to OHA via the Grants Portal.

Refer to the Example Reporting Table on the next page.

The following is an **example** of the reporting schedule that will be in the final Contract for the specific grantee with an example start date of January 1, 2027:

Report Components	Period of Performance Year 1	Due Date
• Performance Progress Report & Invoice • Expenditure Report • Performance Measurement Table	January 1, 2027– March 31, 2027	April 30, 2027
• Performance Progress Report & Invoice • Expenditure Report • Performance Measurement Table	April 1, 2027 – June 30, 2027	July 31, 2027
• Performance Progress Report & Invoice • Expenditure Report • Performance Measurement Table	July 1, 2027 – September 30, 2027	October 31, 2027
• Performance Progress Report & Invoice • Expenditure Report • Performance Measurement Table	October 1, 2027– December 31, 2027	January 31, 2028
• Annual Data Report	January 1, 2027 – December 31, 2027	January 31, 2028

When deemed necessary, OHA shall conduct compliance review monitoring to evaluate performance. Monitoring activities shall include review of conformance with grant contract requirements and may include interviews with staff and/or participants, participant surveys, review of project/participant files, accounting practices, case-record keeping, including invoice and document testing and internal control supports.

C. Compensation & Method of Payment

1. Automated Clearing House (ACH) Payments

If awarded, grant payments to the grantee shall be completed via automatic ACH payments. Grantee will be required to complete OHA's ACH setup process to receive payments via direct deposit.

2. Compensation

An initial payment of 25% of the grant amount awarded shall be made upon execution of the grant contract and the submission of the grantee's W-9 form, the initial invoice, ACH direct deposit form, current Certificate of Liability Insurance, and Grantee press release announcing the award.

Subsequent payments shall be made to the applicant in quarterly disbursements, upon submission by the applicant, and approval by OHA, of Performance Progress Reports and Invoices, Expenditure Reports, and certification of Native Hawaiian Ancestry, if

applicable. OHA shall retain up to ten percent (10%) of the total amount awarded for a final payment.

3. Method of Payment

The method of payment will be **cost reimbursement**. The cost reimbursement will provide for payment of allowable costs incurred to the extent prescribed in the grant contract.

ANNUAL DATA REPORT

Organization: _____
Project: _____

Definition: Annual Data Reports shall include a de-identified list of project participants; participant Native Hawaiian ancestry; island of service; the number of services or goods each participant received; and indicators of the change each participant experienced as a result of the project. Participant list shall not include any identifying information, such as names or dates of birth, and shall only be identified by randomly assigned participant identification numbers. A participant should have the same identification number throughout the course of the project. Annual Data Reports shall be completed and uploaded as an excel sheet in the OHA Grants Portal at the end of each project year, with the PMT.

The Annual Data Report for this project shall include the following data.

If the participant is of Native Hawaiian ancestry, “yes” shall be entered in the cell under “Native Hawaiian.” If not, “no” should be entered in the cell under “Native Hawaiian.” The island on which the participant received service/good shall be entered in the cell under “Island.”

The outputs or service/good received (e.g., session attended, days attended, funds received) shall be based on the outputs listed in the Performance Measurement Table. The number of times the service or good was received shall be entered in the corresponding cell. If the service/good was not received by a participant, a ZERO (0) shall be entered.

The outcomes or indicators of participant change resulting from the project shall be based on based on the outcomes listed in the Performance Measurement Table.

All numbers reflect actual expected outputs and outcomes to be achieved by the project per year. N/A is entered if the project grant period does not include Year 2 or Year 3. Numbers are unduplicated throughout the entire grant period. A Performance Measurement Table (PMT) Report Form is required to report data for each island.

