**Chair Hulu Lindsey** Good morning everyone and welcome to our Moloka‘i Island Board of Trustees meeting, we are happy to be here with all of you. Not only are we here in person, but we are livestreaming on OHA’s website, [www.oha.org/livestream](http://www.oha.org/livestream).

A quick note, the new Sunshine Law under Act 264 is that the OHA BOT and Committees may no longer take oral testimony only at the beginning of a Board’s agenda or meeting. This means I will call on testifiers for each item on the agenda before any action is taken. In order to allow time for all of our beneficiaries to testify, you will be given five ( 5 ) minutes to share your mana‘o. Your name will be called, and your microphone will be unmuted when it is your turn to testify. If you are not audible, you will be muted, and the next testifier will be called.

Joining the Trustees this morning is our CEO - Sylvia Hussey; my staff, Board of Trustees Secretary - Lehua Itokazu, and Aides – Kanani Iaea and Amber Kalua.

I will ask each Trustee to introduce themselves and their staff.

### Status of OHA Activities

**Casey Brown, COO** Aloha mai, just a brief overview for the island community report. OHA produces a report for each island. There is a more in-depth report that is posted online, post meetings. We invite the community to take a look at that report. The report is organized around education data, health data, economic data, and housing data. Some of the issues that we try to characterize to represent the greatest concerns for your moku are also in this report. For example, we have the Kawela water stream issue. You will also see information relating to the granting that OHA does in your moku. We have eleven different grantees here in Moloka'i. Lastly, we have loans that we give out. In Moloka'i, we have about ten loans totalling about \$100K mostly focused on home improvements and debt consolidation. Please take a look at the report and let us know if we are missing anything.

**Chair Hulu Lindsey** Do we have anyone signed up to speak on this item?

**Baord Secretary** No one is signed up to speak on this item.

### Community Concerns and Celebrations

**Keomailani Hanapihi Hirata** Aloha and mahalo for coming to Moloka'i. Today, I am here as a representative of the Moloka'i Island Burial Council, MKK IBC. One of the things the council strives to continue to do is to address and bring forward our culture protocols and to remind everyone who we are and where we come from. The MKK IBC has looked at the different agencies and the people in those agencies who have helped us. Our kuleana is great and it's about us mālama-ing our ancestors. Today, the MKK IBC wants to acknowledge the MKK OHA staff on island, Gayla Haliniak. In your Ka Wai Ola newspaper, which featured Gayla, this question was asked of her. What is your kuleana at OHA? Her response was "my

kuleana is to serve our lāhui spiritually and culturally and to uplift our Native Hawaiian people in anyway possible, from directing them to OHA services to building partnerships with other agencies and outside resources.” That portion alone, we, MKK IBC, wanted to acknowledge all the things that Gayla has done for us, such as facilitating meetings and letting us use OHA’s conference room. I have a letter from the MKK IBC for Gayla. Mahalo Gayla.

