## Section 1 – Administrative Overview

### I. Authority

In 1978, the Article XII of the State of Hawai‘i Constitutional Convention established the Office of Hawaiian Affairs (hereinafter “OHA”) to address the historical injustices and challenges arising out of those circumstances. Chapter 10 of the Hawai‘i Revised Statutes, as amended, outlines the OHA’s duties and purposes, including promoting and protecting the rights of Native Hawaiians.

The OHA is a semi-autonomous public agency of the State of Hawai‘i, with the legal mandate of bettering the conditions of Native Hawaiians. The OHA’s mission is “To mālama (protect) Hawai‘i’s people and environmental resources and the OHA’s assets toward ensuring the perpetuation of the culture, the enhancement of lifestyle and the protection of entitlements of Native Hawaiians, while enabling the building of a strong and healthy Hawaiian people and nation, recognized nationally and internationally.”

The OHA seeks to competitively procure services for collecting and obtaining collections at various institutions for OHA’s Papakilo database.

A determination has been made that the OHA is unable to secure the collecting and obtaining of collections through a low bid process. Factors included in the determination are: 1) price is not the primary consideration in determining an award; 2) the resulting Contract may need to be other than a fixed price type; 3) the specifications for the services cannot be sufficiently described through low bid process; 4) oral or written discussion need to be conducted with interested offerors concerning their proposals; 5) interested offerors may need to revise their proposal, including price; and 6) the award needs to be based on a comparative evaluation in order to determine the most advantageous offering to the OHA. To that end, a low bid process is not practicable to the OHA to secure collecting and obtaining collections at various institutions for OHA’s Papakilo database statewide.

This RFP is issued under the provisions of Chapter 103D, HRS, as amended, and its related administrative rules. Interested offerors are charged with presumptive knowledge of all requirements of the cited authorities. Submission of a valid executed proposal by any interested offeror will constitute admission of such knowledge on the part of such interested offeror.

Modifications and/or withdrawals will be clearly marked and must be received by the OHA no later than 2:00 p.m. HST, Monday, November 26, 2018.

4. Wages and Labor Law Compliance. Prior to entering into a Contract in excess of \$25,000, an interested offeror will certify that it complies with section 103-55, HRS, entitled Wages, Hours, and working condition of employees of contractors performing services. Section 103-55, HRS, provides that the services to be performed will be performed by employees paid at wages not less than wages paid to public officers and employees for similar work. Interested offerors are further advised that in the event of an increase in wages for public employees performing similar work during the period of the Contract, the Successful Offeror will be obligated to provide such increased wages.

Interested offerors will complete and submit the attached Wage Certificate certifying that the services required will be performed pursuant to section 103-55, HRS. See Attachment 3.

The Successful Offeror will be further obligated to notify his/her employees performing work under this Contract regarding the provisions of section 103-55, HRS, and current wage rates for public employees performing similar work. The Successful Offeror may meet this obligation by posting a written notice to this effect in the Successful Offeror's place of business in an area accessible to all employees.

Interested offerors are strongly encouraged to account for salary increases as posted by the State of Hawai'i Department of Human Resources Development (hereinafter "DHRD"). The OHA will consider requests for increases as a result of wage increases to public officers and employees during the Contract period or any option period that is not published. At the release of this solicitation, the effective wages through July 1, 2018 for state employees performing similar work have been published by the DHRD.

If wages increase after the execution of the Contract, the Successful Offeror may request an increase in Contract price in order to correspondingly increase the wages of the offeror's employees performing the work, including any increase in costs for benefits required by law that are automatically increased as a result of increased wages, such as federal old-age benefits, workers' compensation, temporary disability insurance, unemployment insurance, and prepaid health insurance.