Outputs	Year 1 Target	Year 2 Target	Year 3 Target
1. MANDATORY. Total number of newly served participants in the project.	80	N/A	N/A
2. MANDATORY. Number of newly served Native Hawaiian participants in the project.	76	N/A	N/A
OHA Definition: A newly served participant is a first-time project participant who has not previously received services under this OHA project funding. Newly served participants shall NOT include individuals that have only enrolled, registered, or inquired and have not received project services. These targets are unduplicated, indicating that each participant is counted ONLY ONCE , no matter how many activities or direct services the participant receives during the entire project period. A participant who attends multiple activities or receives multiple services throughout the project shall be counted and reported no more than one time.			
Project Definition: Newly served participants in the project shall be defined as all members residing in the home which received home improvement(s) or renovation(s).			
Project Data Collection: Newly served participants shall be documented through a centralized tracking system completed project applications, household member information, inspection reports confirming completion of home improvements or renovations, and program service records verifying assistance provided to the household. Native Hawaiian ancestry shall be verified through OHA Hawaiian Registry Program.			
3. MANDATORY. Total number of participants who complete the project.	20	N/A	N/A
4. MANDATORY. Number of Native Hawaiian participants who complete the project.	20	N/A	N/A
OHA Definition: A participant who completes the project per the project definition. These targets are unduplicated, indicating that each participant is counted ONLY ONCE , no matter how many activities or direct services the participant completes during the entire project period. A participant who attends multiple activities or receives multiple services throughout the project shall be counted and reported no more than one time.			
Project Definition: Participants who complete the project shall be defined as Native Hawaiian homeowner who submitted an application, received home improvement(s) or renovation(s), and report an impact of the project.			
Project Data Collection: Number of participants who complete the project shall be documented through a centralized application tracking system that records all submitted applications, participant information, eligibility verification, and survey responses. Completed critical health and safety repairs for each participant will be tracked through work orders, inspection reports, and contractor documentation. Individual case files will maintain applications, repair plans, and completion verification, and data will be cross-referenced to confirm which

participants meet the definition of having completed the project. Native Hawaiian ancestry shall be verified through OHA Hawaiian Registry Program.			
5. MANDATORY. Deliverable A: Total number of applications received.	120	N/A	N/A
A. Number of Native Hawaiian participants who submit an application.	120	N/A	N/A
Project Definition: Applications shall be defined as the submission of all required documents requesting home improvement or renovation assistance.			
Project Data Collection: Number of applications received shall be documented through a centralized application tracking system that records all submitted applications, including applicant demographic information (age, gender, ethnicity, ADA status, home address, household size, household income, employment status, home ownership status, dwelling type, etc.), submission date, and completeness status, along with any supporting materials provided. Physical or electronic copies of applications shall be maintained as part of the project's records to verify and validate the count. Native Hawaiian ancestry shall be verified through OHA Hawaiian Registry Program.			
6. MANDATORY. Deliverable B: Number of home inspections completed.	20	N/A	N/A
Project Definition: Home inspections completed shall be defined as the inspection of eligible applicant homes through a comprehensive on-site assessment conducted by a qualified professional to evaluate the condition of the residence and to identify critical health and safety repair needs, including but not limited to structural integrity, electrical systems, plumbing, roofing, accessibility hazards, environmental health concerns, and other conditions that may pose a risk to occupant health or safety.			
Project Data Collection: The number of home inspections completed shall be documented through a centralized tracking system that records all eligible participants who submitted an application and received a home inspection. Documentation will include participant information, inspection dates, inspector name, and a summary of findings identifying critical health, safety, or accessibility repair needs. Individual case files will maintain the application, inspection report, and any supporting materials, and records will be cross-referenced to ensure accurate verification of all completed home inspections.			
7. MANDATORY. Deliverable C: Number of homes repaired.	20	N/A	N/A
Project Definition: Homes repaired shall be defined as individual homes that receive professional work to restore, maintain, or improve the overall safety, functionality, and livability of the residence, including critical health, safety, or accessibility repairs.			
Project Data Collection: The number of homes repaired shall be documented through a centralized tracking system that records all homes that receive professional repairs or improvements. Documentation will include participant information, repair dates, type of work completed, contractor or subcontractor details, and verification of critical health, safety, or accessibility improvements. Individual case files will maintain work orders, invoices, before-and-after inspection reports, and supporting materials, and records will be cross-referenced to ensure an accurate count of all homes repaired through the project.			
8. MANDATORY. Deliverable D: Number of repairs completed	120	N/A	N/A