**DeGray Vanderbilt** Aloha Trustees, I appreciate the opportunity to appear before you this morning. I’ve lived on Moloka‘i for 40 years, the last two years on Maui. I am the former Chair of the Molokai Planning Commission. Although I am testifying under Community concerns, I do not have a concern with OHA. I am here this morning to share with you my appreciation for OHA’s sustained support over many years for Ka ‘Ohana O Kalaupapa, a nonprofit organization conceived by the residents of Kalaupapa who wanted to have an organization in place as their numbers grew smaller so their voices would continue to be heard and the legacy they envisioned for Kalaupapa would be realized. Ka ‘Ohana’s board also shares a strong appreciation for OHA’s unyielding support. I am currently Secretary and Legislative Liaison for Ka ‘Ohana and I have been involved with Kalaupapa for almost a quarter of a century. I developed lasting friendships with many of the Kalaupapa residents, unfortunately, many of my friends have passed away. Only nine Hawai‘i citizens have the rights to live out their lives in Kalaupapa, remain alive today. The average age is over 85, the eldest is John A. who is 97 years young and still drives his truck all over Kalaupapa. Many years ago, residents of Kalaupapa conceived the Kalaupapa Memorial Project that would list the names of almost 8,000 Hawai‘i citizens who were formally taken from their families, their lives, and the lands of their home islands because of a government separation policy for those who were diagnosed with leprosy, which today is known as Hansen’s disease. 90% of those sent to Kalaupapa are Native Hawaiian. The residents wanted Kalaupapa to take on and establish the memorial as a priority project. This brings me to the sustained support OHA has provided constantly to Ka ‘Ohana over the years. In 2003, Ka ‘Ohana approached the National Park Service, NPS, to support the memorial project conceived by the residents at the local level which they had the discretionary authority to do. Unfortunately at the time, NPS did not support the project. That left Ka ‘Ohana no other alternative then to go to Washington DC and ask Congress to authorize Ka ‘Ohana to establish the memorial within Kalaupapa National Historic Park. We had tremendous support from our Congressional team and from the residents of Kalaupapa. There was an editorial that ran in the Sunday New York Times urging Congress to pass the Kalaupapa memorial legislation. On March 30, 2009, President Barack Obama signed the Kalaupapa Memorial Act. Just recently, Governor Ige signed the memorial bill into law as Act 230 appropriating \$5M for the construction of the Kalaupapa Memorial. Mahalo to all of you at OHA and for all that you have done over the years to support Ka ‘Ohana O Kalaupapa.

**Valerie Dudoit-Tehere** Aloha Trustees, I have many concerns. I am confused because you have the State, the County, and OHA. Who has the power to control our lands? What is OHA’s role with our lands? The monies, who does that belong to, the beneficiaries or OHA? I think people are confused about the lands. If you are on Hawaiian Homelands then it belongs to us, the beneficiaries, but we do not benefit from it. They should call it Hawaiian Trust Lands. I look out now and I hardly see anyone come to these meetings. It hurts me to not see our people here. I have lived here all my life. I teach hula, I’m a crafter, I’m a baker, this is how I survive. I do not sit back and relax, but I work very hard. We tried to make a loan so that we could make a better life for us, but we got turned down. They turned us down because we live on Hawaiian Homes. They said they could not give us a loan and allow my house to be held as collateral. Another concern I had is homes being sold. One home next to me is going for over a half a million dollars. This is a small home, three bedrooms. I don’t know how these homes can be sold for so much or how our people can afford this amount of money? These are some of my concerns, mahalo.

**Keomailani Hanapihi Hirata** I was raised on my families kuleana lands in East Moloka‘i. I am the daughter of Alapai and Mililani Hanapi. I am here to give testimony regarding East Moloka‘i generational families and kuleana landowners and descendants. One of them is a development from the Department of Hawaiian Homelands. The generational families from East Moloka‘i and the kuleana landowners and descendants are opposing that project. I am speaking for no one but myself. In East Molokai, there is a huge division happening. We see DHHL as a huge landowner developer. We are not opposed to getting our kānaka people onto the land. Where the project is located is not the right place for it. In your Ka Wai Ola paper, someone wrote and mentioned the historical reference ‘Ualapu‘e. There is a spiritual battle happening, our kūpuna are fighting against the development. It has come to a point where we have Hawaiians against Hawaiians, and we should never be like that. We should be able to work together and be united. I suggest that you pay attention, listen, and come to the meetings. One of the biggest issues was back in March, the Commission on Water Resource Management, DHHL went in front of them and asked to reserve 800,000 gallons of water from ‘Ualapu‘e well. ‘Ualapu‘e only has one well that feeds the whole county well, that feeds the whole east end of Moloka‘i. Our families on the East side of Moloka‘i only use 200,000 gallons. When we talk about our water resources and kuleana as generational families in East Molokai, we were told by our kūpuna and ancestors that there will come a time where Moloka‘i will suffer in a drought and the rest of the island will need water. In order for us to malama our island, we need to stop the development in East Moloka‘i. Our rivers are dying in East Moloka‘i. For DHHL to come into a district like East Moloka‘i that consist of kuleana landowners and seek development, there is a huge division on this. We aloha all the people from the homestead waitlist and homesteaders who have come forward to work with DHHL to get their beneficiaries back on the ‘āina and onto the land, but ‘Ualapu‘e is not the area to do that. Again, I am just one person but I wanted to mention that, mahalo.