The Successful Offeror will not be paid for any reimbursement of retroactive pay negotiated by the State. The Successful Offeror's request for the increase must meet the following criteria:

- A. At the time of the offer, if the Successful Offeror's hourly wage rate is greater than the prevailing State wage, the Successful Offeror's requests for increase will not be considered.
- B. At the time of the request, the Successful Offeror must or must have provided documentation to show that it is in compliance with section 103-55, HRS, as amended, (i.e., its employees are being paid no less than the known wage rates of a State position). Documentation will include the employee's payroll records and a statement that the employees are being utilized for this Contract.
- C. Request for an increase must be made in writing to the OHA on a timely basis as follows:
  - 1) Request for increase for the initial Contract period must be made as soon as practicable after the State wage agreements are made public. Approved requests will be retroactive to the date of increase for the State employees with adequate documentation that the Successful Offeror provided its employees a wage increase.
  - 2) To obtain the current wage information, download the information from the Department of Human Resources Development's website at the following address:

<https://dhrd.hawaii.gov/state-hr-professionals/class-and-comp/salary-schedules/>

It is the sole responsibility of the Contractor to comply with section 103-55, HRS.

- 5. Confidential Information. If an interested offeror believes that any portion of a proposal contains information that should be withheld as confidential, the interested offeror will request in writing nondisclosure of designated proprietary data to be kept confidential and provide justification to support the designation of confidentiality. Such data will accompany the proposal, be clearly marked, and will be readily separable from the proposal documents to facilitate the eventual public inspection of the non-confidential section of the

proposal documents. Note the price and the provisions of the minimum required services are not considered confidential and will not be withheld.

Interested offerors who choose to identify portions of their proposal as confidential will be responsible to ensure that the minimum services are not included. The OHA will not make any determination of confidentiality for the interested offeror.

If the proposal is marked confidential in its entirety, the OHA will not make a determination of confidentiality and will refer any request for information to the OHA Corporate Counsel and/or the State's Office of Information Practices.

6. Exceptions. Interested offerors will list any exceptions taken to the terms, conditions, specifications, or other requirements listed herein. Interested offerors must reference the RFP section where the exception is taken, a description of the exception taken, and any proposed alternative. The OHA will retain the right to grant exceptions to discretionary policies. Request for exceptions to the State, Federal, or local laws will not be approved.

7. Information will be kept confidential as permitted by law.

### XIII. Additional Terms and Conditions

The OHA reserves the right to add terms and conditions during contract negotiation and discussions. These terms and conditions may be applicable to the scope of the RFP and will not affect the proposal evaluation.

Such data will accompany the proposal, will be clearly marked, and will be readily separable from the proposal packet to facilitate eventual public inspection of the non-confidential sections of the proposal packet. Note that price is not considered confidential and will not be withheld.

### XV. Intellectual Property Rights

The OHA reserves the right to unlimited, irrevocable, worldwide, perpetual, royalty-free, non-exclusive licenses to use, modify, reproduce, perform, release, display, create derivative works from the work product, and to disclose the work product, and to transfer the intellectual property to third parties for the OHA's purposes.

The interested offeror understands that the information obtained from these efforts is the sole property of the OHA, that any use of the information must be approved by the OHA, and that any information and all materials used to complete the project will be returned to the OHA.

### XVI. Cancellation of the Request for Proposals

The RFP may be canceled and any or all proposals rejected in whole or in part, without liability to the OHA, when it is determined to be in the best interest of the OHA.

### XVII. Costs for Proposal Preparation and Verification

Any costs incurred by the interested offeror in preparing or submitting a proposal are the interested offeror's sole responsibility. Any cost incurred by the Successful Offeror prior to the execution of a Contract is not eligible for reimbursement.

Costs incurred in connection with the review, inspection and verification of information provided in the RFP will be the interested offeror's sole responsibility.

Interested offerors will ensure that the OHA is provided with the written authorization(s) necessary to verify information provided in the interested offeror's proposal.

#### XVIII. Mistakes in Proposals

While interested offerors are bound by their proposals, circumstances may arise where a correction or withdrawal of a proposal is proper. An obvious mistake in a proposal may be corrected, withdrawn, or waived by the interested offeror to the extent that it does not conflict with the best interest of the OHA or to the fair treatment of other interested offerors. Mistakes in proposals will be handled as provided for in Section 3-122, HAR.

