C. CIP Grants Purpose

CIP grants are for Hawai'i organizations and Agency's for the design and construction of projects approved for **active and/or current** CIP funding by the Hawai'i State Legislature that are designed to meet the needs of our Native Hawaiian community in alignment with OHA’s Mana i Maui Ola Strategic Plan. The opportunity for grant contract extension beyond the initial grant period awarded shall be based on outcomes of grant monitoring, evaluation, and availability of funding.

D. Project Alignment with Mana i Maui Ola Strategic Plan: Strategy & Outcome(s)

This Grant is aligned with OHA’s Mana i Maui Ola Strategic Plan. Applicants will be required to align their project to one Strategy and one or more Strategic Outcome associated with the selected strategy.

SECTION II. OHA AWARD INFORMATION

This section details the anticipated award period, the minimum and maximum amount of OHA funds that can be requested, restrictions, matching funds, geographic service area, and grant award renewal information.

A. Grant Award Period

The applicant may select a grant award period of one (1) year, two (2) years, or three (3) years from the contract start date based on their project.

- B. Amount Requested** – The applicant may request an OHA grant in the amount up to their **active and/or current** CIP State award and not to exceed **\$1,000,000 (Maximum Amount)** for the project. Projects exceeding \$1,000,000 in OHA funding may be considered by the Board where there is at least a dollar-for-dollar match from other sources.

C. Indirect Cost Restrictions

Indirect Costs cannot exceed 20% of the total grant budget and must be justified. Indirect costs are defined as operating costs not directly associated with the program or costs associated with the general overhead operation of your organization. Applications with more than 20% Indirect Costs will be deemed ineligible.

D. Multiple OHA Grant Application & Award Restrictions

Organizations may submit applications for multiple OHA grant solicitations, regardless of category, but each project must be distinct and not overlap in scope. However, each organization will only be awarded for one project per fiscal year. Applying for the same or related project in multiple OHA grant solicitations is prohibited. Organizations may be awarded an OHA grant to support an event in the same fiscal year as an award to support a project through a community or CIP grant.

E. CIP Funds Requirement

CIP funding is contingent upon applicants **receiving an active and/or current** Capital Improvement Project (CIP) funding from the Hawai'i State Legislature. Applicants must provide verification of their **active and/or current** legislative CIP appropriation to be considered eligible for this award. Organizations and agencies that have received an **active and/or current** CIP award from the State of Hawai'i may apply for OHA support to strengthen and complete their projects. These investments align with OHA's mission by ensuring that state-funded infrastructure directly contributes to the well-being of Native Hawaiians through cultural facilities, and community-serving spaces.

F. Match Funding

Applications with less than 15% Matching Funds will be deemed ineligible. Applicants will complete and upload the required OHA Matching Funds Confirmation Form and supporting documentation, which identifies all sources that will provide cash match funds for the grant period. The Matching Funds Confirmation Form should verify that the applicant has at least fifteen percent (15%) cash match of the OHA grant amount requested per year. For the purpose of this application, OHA funds cannot be used as matching funds. Provide cash amount(s) whether the funding is confirmed or pending, and the anticipated award period. For any pending funds, also indicate the anticipated final determination date in the Notes

column. If only a percentage of another funding source is dedicated as a match to the OHA funds, explain in the Notes column. See Attachment I. Matching Funds Confirmation Form

G. Geographic Service Area

Geographic coverage of the project's service and/or activities areas includes the islands of Hawai'i, Maui, Lāna'i, Moloka'i, Kaho'olawe, O'ahu, Kaua'i, and Ni'ihau.

| APPLICATION CRITERIA & POINTS |
|--|
| Criterion 1: Project Proposal – Maximum: 65 Points |
| Criterion 2: Organizational Capacity – Maximum: 10 Points |
| Criterion 3: Experience – Maximum: 15 Points |
| Criterion 4: Budget & Budget Justification – Maximum: 10 Points |

THIS SPACE IS INTENTIONALLY LEFT BLANK

Criterion 1

Project Proposal | Maximum Points: 65

The Project Proposal criterion will be used by Grant Application Evaluators to consider the degree to which the project is feasible, effective, community-based, and will successfully achieve the intended outcomes. This section contains the majority of the application narrative and describes the following in detail:

Components:

1. Current Community Condition (0-10 points)
2. Project Purpose (0-5 points)
3. Project Alignment with Mana i Maui Ola Strategic Plan (0-15 points)
4. Scope of Services (0-15 points)
5. Performance Measurement Table (0-20 points)

1. Current Community Condition (0-10 points)

Scoring Elements

- *The application provides one compelling, urgent, and measurable current community condition that could feasibly be addressed within the scope of the project. (0-5 points)*
- *The application effectively provides baseline information about the project's current community condition. (0-5 points)*

Scoring Element: The application provides one compelling, urgent, and measurable current community condition that could feasibly be addressed within the scope of the project.