Outputs	Year 1 Target	Year 2 Target	Year 3 Target
Project Definition: Repairs completed shall be defined as individual repairs completed across all homes, including structural, mechanical, electrical, plumbing, roofing, accessibility, and other interventions that improve safety, functionality, and habitability that are verified as completed.			
Project Data Collection: The number of repairs made shall be documented through a centralized tracking system that records all repair activities conducted on participant homes. Documentation will include participant information, type and scope of each repair, dates of completion, contractor, or subcontractor responsible, and verification of critical health, safety, or accessibility improvements. Individual case files will maintain work orders, invoices, inspection reports, and any supporting materials, with records cross-referenced to ensure an accurate count of all repairs completed through the project.			
9. MANDATORY. Deliverable E: Total number of household members benefiting from the project.	80	N/A	N/A
A. Number of household members benefiting from the project who are Native Hawaiian.	76	N/A	N/A
B. Number of household members benefiting from the project who are kūpuna and/or disabled.	20	N/A	N/A
C. Number of household members benefiting from the project who are Native Hawaiian kūpuna and/or disabled.	20	N/A	N/A
Project Definition: Total number of household members benefiting from the project shall be defined as all individuals residing in households that receive home repairs, safety improvements, or accessibility modifications through the project, whose living conditions are positively impacted by enhanced health, safety, or accessibility.			
Project Data Collection: The number of household members benefiting from the project shall be documented through a centralized tracking system that records all individuals residing in households receiving home repairs, safety improvements, or accessibility modifications.			
10. MANDATORY. Number of partners/collaborators.	10	N/A	N/A
OHA Definition: The number of partners/collaborators who contribute to the success of the project. Target numbers should be unduplicated.			
Project Data Collection: The number of partners/collaborators shall be documented through partnership agreements, contracts, email verification, etc.			

Outcomes	Year 1 Target	Year 2 Target	Year 3 Target
OHA Definition: Outcomes are the benefits that a project is designed to deliver. They represent the difference/impact, in measurable/quantifiable terms, made by the outputs (e.g., knowledge transferred, and behaviors changed). Outcomes define changes that have taken place because of the proposed project. The project must address and measure ONE OR MORE OHA Strategic Outcome, as selected in Criterion 1. Component 3: Project Alignment with Mana i Maui Ola Strategic Plan Strategy and Outcome(s). Additional project-specific outcomes may be added as needed.			
1. OHA Strategic Outcome. Number of Native Hawaiians to own housing that meets their 'ohana's financial and well-being needs (5.2).	20	N/A	N/A