(END OF SECTION)

## Section 2 – Scope of Services

### I. Introduction

#### A. Project overview and history

In 2009 the Papakilo Database was identified as a vital key to addressing several Strategic Priorities and Results from the OHA’s Kukulū Hou strategic plan including Mo‘omeheu, ‘Āina and Ho‘ona‘auao. This online resource is an ongoing development of a cutting edge and comprehensive “Database of Databases” consisting of varied collections of data pertaining to historically and culturally significant places, events, and documents in Hawai‘i’s history.

The Papakilo Database greatly increases OHA’s ability to preserve and perpetuate cultural and historical information and practices, thus providing an invaluable resource to educate other regulatory agencies, OHA’s Native Hawaiian beneficiaries, and the general public.

A vast multitude of unaccounted and undiscovered collections, documents, and materials pertaining to and originating from Hawai‘i, are housed in both public and private collections, archives and organizations around the world. The contents of these untapped resources range from actual accounts of events, published works, and various materials that assist in accurately capturing Hawai‘i’s history. It is the goal of OHA to build partnerships with these archiving organizations and collection stewards to assist (when needed) in the identification of Hawaiian collections (and its content), and to obtain digital copies to be disseminated through the Papakilo Database.

#### B. Funding source and period of availability

Funds are subject to the biennial budget as approved the OHA Board of Trustees and/or allocation by the Governor and State Legislature. Funding and period of availability may change upon notice by the OHA.

It is understood that the Contract will not be binding unless the OHA can document that there is an available and unexpended appropriation or balance of appropriation over and above all outstanding contracts sufficient to cover the amount required by the Contract. Any Contract entered into as a result of this RFP is binding only to the extent that funds are certified as available. The availability of funds in excess of the amount certified as available will be contingent upon future appropriation or special fund revenues.

It has been determined that there are sufficient funds to pay for the initial term of the Contract. Funds necessary for the remaining terms of the Contract are likely to be available from the Trust funds. Pursuant to Chapter §103D-315 HRS, as amended, the OHA reserves the right to cancel the Contract when funds are not allotted or

otherwise made available to support continuation of performance in subsequent periods.

Price Proposal The interested offeror proposing the lowest price will be assigned the maximum points. Each proposal that has a higher cost factor than the lowest will be assigned a lower rating.	10 points
Commitment to Section 2 Up to 5 points will be awarded based on the degree to which the interested offeror clearly and concisely demonstrates their approach to furthering the OHA's commitment to the Section 2. Item II.A.10. requirement, Using Best Effort to Fulfill Minority/Women Business Participation.	5 points
<b>TOTAL POSSIBLE POINTS</b>	<b>100 Points</b>

Each proposal will be classified initially as acceptable, potentially acceptable, or unacceptable. If numerous acceptable and potentially acceptable proposals are submitted, the evaluation committee may rank the proposals and limit the priority list to three (3) responsive and responsible offerors who submitted the highest-ranked proposals. If there are less than three (3) acceptable or potentially acceptable proposals, the OHA will not be required to hold discussion with these offerors who submitted unacceptable proposals.

## II. Mandatory Requirements

The OHA will conduct an initial review to ensure that all proposals meet the minimum threshold requirement. Each proposal will be reviewed to ensure submittal of all required attachments, certifications, forms, and narrative sections.

Statements which indicate that mandatory certification will be submitted upon Contract award will be unacceptable.

## III. Financial/Price Proposal Review

The financial/price proposal review will be evaluated for financial and contractual acceptability and reasonableness of the price proposal. The proposal with the lowest cost factor will receive the highest available rating allocated to cost. Each proposal that has a higher cost factor than the lowest will be assigned a lower rating for cost.

The points allocated higher to higher priced proposals must be equal to the lowest proposal price multiplied by the maximum points available for price, divided by the higher proposal price as follows:

$$\frac{\text{Price of the lowest price proposal} \times 10}{\text{Price of the proposal being rated}}$$

In determining whether a proposal is responsive, the OHA will evaluate the costs and its supporting documentation against realistic operational expenses.