Instructions

Describe a current community condition which is a gap or barrier, preventing the community from achieving a long-term community goal. While there are many conditions that stand in the way of

reaching a community goal, the application should identify **one specific condition**. The project should measurably reduce or eliminate the identified condition and bring the community closer to obtaining the long-term goal.

Do not describe the specific condition that the project will address as a “lack of” or a “need for” the project. For example, applications often will state, “We should assert konohiki fishing rights in our community,” or “Native Hawaiians lack access to necessary wai for their lo‘i kalo.” These statements do not describe a condition in the community, rather they describe a possible solution for addressing the condition of decreasing fish stocks or low numbers of Native Hawaiian kalo farmers.

The current community condition should:

- Be compelling and urgent,
- Be able to realistically be addressed by the project,
- Contain a measure of the current condition, and
- Not include “lack of” or “need for” statements.

Scoring Element: The application effectively provides baseline information about the project’s current community condition.

Instructions

Provide baseline information including statistics on the status of the current condition. These data are the basis for determining the change of the identified condition through the successful completion of the project.

Data for the baseline information should come from surveys, focus groups, research papers/studies, censuses, archives, etc. Use the most recent data available (within the last 10 years). Provide local data first that speaks directly to the community to be served (community rates for unemployment, suicide, poverty, etc.), and if local data is not available move progressively outward to regional and statewide sources. It is often helpful to compare local statistics to regional and statewide statistics to show the severity of the condition.

Lay the groundwork for Grant Application Evaluators to understand the current community condition and to accurately determine if your project is viable. Baseline information should paint a picture to use as a comparison for future improvements and success. Support all claims with facts and evidence and cite specific sources.

When addressing this element, it is important to only include information that is related to a baseline for the single identified condition. For example, if the project is to renovate a community kitchen, then baseline information should include the number of Native Hawaiians in the area and how many currently lack access to a safe, functional space for preparing community meals or hosting food-related programs..

Outcomes 6.2: Increased housing unit supply on Hawaiian Home Lands

Outcomes 7.2: Increase access to capital and credit for community strengthening Native

Scoring Element: *The application clearly demonstrates how the project will have significant community impact through engaging one or more Strategic Foundations.*

Instructions

Describe how the project approach and implementation will build upon and/or strengthen one or more Strategic Foundations:

‘Ohana – Family. ‘Ohana is instrumental to community empowerment. When families are strong and healthy, and when there is positive engagement within the ‘ohana, from keiki to kupuna, communities thrive. Connections to mo‘omeheu and ‘āina begin with connections within families.

Mo‘omeheu – Culture. Culture is the essence of who Native Hawaiians are as a people. It includes all those things that distinguish the community: language, stories, customs, music, art, food, protocols, religions, values, traditions, and celebrations. Expressions of culture are both internal and external. Culture shapes Native Hawaiian worldview and thinking. It informs the ways in which individuals interact with one another and with ‘āina. It influences the way Native Hawaiians interpret events and approach problem-solving.

‘Āina – Land & Water. To Native Hawaiian kūpuna, the land was life. Imbued with mana, ‘āina provides everything the community needs to survive. On an intimate level, Native Hawaiians are connected to the land by the generations of kūpuna who lived on the land and whose iwi rest here. Thus, the emotional ties to family, and the aloha for them, extends to the land that feeds us.

Example: This project will restore and expand a traditional lo‘i kalo, creating a functional space for the community to practice Hawaiian agricultural methods. It aligns with OHA’s Strategic Foundation of Mo‘omeheu – Culture by preserving Native Hawaiian traditions and fostering hands-on cultural learning opportunities.

There should be a direct correlation between the current community condition, the purpose of the project, the Strategy, the selected Strategic Outcome(s), and the selected Strategic Foundation(s).

4. Scope of Services (0-15 points)

Scoring Elements

- *The application outlines a realistic estimate of the number of participants, along with the number of Native Hawaiians, expected to use the facility once the project is complete, supported by data or rationale explaining how they arrived at that estimate. (0-5 points)*
- *The application clearly identifies the number of individuals who will be employed through the project. (0-5 points)*
- *The application outlines detailed project activities that are sufficient to achieve the project objective(s), outputs, and outcomes. (0-5 points)*

Scoring Element: The application outlines a realistic estimate of the number of participants, along with the number of Native Hawaiians, expected to use the facility once the project is complete, supported by data or rationale explaining how they arrived at that estimate.

Instructions

Applicants must provide a realistic estimate of the number of participants, along with the number of Native Hawaiian participants, expected to use the facility once the capital improvement project is complete. Estimates must be supported with data, community need, comparable facility usage, or other rationale that explains how the numbers were determined.

