The Wai'oli Valley Taro Hui Exemption from water permit process for kalo farmers

During the 2022 Legislative Session, House Bill 1768 was introduced requesting an exemption to State of Hawai'i requirements for when farmers were able to use water for traditional and customary kalo cultivation. The Bill passed and is now Act 27 which creates a legal framework for managing Hawai'i's precious freshwater resources.

Broadband Infrastructure - Federal support for infrastructure

The Kaua'i County Council adopted Resolution No. 2021-20, which supports digital equity and urges the development of broadband infrastructure. Federal funding and a new State Digital Equity Office was established during the 2022 session. In 2023, the State of Hawai'i is soliciting input regarding the projects that address digital equity.