Outcomes	Year 1 Target	Year 2 Target	Year 3 Target
Project Definition: Native Hawaiians to own housing that meets their 'ohana's financial and well-being needs shall be defined as Native Hawaiian households residing in homes that they own, which provide safe, healthy, and functional living conditions that support the physical, emotional, and social well-being of all household members. This includes adequate space, structural integrity, accessibility, and the presence of health and safety improvements that enable the household to thrive.			
Project Data Collection: Number of Native Hawaiians to own housing that meets their 'ohana's financial and well-being needs shall be documented through a centralized participant tracking system that records homeownership status, household composition, and completion of home repairs, improvements, or modifications addressing health, safety, and accessibility needs. Documentation will include applications, property records, inspection reports, work orders, and verification of completed improvements. Additionally, a post-project survey will be conducted in which participants indicate whether their housing meets their 'ohana's well-being needs. Native Hawaiian ancestry shall be verified through OHA Hawaiian Registry Program.			
2. OHA Strategic Outcome. Number of Hawaiian community members to experience safety, stability, social support networks, or cultural connection in their communities (5.3).	76	N/A	N/A
Project Definition: Hawaiian community members to experience safety, stability, social support networks, or cultural connection in their communities shall be defined as individuals who, as a result of the project, report experiencing enhanced personal or household safety, increased housing or neighborhood stability, stronger social support networks, or a strengthened sense of cultural connection within their communities. These experiences may result from home repairs, safety improvements, or accessibility modifications that improve the overall well-being and resilience of the participants and their broader community.			
Project Data Collection: Number of Hawaiian community members to experience safety, stability, social support networks, or cultural connection in their communities shall be documented through a post-project survey in which participants report on their experiences related to personal and household safety, housing or neighborhood stability, social support networks, and cultural connection. Individual responses will be recorded, maintained in a centralized tracking system, and cross-referenced with project records, such as completed home repairs, safety improvements, accessibility modifications, and community engagement activities, to ensure an accurate count of community members positively impacted by the project. Native Hawaiian ancestry shall be verified through OHA Hawaiian Registry Program.			
3. OHA Strategic Outcome. Number of Native Hawaiians able to remain residing in Hawai'i (6.3).	76	N/A	N/A
Project Definition: Decreased rate of Native Hawaiian 'ohana out of state migration shall be defined as the reduction in the number of Native Hawaiian individuals planning to relocate from Hawai'i to another state, as reported by participants in a post-project survey. Participants will indicate whether they no longer plan to move out of state due to improved housing stability, completed home repairs, enhanced safety and accessibility, or strengthened community and 'ohana support that enables them to remain in their home communities.			
Project Data Collection: Decreased rate of Native Hawaiian 'ohana out of state migration shall be documented through a post-project survey in which participants indicate whether they no longer plan to relocate from Hawai'i to another state. The survey will capture participant-reported reasons for remaining, such as improved housing stability, completed home repairs, enhanced safety and accessibility, or strengthened community and 'ohana support. Responses will be recorded, maintained in a centralized tracking system, and cross-referenced with project			

Outcomes	Year 1 Target	Year 2 Target	Year 3 Target
records to verify participation and ensure an accurate measure of households experiencing a decreased likelihood of out-of-state migration. Native Hawaiian ancestry shall be verified through OHA Hawaiian Registry Program.			
4. MANDATORY Outcome. Number of kūpuna and/or disabled residents reporting improved physical safety at home.	20	N/A	N/A
A. MANDATORY Outcome. Number of Native Hawaiian kūpuna and/or disabled residents reporting improved physical safety at home.	20	N/A	N/A
Project Definition: Kūpuna and/or disabled residents reporting improved physical safety at home shall be defined as older adults (kūpuna) aged 65 years or older and individuals with disabilities, as defined under the Americans with Disabilities Act (ADA), living in households that received home repairs or modifications through the project, who report feeling safer in their home environment due to completed safety improvements, hazard mitigations, or accessibility modifications that reduce the risk of falls, injuries, or other safety-related incidents.			
Project Data Collection: Number of kūpuna and/or disabled residents reporting improved physical safety at home shall be documented through a post-project survey in which participants indicate whether they feel safer in their home following completed repairs, safety improvements, or accessibility modifications. Documentation will include participant demographic information (age, ADA status), details of completed home improvements, and individual case files. Survey responses will be recorded in a centralized tracking system and cross-referenced with project records, including inspection reports and work orders, to ensure an accurate count of kūpuna and/or disabled residents reporting improved physical safety. Native Hawaiian ancestry shall be verified through OHA Hawaiian Registry Program.			
5. MANDATORY Outcome. Number of kūpuna and/or disabled residents reporting increased independence due to accessibility upgrades.	20	N/A	N/A
A. MANDATORY Outcome. Number of Native Hawaiian kūpuna and/or disabled residents reporting increased independence due to accessibility upgrades.	20	N/A	N/A
Project Definition: Kūpuna and/or disabled residents reporting increased independence due to accessibility upgrades shall be defined as older adults (kūpuna) aged 65 years or older and/or individuals with disabilities, as defined under the Americans with Disabilities Act (ADA), living in households that received home repairs or modifications through the project, who report increased independence in their home environment due to completed safety improvements, hazard mitigations, or accessibility modifications that reduce the risk of falls, injuries, or other safety-related incidents.			
Project Data Collection: Number of kūpuna and/or disabled residents reporting increased independence due to accessibility upgrades shall be documented through a post-project survey in which participants indicate increased independence following completed repairs, safety improvements, or accessibility modifications. Documentation will include participant demographic information (age, ADA status), details of completed home improvements, and individual case files. Survey responses will be recorded in a centralized tracking system and cross-referenced with project records, including inspection reports and work orders, to ensure an accurate count of kūpuna and/or disabled residents reporting improved physical safety. Native Hawaiian ancestry shall be verified through OHA Hawaiian Registry Program.