**Christine Cummings-Aldofo** My basic concerns is DHHL and getting them here so that we can advocate more of our concerns. I am number 600 something on the list and I know someone who has been on the list and she is number 3. There are others who have been awarded lands prior to her. DHHL needs to come more often. The other topic is Dementia and Alzheimers. If OHA can advocate for funding for a facility or for testing here on Moloka‘i, that would be awesome. We have many families being affected and younger people too. I work at Kualapu‘u School as a teacher, there was one time where OHA funded a whole trip for our keiki to visit the Capitol of the United States and then it stopped. If we have more funding to take our keiki to visit historical sites, even here in Hawai‘i or the mainland, would be awesome. Those are my concerns at this time. DHHL, I hope they can make it to Moloka‘i more often, thank you.

### **Announcements**

**Chair Hulu Lindsey** Again, we mahalo the Trustees for traveling to Moloka‘i. Mahalo to all of you for coming out and giving testimony. We would like to thank our hostess, Trustee Alapa, for taking good care of us yesterday and today. Mahalo to all the beneficiaires and community members that came out last night and today. I want you folks to know that you can call us anytime, there is a phone number attached to each one of us. We are always available to hear your concerns. Before we close the meeting up, our Communications department prepared a video of our site visits yesterday.

### Current Issues on Moloka‘i

**Kawela Water Stream Flows Again:** In 2019, Moloka‘i No Ka Heke formally filed for the restoration of the Kawela stream. Moloka‘i Properties Ltd., which owns the stream diversions, has until October to conduct an audit of its water systems and analyze its various alternative sources of non-potable water. See Full Report, page #13

**Moloka‘i Tuberculosis Crisis Causes Statewide Concern:** Moloka‘i is currently experiencing the worst outbreak of bovine tuberculosis (bTB) in decades. If spread across the state, it may cause a massive hit to the ranching industry. It has already had a huge impact on Moloka‘i’s cattle and pig populations, including infected four herds, over 100 pigs, 60 cattle and exposing more than 400 cattle. Officials are still trying to determine how far it has spread. Gov. David Ige requested the state legislature add \$1 million to the proposed state budget for the Hawai‘i Department of Agriculture (HDOA) to cover three temporary full-time positions for control operations, as well as vehicles and additional operating expenses for bTB control on the island of Moloka‘i. A quarantine order of all ungulate animals, except horses, on Moloka‘i restricts movement of exposed animals in an attempt to control the spread; it does not regulate hunting of feral and wild deer, pigs, sheep and goats on Moloka‘i, or prohibit the slaughter, harvest, sale or transportation of meat from livestock, wild deer, or pigs. See Full Report, page #13

**Community Ownership of Moloka‘i Ranch:** Molokai Properties Limited, which owns about 1/3 of the island’s land area, shut down operations over a decade ago. 55,000 acres of land remain untouched since. In Late May 2022, Moloka‘i community initiative facilitated by Sustainable Molokai held a series of community meetings to navigate public acquisition and community stewardship of lands. See Full Report, page #14

**Ka 'Ohana O Kalaupapa:** The nonprofit organization, Ka 'Ohana O Kalaupapa, has been raising funds to build the Kalaupapa Memorial to honor their loved ones isolated to Kalaupapa due to being diagnosed with leprosy, known as Hansens Disease. Senate passed memorial bill SB3338, which was signed into law on 6/29/2022 as Act 230, appropriating \$5 million to the nonprofit. Next steps include creation of a committee to discuss building and creating endowment to maintain the memorial. See Full Report, page #14
