

**STATE PROCUREMENT OFFICE
NOTICE & REQUEST FOR SOLE SOURCE**

TO: Chief Procurement Officer

FROM: OHA - Human Resources

Name of Requesting Department

Pursuant to HRS §103D-306 and HAR chapter 3-122, Subchapter 9, the Department requests sole source approval to purchase the following:

1. Describe the goods, services, or construction to be procured.
Adding biometric readers and related access control system to six central areas of the Honolulu OHA offices using exiting pathways to update current system to allow for time and attendance tracking

2. Vendor/Contractor/Service Provider Name: Security Resources Pacific, Inc	3. Amount of Request: \$23,788.53
4. Term of contract (shall not exceed 12 months), if applicable: From: 5/27/2024 To: 5/26/2025	5. Prior SPO-001, Sole Source (SS) No.:

6. Describe in detail the following:

a. The unique features, characteristics, or capabilities of the goods, service or construction.
The Office of Hawaiian Affairs currently uses the PremiSys application for office access and ID badges which was installed by Security Resources, IncSta. Prior to moving to Na Lama Kukui, a biometric system was in place at OHA's former office location but was not transferred to the new office space. Utilizing and upgrading the current system reduces costs to implement a brand new system and related equipment.

b. How the unique features, characteristics or capabilities of the goods, service or construction are essential for the department
The Office of Hawaiian Affairs by directive of the CEO for employees to return to the office requires a vehicle to trace time and attendance. OHA's current office access application provides for an opportunity to use the current PremiSyst application with minimal upgrades and the installation of readers to use the same system to track time and attendance.

7. Describe the efforts and results in determining that this is the only vendor/contractor/service provider who can provide the goods, services or construction.

The current PremiSys application that was installed by Security Resources Pacific, Inc, reduces added startup costs required to put a new system/application in place with minimal costs as the basic infrastructure is available. The vendor that installed OHA's office access application, Security Resources has the resources to upgrade OHA's system with biometric equipment (similar to what OHA used at the Pacific Park Plaza) to provide the time and attendance tracking.

8. Alternate source. Describe the other possible sources for the goods, services, or construction that were investigated but did not meet the department's needs.

One other vendor was contacted by the Land Director. That vendor also sources it's work through Security Resources.

9. Identify the primary responsible staff person(s) conducting and managing this procurement. (Appropriate delegated procurement authority and completion of mandatory training required.)
 *Point of contact (Place asterisk after name of person to contact for additional information).