6. MANDATORY Outcome. Total number of individuals reporting improved physical and mental health.	60	N/A	N/A
A. MANDATORY Outcome. Number of Native Hawaiian individuals reporting improved physical and mental health.	60	N/A	N/A
Project Definition: Individuals reporting improved physical and mental health shall be defined as household members residing in homes that received repairs, safety improvements, or accessibility modifications through the project, who report improvements in their physical and mental health as a result. Improvements may include, but are not limited to, reduced injuries, fewer respiratory or allergy-related issues, enhanced mobility, or other health benefits directly attributable to completed home repairs and safety enhancements that create a healthier living environment.			
Project Data Collection: Number of individuals reporting improved physical and mental health shall be documented through a post-project survey in which household members indicate any improvements in their physical and mental health following completed home repairs, safety enhancements, or accessibility modifications. Documentation will include participant demographic information, details of the repairs or improvements made, and individual case files. Survey responses will be recorded in a centralized tracking system and cross-referenced with project records, including inspection reports and work orders, to ensure an accurate count of individuals experiencing improved physical health as a result of the project. Native Hawaiian ancestry shall be verified through OHA Hawaiian Registry Program.			
7. MANDATORY Outcome. Total number of individuals reporting reduced stress and anxiety due to safer, healthier homes.	60	N/A	N/A
A. MANDATORY Outcome. Number of Native Hawaiian individuals reporting reduced stress and anxiety due to safer, healthier homes.	60	N/A	N/A
Project Definition: Individuals reporting improved individuals reporting reduced stress and anxiety due to safer, healthier homes shall be defined as household members residing in homes that received repairs, safety improvements, or accessibility modifications through the project, who report reduced stress and anxiety as a result of completed home repairs, safety improvements, or accessibility modifications.			
Project Data Collection: Number of individuals reporting reduced stress and anxiety due to safer, healthier homes shall be documented through a post-project survey in which household members indicate reduced stress and anxiety following completed home repairs, safety enhancements, or accessibility modifications. Documentation will include participant demographic information, details of the repairs or improvements made, and individual case files. Survey responses will be recorded in a centralized tracking system and cross-referenced with project records, including inspection reports and work orders, to ensure an accurate count of individuals experiencing improved physical health as a result of the project. ANNUAL DATA REPORT

Organization: _____
Project: _____

Definition: Annual Data Reports shall include a de-identified list of project participants; participant Native Hawaiian ancestry; island of service; the number of services or goods each participant received; and indicators of the change each participant experienced as a result of the project. Participant list shall not include any identifying information, such as names or dates of birth, and shall only be identified by randomly assigned participant identification numbers. A participant should have the same identification number throughout the course of the project. Annual Data Reports shall be completed and uploaded as an excel sheet in the OHA Grants Portal at the end of each project year, with the PMT.

The Annual Data Report for this project shall include the following data.

If the participant is of Native Hawaiian ancestry, “yes” shall be entered in the cell under “Native Hawaiian.” If not, “no” should be entered in the cell under “Native Hawaiian.” The island on which the participant received service/good shall be entered in the cell under “Island.”