In the Project Data Collection section, enter information on how the OHA Strategic Outcome(s) will be measured, tracked, and documented in the project records. Describe the data collection and reporting tools to be used to measure each outcome.

Additional project-specific outcomes may also be inserted in the Performance Measurement Table, with related year-end targets, to measure and document project impact. Outcomes are the difference/impact, in measurable/quantifiable terms, made by the outputs (e.g., services expanded, community access improved, or infrastructure enhanced)). Outcomes define changes that should take place because of the project. Enter information on how the outcome(s) will be defined within the context of the project in the Project Definition section. In the Project Data Collection section, enter information on how the outcome will be measured, tracked, and documented in the project records. Describe the data collection and reporting tools to be used to measure each outcome.

Criterion 4 Budget & Budget Justification | Maximum Points: 10

The Project Budget and Budget Justification will be used by Grant Application Evaluators to consider the degree to which the application designates adequate resources to carry out the proposed activities while ensuring that the proposed costs are reasonable. The following components will be evaluated:

Components:

1. Line-Item Budget (0-5 points)
2. Budget Justification (0-5 points)

1. Line-Item Budget (0-5 points)

Scoring Elements

- *The budget includes a reasonable line-item budget with object class categories for each year of the project that fully details the costs allocated for OHA and Matching Funds shares. The budget includes funds for all required items to successfully implement the project budget, as provided in previous sections. (0–5 points)*

NOTE: Disallowed Costs should not be included in the line-time budget. See Attachment K. Reference Guide to Disallowed Costs

The Application shall be deemed INELIGIBLE if any of the following apply:

- *Matching Funds are less than 15% of the Requested OHA Funds Budget*
- *Indirect Costs are more than 20% of the Requested OHA Funds Budget. See Attachment L. Reference Guide to Direct and Indirect Costs*

Instructions

Complete and upload a line-item budget for each year of the project. The line-item budget is a list of the resources and services required to complete the project and their associated costs which are

organized by Budget Categories. See Attachment G. Budget & Budget Justification Form and Attachment H. Sample- Budget & Budget Justification Form.

Expenses listed under each budget category should reflect the annual cost, for example, the costs for personnel are the annual salaries based on the position's full-time equivalent or percentage of time to the project and travel is the annual cost per trip. See Attachment F. Budget Category Table.

Matching Funds

Applications with less than 15% Matching Funds will be deemed ineligible.

Complete and upload the required *OHA Matching Funds Confirmation Form* and supporting documentation, which identifies all sources that will provide cash match funds for the grant period. The Matching Funds Confirmation Form should verify that the applicant has at least fifteen percent (15%) cash match of the OHA grant amount requested per year. For the purpose of this application, OHA funds cannot be used as matching funds. Provide cash amount(s) whether the funding is confirmed or pending, and the anticipated award period. For any pending funds, also indicate the anticipated final determination date in the Notes column. If only a percentage of another funding source is dedicated as a match to the OHA funds, explain in the Notes column. See Attachment I. Matching Funds Confirmation Form.

If an applicant's partner organization is committing matching funds to support the project, indicate the partner organization on the Matching Funds Confirmation Form and complete and upload the *Partner Organization Certification Form for Matching Funds*. If there are multiple partner organizations that commit match funding, each organization is required to complete a Partner Organization Certification Form for Matching Funds. See Attachment J. Partner Organization Certification Form for Matching Funds.

The applicant will upload supporting documentation for all listed Matching Funds sources. Examples of supporting documentation for confirmed sources include: a bank statement, letter of commitment from a funder/bank, or a letter of agreement with another organization. Examples of supporting documentation for pending sources include: dated documentation verifying grant application submission including grant details - funder name, amount, and term; and/or dated documentation verifying loan/other fund application submission including loan/fund details - funder name, amount, and term.

Indirect Costs

Applications with more than 20% Indirect Costs will be deemed ineligible.

Indicate on the *Budget & Budget Justification Form* which line-item costs will be used for direct and indirect costs. See Attachment G. Budget and Budget Justification Form. Should a budget item need to be split to indicate a direct cost portion and an indirect cost portion, the item should be listed in two separate lines.

- Cannot exceed 20% of the total OHA grant funds.
- For operating costs not directly associated with the program.
- For costs associated with the general overhead operation of your organization.

- Examples include, but not limited to:
 - Administrative Payroll – Salaries & Fringe Benefits
 - Rent – Office Lease
 - Rent – Equipment (e.g., copier)
 - Accounting/Payroll Services
 - IT/Data Services
 - Professional Services – Legal, Audit, etc.
 - Insurance – General Liability, Auto, etc.
 - Utilities – Telephone & Internet, Electricity, Water, etc.

See Attachment L. Reference Guide to Direct and Indirect Costs.