The OHA will also review the most recent audited statements of the Successful Offeror.

#### IV. Technical Review

The Successful Offeror's proposal will be in the form prescribed by this solicitation and will contain a response to each of the areas identified that affects the evaluation factors for award.

A. The technical proposal will be evaluated to determine if the Successful Offeror possesses the capability to successfully perform the requirements of the solicitation. The proposal criteria are shown below:

- 1) Experience and Capability;
- 2) Personnel and Staffing;
- 3) Service Delivery;
- 4) Financial Capacity; and
- 5) Commitment to Section 2/Other Requirements

B. Proposals will be evaluated for technical and contractual acceptability. Proposals will be prepared in accordance with the instructions given in the RFP and will meet all requirements set forth in this RFP.

C. All proposals will be reviewed for reasonableness. All interested offerors whose offer is not within the competitive range will be notified that their proposals are unacceptable, negotiations/discussions with them are not contemplated, and any revisions of their proposals will not be considered.

D. Award will be made to the responsible offeror whose proposal conforms to the solicitation, will be most advantageous to the OHA, considering price and other factors as indicated below.

Pursuant to section 3-122-59, HAR, if for a given request for proposals, there is only one (1) responsive and responsible offeror submitting an acceptable proposal, an award may be made to the single offeror, or rejected, if conditions in section 3-122-59(a)(1) are not met, and new requests for proposal may be solicited or the procurement may be cancelled.

E. The OHA reserves the right to award a Contract on the basis of the initial offers received without discussion. Offers are solicited on an "all or none" basis.

Failure to submit offers for all items and quantities listed will be cause for rejection.

All proposals submitted will be evaluated on the basis of the evaluation criteria listed herein. Proposals will conform to all terms and conditions contained in the Request for Proposals. Proposals which do not conform to all requirements expressed in this solicitation may be rejected without further evaluation, deliberation or discussion.

- F. Past Performance. The OHA may evaluate the quality of each Offeror's past performance. The assessment of an Offeror's past performance will be used as one (1) means of evaluating the credibility of the Offeror's approach to work accomplishment. A record of marginal or unacceptable past performance may be an indication that the promises made by the Offeror are less than reliable. Such an indication will be reflected in the OHA's overall assessment of the Offeror's proposal. However, a record of acceptable or even excellent past performance will not result in a favorable assessment of an otherwise unacceptable technical proposal.

In investigating an Offeror's past performance, the OHA may consider information in the Offeror's proposal and information obtained from other sources, including past and present customers and their employees; other government agencies, including state and local agencies, consumer protection organizations and better business bureaus, former subcontractors, and others. Evaluation of past performance is a subjective assessment based on a consideration of all relevant facts and circumstances. The OHA may seek to determine whether the Offeror has consistently demonstrated a commitment to customer satisfaction and timely delivery of quality goods and services at fair and reasonable prices.

The OHA's conclusions about the overall quality of the Offeror's past performance may be influential in determining the relative merits of the Offeror's proposal and in selecting the Successful Offeror whose proposal is considered most advantageous to the OHA.

Past performance includes the Offeror's record of conforming to specifications and to standards of good workmanship; the Offeror's adherence to Contract schedules, including the administrative aspects of performance, the Offeror's control of costs, including costs incurred for changes in the scope of services; the Offeror's reputation for reasonable and cooperative behavior and commitment to customer satisfaction; and, generally, the Offeror's business-like concern for the interests of the client.

## V. Discussions - Kūkākūkā

Discussions may be conducted with priority listed offerors who submit proposals determined to be acceptable or potentially acceptable of being selected for award, but proposals may be accepted without discussions. The objective of these discussions is to: 1) promote understanding of the requirements set forth in the RFP and the interested offeror's proposal; and 2) facilitate arriving at a contract that will provide the best value to the OHA,

taking into consideration the evaluation factors set forth in this RFP. Any discussion is not intended to require an award of contract by the OHA.