The outputs or service/good received (e.g., session attended, days attended, funds received) shall be based on the outputs listed in the Performance Measurement Table. The number of times the service or good was received shall be entered in the corresponding cell. If the service/good was not received by a participant, a ZERO (0) shall be entered.

The outcomes or indicators of participant change resulting from the project shall be based on based on the outcomes listed in the Performance Measurement Table.

ANNUAL DATA REPORT NOTES

See PMT for data collection methods.

CHANGES AFTER REPORTING PERIODS

If changes to the PMT or the Annual Data Report are required after you have received your quarterly payment, please notify your assigned Grants Officer. Changes to information provided in PMT Reports that have been approved, shall be reflected in the current quarter. Changes to data provided in the Annual Data Reports that have been approved shall be reflected in a re-submitted report. If changes are required, include a thorough explanation in the Notes section of the PMT or Annual Data Report Form.

Attachment F. Budget Category Table

The budget demonstrates that the applicant has a complete, accurate, and justified budget that aligns with and supports the proposed service delivery and/or activities. **Budget Forms shall be complete and accurate.** The budget shall include all project expenses, even those costs not being requested from OHA. The budget shall detail calculations for each budget item to demonstrate that costs are reasonable. The budget shall provide adequate information to justify that costs are relevant to proposed service and/or activity. Justifications shall explain the appropriateness and relevance of project costs to the anticipated service and/or activities and planned outputs. If you do not know what category to use, please contact the OHA Grants department at grantsinfo@oha.org.

PERSONNEL - Salaries

Description: Costs of Employees Salaries and Wages.

Justification: Identify key project staff positions. For each staff person, provide: position title, time commitment to the project as a percentage or full-time equivalent, and annual salary calculation.

PERSONNEL - Other Costs

Description: Costs of Employees (Federal and State requirements) which may include payroll taxes, assessments and fringe benefits.

Justification: List all components of fringe benefits and provide a breakdown of the amounts and percentages (FICA, unemployment insurance, health insurance, retirement, etc.) in relation to salaries and wages.

CONTRACTUAL SERVICES - Administrative

Description: Costs of all contracts for professional services or consultant services necessary for the project that are a part of the organizational functions (e.g. payroll processing, audit, accounting, hardware/software maintenance).

Justification: Explain why these services are being contracted. Include prorata amounts based on FTE or staff ratios. Service contracts and/or agreements are required.

CONTRACTUAL SERVICES - Programmatic

Description: Costs of all contracts for professional services or consultant services that are not regularly part of the organization's staff and necessary for project implementation (e.g. kumu, cultural practitioners, specialists, repair/maintenance).

Justification: Explain why these services are being contracted. Services must be documented in the Scope of Services. Include type of service, fee for service and time commitment to the project as applicable. Service contracts and/or agreements are required to be submitted to OHA prior to service payment.

DISTRIBUTIONS

Description: Amount allocated to direct payments (e.g. match savings programs, scholarships, emergency financial assistance, Charter School funds).

Justification: Describe eligibility criteria for payments and what direct payments are for. Supporting documents confirming eligibility are required.

EQUIPMENT - Lease/Rental

Description: Cost of equipment lease or rental as related to the proposed project services (e.g. van, back hoe, printer)

Justification: Provide computations, price quotes, narrative description, and a justification for each cost under this category. Include prorata amount if the equipment is shared and not used exclusively for the project.

EQUIPMENT - Purchase

Description: "Equipment" means an article including items of personal property, as distinguished from real property, having a useful life of more than one year and an acquisition cost of \$500 or more per unit. *Note: Equipment purchased with OHA grant funding must continue to be used to benefit the Native Hawaiian community after the term of the OHA grant.

Justification: For each type of equipment requested, provide a description of the item and its relevance to the project, the cost per unit and the number of units.

FACILITIES - Lease/Rental

Description: Costs may include lease/rental of office space or other project-related facility costs.