Disallowed Costs

OHA grant funds may not be used to support Disallowed Costs.

Review the chart summarizing Allowed Costs and Disallowed Costs before you submit your budget. See Attachment K. Reference Guide to Disallowed Costs.

Budget Adjustments

OHA reserves the right to modify application budgets during contracting. If OHA finds twenty percent (20%) or more of line-item costs are disallowed, the application will be deemed ineligible. If OHA finds disallowed line-item costs less than twenty percent (20%) of the total budget, and the grant is awarded, the budget will be modified during contracting to remove the disallowed costs.

|---|
| 2. Budget Justification (0-5 points) |
|---|

| |
|---|
| <p><u>Scoring Elements</u></p> <ul style="list-style-type: none"> ▪ <i>The budget justification provides a narrative that describes the breakdown of how all costs are calculated for each entry in the line-item budget, for every year of the project. The budget justification includes a basis for estimated costs, such as equipment, personnel, and travel. Vendor quotes for equipment over \$5,000 are provided. (0-5 points)</i> ▪ <i>The budget justification describes expenditures well align with the project activities and deliverables. (0-2 points)</i> |
|---|

Instructions

Complete and upload a narrative budget justification. See Attachment G. Budget & Budget Justification Form and Attachment H. Sample- Budget & Budget Justification Form.

The budget justification should narratively describe how each line-item cost was calculated and includes a short explanation of why it is necessary to the project. Each line-item cost should be broken down to justify the annual expense.

Example:

For each personnel position provide their percentage of full-time equivalent, number of hours and the hourly rate assigned to that position for the year, i.e., a 0.5 FTE position - \$25/hr. x 80 hours per month x 12 months of the year. For travel costs, each trip should be broken down by airfare,

hotel, parking, taxi, and mileage. For contractual services, service contract and/or agreements are required to be submitted to OHA prior to service payment.

If you have any questions regarding the allowability of a cost item in your budget, contact the Grants Program at [**grantsinfo@oha.org**](mailto:grantsinfo@oha.org).

B. Recommendation for Award

The grant recommendation process includes the consideration of applications voted to award by a majority of the evaluation committee and the prioritization of applications based on the highest scores in the scoring matrix. Upon review of the scoring matrix, the OHA Administration may include the following considerations in its recommendation for award to the Board of Trustees: 1) Applicant’s past OHA grant performance; 2) Gaps in service to Native Hawaiian communities; 3) Geographical distribution of grant funds to Native Hawaiian communities; and 4) Alignment of project to solicitation focus area(s). SECTION VII. OHA AWARD ADMINISTRATION

This section details the type of funding instrument, reporting requirements for the grant, compensation, and the method of payment.

A. Grant Contract

All nonprofit awards will be formalized through a grant contract, reviewed by OHA Corporate Counsel for legal sufficiency. Awards to State or County government agencies will be formalized through a memorandum of agreement (MOA), also reviewed by OHA Corporate Counsel for legal sufficiency. The grant contract arising out of this solicitation is subject to the review of OHA Corporation Counsel as to form, to OHA Administration Executive final approval, and to all further approvals, as required by statute, regulation, rule, order, or other directive. **No work is to be undertaken by the grantee prior to the execution of the Grant Contract and grant commencement date. OHA is not liable for any costs incurred prior to the start date in the grant contract. This provision governs reimbursement and OHA's financial liability only and does not preclude consideration of applications for projects that have received State of Hawai'i CIP funding or that have commenced work using non-OHA funds.**

B. Budget Adjustments.

OHA reserves the right to modify budgets during contracting

The Grant Contract includes a detailed noncompliance policy and the required general conditions. Special conditions may also be imposed contractually by OHA, as deemed necessary.

C. Reporting Requirements for Project and Fiscal Data

Grantee shall be required to complete quarterly Performance Progress Reports and Invoices on the OHA Grants Portal and upload appropriate reports to follow up forms on the OHA Grants Portal. Grantee reports shall consist of statements by the grantee relating to the work by the grantee that was accomplished during the reporting period. Quarterly Reports shall include a description of services provided expenditures incurred, and invoice amount. Additional reports include bi-annual Performance Measurement Table report, Annual Data Reports, and a Final Report on the impact of the project on Native Hawaiians. Timely compliance with reporting requirements is required to continue to receive funding under the award.

Reports shall be submitted to OHA by the end of the month following the last day of each quarter during the term of the Contract. The grantee shall submit reports relating to the work accomplished during the specific performance and reporting period. Grantee contract performance is based on submission of complete and accurate reports. The grantee shall, within two (2) months from the end of the Time of Performance for Programmatic Services, or within two (2) months from the expenditure of all funds under this Contract, submit the Final Report to OHA via the Grants Portal.