Justification: Provide computations, price quotes, narrative description, and a justification for each cost under this category. Include prorata amount if this is a shared cost.

FACILITIES - Utilities

Description: Costs may include utilities such as water, sewer, electricity and/or telephone/internet services.

Justification: Provide computations, price quotes, narrative description, and a justification for each cost under this category. Include prorata amount if this is a shared cost.

OTHER EXPENSES - Honorarium

Description: Payment made for services for which fees are not traditionally required (e.g. guest speaker at a workshop to cover time and/or travel).

Justification: Provide computations, narrative description, and a justification for each cost under this category.

OTHER EXPENSES - Insurance

Description: Cost of insurance required as related to provision of proposed services, which may include general liability, automobile and worker's compensation.

Justification: For each type of insurance requested, provide a description of the coverage, cost, prorata share and necessity as applicable to provision of proposed services.

OTHER EXPENSES - Mileage

Description: Travel allowance based on staff use of private vehicles for project-related activities.

Justification: Provide computations based on miles, rate, months and FTE, and a narrative description for cost under this category.

OTHER EXPENSES - Other Costs

Description: Enter all other costs not included in any other category.

Justification: Provide computations, a narrative description and a justification for each cost under this category.

OTHER EXPENSES - Postage, Freight, Delivery

Description: Costs of mailing, shipping or delivery as related to the project.

Justification: Provide computations, a narrative description and a justification for each cost under this category.

OTHER EXPENSES - Publication & Printing

Description: Costs may include items such as project outreach materials, client forms, or other project related educational materials.

Justification: Provide computations, a narrative description, and a justification for each cost under this category.

OTHER EXPENSES - Staff Training

Description: Costs may include tuition, stipends, registration fees and other staff development related expenses.

Justification: Provide computations, a narrative description and a justification for each cost under this category.

OTHER EXPENSES - Supplies

Description: Include costs of administrative supplies and equipment (other than that included under the Equipment category) related to service delivery.

Justification: Specify general supplies costs and units. Show computations and provide other information that supports the amount requested.

PROGRAM ACTIVITIES

Description: Cost of items, supplies and project services directly related to the delivery of services to participants.

Justification: Provide computations (cost and units), a narrative description and a justification for each cost under this category.

TRAVEL AND TRANSPORTATION

Description: Travel is for In State Travel Only. Costs of project-related travel by applicant employees, which may include airfare, vehicle rental, mileage, or lodging. Cost for transportation for participants to project-related services, which may include bus rental. Grant funds do not cover participant travel.

Justification: For each trip, show the total number of travelers, travel destination, and purpose of trip as it relates to proposed project. Provide computations, price quote, narrative description and a justification for each cost under this category.

Attachment K. Reference Guide to Disallowed Costs

OHA reserves the right not to fund any budget expenses it deems inappropriate, unreasonable, or unallowable. OHA grant funds may not be used to support costs incurred prior to the grant start date or not related to the grant. In addition, in general, OHA does not allow the following:

- Food/Meals
- Gratuities
- Makana (gifts)
- International or Out-of-State travel
- Per diem
- Prizes/Awards
- Purchase of land or buildings
- Construction or capital improvements
- Purchase of motorized vehicles which includes boats and golf carts
- Purchase of alcohol
- Promotional materials and items
- Entertainment
- Indirect Costs. This category may be used only when the applicant currently has an indirect cost rate approved by a State department or Federal agency contributing matching funding for this project.

In-state travel and all transportation costs must be justified and reasonable. Travelers and travel must be deemed necessary for the purposes of the grant. Transportation costs (i.e., airfare, ground transportation, accommodations) to facilitate project services and/or activities must comply with all applicable, federal, state and county COVID-19 related orders. OHA will not be responsible for implications and/or impacts of grantee travel within the state related to COVID-19, civil or community unrest or jurisdictional matters. Grant funds do not cover participant travel.

Equipment purchased with OHA grant funding must be justified and continued to be used to benefit the Native Hawaiian community after the term of the grant.
